Leisure Village Emergency Services Organization On The Move

Elmer F. Eymann,
Manager Resident
Resources

Motivated by the recent Mexico City Earthquake and assured the full cooperation of the City of Camarillo and the Southern California Earthquake Preparedness Project the LVESO is now in a position to develop an effective disaster service unit. Some of the immediate goals of the organization will require the cooperation of many Leisure Village residents.

A disaster and earthquake preparedness manual for each home in the village is in production covering actions to be taken before, during and after an earthquake. The manual will be short, concise and tailored to Leisure Village Residents' needs. The existing emergency plan is being revised to a comprehensive operating manual for use by managers, coordinators and volunteers during a disaster.

An assembly room program is being planned to alert and inform residents on earthquake preparedness. Lectures, films, demonstrations and exhibits on earthquake hazards and home safety will be presented. Unit coordinators are organizing their units to maximize the units' effectiveness during an earthquake or other disaster. Appropriate training

Channel 12 Emerges As Key Instant Communicator For Leisure Village In Ventura County Fire Alert

By Karl Cannon
Guest Editor

When brush fires darkened the skies around Camarillo recently, Leisure Village Emergency Units had a good trial-run and work-out. Association security forces were in immediate contact with the Fire Department and Police officials and liaison was established. At no time was our Village considered in imminent danger but the situation was constantly monitored.

Certain lessons were learned from the experience. Our security phones were deluged with calls from anxious residents. Naturally our older, single, bedridden and handicapped Villagers wanted up-to-date information. Association Manager, Skip Roberts initiated the instruction to Elva Ward, Channel 12 volunteer coordinator, to broadcast the latest information. The liaison of Security Chief Max Moses with the Fire and Police Departments; with Skip Roberts and Channel 12 operators Elva Ward and Russ Sievert, gave Villagers immediate reliable news. Security could clear phone lines with one phrase, "Turn on Channel 12." Lesson in future emergencies — "Turn on Channel 12".

An interview with Villager Elmer Eymann, who spear-headed our Emergency Plan development was also reassuring. Elmer said he "felt good about the responsible reactions of Management, its coordination and cooperation with security, fire and police personnel." He pointed out that in worse emergencies with which the Plan dealt, we might be confronted with impassable roads, no electricity and therefore, no Channel 12.

On the whole, we conclude that Leisure Villagers are being well served. We salute the persons involved and say, "Well done."

ABOUT NEXT MONTH

Coordinator for next month will be Frances Gold. PLEASE FOLLOW GUIDELINES AND BE AS BRIEF AS YOU CAN! Deadline for November 21 issue will be November 4, final deadline for LATEBREAKING NEWS ONLY will be noon November 11. To arrange for photographer call coordinator at least 2 days in advance.

Breaking New Ground

By Harry Becker

An Ombudsman for Leisure Village? Recent events point to this proposition as "an idea whose time has come."

On May 24, 1984 ILV first offered the suggestion that "the residents might well consider authorizing the Board to appoint an Ombudsman" to improve communications and particularly to function "where individual residents and groups have been frustrated by their inability to have grievances handled with dispatch and understanding."

Last month ILV carried a front-page article by Bill Huffman recalling and endorsing the concept. Huffman recently brought up the subject at the Aug. 26 Advisory Committee.

It has also been report-

ed that two or three other Villagers that same afternoon met with the LVA Board to discuss this matter.

What with the several complaints registered last month about pool maintenance, apparently the message was received, for the Board, at its last meeting, appointed a committee consisting of Bill Huffman and two former Association presidents, Tom O'Brien and Geraldine Kikendall, to evaluate the Ombudsman proposal.

While this trio is well-qualified, initiation of the office of Ombudsman is such an important matter it would be helpful to this committee to broaden the input. My specific suggestion at this time is that the committee sponsor a

"brainstorming" session, inviting any and all interested Villagers to offer their views.

There are many facets to consider: Shall the Ombudsman act as a communicator, a mediator, and/or an expediter? What is his/her relationship to the Board, to the General Manager, and to employees of the Association? Shall the Ombudsman report his actions at the monthly meetings or to the Board in private sessions?

There are many possibilities to be explored. Because this is a new direction in Village self-government, we must risk a period of "trial and error."

In the words of last month's headline, "Why not an Ombudsman?"

Are All Our Leisure Village Traditions To Disappear?

By Romaine Lambert

Thanksgiving Day Ecumenical Service to be held on the previous Wednesday evening? Although every day should be a day of thanksgiving, in America we celebrate Thanksgiving Day as a national holiday. The excuse for changing to the evening before is that residents go away or are busy on that day. In the past eight years, the assembly room has been full on the morning of service. Of course

many people leave the village for dinner, but most of them do not necessarily leave before 11:00 a.m. Many who have guests bring them to the service. At the October Association Meeting it was announced that the Thanksgiving Dinner would not be held this year. Fortunately Bert Kuntz spoke up, pointing out that there are villagers who do not have any place to go, and the din-

been a source of pleasure for them to meet with other residents on this special day. Fortunately, too, the Board listened and the Thanksgiving Dinner has been reinstated. It is gratifying to know that the minority in the village can be heard from, too, and listened to.

The Leisure Village tradition for an Ecumenical Thanksgiving Day observance should continue the way it was intended.

LETTERS

To: Chief Moses, L.V. Security; Mr. Skip Roberts, Manager; Personnel of Channel 12; and other volunteers:

This is to express our appreciation to all of you for the splendid action you took during the recent fire emergency. We are sure you helped to calm the fears of many people in the Village, as it was very reassuring to turn on Channel 12 and learn that

there was no danger to the Village at that time, and that you would continue to monitor the situation.

As long as you continued to give information about various meetings, etc., we knew there was no cause for alarm.

Thank you very, very much.

Stephen and
Ethel Belanger, V.15

I hope that "Inside Leisure Village" — and Leisure Village will award Gold Stars to the Staff of Channel 12 for their monitoring and updated reports to us on the brush fire of Oct. 15 and 16. This took a lot of time, effort and dedication and was "A Good Job Well Done". Thank you, Channel 12.

As a member of the Traffic Control Sub-Committee of the Security and Safety Committee '84/'85, I observed the traffic in the Village. I found and reported that over 70%, or better than 2 out of 3 cars, do exceed the 25mph. limit; that cars do not observe the 3-way stop signs — in some instances, just slide across the intersection or fail to come to a stop altogether; thus endangering those pedestrians whose eyesight or hearing is not good.

As I walk a lot I find that this situation has been deteriorating of late. Security and safety patrols and officers are not enforcing driver compliance with speed limits and stop signs. The village speed limit might just as well be 40 or 50mph., for that is what a great many vehicles are doing.

I have proposed that one patrol car should be equipped with a radar gun, and operate on a test basis for one month, and that the result should be publicized. Also, when a vehicle is pulled to the side, we would expect driver courtesy, and not foul language, etc.

My question is: What is the Board going to do about this problem, BEFORE the first serious accident in our village?

Jim Edwards, V.31

It is with a great deal of regret that due to complications existing within the system of the Leisure Village Travel Committee, I have resigned as tour escort.

To the people who wrote the many complimentary letters in my behalf, I humbly and gratefully say, thank you.

I treasure the friendships I have made with the wonderful people whom I have traveled with. Your friendship is very dear to me.

Marian Tamkin, V.24

A suggestion for a word of caution, courtesy and safety to all residents, which you are able to pass along in several ways, perhaps even add to the Rules and Regulations.

"When disposing of your burned-out fluorescent bulbs, or any light bulb, be sure they are wrapped in paper and taped. They are apt to be dropped by the trash men and do explode over a wide area. Do not just stick the long tube into the trash barrel! Regular bulbs can be contained in a sack."

After vacuuming the driveway area, curb and street for the fourth time this year, it occurred to me the situation is probably the same in other Villages and not just my area.

Betty Sullivan, V.34

We want to publicly say "Thank You" to Security Officers Mark Lewis and Terry Pettigrew for their concern and assistance at 5:00 a.m. during our recent "flood". They called the plumber and emergency carpet-drying company (many calls). Another example of why it's nice to be living in Leisure Village.

Sid and

Shirley Kordell, V.6

Bernstein, V.26

I want to thank all our friends in Leisure Village for their sympathy at the death of my husband, Morris Stark. My daughters join me in expressing our appreciation of all the cards, calls, and tributes.

**Even The Most Responsible
At Time Need A Helping Hand**

By Romaine Lambert

It can probably be safely assumed that the majority of Leisure Village residents have been hard-working responsible citizens who came here expecting to live out their lives in comfort and security with the knowledge that they have put aside enough for the proverbial rainy day.

Unfortunately in many cases nest eggs have diminished through inflation and/or catastrophic expenses. A prolonged illness of a spouse can completely eat up a lifetime of savings.

These villagers often are able to keep their homes — but barely. Sometimes it takes only a little help from the outside.

Such help is available for those who will take advantage of the Food Share Program. One needs only to ask. The program is entirely confidential. Although Your Neighbors Care is the sponsoring agency for the government, no member of the staff or any other than the agent has this information.

Many volunteers in the county with a good number from L.V. glean the fields regularly. Produce is stored in a warehouse in Saticoy rented by Ventura County. The local agent picks up the food, packages and delivers it to recipients.

If you are eligible please call Val Barbeau, V.44, at 482-6114, authorized agent.

By Romaine Lambert

Although Your Neighbors Care Group has several walkers in its inventory, it never seems to be enough. If you should have a walker which you do not need and which you would like to donate to Y.N.C.G., the staff and other villagers in need would be appreciative.

Should you be one of those who has one of our walkers on loan, please be reminded that it should be kept only 2 or 3 weeks at most. If you need such a help for longer you should consult with your doctor to see if you are eligible for such a loan through Medicare.

It is good to live in Leisure Village for many reasons. One of the most important is the warm caring and support of friends when health problems occur.

Will and I are most appreciative of the many cards and calls we received following his recent unexpected surgery. Thank you all.

It's easy for Sid and me to say, "Thank You" to the many wonderful caring people of Leisure Village who donated blood, made cash contributions to the various organizations in my behalf, for their prayers, plants, and get-well cards. What's difficult to do is to express the many special thoughts behind these thanks to each and everyone of you. We love you.

ing and mobilization procedures are being planned for each specific unit.

After analyzing the many responsibilities that will fall on the Village Coordinators during a disaster, it is felt necessary to add a first and second alternate coordinator in each Village. This would assure availability and a reasonable spread of duties in the time of an emergency. The duties of The Village Coordinator have been defined and the description is available from the Volunteer recruiting team.

A goal has been set to train at least one person in each Village, the coordinator, an alternate or a designated resident, in basic first aid. The course will be given in the Village and consist of two four-hour sessions. Training is not limited to the Village Coordinators and will be available to any resident. The continued success

and future development of the LVESO depends on an influx of able and interested volunteers willing to devote some time to achieve our goal of being able to operate as an effective disaster service organization.

We need more volunteers in all categories and feel that there are many residents able and available to serve who have not responded. Volunteers to serve as alternate Village coordinators are needed in all Villages. New Organ Fund Reaches \$7600

At the Oct. 7 meeting of the LVA Board, the Organ Club presented receipts from fund-raising and donations, bringing the total amount presented since June to \$7600. The LVA Board purchased our new Yamaha FX-10 Console Organ early in June, and it is the goal of the LV Organ Club to reimburse the LV Association for the total price of the instrument, \$10,000.

Due to the enthusiastic support of many villagers and clubs, and the success of Organ Club fund-raisers, only \$2400 remains to be repaid. Members are determined to accomplish their goal within a year, and plans are already underway for a "Cabaret Night" in January, a Saturday Night Dance in February, a concert by the Sweet Ade-

lines" in March and a fabulous Spring Concert featuring Karen De Salvo.

Since the last issue of ILV, contributions for the new organ were received from the Racquet Club, the Scrabble Club, the Variety Guild (their second generous gift) and the LV Women's Golf Club. Generous individual donations were received from Freda Trustee, Betty Sullivan, Irene James, Mary Lee, and Roselle Mayfarth.

Discarded Eyeglass Drive Considered

By Jack Whalen

If called upon, would Leisure Village residents respond to a drive in the collection of eyeglasses that are no longer needed? Would they be willing to donate those ready-to-be-discarded glasses to a worthy cause?

Should Leisure Village accept the challenge, the glasses would be turned over to (S.E.E.) Surgical Eye Expeditions International, Inc., a highly skilled humanitarian group of eye surgeons, nurses, technicians, pilots and support people who provide free eye care to indigent people in a number of countries throughout the world.

The story of the all-volunteer S.E.E. is a heart-warming one and if the Village response is a positive one, we'll report on this fine Santa Barbara headquartered organization in future issues of Inside Leisure Village.

RENTAL LIBRARY

By Janine Blymyer

The Village Rental Library has proven very popular and some large print books have been purchased: Strong Medicine by Hailey; the Fourth Deadly Sin by Sanders; and Hold The Dream.

When you borrow from the Rental Library, remember to bring the book back when a librarian is present. The hours of operation are Monday 9:30 to 11:30; Wednesday evening 7:00 to 9:00; and Friday afternoons, 1:30 to

3:30.

For your convenience, we hope to have the Rental Library open from 9:30 to 11:30 every morning, Monday through Saturday, in the near future. In order to do so, we still need a few volunteers. Call 482-7690 if you can spare two hours a morning every other week.

John Jakes' "Love and War" was inadvertently left on an open shelf in the library; we hope that whoever has it will kindly bring it in when the Rental Library is open.

By Jack Whalen

A mail-slot has been cut into the Recreation Office door to leave messages when the office is closed, announced by Chairperson, Elva Ward.

Favorable comments are being received from many who are enjoying the occasional full-length features. Gerry Sills and his staff are exploring the avenues of both rental and purchase of Hollywood feature films, especially those of fairly recent release. Perhaps by early 1986 we'll have a good number of features monthly.

The Board of Directors meeting of November 4 will be televised live at 10:00 a.m. and repeated on Saturday, November 9, also at 10:00 a.m.

Profile: Garnette And Don Holmes

By Lois Atz

"We never seem to have enough time in retirement to do all the things we want to do," lament Don and Garnette Holmes of Village 6, half seriously and half joking. Their comfortable home shows evidence of their interest and activity in music, art, and hobby groups.

Don is current president of the LV Gem and Mineral Society and both are past presidents of this hobby group. They ride their bikes to the Recreation Center to use the lapidary equipment frequently. Both are also active in the LV Ceramics Club.

The Holmeses are former golfers and square dancers ("We danced all across the country"), activities now discouraged by an injury to Don's knee on a rock hunting trip to

new Mexico.

Taking an ocean cruise is their favorite way to travel. They cruised to Alaska in August 1984 and took a trans-Panama Canal trip in January 1985. They look forward to an upcoming cruise to Rio.

Garnette also serves as an escort for Travel Committee bus trips about once a month, enjoying recent trips to Tahoe and Vegas, as well as cultural events in downtown Los Angeles.

Both Don and Garnette play the flute, a mutual interest which brought about their meeting in junior and senior high school, respectively, in Minneapolis. Each played in the Contra Costa Symphony Orchestra when they lived in northern California. Both play the organ, though she credits him with more interest

and talent than she. Don plays flute and piccolo in the LV Orchestra, often assisting Arthur Kates with conducting duties, as in the June 2, 1985 concert here.

"The Holmes at Home"

Don aspired to be a professional classical musician in his youth, but found it "a difficult way to earn a living." While active duty with the army during WWII, he took a course in heating and air conditioning at the University of Madison (Wisc.), which piqued his interest in that field. After a bout of meningitis in the army, he was transferred to the 362nd Army Band. After the war, he turned to mechanical engineering as a

neer for the Veteran's Administration, doing construction of new VA hospitals, as well as remodeling and additions. Although based out of Washington, D.C., he worked all over the country on construction sites. The family moved about 10 times in 20 years for the VA.

Don was a licensed professional engineer in Washington state, Nevada and California, and had his own consulting business for awhile. Garnette worked as his bookkeeper, as well as holding similar types of jobs in Oregon and Minneapolis. Don taught at UC Berkeley part time for three years in the 50s, teaching architectural mechanics in the College of Architecture.

He supervised construction of the heating and air conditioning systems of the new Wadsworth VA Hospital in West Los Angeles, the job

CURRENT ISSUES FORUM

By Herbert Swartz
 Attorney Robert M. Triplett discussed "Why is Estate Planning Necessary?" at the Current Issues Forum luncheon meeting at County Savings Bank on Sept. 27. He strongly recommended that everyone have a will and stated that 70% of the population fails to do any estate planning.

Death or incapacity may occur and could result in needless delay in passing assets on to heirs and having state laws determine how assets will be distributed instead of being determined by the wishes of the decedent, he stated.

Triplett said that there are three choices: 1) do nothing; 2) draw up a will; or 3) a living trust. He discussed the advantages and disadvantages of each choice. He advised those who have wills written before 1982 have

them reviewed. He said that now you can pass \$400,000 in assets to close heirs without any estate tax and that the amount is going up to \$500,000 next year.

Triplett also discussed the use of the "Durable Power of Attorney" as a way of preplanning for the possibility of incapacity or senility. After his presentation, he answered many questions from the audience.

Buildings & Grounds Committee

By Margrate Gowder
Just a reminder!

For the most part, Leisure Village is looking great, but in order to keep L.V. a place to be proud of, we need everyone's help. October is a wonderful time to tend to a few gardening tasks. If you have neglected caring for some of the plants you are responsible for, there's no better time than now before cooler weather sets in.

Members of the Buildings and Grounds Com., while doing their monthly walk-thru's, have noted several units with bougainvillea and other vines on roofs. They have, also, reported creeping fig

growing on the walls of several units. Since the Village is responsible for replacing roofs and painting the exterior of our units, these plants must be removed.

Ivy and creeping fig may look nice in your patios, but when it pushes between the boards of the fences, and the stems enlarge, the fence may be damaged. Unkempt vines on the outside of the fence are an eyesore to your neighbors. These vines should be removed.

Beginning in November, our Board of Directors is going to start citing persons who neglect caring for their units.

There's nothing more memorable about childhood than a baby's first words, especially if it's your grandchild speaking.

And because so many things in childhood happen only once, make sure you don't miss a single word — or question. If you don't always hear all of the lovely things the children you love want to share with you, it may be time to have your hearing tested professionally.

After the regular meeting of Variety Guild in September, with discussion of our upcoming show in June 1986, we had our installation. The outgoing board sang special words to "Thanks for the Memories", written by Corky Milman, Lorraine Friedman, Faith Saunders, and Dorothy Karlin.

The incoming board: Rene Greene, Pres.; Dorothy Karlin, Ex. Vice Pres.; Alva Lane, Corresponding Sec'y.; Shirley Law, Recording Secy.; Lillian Leeds, 1st Vice Pres. (Programs); Kay Avery, 2nd Vice Pres. (Publicity), did parodies of popular songs describing their new jobs, also done by our talented writers.

In the September I.L.V. we announced that Ken MacKaig would talk on "The Art of Stained Glass" at the October meeting, but unforeseen circumstances made a change in program necessary. Ken will be on at the Nov. 21 meeting, and Ben Smithkin, who had been scheduled for November, presented his slide show at the October meeting.

Highlights of their show were the agate beach at Dieppe (with specimen agates Ben brought back), the topless beach at Blankenburg, and getting their car impounded by the Strassburg police.

Please note that because of Thanksgiving, the November meeting is changed to Thursday, Nov. 21, at the usual time, 7:30 in the Club Room.

The Men's Club Match Play tournament was completed in September. The tournament was divided into 4 flights in order to provide better competition for all competitors. Flight A was won by Mel Meltzer with Ross Houser runner-up. Flight B was won by Ed Fitzer with Tom Addison runner-up. Flight C was won by Hubert Samuel with Stan Zeff runner-up. Flight D was won by Ben Lipson with Charles Puro runner-up. Congratulations to all participants and especially to the winners who will receive special awards.

The Regulation golf tournament conducted at Camarillo Springs on Sept. 19 attracted a large group of LVMGA players who enjoyed a superb day for golf; resulting in many low scores. Low Gross awards for the day were won by Charles Green and Don Dance who tied at 80. Willis Sanders won first place in flight A; Sam Breitbart won first place in Flight B; John Laub won first place in Flight C. Another tournament was planned for Oct. 31, at the new Oxnard Course - scheduled for opening in September. Completion of the course has been delayed, however, and the Oct. 31 date cannot be met.

R.V. Club

By Ed Lyman

If you were one of the lucky three hundred feasters at the R.V. Annual Pancake Breakfast, Oct. 26 from 8:00 a.m. to 10:00 a.m., your participation made it a huge success. R.V.'ers are happy to bring this annual event to members and village guests.

Treasurer, Ken Barrette reminds new and old members that dues of \$3.00 per family can be paid now or at our next monthly meeting, Nov. 19 at 7:30 p.m. in the MPR. Each third Tuesday of the month the R.V. Club offers fellowship, tips on travel, vehicle care pointers and an interesting program. Refreshments are served and members and guests are welcome. Participation is the key to enjoyment. We hope to see you all on Nov. 19.

VILLAGE FOLK DANCERS

By Sonya Prager

On Monday night Village Folk Dancers took time from dancing for a brief meeting, and elected unanimously the following slate of new officers.

Pres., Margaret Rothenberg; Vice Pres., John Quackenbush; Sec'y., Bella Levy; Corres. Sec'y., Sonya Prager; Treas., Dorothy Santrizos.

Our teacher is Harry Castaline whose instructions can even direct to the right people with "two left feet" to perfect performance!

If you would like to step lightly to the music of simple ethnic melodies that you'll be humming on your way home, and if you think you might enjoy holding hands with friendly neighbors as we all dance together, then join us every Monday night from 7:00 to 9:00 p.m. in the A.R. or the M.P.

L.V. WOMENS GOLF ASSOCIATION

By Dorothy Skuro

The November meeting of the Leisure Village Women's Golf Association will be held on the 13th, at which time the winners of the Medal Play tournament will be announced. This edition of the paper will go to press before we have the final results.

The month-end men/women tournament will be on Nov. 24, followed by our 19th-Hole party at 4:00 p.m., hosted by the men. Those of you who are new golfers may not know that the 19th-Hole

party is a B.Y.O.B. affair and all golfers are welcome to come and enjoy the snacks, entertainment, camaraderie, and to clap for the winners - (who knows, it might just be you), as the prizes are awarded.

Nov. 21 will be the date for regulation golf at Camarillo Springs. Don't forget to sign up and get your money in.

It's your golf course - help to keep it beautiful - be sure to replace your divots, especially around the tee area.

VILLAGE PAINTERS

By Sally Becker

On Sunday, Nov. 3, the Village Painters are having an Art Show, and you are all invited to look us over.

You will have an opportunity to meet the artists and watch them work. That's right: Each artist will be working on a new canvas. You will enjoy seeing how differently each paints.

Available for purchasing at the show will be handmade and hand-painted greeting cards. All monies collected will be donated to the Organ Club.

Election of officers of Village Painters will be held on Wednesday, Nov. 6, to be followed by a demonstration by Florence Calkins and Sally Becker on how to make Tung Tsi, the beautiful Japanese hanging ornament. At a subsequent meeting there will be a gift workshop where you can learn to make Tung Tsi.

THE
CERAMIC
CLUB

By Don Holmes

The Ceramic Club took a field trip Oct. 24, to the Ruth Johnson Ceramic Studios in Ojai. This was by auto caravan, and half-a-dozen cars were involved. These trips to see professional ceramicists at work are always rewarding, but sometimes it is a little depressing for us who are "all thumbs", to see with what apparent ease the "Pros" do what we try to do.

Please note that, because of Thanksgiving, the November meeting will be a week early — Thursday Nov. 21 at the usual time - 10:30, but in the Ceramic Room. Remember the workshops every Thursday morning and watch Channel 12 for announcements of future events.

MISSION OAKS CHIROPRACTIC

**WHAT IS
OSTEOPOROSIS??**

Of the many metabolic causes of low back pain, the most common is Osteoporosis.

This condition can best be defined as a decrease in bone mass per unit volume of bone. Simply put, the bone becomes thinner and less dense. Since the Vertebral bodies in the spine are made up mostly of Cancellous bone and have a rich blood supply, they often are the first bones to reflect Osteoporosis changes.

The primary metabolic disorders that cause Osteoporosis can be divided into three major categories.

1. Inadequate intake of proteins (eg. poor eating habits, starvation, or fad diets.)
2. Hormonal changes (eg. Menopause)
3. Vascular abnormalities (eg. resulting from disease of a body part, or inflammation.)

The effects of Osteoporosis can be lessened in several different ways.

1. Eating properly; good balanced diet.
2. Supplementing the diet with calcium and Vitamin D.
3. Regular exercise is vital to good healthy bones. Walking is one of the best.

We, at Mission Oaks Chiropractic, counsel patients with many different muscle and bone disorders. Please feel free to stop by, or call for any questions you might have.

The Rhythmettes were surprised not to find our column with or near the other clubs in the last issue of I.L.V. Some members were able to find half of it on the last page. Halloween goblins must have come out early and gobbed up the other half. It was brief to begin with before it became "bikini".

We finally made it to the Camarillo Convalescent Hospital on the original date, Sept. 17, after organizers at the hospital changed their minds again. The patients enjoyed our lively tunes and we had fun too.

We have not drifted back to the old, easy-to-play music although Lillian Skellenger is away. We are attempting whatever Earle Cunningham has ready for us. Jean Sil-

verstein "mixes it up" with her wooden spoons. Any member who is so inclined may conduct.

which brought them to California. Then he worked on adding air conditioning to the existing Sepulveda VA Hospital.

Don was born on Aug. 27 in Rochester, NY and Garnette on Jan. 3 in Pembina, N.D. they were married on June 21, 1941, in Minneapolis.

Their one son, Garold, born in Oakland, CA, now lives in Concord, California with his wife Dinah, a secondary school teacher and their son Keith, 8. Garold is a commercial pilot and flight instructor. Don and Garnette owned their own small aircraft when they lived in Concord. Don has a private

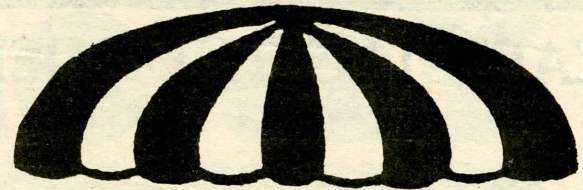

pilot's license, but now flies only with Garold. Earlier Garnette was a knowledgeable student pilot.

Garnette amassed 2000 hours of volunteer work for the American Red Cross mostly in Asheville, N. Carolina, New York and Wisconsin. Now she assists with the Blood Pressure Clinic each month, for Your Neighbors Care Group.

She was an art major in college and some of her oil paintings in their home. California poppies are the subject of one striking canvas. She also did the needlepoint work on the seats on the dining room chairs, each in the same colors but each a different bargello pattern.

The couple were early homeowners in Village 6, moving in nine years ago on Sept. 1, Labor Day. Don commuted to the Sepulveda VA Hospital job for two years, until his retirement in 1978.

Santa Rosa Pharmacy

I would like to introduce myself, our staff and services. I am a graduate of the University of Southern California, School of Pharmacy and 38 years old. Prior to purchasing this multi-service drugstore (February 1985), I was chief pharmacist of Serra Medical Pharmacy (Sun Valley) for 8 years. My wife Sharon and I live in Agoura Hills with our 3 year-old daughter, Meredith.

Our store is unique. It offers a full service post office inside the drugstore which is operated as a separate entity at our own expense. All costs of personnel and operational maintenance are assumed by the drugstore itself. We are anxious to continue this accommodation and convenience to our patrons, local residents and friends. The success of this postal service depends on you. We need your patronage as no special benefits are derived from the Federal Government. It is open from 9 a.m. until 5 p.m., Monday through Friday. It is closed one hour daily from 1 until 2 p.m. Saturday hours are from 9 a.m. until 1 p.m.

Assisting you with your postal needs are local Leisure Village residents, Cliff Miller, Dave Fallick and Alice Giroux.

FREE DELIVERY & GIFT WRAP & 1-DAY PHOTO SERVICE

Other customer services available are store charge-accounts with monthly billing, free local delivery (Herb Meredith), free gift wrap and a 24-hour photo service for prints. THE LEISURE VILLAGE WOMENS CLUB

By Eva Divin

That the October Women's Club was a bit more sparse than usual came as no surprise. October or not, it was the hottest day of the year. It was opening day for State Lottery, and it was less than a week after all, since the marvelous but strenuous Bazaar.

Our president pronounced it a whale of a bazaar. Chairman Fencil called it a beautiful, successful day, and our money lady, Henrietta Joehnck, announced the great good news of the results of all the fun and effort: a net profit of \$8,392.47!

Attendance was great, the food on sale relished, entertainment enjoyed, handiwork and plants admired and purchased, sales of raffle and mini-raffle chances were lively. Sales were so good that when Gertie Dorward turned her eyes away for a second — someone bought her purse!

Winners of the main raffle were: Jenny Hall, V.17, Microwave Oven; Hazel Miller, V.8, TV; Nickie Nies, V.13, \$100; Ruth Weiss, V.42, Toaster Oven; and Dorothy Kelly, V.7, \$50. In the special raffle for the Noel Christmas Panel, the winner was Johan Whyte, a visitor from Scotland; the plate was won by Carol Strissal from Simi.

Warm thanks went out from Bazaar Chairman Dorothy Fencil to the numerous Villagers who contributed so generously of their time and work toward the Bazaar's success. The Club retaliates with sincere gratitude to the chairman, who simply never stopped running and reminding and inspiring. Then men too must know the Club's deep appreciation for their creative contributions and helpfulness. For their

work as counters and other faithful duties, special thanks to Al Walker, Sid Resnick, Karl Joehnck, Ray Fencil, Joe Lustig.

Thanks in the form of African violets went to: Bea O'Brien for hours in the kitchen; Dorothy Barus for managing the food sale; Evelyn Simonini for the Noel Panel and to Gladys Ericson for the painted china plate.

Joanie in "Over the Rainbow"

To top off the meeting, program chairman Eleanor Evans brought us forty minutes of nostalgia in song. That handsome fellow in summer whites and that cute little bobby-soxer turned out to be the Village's own — Bob Barus and Kay Varley. They opened with the oldie, "You Make Me Feel So Young", which they feel should be the Village's theme song. Then they were off through ten well-remembered old numbers, from "Little White Lies" (1930), and Billy Rose's "You Go to My Head", all the way to Jane Froman's beautiful "Song to Remember" - so popular among our GI's.

Get your tickets early for the November luncheon.

Bazaar....A Real Success!!

By Jeanne Carlson

There really was a pot of gold at the end of the rainbow when the Rainbow Bazaar was over. Women's Club found that their months of work paid off handsomely with a net profit of \$8,400.

Each booth did well. The Baked Goods alone brought in over \$800 — due entirely to donations from members who

the Bazaar is that it is the biggest event of the year in terms of numbers of Villagers turning out. Many guests also attended.

Women's Club cannot possibly thank all the people who helped to make the Bazaar such a successful event. It is a real community affair and was truly supported by the Village.

Photo by Stabler

"Needlework Was Popular"

Photo by Stabler

Hazel Miller Winning the TV

brought in a whole carpet of cakes and wall-to-wall cookies plus many delicious bread specialties. Yum!

The whole day was fun. There was class entertainment by the Happy Hoofers and Joan Woodenschek, accompanied by Bill Marvel, who sang "Over the Rainbow" and several other songs. One of the nicest things about

The Rainbow has always been a symbol of promise and hope. Women's Club makes the promise that the bulk of the receipts will soon show up in Village improvements and donations to the Camarillo community and local charities. Details will be outlined in the next issue of ILV.

Again, Many Thanks.

There really was a bit of a lull in the market at the end of the year when the Dow Jones Industrial Average was over 2,000. Many investors were looking for a way to protect their investments. One of the ways to do this was to invest in a fund that had a history of steady growth. The Dean's Financial Network was one of the first to offer such a fund. Have Your Noticed?

By Margrate Gowder,
Lucy Gerhardt
and Mary Hale

The Village is looking particularly beautiful and colorful. Congratulations Homeowners and Landscape Maintenance!!!

A few reminders: plants in green belts are not approved; additional trees may be approved; replacement trees must be approved.

It is suggested that homeowners look at their patios from their neighbors' view. Are pots and plants really attractive?

Consider using matching pots or the wooden planter boxes (Plants in pots may be set into the wooden planters and be easily replaced when no longer attractive.) Hanging baskets can be beautiful.

Consider overall general appearance.

You might be surprised at how easily you can improve the complete picture.

With the help of each homeowner, the Village can continue to be a beautiful place for all to live.

Meet Your Neighbor

By Mary Erbsen

Please join us on the last Friday of every month at 2:00 p.m. in the Garden Room for our monthly, "Meet Your Neighbor Coffee." This month we met Friday, October 25. We heard two, scheduled interesting speakers: Chief Moses, head of our

We invite all Villagers to attend, for a stimulating meeting of good conversation, coffee and cookies. It's good to meet old friends and make new ones.

PROFILE From Pg. 17

A scratching post and pet door announce the existence of their two cats, one 16 years old and one about 6 months old. Garnette admits the patio plants suffer from the antics of the younger cat, but obviously the cat has priority.

The Holmeses are often on the go, as the number of their activities indicates. But they also retreat to their home to enjoy quiet times reading and at the painting easel. There's no question that they enjoy their retirement!

How To Walk Your Dog

"Farful Himself"

By Farful Armstead,
G.D.

(As told to an I.L.V.
staff writer)

Editor's note: Farful Armstead is a handsome dignified Border Collie who lives in Village 9 with his human, Eleanor Armstead. The degree of G.D. was conferred upon him by admiring friends. It stands for "Good Dog".

Farful, who is boss-dog and a leader among Village canines, has long felt the need of some better

communication between people and their pets regarding the important subject of walking. This is his story...

"Thank you for this opportunity to speak through your newspaper," he said gravely. (Farful is always dignified and thoughtful. He is a deep thinker). "I'm sure all humans realize that getting to go on walks is very important to us. It is our chance to socialize, exercise, and enjoy the ambience of the Village". (Farful always uses classy words). "So please don't hurry us unless we want to go fast, in which case, we'll let you know. Keep the leash slack and let us appreciate the delightful scents. If you meet friends, don't stop to chat too long. After all the walk is for us. On the other hand, if we meet other dogs, please be courte-

ous enough to let us exchange greetings.

"I happen to have a very nice human and it is my responsibility to take good care of her and be alert to protect her at all times. On the other hand, she takes good care of me as well. As a matter of fact, recently she has become a little overprotective.

"Some little time ago I developed a mild digestive condition and she and my veterinarian decided it was due to the fact that some Villagers carry dog-treats on their walks in order to distribute them to us. So it was decided that I could no longer enjoy "cookies" on my route and I must say I am disappointed. A vigorous walk and a few goodies used to make me feel top-dog!

"However, back to the walks. My chief reason for letting myself be interviewed is to let certain people know they are causing a problem. These are the people who don't carry the requisite little bag so that their dogs cannot practice hygiene. As sometimes happens, I may be the next dog by and people think I have committed a disgrace. It's so embarrassing! Please, please, take the bag so that there won't be a problem. Dogs have feelings just like people.

"But I must say my life is very good here. I have a great many friends among the people and all the dogs (even the poodles who like to tease me). And I do have a wonderful human." With a melting look from his beautiful brown eyes, Farful thanked the reporter courteously and continued gravely down the street with his neat white socks gleaming and his feathered tail waving gracefully.

ALL HART

By Ruth Hart

Do you think I'm too short to be a stewardess? (Of course I'm not too old), well that's how much I enjoyed flying — loved it! Went to seven countries in five weeks, and traveling by car with the kids We got to see things we'd miss on a tour. We stayed mostly in bed and breakfast places and really got to meet the people of those countries. We stayed in old farmhouses surrounded by cows and sheep right outside our windows as we awoke in the morning, then were served a real old-fashioned homemade country breakfast — ummm! Too many tales to tell but I would like to share one which was exciting to Woody and me. We visited Ireland and the Blarney Castle which I found was built by my ancestors the "Mc Carthy's" (my maiden name) - how about that! On the ferry going to Wales from Dublin, someone called out my name and there sat Hilda Zelanko, V.7, and her sister (not a villager), on their way to England. Now our trip was complete, as I'm always writing about people meeting people all over the world and it happened to me.

I never dreamed in my wildest dreams that I would be having dinner at a sidewalk cafe in Paris on the "Champs Elysee" on a Friday nite, but then I never dreamed I would stand on a stage and sing for 500 people, either. Someone up there must be watching over me, for life has been pretty good. Enough about us, on with news I could gather since I'm back.

We've had another marriage in our village - Edna Steiner V.42 and Jack Rogers, V.20, were wed on Sept. 21. They honeymooned in Las Ve-

gas and traveled the Western States, returning down the Oregon Coast thru San Francisco and home. They are at home now in V.20.

Ralph and Renee Greene, V.42, celebrated their 10th anniversary with a terrific dinner party at the Calabasas Inn Sat. night, Oct. 12, with friends, relatives and neighbors from the village. Had a ball!

The Hamrol's, Henry and Florence V.14, celebrated their 50th Anniversary on Sept. 15, with a party at the Friars Club in Beverly Hills given by their children. Friends and relatives came from Venezuela, San Diego, the San Francisco Bay Area (Henry's hometown), Las Vegas, Sacramento, and New York! 90 people in all. Then off they went a few weeks later on a motor trip around the country visiting college campuses to see their son's sculptures.

Congrats to Lillian Anderson, V.3, who was honored recently by Pleasant Valley Hospital for her many hours of Volunteer work. Lillian is a longtime member of the Rhythmettes and Chorale.

Hats off to Louise Colbert, V.15, who won the Senior Shuffleboard Gold Medal at the Ventura County Fair on Senior Citizen's day, Oct. 8.

Edna and Moe Bernstein, V.26, joined family & friends recently at the El Caballero Country Club to help celebrate their great granddaughter's sweet 16 birthday party. Melissa Feldman is a Junior at Westlake School for Girls and the granddaughter of Zona Gardens a former resident of V.32. Melissa was given the keys to a new car. Needless to say, a happy time was had by all.

Margarete Nayfack's husband Jules, V.4, was given a surprise 65th birthday - retirement party recently at the Sportsman's Lodge. The party

was given by Jules' two daughters and son-in-law — Stephanie and Al Kos-sack of Danville Calif., and Rochelle Masterson of No. Hollywood. Attending were relatives, in-laws, friends from "way back when" and friends and associates from the Motion Picture Industry where Jules was a film editor.

Highlight of the party was the singing of "Oh My Grandpa" by his 4 grandchildren, ages 2, 5, 5½ and 8 which brought out many hankies and lots of laughter and applause.

It feels good to talk to you all again — are you all having fun playing the lottery; we've only been \$2.00 winners. Have we had any big winners from the village? Tell us about it.

They won't let me get too mushy, but a giant get-well card to all our friends in the village who are not feeling up to par.

'Til next time, "Middle Age is when not feeling like yourself is apt to be an improvement."
