

Welcome to San Jose State University's

**ASIAN AMERICAN SPRING FESTIVAL
1987**

Funded by Associated Students
and
Sponsored by the Asian American Studies Department

This year, the **Asian American Spring Festival (AASF)**, boosted five full events. The events were: Club Day, Career Panel, Comedy Night, Japanese Animation Night, and Cultural Event. If you turn the next few pages, you can see our various publicity flyers used in this year's Festival. Did you get a chance to read the descriptions of the events?

The 1987's Festival was coordinated by Tim Tang (Tim is in the first picture of this album). Tim, as well as everyone who helped him, were all students and were all volunteers. Now, to name everyone who helped out would require a list that would make the phone book appear abridged. Instead, this year's photo album is dedicated to all those beautiful people who donated their personal time from their all ready busy schedules to make this year's **Asian American Spring Festival** a success.
