Dear Chicana Falsa:

Your CFAOSODIAOO has cued me into dances with Hispanics. I loaned my autographed copy to Bob Torres, my buddy in the Marine Corps Combat Correspondents. (You had mailed my copy to me because they had run out at the Santa Barbara Conference.) Bob, a Texan, is with Peterson Publications here, and comments on CFetc. per enclosure.

Remember Dolores Romero at Santa Barbara whose hilarious poem 9-1-1 won first prize? I got it reprinted in two local writers' newsletters; enclosure. Then she tells me that she was a Marine during the Korean war. Promptly I got her into our Combat Correspondents association, for which I just made board.

When you run into shallows, drop me a note. Tell me what you're working on. I track you.

Siempre Felicidades,

Bud
