## Women's Club Announces 1985 Contributions

Helen Nash

Women's Club is proud to announce its 1985 contributions to Leisure Village, the community of Camarillo, and local charities and helping organizations. The Club's interests lie in helping youth, senior citizens, and Leisure Village.

The goals of Women's Club are service and friendship. All funds were raised by a variety of ongoing means such as Trading Post, raffles, and the annual Bazaar.

Earlier in the year \$900 was sent to the Tony Lamb Senior Citizen Survival Fund; \$500 was given to the Boys' and Girls'; \$500 each to Hospice and the Visiting Nurses; \$1,000 to the Organ Fund, and the new clock in the Garden Room was added.

At the Dec. meeting additional gifts were as follows: For L.V., \$2,000 for repair and additional benches as needed throughout the Village;

\$1,000 to Channel 12 for new equipment; an additional \$500 to the Organ Fund; and \$200 to the newly formed Woodshop Club to enable it to rebuild a badly needed special saw.

Contributions to the Camarillo Community include \$1,000 to replace the broken flag pole at the Camarillo Library through the Friends of the Library. (The county will contribute one-fourth of the funds needed.) Because of their wonderful service to the Village, \$250 is being sent to Firehouse #52. And extra funds were found that meant that \$500 will be sent to the Camarillo Arts Council for use in the Concerts in the Parks building program; a donation of \$1,000 is also being made to the Camarillo Beautiful program, the money to be used for trees (jacaranda, coral trees, oleander, and small eucalyptus) for landscaping the 101 Highway be-

tween Lewis and Carmen.

Contributions to local charities include \$2,000 to the Make-A-Wish Foundation (for terminally ill children); \$500 each will be sent to Hospice and Visiting Nurses (so directly helpful to the Village); and \$300 previously budgeted will be contributed to the Camarillo State Hospital Children's Ward. This money is to be used for badly needed athletic equipment and prizes for the children's own art contest. With the assistance of Marion and Lou Tamkin, \$50.00 will be given to Ventura School for holiday celebrations.

Women's Club wishes everyone to know that they fully appreciate the fact that such gifts are only possible with the entire support of the Village. Thank you, everyone, for your kindness and generosity!

**HAPPY HOLIDAYS!**

## New Insurance Committee Advises Board

By Lois Atz

Because of great problems associated with getting adequate insurance coverage for Leisure Village, needed in order to comply with our CCR's, in mid-August the Board formed an Insurance Committee, staffed by Village volunteers. It serves as an advisory committee to assist the Board to develop a sound insurance program for the village, and to provide financial protection for all homeowners.

Top priority at the committee's weekly meetings has been securing flood insurance coverage. The committee was active in the recent campaign to amend the CCR's, and, with approval of the amendment, the Board was able to get a one-year flood insurance policy written for the Village, which became effective Dec. 4, 1985.

Each homeowner should soon receive by mail, a statement of his special assessment for flood and earthquake insurance. This payment is due by Jan. 1, 1986, or in case of financial hardship, can be made in three equal payments to be completed by March 1, 1986. This assessment is in addition to the monthly homeowner's fee and should be paid by a separate check.

The new flood insurance policy is through

### Incomprehensible Incivility

By Karl Cannon

Our Association President, Mr. Van Horn, has appealed to Villagers to drive more safely. At the Dec. Board Meeting he reported an increase in traffic citations. He also stated that he could not understand why residents would so resent being reminded of their unsafe conduct that they would become abusive to our security guards.

We will not attempt to explain why traffic violators will often deny having failed to stop at the Stop sign or having exceeded posted speed limits. We leave that effort to the psychanalysts. Our interview with Security Chief Moses increased our concern for the safety of all on our streets and walks.

"Our guards are trying to do the job for which they are paid — to protect the safety and welfare of the residents," said Mr. Moses. "They would not stop anyone without proper cause. They would have no reason."

Most of the recent driving accidents have occurred when Villagers have struck non-moving objects: light poles, trees, parked cars, etc. This is evidence of poor peripheral vision, slow reflexes, bad judgment and too much speed. It is incumbent on all of us to act safely rather than contribute to tragedy. Let us be appreciative of our own security personnel rather than resentful of a merited warning.

We salute the couple in Village 39 who showed the cooperative attitude we need by sending the following letter to Security:

Nov. 24, 1985 — Dear Chief and Staff, We wish to take this moment to thank you for your courtesies and pleasant manners in reminding John and me of our traffic violations, namely, "weak stops" at the intersections. You have a tremendous job taking care of the Village people. We know we are cared for! Sincerely, P. and J.S. (Names withheld because we were unable to reach the writers to obtain permission to publish their names.)

### The Sound of Music

By Harry Becker

Like many a Villager, during much of the day I enjoy listening to classical music.

For years we have been privileged to listen to the stereo broadcasts of KCPB, an FM radio station originally located in Thousand Oaks, now headquartered in Los Angeles with the University of Southern California's KUSC.

It is not generally known, but a committee of volunteers from Leisure Village conducted a telephone survey in Ventura county, that successfully buttressed a petition to the Federal Communications Commission to merge KCPB with KUSC.

Many Villagers tune in KCPB at 91.1 on the FM dial, but unfortunately the present quality of the stereo sound on our cable leaves much to be desired. Not so on our car radios, except on certain stretches of Santa Rosa Road.

Several years ago, when similar difficulty was experienced, the KUSC engineer advised Western Cable to make a simple adjustment, and PRES-TO! We had excellent sound.

It is difficult to recall exactly when the sound began to deteriorate, but it seems to me that somehow that was related to the time of the installation of the new omni-directional antenna, which brought in the signals of many more radio stations than we had enjoyed before. Yet, somehow the omni is not directed toward

KCPB, whose Ventura county antenna is atop a mountain in Ojai.

At the last meeting of the LVA Board we were told that Communication Services, the company servicing our antenna and related equipment, has concluded that it would

Several months ago, I wrote a letter published in Inside Leisure Village, pointing out that our new, expensive heating and air conditioning system was not functioning properly. It still isn't, despite much tinkering and experimenting by our maintenance staff.

When Leisure Village groups are engaged in sedentary activities the people freeze. When people are engaged in physical activities, they are bathed in perspiration, and on several occasions all doors had to be opened because the heat was intolerable.

On Wed. Nov. 20, my wife returned from Bingo. She said the AR was freezing. Most of the people were complaining. I called Marion Tavano and Tom Endo, officers of the Bingo club who confirmed her statement.

I'm aware that the instruments in the AR show a temperature of 70 degrees and the ducts and the air flow have been tested by an engineering firm and found to be adequate. The fact, however, is that our people are not comfortable regardless of what the instruments show.

It seems to me that our General Manager and our Board of Directors, instead of relying on instruments which may not be properly calibrated or

cost between \$350 and \$500 to bring in a good signal from KCPB.

Be that as it may, someone has to explain why Villagers who for years enjoyed the sound of beautiful music WITHOUT COMMERCIALS must now endure a weak, warped, and wretched stereo sound or find another spot on the dial.

Well, we'd rather fight for excellence in the sound of music than switch to an inferior broadcast band.

### Letters ....

placed where they record temperature on a wall rather than in the room, should visit some of our "evening" activities, talk to the people involved and discover themselves that these conditions are real and not a figment of someone's imagination.

I'm not an expert on heating or air conditioning, but I think as long as we have the pre-set thermostats and cannot change the settings from off, to heating or cooling, and then set for the desired temperature for the activity in progress, we will continue to have problems.

Air conditioning is not something that is new and in the experimental stages. There is no reason, unless it is incompetence, for this condition to continue. This situation should not go on and must be remedied at once. Otherwise, we've wasted the \$35,000 to \$70,000 which the system is rumored to have cost.

The resident owners of Leisure Village are paying association fees which pay the salaries of our General Manager and his staff. Our comfort, convenience, and well-being should be their utmost priority. We seem, however, to be completely disregarded and treated as if we were in our dotage. Our requests and needs seem to be ignored and complaints are heard, filed and forgotten.

**WON'T SOMEONE PLEASE DO SOMETHING!**

The above letter was signed by the presidents of the following clubs: Bingo, Ball Room Dance, Swing Disco Jazz, Women's Golf Club, Y.N.C.G., Racquet Club, Village Swingers, Dance Workshop.

### EDITOR'S NOTE

The staff of ILV wishes to apologize to former Board Member, Ed Salzer. In his excellent article concerning cable TV in the November issue, his name was misspelled. We certainly are sorry.

Your most recent issue indicates that "Select TV" is available and has been authorized for subscription pay-TV.

I believe that the correct designation for this channel is "On-Select TV" and that it does broadcast hard-core pornographic movies every night. Residents should be made aware of this fact.

Vincent J. O'Neill, V.25

We want to thank the people of the Village for cards and gifts sent during A.E.'s recovery from hospitalization.

Ruth and

## INSURANCE

continued from page one

State Farm Insurance Co., which also writes fire, earthquake, liability, worker's compensation package for the Village. The flood insurance is written through the Federal Flood Insurance program, with rates set under federal regulation.

Coverage is \$10,000 insurance for each unit of duplexes, with a \$500 deductible; \$10,000 insurance for each unit of triplexes, with a \$333 deductible; \$8750 insurance for each unit of quadruplexes, with a deductible of \$250.

The Rec. Center and Association and Security offices are covered up to \$100,000 maximum, with \$500 deductible on structure and \$500 on contents. Homeowners have the option to carry additional flood insurance on contents of their own units.

Personnel on the Insurance Committee have strong backgrounds in

business, insurance and law. Chase Gregory is chairman; George Parker co-chairman; George Dennis is secretary. Committee members are Abe Milman, John Lauten and Bill Wittinghill. Board member O.C. Marler is liaison to the committee.

The committee expects to obtain better flood coverage next year, as the 101 freeway construction progresses. At issue is the old freeway bridge over Conejo Creek. The new bridge will be higher and the new channel wider, to permit more flood water to flow through.

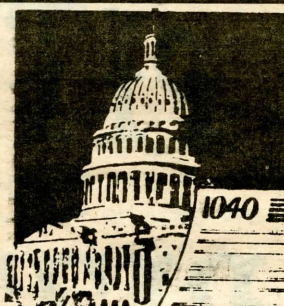

Condition of the Conejo Creek channel, which forms the southern boundary of Leisure Village, is in A-1 condition right now, according to John Lauten and Chase Gregory. County crews have cleared it of growth and debris and there should be no drainage problems this season unless conditions go beyond the 100-year flood projection.

Lauten currently is seeking a letter from the Camarillo City Flood Control engineer to clarify that LV is not on a flood plain. Since Leisure Tech. graded all pads above the 100-year floor level, this should qualify the Village for flood insurance coverage under the regular flood control program, not the emergency flood control program we currently are under. This change of classification should lower the insurance rates or permit better coverage for the same amount of money next year.

Residents of the Village can remember flooded conditions here several times recently. After four days of heavy but local rains in 1981, water from the Mission Oaks area flooded into LV, causing problems for half a day. The City of Camarillo subsequently installed a new slotted storm drain system along Santa Rosa Rd. to handle future similar storms.

## INSURANCE

Continued from page 4

On March 1, 1983, flooding occurred on LV streets and golf course. The Conejo Creek channel also serves as the storm drain for Thousand Oaks and Newbury Park areas, emptying into the ocean at Pt. Mugu. In 1983 the channel was full of silt and weeds accumulated for several years. With heavy, prolonged rains over the entire area, the channel rapidly filled. When floating debris — including trees with trunks 30" in diameter — hit the 101 freeway bridge, it formed a dam which backed up water in LV streets. The water finally backed up enough to flood over the freeway. That caught the attention of Caltrans engineers, who said it could not happen!

Recently Ventura County residents refused to vote funds to have the Conejo Creek channel cleaned out regularly. However, completion of

the new freeway bridges and destruction of the old one, will help relieve the problem.

Under heavy storm conditions, all LV housing units should stay dry, but some streets, garages, and the golf course may flood for a few hours.

In the 1983 storm, when the channel was full, flooding occurred because the creek level was above our drainage lines. As the channel drained to expose LV outlets, the flooding here drained quickly, "just as if someone pulled out the plug."

After obtaining the flood insurance policy, the LV Insurance Committee is not resting. The committee goal is to get Leisure Village in to the regular flood insurance program, get a ruling from Camarillo City on the flood plain issue, and keep after the county to clean out Conejo Creek channel as needed.

The LV Insurance Committee has active, knowl-

edgeable members, acting as our watchdogs, alert to state, county and city plans which may affect our Village.

## Current Issues Forum

By Herbert Swartz  
"Beyond War," a rapidly growing new peace movement was presented to Leisure Villagers at the Current Issues Forum meeting on November 22. Wally Wallner, Ventura County Chairman and Beyond War activists Jo and Tony Maravilla and Francis Einhorn told the history and the program of the movement. They seek to educate the people and get them involved in the undertaking to move beyond war. "We are drifting toward unparalleled catastrophe, unless we learn to resolve conflicts between nations without going to war," they observed.

A documentary film of a simultaneous meeting in San Francisco and Moscow of the International Physicians for Prevention of Nuclear War was shown. The physicians' organization was presented with the 1984 Beyond

War Award and has recently received the 1985 Nobel Peace Prize. Dr. Bernard Lown and Dr. Chazoff, outstanding American and Russian cardiologists, who head the organization in the U.S. and the Soviet Union each spoke to an audience assembled in both San Francisco and Moscow. The audience in both cities responded frequently with applause and the Current Issues Forum audience also frequently applauded their speeches. One idea expressed was that this is one planet and we all share the same life support system. If we are to survive, it must be global survival. Today's nuclear arsenal is the equivalent of one million Hiroshimas. Physicians could not cope with the medical consequences of a nuclear war between the superpowers. There would be no winners and only victims.

## Forum Calendar

George Goldstein, L.V. resident and former deputy controller in the office of Sec. of Defense, will speak on "Tax Reform" at the Current Issues Forum meeting on Friday, Dec. 27, at 7:30 p.m. in the Assembly Room. Leisure Village residents and their guests are welcome.

After the film was shown, a speaker announced that the leaders of six nations who joined in issuing the Five Continent Peace Initiative, would receive the 1985 Beyond War Award in a five continent space bridge. The five continents - N. America, S. America, Europe, Africa, and Asia - will be linked together for the first time by live television satellite.

**THE LEISURE VILLAGE WOMENS CLUB**

The December 5 meeting of Women's Club was certainly full of holiday spirit. Members of the audience brought food items or money to give for the community food drive which is being coordinated in Camarillo. Later report showed that \$56.00 in cash was given and wall-to-wall groceries crowded the entry.

The list of the Club's contributions for 1985 was read, with a couple of additions.

Betty Walker reported that the deadline to buy tickets for the Installation is Dec. Installation will be at Ottavio's new Banquet Facility on Mobil, Thurs., Jan. 9, at 12:30.

The afghan made by Grace Lane was raffled off. Mabel Illingsworth, V.25, was overjoyed to be the winner of the hand-

some, wine-and-rose-colored prize.

Both Trading Post and the Mini-Bazaar did very well in sales. Gerri Kikendall, one of the "candy kids" reported that though all reports were not in, the See's Candy sale had been obviously very successful. Women's Club owes a lot of hugs and thanks to the three hard-working See's Salesgirls: Gerri, Dorothy Fencil, and Mary Kay Franey.

The happy climax of the program was a charming performance of songs and dancing by a group of very tiny people from Bobbie's Dance Studio. The children were so dear that everyone was overwhelmed with warm feelings of holidays. Santa came out with M&M's for the performers.

Women's Club sends greetings and thanks the Village for year-long support. Happy Holidays!

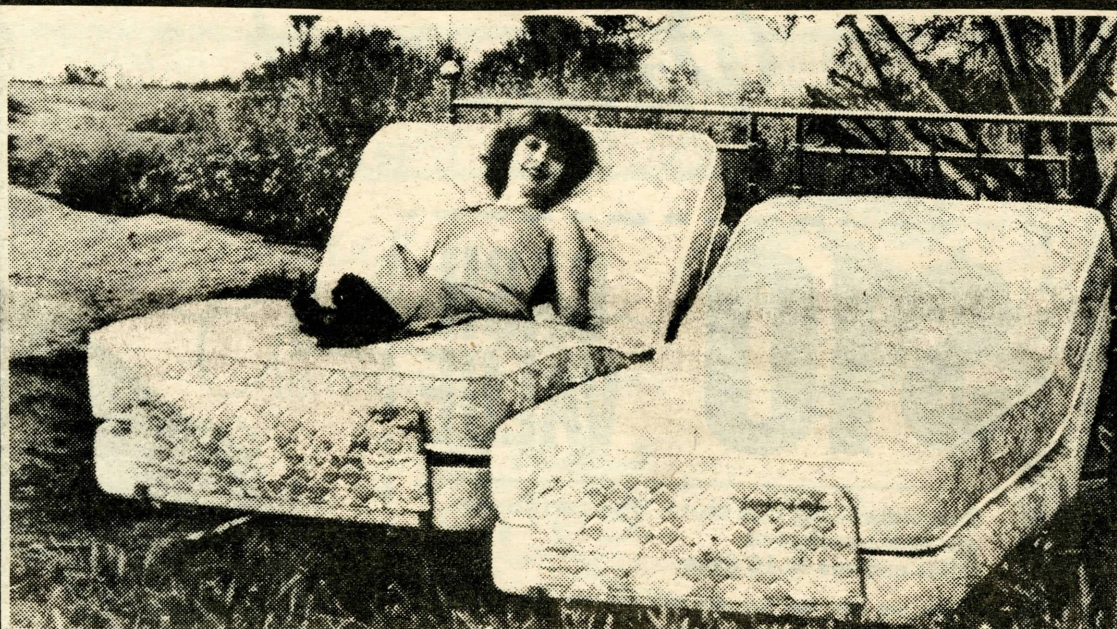

**Your Neighbors Care Group**

## **Eyeglass Contribution Drive Will Run January & February**

January first will start the two-month-old eyeglass drive, making it convenient for Villagers to make a contribution of glasses they no longer need or use.

With full approval by our Board of Directors, the Education & Recreation committee and Recreation Director Nettie Armstrong, a collection box will be placed in the Recreation Building on the table just across from the library entrance. This convenient location is just to the right of the pay phone in the hallway.

When the drive is completed the end of February, the glasses will be turned over to Surgical Eye Expeditions (SEE) International, Inc., a humanitarian, non-profit, tax-exempt, international organization. Founded in Santa Barbara, with six chapters in the United States, volunteer Board-Certified ophthalmologists with their support personnel (nurses, technicians, pilots and administrative help) fly into areas of Mexico plus Central and South America, providing free ophthalmic surgery and eye care to disadvantaged patients in areas where eye care is limited.

When SEE volunteers receive our glasses, they will "read the power" and classify each pair. When performing their service in foreign countries, they will provide the glasses to patients, with a pair that most nearly measures their needs.

Even Rec. Director Nettie Armstrong is into the spirit of the drive. Says Nettie: "I've already found two pairs of old glasses I want to donate. They will be in the collection box soon after New Year's.

## **Village Library Committee**

By Janine Blymyer

Most people think that the only work involved in running the library is putting away every day a few books from the return shelf. But the shelves also have to be checked to make sure books are in their proper place: mysteries and suspense, both hard and paper backs, science fiction, biographies, romances, and that hard back fiction is properly alphabetized.

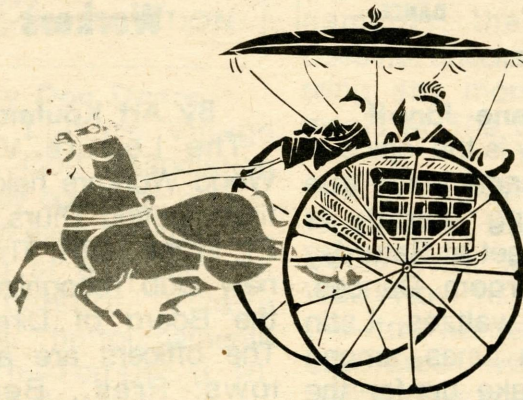

The library volunteers work very hard to keep the stacks looking neat; please try to make it as easy as possible for them. The workers are reminded that they should call the library chairman when not able to do the job so that someone can substitute for them.

Besides this daily routine, the Librarians have to sort, stamp, and shelve the many cartons of books and magazines that are donated every month. Duplicate books and National Geographics are boxed for the Friends of the Library and the State Hospital, and books that are not usable, such as old high school text books, are thrown out. Before bringing anything to the library, please call 482-7690. You will save yourselves and us unnecessary work.

The library welcomes travel and "women's" magazines, even two years old; all others, including National Geographic, should be current issues as shelf space is at a premium.

Remember that the library is closed every Monday at 2:30 p.m. for half an hour or so while Channel 12 tapes a program, and that the Village Rental Library hours now are 9:30 to 11:30 every morning, Monday through Saturday, and Wednesday evening from 7:30 to 8:30.

SATURDAY  
NIGHT  
BALLROOM  
DANCE

By Anne Janoff

If variety is the 'spice of life,' the same holds true for dancing. Variety is what you get at Saturday Night Ballroom Dances. Foxtrots, waltzes, Latin and swing tunes, among others, make up for the musical menu recorded on tape by top dance bands for your dancing appetite.

Everyone is welcome. The friendly sociability, in addition to the enjoyment of dancing, for a mere 50¢ per person admission, is the best buy in town for a Saturday night.

January 4 is our next dance. Henry Carfagna and Roy and Beulah Lester will be hosting from 8:00 to 11:00 p.m. in the AR. The usual refreshments will be available. BYOB. The following dance will be on January 18.

By William B. Marvel

A delightful Organ Club Christmas party was held in the A.R. on Sunday, December 8. L.V.'s new Yamaha Organ made the many carols and traditional Christmas melodies rich and beautiful.

The regular meeting will be held on December 27th in the A.R. at 1:30 p.m. At this time we will be discussing our remaining Fund Raising Events - A Cabaret Night, another Saturday Night Dance, a concert by the Sweet Adelines and a gala concert starring Karen De Salvo. As we are within \$2000 of our goal, spirits are running high.

Members are reminded that workshops are held on the 2nd and 4th Mondays of each month, from 9:00 to 11:00 a.m.

## Leisure Village Wood Workers

The officers are as follows: Pres., Bernard Goldman; Vice Pres., Bernard Solway; Secty, Lawrence Nart; Treas., Karl Torgersen; Member at Large, Clary Morgan.

The purpose of this club is to develop interest and skills in woodworking, and of course, membership is offered to all residents of Leisure Village who have an interest in working with wood.

The club already boasts members who are highly skilled in woodworking and who are willing to lend their expertise.

Meetings are held the first Thursday of the month at 2:00 p.m., in the MPR. If you would like to increase your skills in this fascinating craft, come and join us. The next meeting will be Jan. 2.

## Dance Workshop

By

Marguerite Abdelnour

Dance Workshop instructions are held each Tuesday 3:30 p.m. in the AR. No charge for lessons. Dance for joy and good health as you learn to polka, swing, hustle routines, and country dances.

Invitations have been sent to many dance clubs to join us in an evening of delightful dancing. We plan using a rotation system so that our different style of dancing will be more appreciated by all participating in this annual event.

All Villagers are welcomed to join us in the AR January 24, 1986 at 7:30 p.m.

VARIETY  
GUILD

By Kay Avery

The Variety Guild is proud of its program on Nov. 14. It brought in many new members, people we hope will be a part of future programs we put on for the Village.

Those of you who have never been to a Variety Guild program would be surprised at the great talent we have here in Leisure Village.

The Dilly of a Deli Dance was a great success, with a turnout of 220 people. Everyone had a good time dancing to the live band music. It made the evening very festive. The food was from the good Oak Tree West Deli and the desserts were brought in by our members. It was a happy holiday time.

The upcoming January program on the 9th, at 7:30 p.m., will have discussions about the next year's show, and tryout dates. Then we will have a great program by the Woodenscheks, Bill Marvel, and Larry Killeen. Refreshments by Sylvia and Norm Lefton and Dorothy and Robbie Karlin in honor of their wedding anniversaries and Sylvia Altes to celebrate her birthday. Come join us.

## Vision Limited

By Florence Block

Fun, food, and frolic describes the Vision Limited holiday party hosted at the home of Betty Brodus on Dec. 2. After a delicious catered chicken lunch, gifts were exchanged in a playful way.

Vision Limited is a supportive group of visually impaired persons residing in Leisure Village. We meet the first Monday of each month, at 1:00 p.m. in the Lanai Room. Our next meeting will be on Monday, Jan. 6. We will have a surprise guest as keynote speaker. Please join us. Call 484-5838 or 482-0492.

GEM AND  
MINERAL  
CLUB

By Don Holmes

The November Guest Speaker at the Gem and Mineral Club was Ken MacKaig, who showed his skill and artistry in stained glass. Ken explained how glass probably was first made, how the ancients made it, and how modern glass is made, including "antique" glass. Then he explained how it is cut and shaped and then joined, using either lead or copper strips, and finally all soldered together to make a solid window or a lamp shade, or simply an ornamental piece of fine art.

Dorothy Levy received the Club's compliments on her well-planned Field Trip earlier in November to the L.A. County Museum.

Because of the holidays, there will be no Gem and Mineral Club Meeting in December. The January meeting will be on Wednesday, January 22. We will have "Ben Again" on the program: Ben Smithkin will complete the showing of the slides of his automobile trip through Europe, with, hopefully, telephoto pictures of the topless beach at Blankenburg.

SOLO  
CLUB

By Beth Barker

Solo Club had a fun evening at the Dec. 13 holiday dinner at the Rec. Center. Musical entertainment by Bonnie and Dan Utter climaxed the evening.

Wednesday, Jan. 22, Solos will lunch at the County Savings Bank. Car-pools will form at the east parking lot at 11:40 a.m. Tickets are \$2.50. Call Eleanor Evans, 482-2260, for reservations.

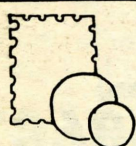

# THE CERAMIC CLUB PLUS

By Don Holmes

At the November meeting of the Ceramic Club, President Irma Shapiro announced that the Ceramic Club will now include metal enameling in its activities, guided by Joe Poliak. With this increase in its scope, the club is changing its name to the "Ceramic Plus Club." Enameling classes will start soon, and will be in the ceramic shop because the small kilns will be used. Watch this column, the Voice, and Channel 12 for details and schedules. There will be a sign-up sheet in the ceramic shop.

The club is planning to make a group purchase of supplies and equipment for ceramic and enameling work, so review your needs and get word to Irma: 484-9019.

The next meeting will be on Thursday, Jan. 23, actually at the County Savings Bank in Camarillo, and will include luncheon. Tickets are \$1.00 and Sylvia Feldman has them. Call her at 484-3992.

# STAMP & COIN CLUB

By Charles Kaub

On Jan. 7, we will have our annual inauguration dinner at Charlie Brown's Restaurant in Ventura. This is the time for good fun and good food. We hope to see all our members and their wives here. On Jan. 21, we will have our first regular meeting of the year and will have a fine speaker who will talk about our hobby. We will also hear about our plans for 1986 from our officers. Also, don't forget that our 1986 dues are now payable and let's have a great year of hobby and fun!

# Village Painters

By Sally Becker

Believe it or not, Village Painters celebrates its 7th anniversary this January.

Do come to our meeting Wed., Jan. 8, at 1:00 p.m. in the MPR. We will make plans for 1986 and, in addition, have an art demonstration.

Tickets will be available for our Feb. 19 Luncheon at the County Savings Bank. All profits from this affair will be donated to Hospice, that wonderful organization that helps people who has lost a family member.

By Sonya Prager

On Nov. 25, the Village Folk Dancers enjoyed a Pot Luck Dinner as an early expression of the upcoming holidays.

The evening continued with the usual dancing plus entertainment in the form of special dance presentations. One was performed by our teacher Harry Castaline with Sylvia Beber as his partner. This dance recalled the spirited and lively number done by the Village Folk Dancers at the October meeting of the Variety Guild. Those dancers were Rawza Kates, Irene Marstella, and Miriam Hersch, led by Harry Castaline.

It was a fun evening.

Happy Holidays everyone! Come dance with us next year!

The Happy Hoofers, having entertained in the Village last month, tapped out to the Elks Club in Oxnard, to perform for their R.V. Camping group. The hour long program included, in addition to their dazzling, precision dancing, solos by the sultry Renee Greene, lip syncs by the inimitable Dorothy Carlin, the dynamite duo of Helen Gold and Sophie Lebetkin with their professional acumen, President Rawza Kates with her puppets, and our own Dingalings.

At Channel Island the Hoofers put on a similar program for the Golf Club with soprano Miriam Hasen. The audience was akin to Villagers in their enthusiastic appreciation of the Hoofers.

## Hadassah Hospitals in Israel

To clear up a misunderstanding vis a vis the so called "Hadassah" hospital in Tel Aviv, requires a bit of history. This hospital, like so many others in Israel, bears the name "Hadassah" in tribute to the organization that founded it. Hadassah is in no way connected to it. It is owned by the municipality of Tel Aviv, a gift to that city from Hadassah more than 35 years ago.

Similarly, during the decade of the 20's, Hadassah built and operated hospitals in Safad, in Haifa, in Tiberias, in Hebron, and in Beersheba. After the establishment of the State of Israel in 1948, these too were given over to their respective municipalities. But, these too are still fondly referred to as the "Hadassah" hospital.

Hadassah owns and is responsible for its teaching hospitals in Jerusalem, Ein Karem and Mount Scopus. These plus the Moshe Sharett Institute of Oncology, plus the Hadassah Hebrew University Schools of Medicine, Dentistry, Nursing, Pharmacy, Occupational and Vocational Therapy comprise the great Hadassah Hebrew University Medical Center. Emanating from this center in Jerusalem is the highest quality of medical healing, teaching and research that influences medical practice in all of Israel and contributes substantially to the improvement of the quality of life for all of mankind.

The first meeting of 1986 is here - Garden Club members will greet each other Thursday, Jan. 9 at 9:30 a.m. in the M.R. While we are exchanging Holiday happenings, our hostesses will have coffee and goodies for us to enjoy.

Our new slate of officers is in the process of planning programs and trips for 1986. If you have a request or suggestion for an interesting program or tour, feel free to present it to the officers. New ideas will be forthcoming, and we may have refresher subjects, but we need to be reminded of important gardening information.

This meeting is the time to pay annual dues of \$6. New friends are welcome to our congenial group of ladies and men.

BATHTUB  
& TILE  
RESURFACE

Contractor's  
Lic. 356993

Add new excitement to your bathroom by having us resurface your old tub with our dynamic, low cost CERMAGLAZE process.

Eliminates the cost of having to remove the tub, removing and replacing the walls and tile. No need to remove or replace faucets and piping - or tear up the tile on your floor. Just have the existing tub professionally resurfaced right in your own home.

CERMAGLAZE is a non-porous, smooth surface that cleans in seconds. It restores your original tub to an elegant lustre. It will look like new, be stain and dirt resistant easy to care for and maintain.

CERMAGLAZE can also be applied to fiberglass

bathtubs and showers. And to metal and ceramic wall tiles, giving them a luxurious gleam.

CERMAGLAZE is specially formulated material that has excellent wear resisting properties.

CERMAGLAZE is more acid and chemical resistant than the original finish, therefore diminishes the deteriorating effects of water soluble minerals.

No need to use abrasive cleaners - its smooth non-porous surface wipes clean quickly with any household detergent or prepared spray-on bathroom cleaner.

For that sparkling new bathroom you will enjoy for years - don't remove your old tub - CERMAGLAZE it!

# Profile: The World Of Rankin And Gilda McIntyre

By Jack Whalen

Welcome to the world of animal pathology -- more popularly known as the science and nature of the origin of diseases in animals -- as we focus on Doctor of Veterinary Medicine, Rankin W. McIntyre and his wife, Gilda, a long-time medical social worker.

Rankin traces his interest in medicine and public health to his father's profession in the early 1900's. His dad was a pharmacist who traveled by horseback and stage-coach through parts of Utah, Nevada and California in those early days. In later years his father became the first President of the Pharmaceutical Institute.

Our Village 1 resident was born in Omaha, Nebraska, spent his early youth there, and then moved to Ogden, Utah, attending Weber Jr. Col-

lege. Early in his college days, he was stricken with polio and sent to Warm Springs, Georgia, for rehabilitation.

One day, soon after starting treatment, a man whose face was known to countless millions throughout the world said, "By any chance do you play chess?"

"Yes, Mr. President, I do," replied young Rankin McIntyre, and they settled down to a friendly match.

After showing great progress in his fight against polio, Rankin returned to Weber Jr. College, gained his pre-veterinary degree in medicine, and went to the Colorado A & M University at Fort Collins where he received his Doctor in Veterinary Medicine degree.

In the early days of his career he supervised poultry disease control at the State Department of

Agriculture in Salt Lake City, became an assistant professor at the Utah State University experiment station, and in 1947 moved to Los Angeles, accepting the position of laboratory supervisor in the L.A. County Livestock Department.

As his scope of responsibilities increased, so did his thirst for knowledge. During the next 15 years he took post-graduate work training at USC,

UCLA, and at the University of California at Davis.

Gilda Jane McIntyre, whose birthplace was Glendale, spent her early years in Vermont and returned to Los Angeles at age 17. She was born with a severe handicap, that of very limited vision, perhaps 4%. It was indeed fortunate for her to return to California for Vermont could offer little for those with heavily impaired vision.

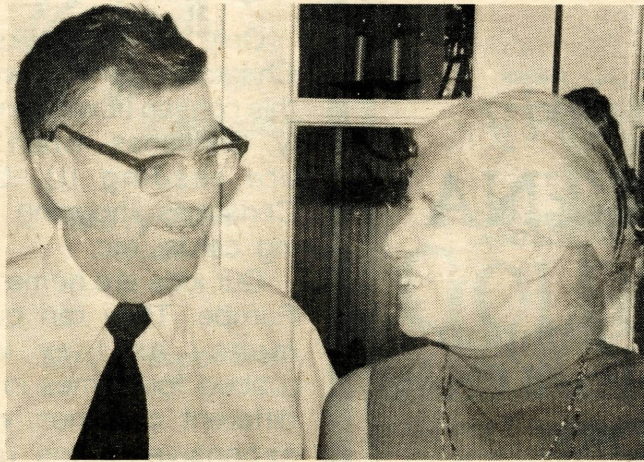

Photo by Stabler

Rankin and Gilda McIntyre

She graduated from Manual Arts H.S. in Los Angeles and then worked her way through Glendale City College and Los Angeles State College, earning her B.S. with a major in sociology.

The American Foundation for the Blind, headquartered in New York City, awarded her a scholarship to the University of Washington in Seattle and there she earned her Masters in Social Work.

The lure of Southern California brought her back to Los Angeles area with primary work on rehabilitation programs for geriatric patients at L.A. County's Olive View Hospital in the San Fernando Valley.

This is the first of two installments because both the McIntyres have led such interesting lives, that this profile stretched to more inches than we have in any one month. More in January.

## All Hart

By Ruth Hart

Only three weeks 'til Christmas as I'm writing this column (it will be nearly Christmas when you are reading it), busy Christmas shopping, writing cards, etc.

Our kids are home from Europe. They ran out of money as they were robbed four times in four different countries, many expensive things (cameras, lenses, car radio (twice), practically all her clothes), so please be careful no matter where you travel, in or out of the country. Woody and I have mixed feelings about them being home; they were gone six months and so many terrible things happening over there, now we will be together again at Christmas in San Francisco as usual, so it can't be all bad.

The Sweet Adelines gave a lovely concert recently. Many of our Villagers attended. Some of our

ladies who performed were: Ann Cappello, V.4; Piff DeSimone, V.11; Roie Beck, V.20; Lucille Matson, V.11; Helene Sanchez, V.6; Kay Avery, V.32; Joan Johnson, V.25; and Algeria Conner, V.32. Wonderful job, girls. Keep up the good work.

Joan and Woody Woodenschek, V.24, proudly announcing the birth of two grandchildren in Sept. and Oct. within 10 days of each other. A boy for Carolann and Mike, and a girl for Chrissie and Mel. That makes four grandchildren for Joan and Woody and daughter Marybeth and Rick are expecting in April. As I said in the story, wonderful girls, keep up the good work.

Congratulations are in order for Sam Perren, V.3, who recently received the Hiram Award when he was honored with a dinner by the Camarillo Masonic Lodge #284.

Shirley and Jack Heller, V.5, were kept busy entertaining Jack's brother

and his wife from Florida for a few weeks. The Hellers' son, Stuart, is the optometrist who kindly volunteers his services every year for our Health Fair.

Bea and Josh Fallick, V.13, also busy entertaining their son, Don and two little grand-daughters, Amy and Katy, from Spokane, Washington for a week. Bea says exhausting, but a nice kind of tiredness.

Estelle and Dave Corwin, V.30, returned from their trip to Munsey, New York, where they attended the wedding of a grandson. They also visited with relatives and friends in their home town, St. Louis, Missouri.

Lee and Irv. Otchis, V.33, celebrating their 51st anniversary Dec. 29.

Sam and Rose Lorber, V.7, celebrated their 45th anniversary, Dec. 8, with friends and fellow Villagers at the Sat. Nite Dance. Our congratulations to all and to all a good nite, HO, HO, HO!

Send me your news please: drop me a note in the mail slot in the garage door, 4201, V.4, or a phone call at 482-7390. Share with us. There are many people in the Village who can't get out to travel and like to know what's going on.

'Til next time, "Wild flowers fade fast, but blooming idiots last forever."

## DAISY

By John Zoller

There were many gals  
Who played the kazoo,  
But only one Daisy;

And many were known  
As actresses, too,  
But only one Daisy;

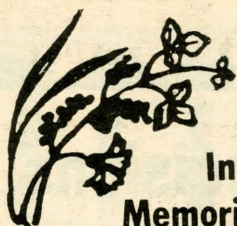

There were those who made  
Tap dancing the rage,  
But only one Daisy;

Others who felt quite  
At home on the stage,  
But only one Daisy;

And some, I guess, who brought  
Love back in style,  
But only one Daisy;

Oh, there are other friends  
Who are quite dear;  
But only one Daisy;

God made many flowers  
To bring us cheer,  
But only one Daisy
