00:18:36:22 - 00:19:07:09

Speaker 1

Right? We would not have even this point for an impassioned. The GI form has faithfully supported me throughout my whole college career. The. You know there's a lot to play in this season. You don't question if you might have thought one of the culture is part of a nation enemy without what is not complete. Your culture reflects who you are. It in what you do good, your traditions, your world and your beliefs. Your culture is what makes you unique. It is what distinguishes you from others.

00:20:44:08 - 00:21:15:11

Speaker 1

It is what makes you the beautiful person you are. We is part of a creation. I think culture was very appreciated. The Mexican culture was the way that we should all be proud of. In order to keep our culture alive, we must continue to pass on our traditions to those that follow each day generations for a generation and new to our tradition, is our responsibility to educate these children and have the knowledge about our culture.

00:21:15:13 - 00:21:45:19

Speaker 1

It is our responsibility to keep the Mexican culture alive, as well as the beautiful Spanish language of our ancestors. Now two will not affect the legacy that senior will almost complete completely. There will be a man who wants the greatness that is Yolanda morales. He can answer yes. Thank you for the making of this minute unmatched data and also been able to share findings I know knows that we in the galaxy.

00:23:13:05 - 00:23:36:25

Speaker 1

We would have noticed in the public a number of gave. Like I came up with this topic. You got it? Yes. I don't understand. It's not launching forever. Well, who said? I don't know if I can fix that. I will when they don't. That isn't one of those. But okay. Nothing them ever committed is that this is you.

00:23:36:25 - 00:23:43:25

Speaker 1

That is a man. But you don't have any idea. The saloon?

00:23:43:28 - 00:24:14:19

Speaker 1

Yeah it is the is for that. Ladies and gentlemen, good night to you. And you judges. My name is Eric Gunderson. I am representing Duncan, and I'm here to speak to all of you about grave problems that affect the entire world and the United. It is the need to have bilingual, speaking people in the areas of the judicial system, the school system, and the education system.

00:24:14:21 - 00:24:43:11

Speaker 1

Senior professionals. So this is fresh air then I hope you all know no, simply any doors. They are some problem noise procedure. You know me official that went to battle in front of the noisy and and working overtime and you of your mind. I don't know yet. And if you step up to yet have the staff handle who you who them into after 73 minutes.

00:24:43:13 - 00:25:16:13

Speaker 1

Or you can get the video and I salute. I have the system. We have no salary. The simplest thing to let take you that they want to travel, do the battle, gather for medical care and in or in Camden, ladies and gentlemen. And these three areas, there is people that to me, there are people who are dying, who are suffering unjustly because of the fact that kids do not succeed in school because they don't understand the language.

00:25:16:13 - 00:25:46:05

Speaker 1

And everybody is thinking in the judicial system, people are being unjustly accused of crimes that they do not for me, for the simple fact that they don't understand the language and the health system. People are dying for the simple reason that they don't understand the symptoms because of the language in their. I want to major in Spanish because I want to be a help to all of those who don't understand the language.

00:25:46:08 - 00:26:11:22

Speaker 1

I want to help that student who is not succeeding in school because he can't understand English. I will tutor that person no matter if it takes ten hours of my time a week. But I want that child, be it a girl or a boy, to succeed in life. I want to be there for that youngster, young man, young woman, lady, grown man who is ill.

00:26:11:25 - 00:26:33:04

Speaker 1

A mother who does not know that her son or daughter has contracted a terminal illness. I want to be there for her and explain to her everything in her language so that she understands. I want to be there for the person who is in and just be accused of a crime, so that that person cannot understand and take responsibility of his or her actions.

00:26:33:07 - 00:26:49:20

Speaker 1

I am not proposing a complete solution to a problem, but I am trying to better it, and I hope that in the future, more people will also, because we cannot come together as one. And they said, you have to notice. I know some people, you know.

00:26:49:20 - 00:27:05:22

Unknown

So yeah, you know.

00:27:05:24 - 00:27:09:23

Speaker 1

Thank you. And.

00:27:09:25 - 00:27:21:23

Speaker 1

I will now call back. Jennifer will have fun. Have a question for the contestant.

00:27:21:26 - 00:27:25:08

Speaker 1

At this time, we'll have a spontaneous question, actually, to let the.

00:27:25:10 - 00:27:33:11

Unknown

Individual take that kind of information.

00:27:33:14 - 00:27:55:28

Speaker 1

Our first contestant.

00:27:56:01 - 00:28:05:26

Speaker 1

My. What do you think is the most important problem facing the Hispanic community today? And how do you think you can help make it better?

00:28:05:28 - 00:28:43:13

Speaker 1

I think the most tragic problem in the Hispanic community today in the parish, they don't have a barrier between their children. I think that we can make it better by having parents attend more school. Hi friends! How do you live in Hawaii with their students academically, emotionally and in any effort for the child we took? Two children can inferior parents because parents sometimes only are aggressive in their father communication, sometimes being kind of restraint or other factors.

00:28:43:15 - 00:29:14:06

Speaker 1

And sometimes those factors are taken out on our children. Our children cannot be abused or ignored. They need to be approached a very delicate and fragile manner. They are like a slab of clay that needs to be molded gently, slowly, with time and plenty of water to the beach, molded into what we wanted to be, and so that later, when they turn into young, successful adults, we can say that is my son or daughter.

00:29:14:09 - 00:29:48:15

Speaker 1

I did everything that I could to raise them, and not only would they be successful for themselves, but they will be successful for you and you will actually get a great part in their shaping. The recognition that the answer is a gentle and simple manner of communication. Their children, and they need to start with gentleness from the beginning and.

00:29:48:17 - 00:30:15:27

Speaker 1

Oh, I'm looking for different. If I can go to another country. How are you doing in Mexico? I went to Mexico because when I was there, I found a poverty that was empowering, that city. I went to stay there a few minutes, a few hours and share with the people and bring them joy. I would like to come with, friend and family and establish groups so we can thank you for them.

00:30:16:00 - 00:30:31:25

Speaker 1

Perhaps to the children there and show them the medication and of course the medication. Thank you.

00:30:31:27 - 00:30:36:20

First of all.

00:31:00:19 - 00:31:13:25

Speaker 1

Thank. Erica, if you were an advisor for President Clinton, what issues would you prioritize as most important for the future of office and.

00:31:13:28 - 00:32:07:12

Speaker 1

Being a citizen of the United States, as well as my birth country, Mexico. And I would think to correct President Clinton about his wife's suggestion on the health issue, one for one, basic and very important reason that I do not believe any person, no matter who or she is coming into this country, be treated as an equal. This country was based on the facts and on the reason that everybody should be treated as an equal, no matter what, and spent fine people just excuse me, Liberty people, just because of who they are, what they are, or where they come from, not only discriminate, but also like a few and that makes you a very, very,

00:32:07:14 - 00:32:09:22

Speaker 1

in my eyes. But that is what I would speak.

00:32:09:22 - 00:32:27:01

Unknown

To President Clinton if I ever get a chance to speak to him in person. Thank you.

00:32:27:03 - 00:32:29:21

00:35:57:09 - 00:36:10:16

00:37:16:26 - 00:37:36:06

Speaker 1

I'm not really sure if I'm going to give a speech tonight than I was when I was competing, but, I to get going around some cliches. I really can't believe that it's been one year since I was doing in one of these chairs, waiting to see if I was going to be the one to be crowned the California State Queen in that year.

00:37:36:06 - 00:38:00:09

Speaker 1

So many things have happened nationally, politically and often to me personally, nationally, we've seen American troops overseas in the United Nations effort to helping the Yankees in Area 55. In Somalia. We elected the new administration. We now have a new president, President Clinton, who ran on a campaign of change. We're still kind of waiting to see some of that.

00:38:00:09 - 00:38:29:29

Speaker 1

I'm sure it's gonna we often think that the passing away of Walmart was great. Great. And here in can see the challenge. And he's one of the goals that we all like. You and I follow his footsteps in leading our community. But I think the change year so many things, often a big thing. For example, there is still in here for eight ages an issue, a topic that is very, very important to me.

00:38:29:29 - 00:38:44:21

Speaker 1

I have deep concern about it. It's important to me that last year I used, I decided the eighth with an eight and how it affects my community. But the topic that I was going to be about.

00:38:44:24 - 00:39:12:18

Speaker 1

Anthony is still affecting the Mexican community at alarming rate and only going to be through education, prevention, awareness that we're going to be able to combat it. And I know the community

will pull through and do that for me personally. I graduated from Hampton University, Killing Field and three miles here. I.

00:39:12:21 - 00:39:36:02

Speaker 1

And for those who don't know, I think most of you may know by now. I will be driving in Clark County, Washington, DC, with a connection to another beloved youth member or now only member of the G.I. Forum in California, Loretta Campbell, who in 1989 1990, National Queen. We're going to be heading cross country and I'm wondering if you can I'm looking for a job.

00:39:36:02 - 00:39:39:08

Speaker 1

So if there is anyone out there for.

00:39:39:10 - 00:39:44:27

Unknown

I am an employee right now. You know, I graduated.

00:39:44:29 - 00:40:05:29

Speaker 1

I knew the end of the chapter in my life and you start to look back at your accomplishments. And I have to admit that being can help me. To be Queen has been one. I'm cherished and special on that. I have received in my life thus far. The year long carnation is much more than just a scholarship, pageant or beauty pageant.

00:40:06:01 - 00:40:28:27

Speaker 1

It is young women like myself and the three of us being up here a chance to be effective leaders room, to speak on an issue that very important to yourself, with a room full of people who are willing to listen. And you go ahead and try to change our community and our nation specifically. I like to feature three grow up here.

00:40:29:00 - 00:40:51:10

Speaker 1

Take pride in the titles that you pull. Two you will. You will not go home with the title, but you will still be a local queen and you have a great responsibility in representing our chapter. I like to tell you from work that every James Olmos said he would not he personally, but to a whole bunch of us in his band graduation.

00:40:51:10 - 00:41:14:15

Speaker 1

Apparently if you go, he challenged us to set high educational standards for our town, that high moral standards for ourselves, and to make our our high society. I know you guys can do it, and I think I can speak for a California delegation saying that you every day, things like that, we can be so proud of you representing.

00:41:14:15 - 00:41:26:20

Speaker 1

The Aurora, Colorado, nationals wasn't easy to take, but thank you for everyone. there, who is my cheering section? 00:41:47:24 - 00:42:06:26

Speaker 1

They gave me a lot of pride to wear, and I'd also like to thank the fans for being up here at Stanford. I would have been very difficult for me to stay involved with my hometown chapter of Oceanside, but they remember me and they always call me and invite to new events with them. I really appreciate it and it was very fun.

00:42:06:26 - 00:42:13:22

Speaker 1

00:42:13:25 - 00:42:14:16

Oh, and her, her mother, Carmen. And unfortunately, they were not they're not able to be here this evening. But I want you to know how special these two women are. They are role models for all of us in the GI forum. And the issues GFR, our concern with are issues that they take to heart, and they have been vocal critics of the Oceanside uniform and they're very, very special women.

00:43:14:19 - 00:43:23:25

Speaker 1

And I'd like to thank them in and out here.
