

Dear Michele Serros,

April 15, 1997

I really enjoyed you coming to our school and telling us about your life. That's really great how you became a writer through all those negatives that people gave you. I bought your book and let me tell you I have enjoyed reading all of your writings. The story that I liked most was "When my sister when on TV" that story was really funny. My parents have also been reading some of the stories and they have also been enjoying it. They told me that I could learn some thing from it. I have also showed my some of my friends your book and I already have like 7 of my friends that want to borrow it. I just wanted to tell you thanks for coming and keep on writing and good luck in the future.

Sincerely,

Sandra
