Building Together

By Eva Divin

A six room two-story house has been built in Leisure Village.

Designed, constructed and completely furnished by two of our Villagers, it is now open to "Looky-Loos". Feel free to walk in. Take time to stroll through the beautifully appointed living room, dining room, den and kitchen. Climb the stairs in the central hall to the second floor to see the handsomely decorated and color-coordinated bedrooms and bath. Walk in, that is, if you are a Lilliputian. The house is built on a scale of one inch to twelve inches. The builders and designers are Esther and Marty Beckel.

It all began when Esther received a tiny gift one year ago from her daughter who is a "miniature" buff. Intrigued by the idea of wee articles, Esther visited a miniature shop and came home bearing a kit for the construction of a minute bed. Marty felt he could easily make such parts, and of much better materials. A hobby was born, with Marty cutting wood carefully scaled to size and Esther constructing, learning with experience and finding use for countless odds and ends about the house. The number of finished articles multiplied, along with the problem of room to display them.

Marty agreed at last to Esther's urgings that they build a miniature house and furnish it completely. It became a project that completely absorbed them both, and was a suitable quiet activity for Esther because of her health. While Marty built the house, Esther went happily about their house, taking mea-

Women's Club Names Men of The Year

By Jeanne Carlson

The L. V. Women's Club made its annual "MAN OF THE YEAR" award at a picnic June 19th -- except that this year there were so many good men to be appreciated that the list grew to FOUR!

Officers of the club had the honor of introducing each distinguished guest who was escorted to the microphone by Ann Fosdick, Parliamentarian.

Jeanne Carlson, Secretary, introduced Ed Abdelnour who was cited for his five years of service of assembling the

Voice of the Village, as well as providing music at many of the tape dances.

Max Lustig, presented by Dorothy Barrus, Vice President, was awarded for his countless hours of work with the lighting system whenever the A.R. is used, for his instruction in Latin dance and for his work with Ventura School.

Gertie Dorward, Corresponding Secretary, introduced Tom O'Brien who was honored for his two terms on the Board of Directors, serving as Presi-

Auto Registration Scheduled For '83 Decals

All L.V. residents must re-register their vehicles and have the 1983 decal affixed during the first week of August.

From Monday, August 2nd, through Friday, August 6th, directly in front of the Recreation Center, from 9:00 A.M. to 5:30 P.M., Security personnel will register vehicles. Owners must bring their California Registration Slip. Signs will be posted to facilitate the procedure. On Saturday, August 7th, the Recreational Vehicle Park will be used.

All the following types of vehicles must be registered: automobiles, pickup trucks, commercial vehicles, mopeds, motorcycles, boats, boat trailers, recreational vehicles, trailer coaches, and utility trailers.

Please remember the rules regarding the issuance of decals.

1. Only two decals issued per home (third and fourth vehicles must have a six months pass);

2. Renters and lessees are NOT issued a decal. They will be given a six months pass;

3. Owners who do not live in the Village do not receive decals; they are also issued a six months pass;

4. Owners who drive leased or company owned vehicles will receive the new "Resident" pass, with the '83 decal affixed, allowing them to enter the "Resident" gate.

Security strictly enforces these rules, with no variances, changes, or special privileges.

If you are away from the Village during the registration period, call Lt. Bard when you return for an appointment to receive your new decals. Remember: Take your California Registration Slip!

Year of Education — Year of Achievement

If you did not attend the annual meeting of the Association on June 23rd, you missed participating in a standing ovation to the two retiring Board members, Gerri Kikendall and Tom O'Brien.

It was a heart-warming occasion, because the assembled residents had an opportunity to express their thanks to these two Directors, who have given so much of their time and effort to make LVA "one of the finest homeowners associations in this land."

President Kikendall reminded us that, at the beginning of her term of office, the Board found itself without a General Manager. It also had to find a new Director of Education and Recreation, as well as a new Executive Secretary. For three months, the Directors managed the Village, each one assuming the responsibility of a department, giving unselfishly of his time and energy. This was a full time job.

It is worth noting the accomplishments of the Board under the Kikendall leadership during the past year:

1) A contract was signed with the City of Camarillo providing weekly six-day bus service, saving the Association many thousands of dollars.

2) Negotiations with Leisure Technology were completed to assume ownership of the maintenance building. The building was remodeled and it is now the LVA administration building, giving employees much better working conditions, at the same time gaining much-needed space in the recreation building.

3) The sidewalks have been resurfaced.

4) "With the help of our Finance Committee and many dedicated volunteers," reported President Kikendall, "we completed an inventory of our property and parts. In the future we will have a much tighter control over parts and materials. A material control clerk has been hired to see that this is accomplished."

5) Further, "The Board reached an agreement with the Bank of A. Levy to pick up and process the monthly assessment payments and have a complete printout available by the 12th of the month. This has resulted in a considerable saving of time and money."

6) There are 3,551 people living in Leisure Village in 1,998 homes. There are 100 employees, and the LVA budget is close to \$3 million. LVA has been kept financially sound, while the increase in homeowner dues was held to 5-1/2 percent.

Gerri Kikendall expressed her "profound thanks" to "our regular committees, our ad hoc committees, and our always willing volunteers...Without your help and consistent support the Village would not be the beautiful place it is. Our clubs and organized groups have outdone themselves this year, with their generous donations of their time, talent, and money, to improve our facilities and grounds."

ILV believes that the work of the committees is so important to the ongoing success of LVA that we are devoting a substantial amount of space in this issue to summarizing the committees' annual reports.

In addition, we are printing an Honor Roll of committee members, each of whom deserves recognition by all residents.

Annual Report of Village Committees

By Harry Becker

Importance of the work of the voluntary committees serving Leisure Village residents was stressed by retiring Association President Geraldine Kikendall at the Association's ninth annual meeting on June 23rd.

Highlights of the meeting were carried in the July 4th issue of THE VOICE. To supplement the VOICE'S report, ILV is pleased to present a summary of the work of each committee, as reported to the assembled Association members by the committee chairman:

Architectural - Ferd Franz:

Of 340 applications for construction work, 310 were approved, and approximately 203 projects were reported completed. Of the applications received, 103 were for solar heating, 65 for skylights, 34 for patio enclosures, 55 for patio covers, and the balance for miscellaneous projects.

Building and Grounds Committee - Bill Rasmussen:

This committee functioned through three subcommittees:

(1) The Green Area Committee inspected all green areas monthly, reporting any problems to the Manager of LVA.

(2) The Landscape Permit Committee reviewed 460 requests for landscape changes around residences, disapproving 65 wholly or partially, in accordance with the rules and regulations of the Village.

(3) The Golf Committee inspected the golf course upkeep, conferring with the Golf Club officers and subsequently presenting recommendations to the parent committee for processing.

Education and Recreation Committee - Art Wilson:

A detailed survey of current utilization of recreational rooms and other facilities was prepared in graphic form for the use and guidance of the Board of Directors and the Recreation Department.

The Committee recommended the approval of several new clubs, including the Happy Hoofers, Ceramic Club, Stage

Committee, Woodcarving Group, and Weight Control Group.

The Committee also reviewed many areas within its scope, recommending to the Board those with merit; for example, a change in the rules and regulations for the issuance of kitchen keys, a special bulletin board to be created to notify residents of activities in and around Ventura County, a change in admission charge for the dance workshop, and an analysis of the recreation budget for the 1982-83 fiscal year.

The Travel Committee, a subcommittee of the Education and Recreation Committee, was commended for its members' dedication and expertise in conducting many tours, both local one-day trips and more extensive journeys.

Finance Comm - Ed Salzer:

A measure of the wide-ranging work of this committee is found in the fact that it functioned through no less than 19 subcommittees! Here are a few of its many accomplishments:

The bank now picks up our 2,000 monthly fee checks and supplies us with a monthly report at no additional cost.

A study and recommendation on Insurance resulted in a savings of over \$9,000.00.

Association personal property was inventoried, tagged and recorded for the first time. Our improved records now show the full value of our assets.

Reserve requirements were studied and a detailed report submitted to the Board.

Special Events were audited each quarter.

Invoices and Payments were audited twice a month.

The Preliminary Budget was studied, and committee recommendations helped keep the amount of increase of the monthly fee to a minimum.

Most Association funds are now invested in Jumbo Certificates, increasing earnings.

A better defined Chart of Accounts was recommended and is now in use.

Resident Services supplies

were inventoried, and an Inventory Control System established.

The Committee is now working with the Bank of A. Levy on the possibility of the bank's doing the Association payroll and all reports connected therewith.

Flood And Storm Drain Committee - John Lauten:

Variety Guild

By Ethal Goldfarb

The Variety Guild offers a variety of programs. Recently Ruth Zupa and Cast presented "Are You Anybody?" Participants were Marcy Robbins, Miriam Hasen, Marge Bonderman, Jack Fosdick, Sylvia Altes and the Arthur Kates Combo playing melodies identified with the personalities portrayed.

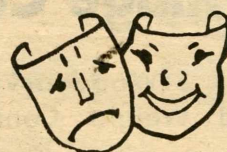

Miriam Hasen introduced the July 24th program, "This is Fashion?" wearing a combination of clothes of the "30s, "40, "50s. Billie Pachter in a hat a la Hedda Hopper described the models' outfits. Models were Ruth Weiss, Emmy Sacks, Sandra Weisbrot, Miriam Hersch and Richard Sacks in a conglomeration of colors and exaggerated modeling techniques which proved hilarious.

On July 8th a packed audience awaited the Premier performance of the Arthur Kates Symphonette. Director Kates furnished humorous introdu-

tions to the numbers, ranging from excerpts from operas and other familiar numbers demonstrating the group's true musicianship and verve. A standing ovation warranted a rendition from "Merry Widow" as an encore.

Performers in this "new dimension" to the village were: violins: Robert Bein, Harold Edwards, Adolph Berger, Al Brown, Margaret Wilson, Ruth Hellman, Kenneth Wilson, Gus Ferrera; keyboards: Freda Drezner, Rawza Kates, Selma Simon, percussion: Don Horodis, Les Lowey, Jerry Robbins; trombones: Joseph Falk, Abe Plann, Bill Schneider; trumpets: Carl Lowenthal, Sam Kedes; Clarinets: Elmer Frazer, Arthur Robinson; alto horn: Verna Murphy; bass: Betty Murray; guitar: David Dominguez; tenor saxophones: Norma Fleming, Norman Shute; alto saxophone: Fred Balsamo; cello: Arnold Layken, Phil Mahn.

The Summer treat fund-raiser, "Those Fabulous Decades" will be held Thursday, Aug.

VILLAGE
PLAYERS
WORKSHOP

By Millicent Hofmann

Auditions held on July 20th and 27th will serve to decide on the cast for the Village Players' production of the Broadway hit, "You Can't Take It With You", by George S. Kaufman and Moss Hart, which will be presented on the evenings of Nov. 11th, through the 14th. There are parts for twelve women and seven men, who will be directed by John Zoller, assisted by Producer Sylvia Altes.

From now on, the Players will be meeting once a month in the Assembly Room, as their membership has grown so substantially that attendants over-flow the Women's Club Room. The next meeting will be August 17th.

12th at 8:00 p.m. in the A.R. Tickets at \$1.00 available in the Recreation Office.

International Folk Dance

By Mae Sheff

The world of dance is a charmed place. Some people like to inhabit it; others to behold it; either way it is rewarding. Dance is by no means a series of exercises and gymnastics, but an extra dimension of expression, because each one puts into it something of himself.

The Village International Folk Dance wishes to announce that due to its popularity, it has been approved to meet on Monday afternoons from 1:00 to 3:00 pm starting July 5th, in the A.R. There is no charge. No partners are needed, nor is any previous dancing knowledge necessary. Instruction is by qualified teachers. Participants will be dancing the first day of attendance, and will be amazed how quickly and easily one can learn.

Village Swingers Square Dance

Photo by Stabler

New Square Dance Officers: Left to Right: Martha and Charles Kent, Isabel and David Dominguez, Lenore and Jack Broude, and Helen and Murray Hertzberg. Not shown: Hal and Minna Hudson.

By Romaine Lambert

The votes have been cast and a new slate of officers for the Village Swingers Square Dance Club presided at its first general meeting in July. Elected were: President, Jack and Lenore Broude; 1st Vice President (Refreshments), Hal and Minna Hudson; 2nd Vice President (Activities), David and Isabel Dominguez; secretary, Murray and Helen Hertzberg; Treasurer, Charles and Martha Kent.

This meeting also marked the eighth anniversary of the Swingers, and since it is a time of new beginnings it might be well to review the club's history, progress and goals. When our village was in its infancy, our knowledgeable founders realized that the project would have to rely on interested dancers outside the village to get started. Several of these have remained faithful members.

In 1978-79 the Board appointed an experienced by-laws committee which formulated the first Constitution and By-Laws which was unanimously adopted by the membership.

Membership is open to couples residing in the village who are qualified to dance at a Plus Two level. In the event of death or separation of a member the remaining spouse retains membership.

Wyane Simpson, a member of Callerlab, has been the Club's official caller for four years, with guest callers visiting the last Tuesdays of each month and at special events.

Square Dance Associations (the Swingers are members of A Square D) have set standards and established levels of accomplishment, and urged Clubs to advertise their levels as to Mainstream, Plus 1 or 2 Advanced or Challenge. (Callerlab recently combined the Plus levels.) The Swingers opted for Plus Two, which allows its members to make visitations to most other clubs comfortably and to enjoy smooth dancing at home.

The Swingers have invited dancers who have completed training through the Plus level to become members, recognizing that a club cannot exist without new members, and even encouraging them by relinquishing two of its nights a month (which could be devoted to regular dancing) to continuing workshops. In addition, Wyane gives more than his required time by coming in at 7:00 p.m. to review figures that may be hazy to some, since even the most proficient of dancers can become rusty if absent for a period due to illness or travel.

It was been a rewarding eight years and it is to be hoped that the Swingers may be able to maintain a high level club.

Eight couples returned safely from Europe and we hear that Syd and Rose Weinberg square danced in the streets in London, while Joe and Hildi Lustig attended a club in Brussels. No trouble understanding the calls; they were in English. Immediate past President

Siegels are visiting Ruth's hometown of Detroit and attending the National Square Dance Convention there. Past

President Beverly Peck led the Flag Ceremony at the well-attended July meeting of the Women's Club.

Chairwoman of Ways and Means, Dorothy Barrus, opened the sale of raffle tickets for the coming Bazaar. Prizes will be: first, 3-day use of a condominium in Palm Springs; second, a custom garment; third, an afghan; fourth, \$25.00. Members will be selling tickets from now until Bazaar-time. Mary Dullam is in charge of sales.

Sonya Prager, standing in for Miriam Natter, announced guests, and also reported that the Hospitality and Sunshine Committee had sent one card of sympathy, four "quick-recovery", and a plant.

Two presentations were made. Some time ago, Harriett Miller, V.1 (long time member of the Workshop) proposed that the W.C. make a donation

WEEKLY HEALTH TIP

From your Pharmacist
JOHN T. BAILEY, F.A.C.A.

TAKE "AS NEEDED"

A common abbreviation used in prescription writing is PRN. These three letters are from the Latin words PRO RE NATA which are loosely translated "as needed", "if needed", or "when needed". The directions on a medication may read "take two tablets every four hours PRN pain". PRN directions give the user some discretion in determining whether or not medicine is taken.

Why would a prescriber direct the patient to take medicine in this manner? There could be several reasons...the most common being that the symptom or problem is expected to disappear with time or from time to time. Examples of such problems include itching, diarrhea, pain, sleeplessness, constipation, fever, and nausea.

For many health problems, medicines must be taken on a routine basis...day after day, month after month. Chronic diseases such as high blood pressure, for example, are not controlled with PRN use of medicines. When a medicine calls for "as needed" use, there is a responsibility to take that medicine ONLY when needed.

Whatever your health needs we will be glad to advise you and make sure that you get the very best available health care. And if you should need delivery or emergency service we are available PRN.

surements of everything, reducing feet to inches and dividing by twelve. She was well into the construction of several fine little pieces when in September she suffered a heart attack.

Today Esther feels that her longing to see the project completed can be at least partly credited with helping her in her recovery.

Built of plywood, the house is a two-story oblong, with a one-story den attached. The front of the house is enhanced by a window garden on each side of the entry. Shutters on the windows are made of African zebra wood, and the roof is covered with 2,200 hand-cut redwood shingles. A special paint gives the house a stucco-like finish.

Inside, the den is panelled in African sapele wood veneer. Two fireplaces are made of concrete paste and tiny rocks. Planked floors are laid piece by piece, and carpeting is house carpet, shaved with a razor! Note the books on the bookcase and guess their source.

The miniature house will be on display at Gibraltar Savings, Santa Rosa Plaza, until July 31.

Photos by Stabler

Note the many light fixtures, and know that were you a Lilliputian, you could climb the ladder to the attic and see the transformer that is reducing current along concealed wires to accommodate the tiny 12 v. bulbs.

With few exceptions, all furnishings are "made from scratch" and are of original design. A neighbor's piano was measured, sketched to size and used as a pattern. Oak, walnut, bass and exotic veneers were used throughout, and all this, plus nearly all upholstery was Esther's work.

The rugs in the den are hand-made, as are all the curtains, drapery and bedspreads. A cocktail glass makes a fine base for an occasional table, and the doors on the kitchen equipment open on hinges.

Many of the countless minute articles in the house are contributions by family and friends, from pots and pans to the exquisite Chinese figure on the coffee table, to the companionable poodle and kitten on the kitchen floor.

It takes a long time to "walk" through the house and see everything. But it is a delight!

Gem and Mineral Club

By Don Holmes

Field Trip Chairman Wayne Wisheart led the Gem and Mineral Club on the July field trip to ancient fossil beds near Santa Paula. Several weeks earlier, Wayne and Dorothy, with Paul and Dolores Lindsey, had investigated this site and another near Simi Valley. The Simi Valley beds were more interesting, as they produced "sand dollars", some nearly four inches in diameter, and which, according to Wayne, were probably Upper Pliocene Age, about 13 million years old. This site involved hiking a good distance from the road as well as a stiff climb up the hill to the beds, so it was considered that this site would be a little too much for our members at this time. The Santa Paula site was more easily accessible and gave up Turritellas (a form of snail). Also reported from this site were sea urchins and crabs. These fossil beds, according to Wayne, are Middle Eocene Age, or approximately 58 million years old.

While the field trips are for members only, the next club meeting will be Wednesday, July 28, and visitors are always welcome.

By Louise Herbert

Love permeated the A.R. with friendship and songs of love during our June meeting of the Organ Club. As members arrived they were urged by President Edith Kaiser to take a number and a place on the program. After a business meeting and a distribution of concert tickets, homemade cookies and coffee were served. The program followed with our president winning the booklet of love songs.

On July 23, from 1:30 to 3:30 P.M. the organ manuals and pedals will be ringing with patriotic songs.

Tickets for the Del Castillo Concert, August 8, can be obtained from club members or call Louise Herbert, 482-5239.

Solo Club News

By Eleanor Knutson

Solo Club members who have not been off on vacations have been busy with several club activities.

An informal luncheon at Marie Callender's in Ventura in June was well attended.

About fifty members attended the June bag-lunch in the W.C.R. A member of the Camarillo Hospice Board spoke to the group about the functions of the Hospice.

At the June pot-luck dinner, Imogene Gregory of Village 41 showed pictures from her recent trip to China. She brought some of her purchases for display.

A catered roast beef dinner, sit-down style, is scheduled for Saturday, August 28. The charge of \$6.00 includes wine and the complete dinner of roast beef, mashed potatoes and gravy, rolls, salad and cream-filled cornucopias. A program of belly dancing and Mexican dancing is planned.

For those living alone, now is the time to join the Solos. Enjoy the companionship of other villagers!

Stamp and Coin Club

By H.R. Smith

The Stamp and Coin Club is now into its eighth year, being one of the first clubs organized, and was founded by seven residents in 1974. Two of these, Morris Katz and Ernest Nika, still reside here and actively participate in all club activities.

Many of our group are preparing detailed, complex and beautiful exhibits to be displayed at our annual public presentation. This will occur the last week of September in the M.P.R. and adjoining atrium. This year, the first 100 grandchildren attending will receive a complimentary packet of stamps, donated by various club members.

Our regular meetings feature Bingo, auctions, lectures by guest speakers as available, "Swap" sessions, and open discussions regarding coin and stamp collecting. All villagers are invited to attend these meetings and to join our club.

Indoor - Outdoor Garden Club

By Carmen M. Read

Margaret Wilson, LV's well know African Violet enthusiast will lecture at the Garden Club's August meeting. The Club meets the 2nd Thursday of every month at 9:30 AM in the W.C.R. The meetings always fill the room with men and women who enjoy having beautiful patios, or house plants, or just an eye catching flower in a vase. There are no dues and all Village residents are considered members and welcomed.

The Garden Club is getting ready for its September plant bazaar. You may telephone Mary Hale, its president, for further information on helping out or donating plants. The money the bazaar brings is spent by the Club to help beautify L.V.

Village Painters

By Carmen M. Read

The Village Painter's group has been bustling with activities. June started with a professional demonstration of a seascape by Marion Jayne. She followed this with 3 weeks of seascape paint-alongs where over 20 enthusiasts painted seascapes.

July is proving just as exciting. The month started with an exhibition for four classes of paint-along students. They proudly displayed oils and other media at the club's monthly meeting, which was open to the residents of L.V. Beginning July 14th the art club is giving weekly lessons in drawing for beginners.

Rhythmettes

By Millicent Hofmann

The Rhythmettes are on vacation! No meetings until Sept. 7th.

The following slate of officers was installed at a recent luncheon held at the Mercury Savings Bank:

SWING - DISCO - JAZZ DANCE GROUP will host a Mid-Summer Night Dance on Saturday, July 31st at 8 p.m. in the A.R. Everyone is welcome. Join us for an evening of fun, relaxation and socializing with your friends, neighbors, relatives and visitors and dance your cares away. Also meet any new residents who attend — naturally all are invited. BYOB. Coffee, tea, punch and ice will be provided. Donation 50¢ per person.

Congratulations to our Music Director Ed Abdelnour and also regular dance attendee Max Lustig on each receiving a Recognition Award from the Women's Club of L.V. for their dedication to and work for the Village.

The Hat Dance on June 19th was a great success. An unusual display of hats was seen. Morris Sylverstein's ten gallon hat was the most outstanding. Jan Selber had the most original. Vickie Stevens' was the prettiest. The choices were made by applause from the audience. This was certainly a difficult choice, due to the many wonderful millinery creations. Thanks to all.

Ceramic Club

By Charles Possel

The Ceramic Club has an experienced and professional teacher to conduct classes every Thursday at 9A.M. There will be both group and individual instructions at all levels of ability. There will be no charge at least until the end of the year. Our club has made many efforts to inaugurate such a program and it is hoped that the residents of the village will respond. Visit with us any Thursday.

We hope that you viewed our display in the main case in the Atrium. The objects were made from scratch by our membership and will be on sale some time in September and the receipts used to purchase clay and glazes for the club. Some of these items are of museum quality.

Happy Hoofers

By Roie Beck

The Happy Hoofers have a wonderful time! They danced two numbers at the opening of Paseo Camarillo. On June 25th they did four numbers in Westlake -- to tumultous applause!

On July 13th, officers for 1982-1983 were installed at a luncheon on Trudy Orsan's patio. The new officers are: Betty Murray, President; Rawza Kates, Vice President; Kay Collier, Secretary; Lila Burger, Treasurer.

The Hoofers are now practicing the Charleston for the Variety Guild show in August.

L.V.
RACQUET
CLUB

By Anne Janoff

The Racquet Club is planning a 'Super' Summer Event for Saturday, August 21st. The morning will be occupied with tournaments on the tennis and paddle tennis courts. These will be followed by an afternoon Bar-B-Q Picnic and fun time starting at 1:30 P.M. in the picnic area.

No limit on the food, beer or soft drinks! Tickets are \$2.50 per person--members' and spouses only. For tickets contact: Hy Brown 987-1520, Zo Simmons 484-5205, Len Beckel 484-0795.

The 'Santa Rosa Classics' 1982 Tennis and Paddle Tennis Tournaments continue to draw enthusiastic participants. The winners for the month of June were: Paddle Tennis (A) Leo Gardarian and Jerry Banchik. (B) Emily Rapp and Sam Woronow. Tennis (A) Jerry Doctrow and Les Solomon. (B) Lee Gardens and Bud Rhine. (C) Elsie Banchik and Anne Janoff.

Vic Braden Tennis instruction tapes will be shown again at the regular meeting of the Racquet Club, held the second Wednesday of each month, 7:30 P.M. in WCR.

Sign-up sheets for upcoming tournaments and information about the August Bar-B-Q Picnic details are posted on the bulletin board by the Tennis Courts.

Billiard Club

By Joe Carfagna

At the June 29th General Meeting, of the Billiard Club, President, Tony Pacewic graciously thanked the following members for their contributions to the Billiard Club: Al Levinson, for all his great photos of our members and club activities; Joe Levinson, for his Photo Galleria display of these same photos and for all his club posters and art work; Chris Thomsen, for his making and installation of racks for holding the table covers, Ronnie Niess, for the storage cabinet he designed, made and installed and for the light over the bulletin board; Joe Levinson and Stew Siers for being patient instructors, our wonderful hostesses, Rose Siers and Virginia Pacewic for their warm hospitality, wine, cheese and crackers; Stew Siers who keeps accurate minutes and is the trustee of our Treasury; Jim Dobbins for his valuable counseling and Russ Sievert, our Coordinator, who has presented many improvements in the Billiard Room.

Please note that our tournament will be moved to an approximate date of September 15th. Check bulletin board for further information.

Scrabble Club

By Pearl Greenfield

The Scrabble Players Club had two lively and enjoyable evenings of play in June. Winners in the June 24th game were Betty Schatz and Ruth Firestone for 1st and 2nd place in total scores earned in the two games played. Murray Greenfield won for the highest single word score.

July brings a change in both meeting days and location. We will be playing on the 2nd and 4th Mondays of each month in the M.P.R. at 7:30 P.M.

We hope the new meeting days will bring new players who may be involved on Thursdays.

You need not be an expert to enjoy the game. All levels of players are welcome.

BOCCE
CLUB

By Zita Wayne

The Bocce Club had a very enjoyable Dinner-Dance on June 24th. A delicious chicken Kiev dinner was catered by Bill and Kay Berry and served by the delightful Rainbow Girls.

An amusing skit concerning past well-known painters was presented by several members of the Variety Guild. Our thanks to them for an entertaining interlude.

Our Musical Director, Ed Abdelnour, furnished excellent taped music for our dancing pleasure.

Door prizes were awarded to the lucky winners.

The men's doubles tournament was held on June 14th. The winners were: 1st. Place: Sam Bearman and Joe Baker; 2nd. Place: Ray Fencil and Gabriel Catalogne; 3rd. Place: Joe Carfagna and Tony Mayer.

The women's doubles was held on June 21st. The winners were: 1st. Place: Mary Cherney and Pat Salem; 2nd. Place: Carmen Read and Maxine La Porte; 3rd. Place: Mitzi Brockman and Emily Rapp.

Trophies will be presented to the winners at our July 29th General Meeting.

Camera Club

By Charles Possel

The Camera Club welcomed back many of our globe-girdling members at the July 7th meeting. One of them, Imogene Gregory, favored us with a most interesting slide show of her tour to the Republic of China. "They are wall to wall people," she said.

We are looking forward to all the color slides that our membership worked on during the eclipse of the moon July 5th, a most fitting climax for the two hundred and sixth birthday of our beloved nation.

Our new slate of officers, as evinced by our last meeting in June, promises to make the next year active and exciting.

The new by-laws were passed with a unanimous vote regarding dues structure and concordant affiliations. Dues are now (due and) payable.

Women's Golf Assoc.

By Madonna Fischer

Members of the L.V. Women's Golf Association honored their incoming and outgoing officers at an installation luncheon at the Oxnard Hilton hotel on June 23rd.

New officers (listed in our last issue) were installed by Gretchen Young. Beautiful golden trophies, selected by Ellen Moore and Kay LaPrell, were given to the winners of major tournaments held throughout this past year.

Current Issues Forum

By Max Steinfield

Dr. Paul Hanson, professor of history at Cal-Lutheran College, was the featured speaker at the June 25th Current Issues Forum meeting in the Assembly Room. He spoke before a large audience on the situation in the Mid-East today with particular emphasis on Israel's incursion into Lebanon and the possible consequences of this move.

In Dr. Hanson's view there can not be a military resolution of the Palestinian problem in the long run.

If the P.L.O. is no longer able to operate as a military force, it will revert to its former practice of pure terrorism and continue to give Israel no end of trouble. In that event Israel will remain a garrison state indefinitely.

The one solution, Dr. Hanson suggested, is that Israel reach out to the Palestinians on the West Bank and give to them a real measure of autonomy as set forth in the Camp David accords. Israel can safely do this now since her borders have been secured and her military power is supreme in the region. But Dr. Hanson doubted that Israel would do so. He also doubted that Lebanon would be able to form a viable central government

because of the disarray that exists in Lebanon among the various factions contending for control there. He also criticized the Reagan Administration for its failure to keep abreast of the developments in the Mid-East since it assumed office 18 months ago.

Following Dr. Hanson's presentation there was a lively exchange of views between members of the audience and Dr. Hanson. This served to clarify and sharpen the points made by the Doctor in his talk. It all added up to a most stimulating evening.

Glorious Fourth Picnic

By Jeanne Carlson

Leisure Village celebrated the Fourth of July with a bang! The Recreation Department arranged a real old-fashioned picnic that was attended by 350 people.

The fare was barbequed hamburgers with all the fixings, potato salad, and Edith Ferrer's famous beans and ice cream. Beer and wine were sold and Harry Holcombe donated all the lemonade that anyone could drink. The Recreation Department wishes to thank the cooks, Walt Whitaker and Nick De Simone, plus Edith, or course. Joe Carfagna acted as Chairman of all the volunteer workers.

Entertainment was furnished by the Rhythmettes under the direction of Edith Ferrer. They sang nostalgic favorites and patriotic numbers and invited a singalong. Ed Abdelnour made a warm patriotic speech. Marguerite Abdelnour's dance troupe performed several numbers.

Loud the echo across the sea
Greater grew the Victory
Magnified a whispered prayer

Stately Lady of the Air.
Struck a spark across the sea
Brighter grew its intensity
Reared forever a torch to bear

Stately Lady of the Air.
Little feet that touch the ground

Firm She stands all around
Protecting Mother, Bold and Fair

Stately Lady of the Air.

stalled a slotted "V" drain and enlarged the catch basins at the intersection of Oak Canyon and Santa Rosa Roads. This improvement should alleviate problems such as those that occurred on January 29, 1981. Also, the City initiated studies on how to improve the entrance to the "F" Canyon Drain north of Santa Rosa and west of Oak Canyon Roads.

Leisure Technology completed the storm drain installations at the northeast end of the Village. The subdivider at the northeast corner of Santa Rosa Road and Upland Road has installed a major part of the drainage pipe required to collect drainage water along Upland Road and discharge it into the Upland Drain along the northeast side of Leisure Village. This system will not operate effectively until curbs and gutters are installed along Upland Road and the street is paved.

The Ventura County Flood Control District accepted responsibility for maintenance of

Conejo Creek from the east edge of Village 38 to the Upland Drain and for the Upland Drain from Conejo Creek to Santa Rosa Road.

Pardee was granted an extension of time to pave the "A" Channel (west of Villages 16 and 18) between Adolfo Road and Conejo Creek.

Caltrans continued its studies to determine the design of the new bridges for the Ventura Freeway over Conejo Creek and Calleguas Creek to accommodate a 100-year flood under conditions of ultimate development.

On recommendation of the Committee, Leisure Village Association requested the City of Camarillo to accept into the City storm drain system those drains installed by Leisure Technology pursuant to City requirements and subject to City bonds and inspection. The drains are essentially the same as those which the City would have required had the Village not been a Planned Unit Development. At 14 points, drainage

is picked up along Santa Rosa Road arising on and above Santa Rosa Road, much of it in City storm drains. The request was based on the fact that City revenues, derived in part from the people living in Leisure Village, are used to fund maintenance of the City drainage system, and equity requires that the same service be provided Village homeowners.

Information Comm New Residents - Edna McCormick:

During the past year the Committee visited 124 homes, including 54 new homes, 28 re-sales, and 42 leased properties. To assist new residents in adjusting to a new way of life in Leisure Village, Committee members (1) explained how to request solutions to construction problems, (2) explained the use of the Security Department for emergencies, (3) reminded the new residents to familiarize themselves with the C.C.&R's and the Association Rules and Regulations, (4) emphasized the importance of

reading the VOICE, (5) explained the relationship existing between Leisure Technology Corporation and Leisure Village Association, (6) described the government of Leisure Village, and (7) encouraged attendance by new residents at Association Board and Committee meetings.

Committee members host the monthly Meet Your Neighbor get-together open to all residents and usually addressed by a Board Member and the General Manager.

Community Relations Committee - Jack Fosdick:

The committee monitored local and state issues by attending meetings of the City Council, City Planning Commission, and Ventura County Board of Supervisors. These issues included (1) expansion of Camarillo airport, (2) rock quarry discussions, (3) restructuring of Camarillo State Hospital, (4) emergency medical and paramedic costs and procedures, (5) Caltrans expansion

of Highway 101, and (6) expansion of Pleasant Valley Hospital and the Ombudsman program.

Information on these matters was given Village residents at the monthly Board meetings attended by many homeowners.

A subcommittee on Medical Emergency Care reported on Ventura County Emergency Care meetings.

The Committee sponsored

Village political forums of candidates for school board, 36th Assembly District, County Clerk-Recorder, and municipal and superior courts, as well as a forum dealing with a Southern California Edison rate increase.

The Committee participated on the Camarillo Grove County Park Structural Make-up Committee of the Board of Supervisors.

The Committee also co-sponsored "Open House Day" for the new fire station (52).

Security And Safety Committee - Elmer F. Eymann:

During the period August 3rd to 8th, 1981, the Committee, with the cooperation of resident volunteers and the Security and Safety Department, registered over 2,500 vehicles.

On the Committee's recommendation, a new rapid entry file system was acquired to improve efficiency at the Main Gate and to speed up the re-registration of vehicles.

A subcommittee studied the employment practices of the Security and Safety Department and made recommendations that resulted in salary adjustments and other changes in employment practices, thereby improving efficiency.

Another subcommittee made specific recommendations affecting after-dark patrols and perimeter security, including projects complete with cost analysis. The plans and recommendations are on file with the Board.

The Board was also presented with a plan to deter repeat traffic offenders.

Throughout the year the members of the Committee devoted their efforts to develop a community awareness of safety in everyday living. Safety material was presented in the VOICE, INSIDE LEISURE VILLAGE, on Channel 12, and in posters.

Through the cooperation of over 200 residents, many skilled in emergency-related professions, a Leisure Village Emergency Services Organization is nearly in place, with only two of ten units to be completed. The emergency plan will be presented to the incoming Board for approval.

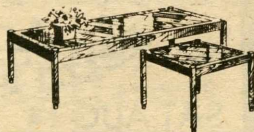

1981-82 NOMINATING COMMITTEE - Herbert Schwartz:

The Committee personally contacted 54 residents, of whom only 7 were willing to be considered candidates for the two vacancies. After establishing criteria of evaluating candidates' qualifications, the Committee unanimously nominated three persons: Jack B. Fosdick (V. 41), Carmen M. Read (V. 42), Ed R. Salzer (V. 30).

ALL HART

By Ruth Hart

Our Villagers are always out there traveling and enjoying; summer or winter, it makes no difference. Milt and Ruth Dixon, V. 20, recently returned from a trip which covered Israel, Greece, the Greek Islands and Istanbul. They spent a day and evening at a Kibbutz near the Lebanese border. Two days after they left it was bombarded. Fortunately all the residents took refuge in shelters. While in Istanbul, Milt danced with a belly dancer in her night club act. (Why do I get the feeling Milt likes to live dangerously?) Ned and Rosalie Volan, V. 5., Miriam and Manny Hirsh V. 26, and Mort Wilner, accompanied the Dixon's.

Mildred Prella, V. 16, is back from her trip of the Orient, happy and convinced it's a small world after all. While in Japan, she ran into Fran and Morrie Gold, V. 26; Paul and Mary Renda, V. 29, in Singapore and Taiwan; and then Sam and Harriet Bookbinder,

V. 24, in Hawaii. All were on separate tours. We couldn't have a secret rendezvous halfway around the world, even if we wanted too!

Marge and John Rice, V. 8, traveled North in their R.V. to Corning, Chico and Modesto, for some fishing and a visit with their children last month.

Ginny and Jack Hawes, V. 1, back from their tour of Europe and content to be home again. Gert and Sid Feller, V. 4, are home from a week in Hawaii.

Ceil and Henry Levitt, V. 4, are home from six weeks in the East (Baltimore is home) and a visit with family and friends. They brought their 12-year old grandson, Danny, back with them. They also celebrated their 41st anniversary on July 34d.

Alma Duncan, V.4, is off on a three week tour of the British Isles, and hope to get a glimpse of baby Prince William. (I wonder if he might be nicknamed "Woody"!)

Nell and Milton Blumberg, V. 31, returned from Chicago where they attended a huge family reunion (170 relatives) all offsprings of Milton's moth-

er Jennie, who, by the way, is 102. The Blumbergs made their trip with their four married children and their spouses, and five of their nine grandchildren. The reunion was the dream of a cousin, and was a year in the planning. The guests were from all parts of the United States and Israel. The ages ranged from infancy to the oldest, close to 80. They also had one gigantic seating for family pictures of the entire 170 people. It was all so touching and emotional they are already planning for another one in three years or so on the West Coast.

Sandy Okum, V. 7, entertained his brother, Dr. Mitchell Okum and wife Blanche, from Cleveland, Ohio. He is also the brother of Frances Burgner, V. 4.

Edith Ferrer, V. 13, is happy to have her son Herbert from Detroit, visiting with her for two weeks. Marian and Frank Tavano, V. 9, also had guests for a few days, Mr. and Mrs. Dennis Green from New York City.

Irene Fishman, V. 7, is beaming over the birth of her fifth

Inside Leisure Village, July 22, 1982, 19

grandchild, a girl named Jesse J. Naghi.

I think we might have a record for L. V. anniversaries. Helen and Edward Gruis, V. 20, celebrated 64 years on June 9th; can anyone here top this?

Walter and Arlene Patterson, V. 8, who are also pioneers of the Village, 50 years, June 23. Dr. Wales Smith, V. 8, and his Clara, 47 years, June 12. It was the first time the Smiths had been home for their anniversary in four years, and not in Europe or traveling around somewhere. Harry and Sally Becker, V. 28, 44 years, July 10. Louis and Evelyn Myer, V. 28, 44 years, July 10. These two couples share the same duplex, had never met; the Beckers are from Cleveland and the Myers from Pittsburgh, how about that for a coincidence. Do you suppose somebody up there has a little black book and keeps a record of all these things, just to keep us feeling warm and mushy all over?

'Til next time, "Laughter is the best medicine for a long and happy life". He who laughs...lasts!
