

Mount Vernon
Virginia

March 4th 1932.

Mr. Julia Morgan,
San Francisco, California.

Dear Miss Morgan,

In the absence of
Mr. Dodge I am writing to supply additional
data requested concerning the jar.

The rim of the cover has been
traced on enclosed sheet. The design
of cover and jar is harmonious,
blue background with vari-colored flowers,
leaves, etc. etc.; cover and jar appear
to be contemporary. The knob is a
small gilded dog, quite clearly
outlined in the enclosed photograph.

I hope that this information will
make definite identification possible.

Very truly yours,

Charles C. Wall
