

Rideshare Information

Join the Rideshare Program!

California State University Channel Islands Rideshare Program will help commuters find rideshare options and provide faculty, staff and students with simple and accessible ride match information. Due to limited parking availability and/or permit prices you may wish to make use of an alternative means of transportation. We promote alternatives to driving alone including carpooling, vanpooling, taking local transit (city bus lines), bicycling, and walking. Each of these alternatives offers wonderful benefits to the user, as well as to the University and Community.

Come join the CSUCI Rideshare Program by becoming a member and enjoy the benefits of sharing a ride. By becoming a member of the CSUCI Rideshare Program you can earn "Wave Points" redeemable for drawing tickets, participate in Rideshare events, win great prizes and contribute to keeping our air clean. To get involved and become a CSUCI Rideshare Member, please complete the member application and submit it to the Police and Parking Services office.
