I am Jane Tolmach. My husband is Daniel Tolmach, apediatrician here in Oxard.
We have lived in Oxnard 22 years and have 5 children.

I have a Bachelors degree from UCLA and a Master's from Smith College in Mass.

Starting in 1957 I served 5 years on the Oxnard City Planning Commission. I
have been on the governing board of the Oxnard Union High School District for 5 years.
and served on the Board of Trustees of Camarillo State Hospital for 9 years. While
I was on the 1958 Ventura County Grand Jury, I was chairman of the Tax Committee.

The major issue facing Oxnard in the coming ten years is growth -- whether
it improves Oxnard or destroys it.

I want to be a member of the city council to see that the decisionds are
correct for making Oxnard, as the Chamber of Commerce says, a Wonderful place to
live, work and play.

Planning can be used to achieve and maintain a balanced city, free of noise
air and water pollution. We need to aggressively and selectively seek the best
clean industries, cautiously stick with planning standards relating to ideal
percentages of industrial, commercial and residential zoning and in the placing
of industry away from residential areaa. However, this requires intelligent,
informed and courageous councilmen who are willing and able to devote an endless
                    to gather all facts, ask fearlessly al question and pursue
amount of time to studying each issue. After full study a councilman must be able
meaningful solutions uninfluenced by special interests.
to vote independently for the people of Oxnard.

I am against the expansion of the Ventura County Airport or the Oxnard Air
Gorce Base into a jet airport. Flight patterns of a jet airport should be
away from population centers becaøuse of the smog and noise nuisance as well as
the danger of crashes.

Agrowing city urgently needs to have high quality police and fire departments.
We need quality water for all, updated sewer treatment and disposal and further
flood control.

In addition to the official government programs against drug abuse, private
