Hello everyone,

Would you like to come at 9:30 and then we could take a tour, visit the classes, and talk about the progression of CWEE since 1982. I am so grateful that we will be able to get together. CWEE would not be here today without the vision of Lupe so many years ago. We have kept our focus on serving single parents even though the environment has changed tremendously over the past 27 years!

Looking forward to next week,
 Laurie

Laurie,

It looks like Wednesday morning would be best to visit. What time would you like us to go by?

Polly, Lupe,
 That is great news! Since our flight leaves at 6:05 p.m. On Wed., I think the 9 till noon session would work best to meet with Laurie. That way, we can have the rest of the afternoon to visit with others who are able to attend and not feel rushed to meet the plane.

And thanks for the offer to let me stay with you. It will allow me that much more time to capture all the stories. I truly appreciate

it.
I'm looking forward to this adventure.

Hello Polly,
How wonderful to hear that Lupe is coming to Denver! And yes, I do have next Wednesday the 14th pretty open. Our classes run from 9-noon and from 1-4 so it would be great for the visit to happen while our classes are in session. Let me know what time works best.
I could also invite some former board members that were here when CWEE started and who would remember meeting with Lupe when she visited us in the beginning. There are also some past alumni who are quite successful that started CWEE in the first couple of years (back in 1982-83) who I could invite if they are available.
Let me know what you would like me to organize for the visit and the best time to come. Looking forward to seeing you all next week!
Best regards, Laurie

Hello Laurie,
Ms. Lupe Anguiano, the national visionary and founder of NWEA and CWEE, will be in Colorado next week (10/12-14) and would like to reconnect with CWEE and visit your offices. Would you be available some time on Wednesday to meet with Lupe and Debbie Wright who is writing a book re Lupe's life?
