Dear Harry:

I have appointed as Chairman of the Task Force on Human Environment, Mr. Frank Stead of 2040 Oakland Avenue in Piedmont, California. His telephone number is (415) 658-3137.

I am sending to Mr. Stead the names and addresses of those individuals of the Advisory Committee who have indicated a preference for serving on that Task Force. I will also send to each individual a letter advising them of Mr. Stead's appointment

Mr. Stead understands the need to have a preliminary report prepared in time for the January conference in Fresno and I believe that his report will be an excellent one.

This letter is so that your files will reflect the status of this particular task force.

Sincerely,

A handwritten signature in cursive script, appearing to read "Charles Warren".

CHARLES WARREN
