ALAN CRANSTON
CONTROLLER

Mr. and Mrs. Dan Tolmach

Ventura, California

Dear Jane and Dan:

There is today an ugly national problem, particularly acute in California, which I believe needs more study and action by responsible citizens. The problem is extremism.

A great deal of thought went into the enclosed address of mine. I hope you will find it interesting and provocative, and I would welcome your comments.

Best wishes.

Sincerely,

Alan Cranston

Good to receive the other day, Jane.
