Dear Mr Fleuet -

In principle, what you say is correct, and I will get you the Estimates with the office sketches so far as possible. But you took the figure for the total paid Suffco to date for all ~~the work for the cost~~ ~~which is but a part~~ of $25.45.00 of the furniture ~~delivered on~~ and. mislaid projects ~~made to the~~ ~~projects~~, shown on the same certificate, the over door of the court of "C" (with the hinds in the basket), the big door below A. and the big door below C. and a number of mouldings -

I told her Jay sometime ago
to tell you that the set made
for your bath could easily be
disposed of if you wish.
which will learn the cost
of the set need, fairly reasonable
~~or if you think it does not like~~
~~that, and you wish to start~~
~~now, it could all be placed~~
as a small change would
make it into a good boudoir
set. as always

Yours sincerely

John Bryan.
