Dear Jane,

Enclosed is a campaign check from K.T. Cannon, a spontaneous gesture in response to my discussing your campaign at the Bay Area Women's Coalition. K.T., whom you may have met at the State Central Committee cocktail party, is a member of the San Francisco County Central Committee, highly active in state and local Democratic doings, and with Bill Eger does political campaigns for a living. They're currently working on Props. 3 and 12. I'm sure she'd appreciate a brief note.

The Coalition voted to send a letter to Speaker McCarthy asking about procedures and criteria for allocating funds, particularly in regard to support for women candidates, and citing you specifically. The sentiment was also expressed that an endorsement (and press release) would be forthcoming when BAWC starts its endorsement procedure in September. I am also going to do a short article for our next newsletter, so some individual support may be solicited.

I also talked to Shirley Cohelan Burton, who is willing to help; she and I will talk this week. And related your saga to Lyn White, Pol. Action Chair of NWPC of California and Alameda County. She was to take the matter up with the exec. committee and I will undoubtedly have more information soon.

I will be coming down to Oxnard Thursday, the 12th, and will be around for about a week. I shall contact you either Friday or Monday and we can discuss all this further. I am truly sorry I missed you at the State Demo. "do" but didn't attend mostly because I was given the impression that only local or Bay Area candidates would be there and I wasn't up for that at the time.

See you soon, Jane.

Regards,
