Mr. William Randolph Hearst,
La Cuesta Encantada,
San Simeon, California

Dear Mr. Hearst:

The highboy at the Jolon Ranch was made here in San Francisco, about twenty years ago, and is a nice piece. It is hard to tell just how nice things are from photographs, but you marked it as usable there. Most of the balance of Hacienda things seem too fragile or too valuable for ranch use, Wyntoon having taken the more usual items.

There are many lovely and interesting quilts and other personal things of your mother's, very carefully packed in trunks in the vault under the Social Room. I gave Mrs. O'Brien the keys to these trunks for you. I will get the quilts from Jolon back.

Mr. Huber has been away, but will be on the Hill Sunday to go over the salt water plant in detail. We had better make a study of all the hot water and steam needs as they will all center in the service building.

I will bring new studies Sunday of the Billiard Room.

The bath rooms were "twin", as to mirrors, but will substitute whatever you wish. Should have asked, but the details developed while you were away.

As always,

Yours very truly,

JM-M
