

of eligible California high school graduates. Such admission is only for a given program and does not constitute the right to continued enrollment.

ELIGIBILITY INDEX

The following chart is used in determining the eligibility of graduates of California high schools (or California legal residents) for admission to a state university or college as a freshman or as a lower division (fewer than 56 transferable semester units) transfer student. Grade-point averages are based on work completed in the last three years of high school, exclusive of physical education and military science. Scores shown are the SAT total and the ACT composite. Students with a given GPA must present the corresponding test score. Conversely, students with a given ACT or SAT score must present the corresponding GPA in order to be eligible.
