USO Camp Show comes to LV

By Cathy Friedman

Joyce Belcher and Cathy Friedman are back! In 2005, we gave you "Halloween Night in Leisure Village," and in 2006, we brought you "Happy Holiday." In 2007, we are presenting "A USO Camp Show" with a gala of stars.

When I tell you we have a great cast of performers, believe me when

I say we have a great team of people in this show, which will take place on Thursday, August 16.

I'll give you a preview of who will be performing in the August workshop. They are: Joyce Belcher, Betty Dean, Marilyn Foraker, Cathy Friedman, Debra Guill, Helen Harman, Bob McQuivey, Sharon O'Conner, Vinny

Raso, Annie Robinson, Marty Simons, Billie Stimac, Gerry Stone and Betty Twa. They will be doing their best to entertain you and bring a smile to your face remembering the USO shows with Bob Hope.

Bob Hope was one of the best entertainers of our time! Where the troops were, Bob Hope

and his group of volunteers who wanted to entertain our troops would be there to entertain them no matter how far away they were.

So, we are going to turn the clock back to 1940, 1950 and 1960 — when we were a little younger. You can sit back and remember all the

Hawthorne is king of moon shots

By Milan Weiss

Edward "Ed" Hawthorne is a remarkable Leisure Villager.

He is a past president of the Leisure Village Board of Directors. A few of his achievements during his term in office were getting Ventura County to upgrade and make changes and improvements to Conejo Creek. This allowed the savings of many dollars for the Village. Flood insurance was canceled.

He and the Board got the Annex Building engineered and built, utilizing the space that was occupied for shuffleboard lanes that were not being used as planned. The Annex Building provided a better use of the land, meaning space for more activities.

He and the Board were responsible for a major upgrade of the Village's computer system.

Yom Kippur Dance set for Sept. 23

By Walter Greenberg

The Yom Kippur dance will be held Sunday, Sept. 23, from 7:30 to 10:30 p.m. The Wyatt Haupt Band will play your favorite tunes. There will be line dancing, mixers, latin dances, foxtrots, waltz and many more.

This is your dance. Tables will also be for people without partners. Please inform us on how we can make this dance more enjoyable for you. Tell us about birthdays, anniversaries, how long in Leisure Village, or any other occasion you wish to celebrate. Finger foods will be greatly appreciated. If possible, let us know ahead of time.

During the first of two intermissions, we will have a professional folk dance instructor, Val Daley, and other wonderful surprises. Everyone is welcome to

THE GOLDEN YEARS

Bus stop shelters now being planned

By Lin Grant, V. 19

To those of you who do not drive and are dependent on bus transportation — who in the summer are under the hot sun or in the winter are in the drizzle and rain — hope for the better is on the way!

It won't happen overnight, but donations for sheltered bus stops are already being accepted.

The Planned Giving Committee, recently formed to marry the wishes of donors and those of the Village as a whole, has launched a fund dedicated to erecting the sheltered bus stops. The committee will accept and handle donations for all beneficial purposes, of which the shelters are but one.

Those who wish to make contributions for our

now-progressing Sheltered Bus Stop Project are asked to contact Wilma Hutson at 383-2022 or Dick Griswold at 388-1383 with any questions. Those donations can be received at the Recreation Office or at the Administration Office. Our LV Senior Accountant, Maggie Wolfe, will place all donations into a special fund designated for the bus stop covers.

We will keep you posted on our progress as we work through the various standing committees that have jurisdiction to ensure that these sheltered bus stops are beautiful as well as functional.

It may be a long road, but we're rolling! Get on board and help improve our beautiful community.

Our hot water heater recently gave out. We checked several Web sites to estimate the cost of a brand new 50-gallon heater, delivery and installation. The average was \$600.

Several of my neighbors had used Affordable Water Heaters & Plumbing, so we called them. They said they work in the Village all the time. You can only imagine our shock when the repairman told us the estimate was \$1,000 to repair or \$1,300 to replace our heater. He said he had one on the truck and could replace it right away. We told him to forget it.

About 15 minutes after he left, his manager called on the phone and asked why we decided not to have the heater replaced. We told him the estimate was too high. After arguing for several minutes, he hung up on us!

The next morning we had a very pleasant and professional Mark Gallegos (Plumbing) replace our water heater for \$600.

We wonder how many of my fellow Villagers have been overcharged by Affordable Water Heaters & Plumbing?

Just a warning.

— Shirley & Roy Jewett, V. 16

Since 1978, Virginia Calihan has started the International Folk Dance classes. Then Mae Sheff joined her, and they decided to split the classes into beginners and more advanced.

Beautiful Virginia had so much to offer. We thoroughly enjoyed her gentleness and knowledge. What a delight she was!

We lost a valuable and special person. The International Folk Dance Club is genuinely sorry to see her go. Those in heaven will get a wonderful asset with Virginia's arrival.

— Raye Gabriel, V. 25

CLASSIC FILMS

By Bob Koster

In 1946, Great Britain was in terrible shape. The war had just been won, but the economy was ruined.

I visited England in 1949 on a tour. The Brits we met said they were still in the midst of severe shortages of everything. One family of four was limited to one chunk of meat per week about the size of your fist. A tiny amount of butter per person, a small loaf of bread were all they could buy. Luxuries? Forget it.

Under these circumstances, it is a wonder that our film for August ever got made at all, much less in the grand style it did.

David Lean had directed three films prior to this, but his dream had been to do Dickens properly. "Great Expectations" was the vehicle for just that.

There was a stellar cast. You will recognize John Mills from "The Wrong Box" of April. You will always recognize Jean Simmons, here at age 18, unearthly beautiful as always. Other major stars include Ivor Bernard, Francis L. Sullivan and Finlay Currie as Magwitch. Oh, yes, you won't forget Alec Guinness as the insufferable Herbert Pocket.

Guy Green, the cameraman, won an Oscar for this film. You'll see why when you see the picture. Every frame could be an award winner. The moody shadows of the black-and-white photography should put paid forever to the idea that a film must be in color to be attractive.

I had the great pleasure of meeting Mr. Green at a mutual friend's home some 20 years ago and for the next two hours was

absolutely spellbound by his stories of the golden years of British film. This wonderful, cultured, intelligent man had made all the right choices in life, using his God-given talent to its greatest extent, being paid well for doing something he loved. Who among us wouldn't envy that? He also tried his hand at directing, and among the better results were "The Angry Silence," "Light in the Piazza" and "55 Days at Peking."

David Lean, the director, would go on to direct "Bridge Over the River Kwai" and "Lawrence of Arabia." No need to elaborate on that.

The writer/producer was Ronald Neame. This is another legendary name in British cinema. He was also an excellent director whose credits include

MEMORIALS AND ACKNOWLEDGEMENTS

Griffith Park Observatory better than ever today

By Lois Keeler

I promised to write about the reopening of the Griffith Park Observatory. This is a little later than I planned, but here goes.

After five years and \$93 million, it is now open to visitors. The once-peeling exterior of the triple domed building has been completely restored, the exhibits have been updated and the floor space has been doubled by adding an underground level. It was a world-class facility when it opened in 1935, and it now has been brought into the 21st century.

The Zeiss telescope in the eastern dome is the same instrument that the estate of Griffith J. Griffith bequeathed to the city some 70 years ago.

"More people have looked into that telescope than any other telescope in the world," Observatory Director E.C. Krupp stated.

The solar telescope, or coelostat, in the western dome funnels sunlight into the same vintage instruments that generations have used to safely view

During the illness and passing of my dear mother, Bernice Pilipaitis, my friends have consoled and comforted my mother and me with words, cards, food and flowers. I have so much thankfulness and appreciation in me that my cup runneth over! I love you all. You have taught me to use that word more freely.

The floodgate is still open on my tears, but, God willing, I'll be normal again and will fulfill my social obligations — walks on the beach, blueberry-picking, movies, etc.

— Anne Robitaille, V. 23

Thank you to all my wonderful friends for their comfort and condolences

on the loss of my sister, Jackie. She loved living her life in the Village.

I am very grateful to be living in such a great environment. Also, a special thanks to Joyce Belcher and her crew for all their efforts in putting such a beautiful memorial together.

When a man volunteers to do the barbecue, the following chain of events are put into motion:

— The woman buys the food.

— The woman prepares the salad, vegetables and dessert.

— The woman prepares the meat for cooking, places it on a tray along with the necessary cooking utensils and sauces and takes it to the man who is lounging beside the grill, beer in hand.

Here comes the important part:

— The man places the meat on the grill.

Then:

— The woman goes inside to organize the plates and cutlery.

— The woman comes out to tell the man that the

meat is burning. He thanks her and asks if she will bring another beer while he deals with the situation.

Important again:

— The man takes the meat off the grill and hands it to the woman.

More routine:

— The woman brings everything to the table.

— After eating, the woman clears the table and does the dishes.

And most important of all:

— Everyone praises the man and thanks him for his cooking efforts.

— The man asks the woman how she enjoyed "her night off." And, upon seeing her annoyed reaction, concludes that there's just no pleasing some women.

the sun's fiery surface up close. The Foucault pendulum still swings in the center of the building beneath restored neo-classical murals by Hugo Ballin, and a bust of the late actor, James Dean, remains on the grounds where part of "Rebel Without A Cause" was filmed.

So much remains the same, but many new attractions have been added.

The observatory building has been expanded to 40,000 square feet and includes scale models of planets (including recently demoted Pluto) that hang in the bunker-like underground level, and exhibits on tides, optics, electricity and other natural phenomena line the corridors.

The projector that throws stars and planets onto the planetarium's domed ceiling has also been replaced with a newer model that can more accurately to replicate the heavens.

"The combination of old and new embodied in the renovated observatory continues Griffith's mission of helping people understand their place in the world through a knowledge in the stars," Krupp said.

New architectural and exhibit features designed to complement the existing art deco structure include updated and expanded interactive displays, larger observation terraces, a completely reconstructed and re-

envisioned planetarium dome and program, said to be the world's finest. The observatory's new Café at the End of the Universe is operated by Wolfgang Puck.

It's very difficult to give you a proper picture just writing about it. Go see it and take your grandchildren. I assure you it will be a trip well worth it.

Chuck Russell here in the Village gave me an article about original street names in Los Angeles, and I thought you might find it interesting.

In 1910, Hollywood Boulevard was named by Horace Wilcox when he bought 120 acres north-east of Los Angeles. It was developed and was called Hollywoodland. The developers put up a large sign on the hillside to promote the area. The "land" was eventually dropped.

Another street named Wilcox was named after the same man.

Cahuenga was an Indian settlement in the middle of the pass at the lower end of what would later become San Fernando Valley. Cahuenga was the site

of the Battle of Cahuenga. On January 13, 1847, the Treaty of Cahuenga was signed by General Pico and John C. Fremont. It ended the Mexican-American war in California and declared as part of the United States all land west of the Rocky Mountains, south of Oregon and north of Mexico. California officially entered the Union on April 4, 1850. A little history lesson here in case you have forgotten some of the facts. I had.

I have more streets to tell you about if you are interested. Please let me know at 383-0651.

Finally, I would like to tell you about some early names of towns in the San Fernando Valley. Reseda was originally Marion; Canoga Park was Owensmouth; and Northridge was Zelzah, then North Los Angeles. Girad became Woodland Hills, Winnetka was Weeks Colony. Sun Valley first was Roberts, then Roscoe, and North Hollywood was Lankershim.

Hope you enjoyed the information. There's lots more if you let me know what you want.

REALTORS CORNER

Reverse mortgages

By Sharron Parker
Troop Real Estate, Inc.

A reverse mortgage is a unique loan that enables homeowners age 62 and older to convert part of the equity in their homes into tax-free income without having to sell the home, give up title or take on a new mortgage payment.

Instead of making monthly payments to a lender, the lender makes payments to you. They are tax free and can be used for anything — daily living expenses, home repairs and improvements, medical bills, prescription drugs or long-term health-care, payoff of existing debts, education, travel — anything you choose.

That's right, you get to enjoy living in your home for the rest of your life with no monthly payments as long as you do not transfer the title of your home, it remains as your primary residence, you do not leave (vacate) your home for more than 12 consecutive months, property tax and hazard insurance is paid and

stays current, and you honor the terms of your agreement. The amount of cash you will receive depends on your age, type of loan you choose, value of your home, current interest rates and sometimes the location of your home.

For more information or a referral, check with your Realtor or bank.

Get the word out

By Dave Barlow
Barlow Williams Realty

You have had many great suggestions in this column from us and our associates about how to prepare your home for sale. Our comment to you this month goes a step beyond the preparations you make within your home. This is the marketing side of things, and we say: Tell everyone!

Within the real estate profession many years ago, there was a creation called the MLS, or Multiple Listing Service. The reason the MLS exists is so real estate agents who have a client with a

home to sell can let all the agents who have a client looking for a home to buy know about their client's home. Simply stated, the MLS exists to "get the word out."

We believe one of the best ways to sell your home is to let as many people as possible know about it.

Here are some suggestions beyond the MLS and hanging a sign at your home.

- Use technology! Post information about your home on a high-traffic Web site targeted to likely candidates for your home.

- Don't forget the mail! Send information out to as many people as possible.

- Speaking still works! Even though we live in a time of mass communication, don't forget to just talk to people around you and tell them you are selling. Many times this kind of marketing ends up being the most effective.

Remember to let everyone know. The more targeted the audience, the better — but don't hesitate to tell everyone.

POINTS TO PONDER

There once was a little boy with a bad temper. His father told him that every time he lost his temper, he must hammer a nail into a fence. The first day, the boy hammered 37 nails, but as he learned to control his temper, the number dropped to nothing. He told his father, who suggested that the boy now pull out one nail for each day he held his temper. Eventually, the boy showed his father that all the nails were gone.

"Look at the holes in the fence," the father said. "The fence will never be the same. When you say things in anger, they leave a scar, just like this one."

ED

Continued from 1

Ed Hawthorne is a mathematically inclined individual, highly organized, very well educated and with very sincere thoughts of making life comfortable and beautiful for all Leisure Villagers. Privately, he sees the world and nature as beautiful and hopes to pass that thought to others. This is a most generous thought from a man who has not only participated in the enjoyment of our world, but also in another celestial body. No idle words here, as you will soon appreciate.

Let's look at Ed's personal background. He came to the United States from Poland in 1937 and arrived in New York. Eventually he met Lillian, and

this past February, they celebrated 60 years of marriage. They have two daughters, and each of them has a boy and a girl. Four grandchildren for the Hawthornes! They all live in New York.

The Hawthornes focus on a high degree of intelligence and accomplishment. This shows up in all family members.

Briefly, Lillian was an Assistant Dean, School of Social Work, at USC. Leisure Villagers know her for her book reviews and other work. Her accomplishments are legend.

Their daughter Barbara is a prominent social worker, writer and lecturer. Their daughter Fran is a journalist specializing in finance and the author of three books. Ed's two daughters are a great source of enjoyment; he

states they are way above average in their skills and their knowledge of human traits.

Ed's interests in academia prompted him to attend Cooper Union College in New York City — an elite engineering school — where he received his bachelor of science degree. Thirty years after graduation he was invited back to receive an Honorary Degree for his achievements.

He then attended the University of Pennsylvania, where he taught, studied and received his master's degree and doctorate. While at the University of Pennsylvania, he taught almost all of the graduate courses in electrical engineering and became an associate professor with tenure.

In 1961, Ed and Lillian

decided to live in California. Ed spent the next 26 years of his life working for Hughes Aircraft. He became the Chief Scientist in the Space and Communications group.

There were many highlights during his career at Hughes Aircraft. A very notable highlight that is familiar to most people are the Surveyor "Moon Shots," where Ed was the Program Manager. Apollo

12 landed in the same area as one of the Surveyors three years earlier. This was a big moment for Ed, as he was a member of the program panel, and during real time, Ed was "on the air" describing to the world what was happening after Apollo landed. He was talking to the astronauts and the world in the time slot as

WORDS TO LIVE BY

"We could certainly slow the aging process down if it had to work its way through Congress."

the Johnny Carson show. How important was that event? Johnny Carson went home and that evening's show didn't go on!

While at Hughes Aircraft, Ed worked on the original concepts and highly classified Missile Defense Program 20 years before it became a critical and necessary issue. And Star Wars? The term wasn't even known then!

Ed was in the U.S. Army for three years. When he left, he was a first lieutenant. He served in the European Theater of Operations.

Ed's leisure time interests have included tennis, chess, computers and an insatiable love of bridge. Ed also played the violin.

Here is Ed's spin on Leisure Village, the best and the worst:

He loves living in Leisure Village, where he has lived with Lillian for 25 years.

He feels Leisure Village is one of the best possible places to spend retirement years. He likes the security, the efficient and quick

medical response when needed, the Camarillo location and the marvelous climate and wonderful management.

What he would like to see is a new generation of people who will take care of the Village. What he doesn't like to see is the lack of appreciation, of some Villagers, towards the work that the Board of Directors does to maintain the high standards that we expect here in the Village.

And, yes, Ed does like salads, pasta, vegetables and fruit — and give him a steak and he's happy. And he enjoys eating out often.

He is presently working on keeping his health and that of his wife in the best shape possible.

Ed feels that his term as Board President was the most important aspect of his accomplishments here in the Village. He is performance-driven and has accomplished many goals. He probably isn't through yet!

It's comforting to know that here in Leisure Village, we have some of the best minds around — and this includes Ed Hawthorne.

There will be no meeting in August, as we will be having our annual picnic. Do not forget the date: Sunday, August 5, at 5 p.m. This year, it will be an old-fashioned catered picnic with barbecued chicken and all of the accessories. It will be held at the picnic grounds. It is for members only. The tickets are \$12 only. Please call Harriett Schwab at 383-3030 for tickets. Come early and stay late. A picnic with friends is always a good time.

Our next meeting will be Thursday, Sept. 6. We have an excellent show. It features Tatjana, who sings beautifully and puts on a high-energy show of singing, dancing and acting. She has performed all over the world. Mark your

L.V. Mens Golf Association

By Mannie Abbate

The next monthly meetings of the LVMGA will be held on Tuesday, August 14, at 2 p.m., with social time starting at 1:30 p.m.

The ladies will host the Tee Timers Luncheon after the Tee Timers Mixed Tournament on August 15. Tickets are on sale at the first tee on Tuesday and Wednesday mornings. These tournaments are always fun and the luncheons are great.

Prizes are awarded at the luncheons.

On Thursday, August 16, we play regulation golf at Westlake Golf Course. Fee is \$36, including the cart. On Thursday, Sept. 6, we play at Buenaventura Golf Course. Fee is \$26 and pay for the cart at the course unless you want to walk.

Congratulations to Greg Neasham for his Hole-in-One on 17 at Buena on July 16. Too bad he didn't save it for the next tournament on September 6. We haven't had a Hole-in-One at a regulation tournament in a long time.

We play our Village Course every Tuesday and have buns, coffee and juice on meeting days before the day's tournament. Even if you don't play in the tournament you can eat, drink and chip or putt in the pre-tournament competition.

You are again reminded that checks for the regulation golf tournament should be placed in the white box behind the glass doors next to the Ladies Golf Shack, not in the brown box over the water

fountain. That one is for dues and LV scorecards only! Your games at regulation courses played in addition to the LV Regulation games should be entered on the sheet behind the glass provided so your handicap is properly reflected when the monthly handicaps are published and posted.

Watch Channel 25 or Channel 861 and look at the bulletin board at the golf course for further social and tournament information.

Women's Club

The time and place is 1:30 p.m. in the AR on September 6.

The Workshop women are busy as usual on Tuesdays from 9 to 11 a.m. and invite you to come by and see what is being made. A

variety of needlecrafts and "glue-gun" crafts are in progress, with some ready for sale. We also show retro jewelry. See's Candy certificates are available by check for \$12.75. Come by and see us.

Square Dance

By Raye Gabriel

What a way to make new friends and enjoy the dancing that is low impact and helps keep the body in shape, yet not so severely as to cause injury.

Our classes are ongoing Tuesdays, from 7 p.m. to 9 p.m. in the AR.

Arlen Miller, our caller known up and down the coast, creates a fun atmosphere with his singing calls. At the same time, we are loosening and toning our muscles.

Refreshments are served.

Call 987-2865 or 484-9928 for additional information.

Happy Hoofers

By Ida Zeller

We all know the importance of exercising to stay fit. What better way than dancing? It doesn't feel like exercise, but it sure is a great way to burn calories. Now that bathing suit weather is here, what a way to keep in shape!

If you have a basic tap background, why not join us? You can find us in the AR every Thursday from 9:30 to 10:30 a.m. learning new dances and polishing old ones with a professional instructor.

Call Ida if you have questions at 484-9882.

Bocce Ball

By Fran Cohen

On Thursday, June 28, we had our Annual Bocce Picnic, and awards were given to the winners of the Annual Tournament that had been held earlier in the week.

First-place winner was Irv Cohen, winning \$20 and the Perpetual Trophy. Second-place winner was Judy Smith, getting \$15, and third-place winner was Bob Hawrylo, getting \$10. Congratulations to the winners and thanks to all who entered the tournament.

On Mondays and Thursdays, we are still out

on the bocce courts having a good time. Our playing time is 10 a.m., and if it's too hot during the day, many players come out at 6 p.m., when it's a little cooler. Come and join us.

There is no meeting this month.

There is still time to reserve a place at our annual SAS picnic, to be held on August 14 at 5:30 p.m. in the picnic area. Please phone Sharon at 389-6834. Cost is \$13 for members and \$15 for non-members. We've located a terrific movie for after dinner, called "Duchess and Dirtwater," courtesy of Irene Olson.

On August 21, we're going to show an award-winner, "Little Miss Sunshine." It's even worth seeing twice! It's in the Annex.

August 28, we're having our regularly scheduled "Manipulation" in the Annex. It's a lot of fun.

Watch Channel 25 and the posters for all of our activities. Membership is only \$5 per year. Come and make new friends!

Let me backtrack to August 7, when we have News & Views in the MPR at 7 p.m. Be there!

Country Line Dance

By Ida Kubica

Country Line Dance Workshop meets on Tuesdays from 3 to 4:30 p.m. in the AR.

At 2:45, Betty Dean, our Review Coordinator, is on hand to help new members get acquainted with the dance steps utilized in our dances. A review of a dance we will be doing that afternoon will follow. Anyone can join the practice session, new or seasoned dancers. It is a good time to warm up and get yourself going.

Rhoda does an exercise routine at the beginning of the class to warm up our muscles and get us focused.

lately, but on the whole, we've had a full class.

Our newest member who signed up in July is Alice Dorthalina of Village 6, a neighbor of Judy Siegel. Alice has been in the Village two years and is now ready to check out the action at our dances. Welcome, Alice! Introduce yourself to Alice and encourage her keep trying, like we all do. Perfection is not the goal. The goal is the process of learning the dances and appreciating your own progress. The benefits are many: body coordination, brain exercise and enjoying the company of our fellow dancers.

Not all the dances or music is to our individual liking, but on the whole, they get us moving, and that's what is important.

Questions? Call Rhoda Smithkin, dance instructor, 484-8132.

Racquet Club

By Anne Wolfson

The Racquet Club meets the second Wednesday of the month in the Multi-Purpose Room. We are a very active group of tennis, paddle tennis and table tennis players, and we welcome all Villagers to

join us!

There will be no meeting in August, as our picnic will take its place on August 11 at 1 p.m. in the picnic area. Call Kay Bell at 482-0711 for tickets at \$12 per person.

Our guest speaker, introduced by Naomi Brill, was Jinell Sherry, a resident of the Village, who spoke on a topic, "Memory Loss." We are all aware of this problem as we grow older, but some of us have more trouble than others.

Jinell explained the difference between dementia and Alzheimer's. With dementia, you forget where you left your keys. With Alzheimer's, you don't remember what a key is!

Jinell said it is important to have a healthy diet and exercise, not only physically, but mentally, as with Scrabble and crossword puzzles. Also, make lists of things you need to do and have a "memory bowl" where you put things like your eyeglasses and keys and wallet and keep it near the door. This way, you don't get as confused.

There is medication that is helping, but some of it is still in the experimental stage. Some medications that we take for other purposes are bad for memory loss, such as

Investing in the Municipal Bond Market

You don't have to be a millionaire to benefit from the tax advantage offered by municipal bonds.

If you are seeking to preserve your principal, fixed income securities (bonds) may be the answer. Municipal bonds, in particular, may be preferable for investors in the upper income tax brackets because the income earned on most municipals is exempt from federal taxation in addition, many municipal bonds are also exempt from state income taxes in the state of issuance.

Saturday Night Dance

By Milan Weiss

As the Saturday Night Dance Party rolls into the hot summer months, the dancers, visitors and their guests still show up for the cooler nights and the hot dance bands. The dance bands recently have been three or four musicians,

including a vocalist. Can't beat that! The waterfall dance, the line dancing and the ballroom dancers traverse the outside "track." There's some Latin dancing, some western dancing and the monthly, or almost monthly, theme dancing. There's always something to look forward to, even the good LV punch. Grab a glass and enjoy!

A thank you to Betty Herrmann and John Wirtz for hosting the July 14 dance while the Byrnes & Ohmstedt quartet vacationed. They did so well, and it was a fun night.

Here's the dance band line-up for August: Aug. 4, Caravan; Aug. 11, Rick Tucker, Country & Western; Aug. 18, Jerry Dokken; Aug. 25, Moore Music.

Dances are every Saturday night in the AR, unless otherwise noted,

Solo Club

By Cleo Cooney

The Solo Club annual picnic will be in the AR on Thursday, August 9, at 6 p.m. The menu will be KFC fried chicken, salads, biscuits, lemonade and ice cream. The price has not yet been determined, but this event is always a bargain. Details will be available on Channel 25.

Please mail your check to Doris Walton at 25308 Village 25 by August 13. Guests are welcome, as they always are at our activities. Call Cleo at 482-8395 for information.

The monthly business meeting and brown bag lunch is in the Lanai Room at 12:30 p.m. Thursday, August 16. Bring a lunch to eat at 12:30; the business meeting will start at 1 p.m. Stay after the meeting to play cards or games.

Billiard Club

By Jack Quinn

Now that we are well into summer, John Wirtz is going to set up a "summer" 8-ball tournament. Watch Channel 25 for the start date that is planned for about August 13. Also, there will be sign up sheets

posted in the Billiard Room.

This will be a straight 8-ball tournament and should generate much excitement for participants and spectators.

The Billiard Room is a comfortable place to cool off in these hot months and a great time to practice some good shots for the upcoming tournament. Most pool tables are available on Friday and Sunday evening, as attendance is low then.

There will not be a meeting in August. However, the club will have a 50/25/25 drawing at the next meeting on Tuesday, Sept. 26.
