Dear Colleagues:

It just doesn't make sense to send one more lawyer to Sacramento when we can support the election of a fine public servant who has held many non-partisan jobs and earned the admiration of Democrats, Republicans and Independents.

Members of the legal profession dominate the executive, judicial and legislative branches of California State government and the Federal Government. The impact of legal profession dominance through all major phases of government, reveals generous inflation proof pensions, generous inflation proof salaries and fringe benefits that defy the imagination -- all created for themselves while "serving the public". Coupled to these "legitimate" benefits of office, there are many who have abused the system and taken more through subterfuge and theft. For instance, during the past two or three years, there have been over 1,000 lawyers across the country, either indicted or convicted of crimes. Many of these have held governmental positions.

Lawyer representatives have not been helpful to the liability problems we face. They simply will not move to deny the opportunities for lucrative windfall judgments to members of their own profession.

We urge you to help with your dollars in this campaign in supporting Jane Tolmach for the Assembly position. Please take a moment to review her credentials included in the enclosed pamphlet.

Your contribution is an investment in good government.

\$100.00 for political contributions can be deducted from a joint return (\$50.00 from a single return) each year.

Thank you for your help.

Sincerely,

Medical Committee for Jane Tolmach
