

Musick July 3rd / 87 -

Friend Sam Hunter

The headers finished at the Musick today and will have all Townsends grain headed by tomorrow evening — Tom Steele will be up with his thrasher on Tuesday next (5th) and will start thrashing on Wednesday. We want 300 wheat-sacks and I have borrowed that number from Steele. Will you please send me to Arroyo Grande 300 wheat sacks as soon as you get them - and let me know by letter what time I can find them at the station. Townsend tells me that you said "Remick was looking for a man as he had a cattle buyer with him" - Please tell Remick for me to bring his man up to look at the steers, I can't get off now until after the thrashing is over and

any how. Kenneth's man would have
to see the steers before he would buy—
Hoping you may all have a jolly 4th
I am

Yours Truly
AB Hasbrouck
