Dear Babzie, July 23, 1943

Sorry it's taken me so long to get an answer written. Summer quarter began Monday, July 12, at the Univ. of Maryland. I'll be enrolled for 14 credits, majoring in Sociology & minoring in Psych. I've arranged my program so that all my classes come on Mon. Wed. & Friday. Working as stenographer at the Dept. of Labor, (Children's Bureau) (Civil Service) part time on Tues. Thurs. & Sat. mornings. It's been keeping me pretty busy & haven't had much time to write. Phoebe is really wonderful, I love it, But I do miss the good times we used to have together at G. W. C. Washington is a beautiful city - but it gets pretty hot & uncomfortable. I commute by bus from home to work & school, about ½ hr. ride both ways. (I like in a home in the north east part of Washington, near the Maryland boundary & it's about half way between the Univ. of Maryland campus (in College Park, Maryland) & down-town Washington. How's your class in electrical fundamentals coming along? It would be swell if you could get a radio license — Haven't heard from the kids lately - except from Wilda. Course the trouble is — he doesn't answered their letters either. Wilda working in a store - Ralph I think - during the summer & will probably begin teaching in Burbank this Fall. Pat & Crawford were in a Girl Scout camp together at Jenkins Lake (?) near San Bernardino. Don't know what they're doing now. What's happened to Katie? Haven't heard from her for a long time. 9. The campus here is really beautiful - Red brick colonial stuff but dingy set on rolling green hills. Really dreary you ought Everywhere you go - you see Army fellows marching to classes, shouting cadence 2, 3, 4 or singing. I think there are more soldiers on campus than there are students right now. 'Nuff for now. Please write again Babzie. Would love to hear from
