Live Band To Play For Benefit Dance

By Sandy Okum

"Live Band" Benefit Dance will be held Saturday, April 27 in the AR sponsored by Y.N.C.G. and the United Way. The entire proceeds from this affair will benefit the families of US soldiers in Saudi Arabia (Desert Storm) who have endured hardships because of the war, and also other agencies needing United Way services.

Tickets will be available beginning April 1 in the Rec Center lobby. Table seating reservations are for parties of 10 or more only. Price \$3.50 per person. This fee is tax deductible as a contribution. Make your check payable to United Way of Ventura County.

Valuable gift prizes will be given away--Las Vegas Trip by Thunderbird travel--two \$50 gift certificates by Carlota's Women's Apparel, etc. as door prizes. Save your ticket stubs.

Big band dance music will be played by the Val-

ley Senior Dance Band consisting of up to 15 people, who are also donating their services.

The United Way helps to support 64 different agencies that help one out of three people in Ventura County including Leisure Village residents (Food Share, etc.)

This affair could not have been accomplished without the help of the Ed and Rec Committee who rushed the plea through their committee and presented it to our Board of Directors, who ok'd it quickly.

Also the members of the Saturday Night Ballroom Dance Committee who relinquished their regular tape dance on this date, and the members of the Live Band Dance Committee who are working with Y.N.C.G. to sell tickets, obtain refreshments and see that you all have a good time at this benefit dance.

Tickets were printed as a courtesy by New America Savings Bank.

Water Conservation

Water, Water, everywhere, Nor any drop to drink."

By Jim Holthouse

This is an oft-quoted passage from "The Ancient Mariner." The water crisis in California -- and in Leisure Village -- adds a more prophetic meaning to this famous quotation.

Almost 400 Camarillo residents participated in a public meeting of the Camrosa Water District on March 6. They now know the scarcity of water is going to get worse as the five-year drought shows few signs of ending.

Camrosa and Metropolitan Water District officials laid it right on the line -- the water supply is at an all-time low; allocations to all users will be cut severely; and overuse will bring stiff penalties.

Statistics, figures and percentages become confusing in an explanation of the water shortage. However, you should know that an acre foot of water is a one-foot depth of water covering the area of a football field. There are 326,000 gallons of water in an acre foot.

Last year, MWD had 2.6 million acre feet of water to allocate to its many Southern California customers such as Camrosa. This year, MWD has 1.4 million acre feet of water available, slightly more than half of last year's supply. It doesn't take a mathematician to figure something has to give.

So where does Leisure Village fit into this critical water shortage picture? Just like any other purchaser of water from Camrosa, Leisure Village will be able to buy a reduced allocation. Intelligent, thrifty usage of water is now a daily responsibility of the entire village community.

Leisure Village is most fortunate to have a hard-working Board of Directors and Terry Craig as the manager of maintenance and resident services. He is widely recognized for his knowledge and achievements in water conservation and water efficient landscaping.

Based on Terry's thorough records, landscape maintenance uses 65%-70% of the Village water and 30%-35% is used in the homes. State-of-the-art irrigation controllers are now being installed throughout the village; installations are to be completed by the end of June. These new controllers will use approximately 15% less water than the old controllers, a significant savings.

The LVA board and Terry will also launch a feasibility study to determine if non-potable water from Conejo Creek or ground water basin can be used for landscape irrigation. Discussions are underway with Camrosa and Metropolitan Water District to get as-

Accept The Challenge!

By Lou Okun, Former Board Member, LVA

The Leisure Village Association general meeting of July 1, 1991 will be a momentous occasion, not only for the membership as a whole, but for the three Directors whose term in office has expired and for the three newly elected individuals about to be sworn in as fully designated members of the Board.

The transformation from the status of a private citizen to an elected representative of the people, entering a two-year period of dedication and genuine concern for the health, safety and welfare of ALL residents, is a quantum leap that defies description.

One day you are the typical LV retiree—golf, tennis, bridge, and perhaps dance lessons, and the next day with the votes counted, you find yourself in an awesome position of power as a member of the Association Board of Directors.

Your supporters will have availed themselves of the use of the ballot to justify their confidence in your wisdom, compassion and sense of perspective.

Ann Levey, one of the three Directors whose term expires on that morning of July 1, and who has enjoyed an exemplary term as an officer of the Board, has stressed the fact that both men and women candidates will be considered as viable prospects for the post of Board Director, on a strictly equal basis.

We need the capable guidance of our five Board members as they encounter the never ending daily problems of this great community. The Board analyzes the constant input from the 13 committee chairs and after deliberation will approve or disapprove their requests and/or recommendations. It isn't easy. No one ever said it was.

Nevertheless, the satisfaction of knowing that in arriving at a decision, you have voted your knowledge, your expertise, and often your heart in considering what is best for the Association as an entity and, therefore, what is good for the residents.

It is probably true but a bit trite that most candidates who have vied for the post of Director have at sometime said, "This administration is wasting money. If I were on the Board, I'd show them how to save money and do a better job."

Certainly, intelligent cost effectiveness is an asset to every business and we are definitely big business. However, in providing our residents with the amenities that we all expect and enjoy and which in most cases induced us to buy our homes, it does take somewhat of a high-wire balancing act by the Board to make the right decision.

We are functioning in the ethereal range of the five million dollar annual budget. Not astronomical to some but when equated with the budget of a decade or more in the past, one can readily see that this is not a "mom and pop" convenience store.

If you, as a potential candidate for the Board, can meet the challenge of a two-year term of office, you are the one we are looking for.

Our committees have always worked under the

expert guidance of the chairs, performing admirably. Historically all of the above have been referred to as the "eyes and ears" of the Board of Directors and this writer will readily attest to that oft-repeated phrase.

We are fortunate in having a supervisory staff of employees who seem to improve steadily with each year of service:

Bob Cullati, general manager
Max Moses, chief of security
Margaret Jones, office manager, including payroll and accounts payable supervision
Terry Craig, resident services and landscape manager

Ray Rios, Terry's excellent assistant
Richard Mathes, recreation facilities manager.

And recognition is due all of the capable aides of these staff managers, who are highly commended for their superior daily performances. Actually the five Board members are the executives at the top of the ladder, and they are still the ones who call the shots.

A message to all potential candidates! Accept the challenge! Show us what you can do! If you are interested, whether in your own behalf or in the name of a homeowner who has suggested his or her own interest, please contact any of the Nominating Committee members listed below:

Ann Levey, committee chair; Bill Blauer, Bill Huffman, June Niles, Phil LaPorte, Robbie Karlin, Luella Kelwin, Elmer Eymann, or John Russo.

For Those With Excuses For Not Attending LVA Board Meetings

Cots will be placed at sides of the Assembly Room for those who like to "sleep in late."

Eyedrops will be available for those with tired eyes from watching TV too late the night before.

Blankets will be furnished for those who think the Assembly Room is too cold. Fans will be furnished for those who think the room is too hot.

We will have hearing aids for those who think the Directors speak too softly, and cotton for those who believe they speak too loudly.

Score cards will be available for those who wish to list all hypocrites present.

Accept The Challenge!

By Bill Himstreet
Former Board Member

Why would one want to be a member of the Board of Directors of the Leisure Village Association? Every year at this time a few of our neighbors must consider this question; and fortunately for all of us, some arrive at a positive answer and we elect them to provide leadership and stewardship of our valuable property.

Almost all previous Directors of the Association have had several things in common. First, they have had a desire to serve constructively at this stage of their lives. Second, they like challenges and appreciate the productive synergism resulting from teamwork. Third, they have a sense of the civic and community responsibility that make our democratic process succeed.

In exchange for the commitment of the equivalent of a couple of days a month, Board membership provides a top-level policy experience to satisfy these human needs and wants.

Cooperative teamwork often enables the Board to tackle successfully problems that no member could resolve individually. Recommendations and other input come from the several Leisure Village committees and the management staff. The Board acts on these and establishes policy in our major areas of concern such as security, recreation, maintenance, and finance. Then, management implements the policies.

In addition to the things Directors seem to have in common, the only other prerequisites of candidates for the Board are an interest in keeping the Village a good place in which to live, fairness, and common sense. Good boards

Letters

ILV has obligated itself to publish all Letters to the Editor that are not profane or libelous, but views or statements expressed as facts are the beliefs of the writer and are not necessarily supported by the staff of ILV.

As a 13-year resident of LV I have attended many meetings of the Board of Directors and have tried to participate as best I can in Village affairs.

But in recent months I have been unable to continue to audit the meetings in person because of certain physical problems; so I tuned to Channel 12 and watched the proceedings via TV.

Now we are told that, in order to stimulate attendance, television transmission of Board meetings will no longer be "live." If we want to know what has transpired, we must watch the tape re-

play on Saturday mornings.

Who determined that the poor attendance was caused by Villagers staying home to watch the meetings on Channel 12? Or was this a convenient excuse to cover up the fact that the Board has failed to make the meetings interesting enough to draw several hundred people to the AR once a month?

I am sure that there are others like me who find it almost impossible to attend the meetings. We are thankful that we have such an important facility as Channel 12 to bring the proceedings into our homes. Some of us even tape these broadcasts, if we are unable to watch the programs "live."

I urge the Board to reconsider its action. Otherwise, I predict that interest in Village affairs will decline precipitously.

Remember, "Out of sight, out of mind."

Harry Becker, V28

ASBESTOS

This letter is directed to the person who put the notice on one of the pages on Channel 12. He informed us that there was no danger to anyone from the asbestos ceiling in the Assembly Room. This is not true. The ceilings are old, they release asbestos fibers all the time whether disturbed or not. After many years of putting tacks and nails in the ceilings they have weakened them.

I must inform you that asbestos can cause lung and stomach cancer. So please clarify your report and let people know that asbestos can kill. I know, my husband died from asbestos cancer.

Janet Duhagon, V19

Ed. note: 1. Asbestos is present in some areas of the Recreation Center, but is not present in the AR, according to the professional report the Board had prepared. 2. The Ch.

12 page announced that asbestos was present in the Rec Center, but DID NOT make any claims for safety OR hazard. 3. Details of the asbestos situation are given in the March issue of the Village Voice, and also will be mailed out to homeowners with a copy of the revised CC&Rs.

LV DRIVERS

I would strongly suggest that we halve the Patrol Car System. This in no way criticizes the function of the Patrol.

California law states that it is mandatory that we come to a complete stop at a stop sign and obey the 25 mile an hour speed limit.

Are we in Leisure Village immune from this law? If so then let us dismantle everything. At least 95% of the residents do NOT complete a FULL STOP, and at least 25% exceed the speed limit.

Are we residents above the law?

Bill Berman, V7

The Crosby family wishes to acknowledge their thanks to all the wonderful members of the Leisure Village community for their expression of concern and sympathy on the passing of John (Jack) Crosby.

Jessica Crosby, V15

I would like to thank all my friends for the cards and telephone calls I received during my convalescence from hip surgery. Sam and I consider ourselves lucky to be living in such a friendly environment. Love you all.

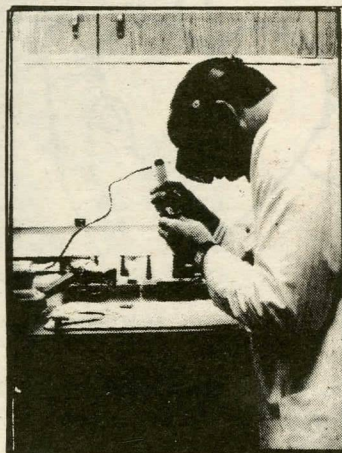

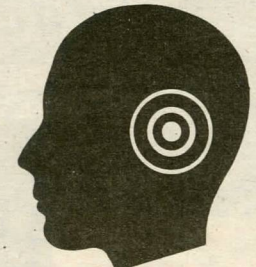

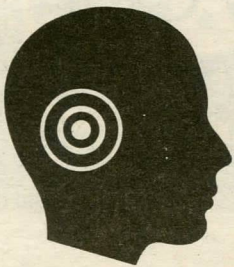

Gertrude Katz, V33

Maury and I want to thank all our wonderful, caring friends, old and new, for the many messages and condolences

"Yesterday, I had cataract surgery..."

...Today I can't believe my eyes!"

A new method of cataract treatment now lets you return to your normal lifestyle almost immediately after surgery. With SingleStitch™ surgery, the cataract is removed and a foldable lens is implanted through an opening so small it takes only a single stitch to close. (Compare that to the six or more stitches required by traditional cataract surgery.) This smaller incision means your naturally heals faster. And the quicker recovery means a quicker return to the things you love most in life!

Maury and Faye Barbakow, V28

I wish to thank all our friends and neighbors in the Village for all of their kind words, cards and donations at the time of my mother's passing. She passed away February 3, 1991, just 30 days before her 108th birthday.

Her last visit to the Village was when she was 101. She just loved to come and visit us here as everyone was so friendly.

Kit Ross, V17

I want to express my heartfelt thanks to all my caring and loving friends for all the good wishes and prayers during my recent hospitalization. It really made my recovery so much easier, and my husband, Don, wants you to know how much we both appreciated your concern.

Players Guild meetings will be on the THIRD THURSDAY each month. There seems to be some confusion since the merger of Village Players and Variety Guild, and several telephone calls were re-

ceived.

The Feb. 21 workshop/meeting, was a salute to Irving Berlin, and was a delightful evening ending with an audience participation in a rousing rendition of Berlin's "God Bless America."

Rehearsals for Oklahoma are in full swing, with the promise of a great show. The leads will be played by Sheila Sucher,

Dorothy Karlin, Don Pearlman, Robert Freedman, Irving Weiss, Sophie Lebetkin, Irving Leeds, Doris Siegel and Al Law. There are cowboys, farmers, cowgirls, men and women of the Oklahoma territory, making a total cast of 33.

Important to every production are the "behind the scenes performers": Producer Jackie Solway, Director Joan Johnson, Set Designer Jack Beardsley. Stage management includes props, make-up, costumes, lights, sound, etc. This production requires over 30 more villagers who are willing to lend their time and talents to recreate Oklahoma for Leisure Villagers enjoyment.

While there are several long-time favorites whose names are well known, Players Guild is happy to welcome some newcomers to the group of performers. Sheila Sucher, a recent arrival in the Village, takes the leading female role of Laurey. She told us "I've loved to sing since I've been a child. And at last at age 63 I have my chance."

Tickets are on sale in the Rec Center lobby Monday and Friday from 9 a.m. to noon, and Wednesday from 1 to 4 p.m. Donation is \$4.50. Performances will be from Monday evening, May 1 through Sunday matinee, May 5.

Remember, Players Guild next workshop/meeting will be April 18 at 7:30 p.m. in the AR. Tell a friend, Bring a friend. Refreshments will be served. Watch Channel 12 for program announcement.

Tribute To Irving Berlin

By Sallie Jacobs

The Players Guild performers gave a brilliant and humorous salute to Irving Berlin on Feb. 21. It was a truly memorable evening, and evoked this tribute.

"But you forgot to remember"-
This haunting refrain of love's last ember
Helped me to know I was not "All Alone"-
And "Just a photograph of you
to tell my troubles to"
Dulled the ache of a silent phone.

I thank Berlin for each melody and phrase;
Foretelling the time I'd love someone "Always."
He was the poetic muse of our youth,
In his music we found beauty and truth.

Current Issues Forum Calendar

By Sol Robin

The next Current issues Forum will be held on Friday, April 26, in the AR at 7:30 p.m. The subject will be a discussion on Living Trusts by attorney Dee W. Lyon of Thousand Oaks. Her fee for preparing a complete Living Trust package is \$350.00.

Also appearing on the program will be Dan Biederman, vice-president of Shearson, Lehman and Hutton in Ventura. His subject will be "Financial Goals For 1991."

By Jack Whalen

Tomorrow, March 30, at 10:00 a.m., Channel 12 will feature a video tape of the Arts and Crafts Demonstration Day of Nov 11, 1990. You'll enjoy great scenes of the fine works of arts and crafts. It's a winner.

George Huddleston, Ch 12 technical staff head, is reviewing some of the plays taped in the Village 6-8 years ago and plans to run some of them soon. Be sure to check occasionally the pages of Ch 12. The entire Max sequence usually takes only 15 minutes and contains important announcements.

The LVA Board meeting of Monday, April 1 will NOT be shown live on Ch 12. Residents are urged to attend in person at the more convenient time of 10:00 a.m. in the AR.

A video tape of the Board meeting will be shown on Ch 12 on Saturday, April 6 at 10:00 a.m. as usual. These changes are made to encourage attendance at LVA meetings, and are conducted on a trial basis.

TEL-MED (805) 484-2797

What is TEL-MED?

Camarillo Health Care District's Tel-Med program is a library of health information tapes. The library consists of 125 tapes, each 3 to 5 minutes in

length, covering a wide variety of health matters. The purpose of the tapes is to provide callers with accurate information and aid in early recognition of the signs of illness. The tapes do not take the place of a personal physician, diagnose an illness or serve as emergency treatment.

How to Use TEL-MED?

Review the tapes listed below. Select the tape you wish to hear. Then, simply call the Tel-Med number, (805)

484-2797 and indicate your selection by pressing the buttons on your telephone. Tel-Med callers remain totally anonymous. There is no charge for Tel-Med.

When to Use TEL-MED?

The Tel-Med library is open 24 hours a day, unless you have a rotary dial telephone. Assistance for rotary dial telephones is available weekdays from 8:00 a.m. to 4:30 p.m., excluding holidays.

Many Villagers React To "Apathy" Guest Editorial In "Inside Leisure Village"

By Sandy Okum

Unknown to me, the Editors of I.L.V. used my article on "Apathy in L.V." on their Editorial page. And I got reaction--in more so than any article that I have written for the paper in twelve years. Residents stopped me in the Rec Hall, in the shopping centers, sent me letters, memberships and donations to Y.N.C.G. The Board, at their monthly meeting, showed it to the audience.

What did they all say or do? Most people congratulated me on an excellent and timely article. Most agreed with me. Some wrote very good reasons for not participating. They moved into LV 15-18 years ago at the retire-

ment age of 65, and are now in their 80's and find it difficult to get involved. Others send memberships to Y.N.C.G. But only ONE person volunteered to help a neighbor.

I must have struck a "guilty bone" with some people. Y.N.C.G. really appreciates the donations and memberships and will put these to good use in the Village--but I did not ask for money--I asked for "bodies" to help your neighbors in emergency situations. That is the overall purpose of Y.N.C.G. Our name--Your Neighbors Care Group--was chosen over 14 years ago to imply that. Neighbor helping neighbor in time of need. That spirit helps make LV the best place in the world to live in

and we must keep it that way. The WORD is Volunteer--Volunteer!

I attended the Volunteers Breakfast last month. Do I see there the same old volunteers who have been doing it for the past 16 years? Where are the new younger people who have moved into the Village the past few years?

They moved into a beautiful environment created and maintained by these "old" volunteers. It's about time they got involved to continue our wonderful lifestyle. Eventually we "old duffers" will die off--then what?

P.S. Oh, by the way, about forty-five people showed up in the RAIN at our last YNCG lecture. That's a good start!

RULES FOR BORROWING

HOSPITAL SUPPLIES

During business hours Monday-Friday contact Debra in the Rec office. After hours and on weekends, call the main gate and ask a Patrol Officer to meet you in the Rec Center foyer. This time of meeting **MUST** be at HIS convenience. Security does this for us as a special favor; it is NOT one of his duties and he has a schedule to meet. He will take you to the stock room to obtain the needed equipment. It is **YOUR** duty to do the following:

1. Sign out item taken on the records: your name, address, phone, date taken out and date when returned, as well as the **NUMBER** on the item.
2. Return equipment clean and ready for next user.
3. This equipment is for short-term borrowing only--up to four weeks. If you need hospital equipment permanently, Medicare might have it available for you. Call Paul at 388-2811 to find out.

HAPPINESS

By Fran Calder, V18

I am happy when I see beautiful sights in our world. I'm touching a baby or playing with a child. I'm hugging people I like.

I've accomplished something difficult and feel proud. I'm needed and can be helpful and supportive to one in need. I see happiness and love in the faces of others. I'm thinking constructively and arrive at a solution or an alternative to the problem.

I hear great music or read a lovely thought. I spend time with a dear friend. When someone says "I love you". I get up in the morning and want to hug life. I see happiness in the ones I love. I make something beautiful.

THE LEISURE VILLAGE WOMEN'S CLUB

Women's Club had a most interesting meeting in March. The theme was St. Patrick's Day and everybody was honorary Irish for the day.

Trading Post reported good news for both Feb. and March. Gertie Dorward and her helpers are just too much. It takes a whole day to get ready, sell, and put everything away and clean up, yet everyone wants to get into the act. Women's Club really appreciates those devoted ladies.

Workshop news is good—plenty going on and new people invited every week. The Workshop had a little sale of its own with bunnies, flower baskets, and toys.

Sandy Linka, President, spoke for Kay La Prell who was absent. Item one: the Campbell's Soup labels are still being col-

lected. Bring them to Workshop any Tuesday, 9:30-11:00 a.m. in the MPR.

In addition Las Colinas School, one of the schools we are helping, has sent an SOS. Women are needed to help in the important reading program. These ladies are

needed for an hour (8:10 to 9:10) M.W.P. to listen to first-graders practice reading out loud. If interested, call Kathy Swenson, 987-2038, at Las Colinas. Reading aloud practice is so important in the development of reading skills.

Sandy had also received information from the L.V. Board of Directors that the AR sound system which the Women's Club had helped to renovate is already 95% improved even though not yet completed.

Betty Walker, Membership Committee reported another sizeable gain in membership—it now stands at 327.

Looking ahead: Jeanne Carlson, Program Chairman, spoke on programs to come. In April we will have a special treat—another gifted musician from a Village family. Last year we heard the wonderful prize-winning young grandson of Marion Gordon and her late husband, Marvin, who played the piano like an angel.

Our April meeting is to feature a violin concert by a prize-winning granddaughter of another villager. Elisa Barston, granddaughter of Freda Barston, V.19, started the study of the violin when

Miss Miedema, a retired Ventura County educator and former member of the school board, is enjoying her hobby. She is a talented photographer and speaker as well. Her pictures of historic homes of the county were fascinating. We often forget to get

off the freeway and look at our real homeland. Miss Miedema brought it to us.

Village Cooperates With City Recycling Effort

By Margrate Gowder

Harrison Recycling office has provided answers to some questions villagers are asking concerning the recycling program here.

Cereal boxes, snack food boxes, milk cartons, and the like are all to go with the regular trash, NOT in with the recyclables.

Only inserts which

come with the newspapers are recyclable. Now is the time to get rid of all those newspapers which some people have stored in their garages.

Food and beverage containers are to be empty of chunks of food and reasonably clean, but don't use a lot of water cleaning the containers. Lids may be put on the containers if you are

afraid of ants.

As for plastic bags--check the symbol on the side of the bag. It should be a number 1, 2 or 4 to be recyclable. Most markets now use recyclable bags, as does the L.A. Times when they wrap the newspapers.

Pressurized cans which contain cooking oil and the like are not recyclable.

As was announced by General Manager Bob Cullati at the March 4 Board meeting, Harrison plans to make the pickups on Fridays. Collection continues all day, so don't call the office. Residents are doing so well at recycling, it is possible that another truck may have to be added.

Just a reminder, do not place your recyclables at the curbside until 6:00 p.m. or later on Thursdays as a courtesy to your neighbors.

More Flowers With Less Water

By Betty Murray

Homes in Village 11 are the center of a pilot program to change landscape design and management for the Village. Most of the original plant material has been removed, a new drip irrigation system has been installed, and new more colorful, more drought resistant low maintenance plants are being planted by our landscape personnel under the direction of Terry Craig.

Landscape architect Dave Davidson studied Village 11, made drawings for the new plan and suggested a list of plants that fill our needs. As work has progressed, Craig says that most homeowners are cooperative. He has made a few changes to satisfy owners' requests, although it is more necessary to meet the needs of the plants (sun or shade) or they will not thrive.

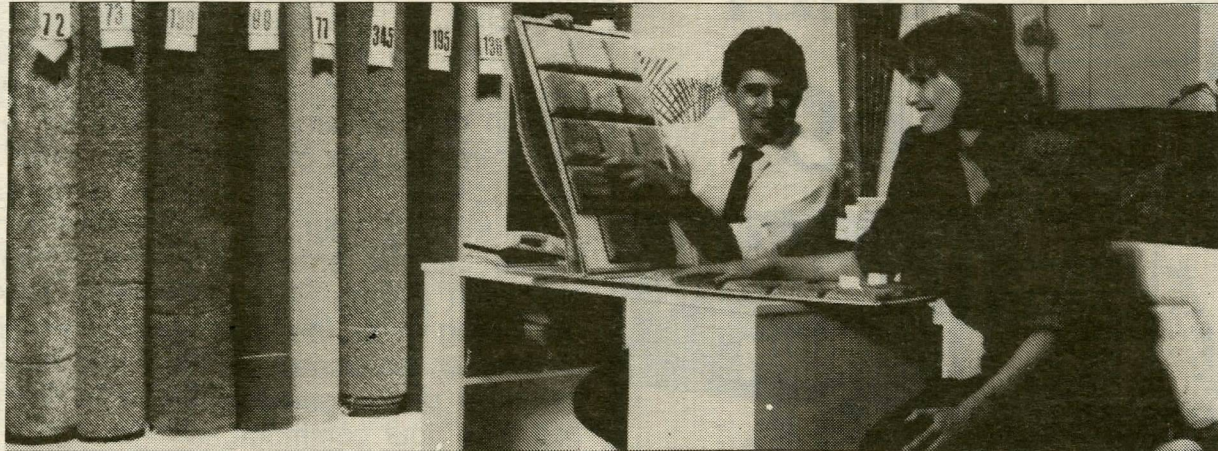

All Villagers are invited to walk through Village 11 to watch the progress and transformation of the flower beds. The Board of Directors approved purchase of larger plants in 5 gallon containers so they will look more impressive right away. Money for replanting Village 9 next year is being provided in the budget, and the same type of plantings will be used if work in Village 11 is satisfactory.

Craig says there are plans to change the irrigation system from sprinklers to drip in all the older villages as money is appropriated. Savings in water will be measurable by the second year, when the new plants are well established.

Terry also noted that the original plants provided by Leisure Tech were largely drought resistant, and he observed that more plants died from too

DON'T WAIT GET READY FOR THE QUAKE

By Paul Kelwin

Emergency Services Committee has had some feed-back on this listing. As usual, it's that which catches the imagination: #24 in my February article referred to lack of portable toilets.

Naturally, if your own house can be entered, and even though there's no running water, the usual disaster information is to use a plastic garbage bag over your commode. A collection site will be designated and disposal accomplished.

Also, as I wrote in the introduction to this listing in the December 21 ILV, we're NOT offering this as a prediction of doom. Although most of the items are negative, this is just a

realistic list of problem areas that can be expected in a disaster.

It's better to face them now and to be as prepared as possible. So, to continue:

45. Loaned equipment may be lost, damaged or stolen. Be sure those items bear your name and address to facilitate return.

46. Your home owner's insurance may cover your temporary housing expense. Keep records of your property and receipts for expenses.

47. LV staff may want to leave immediately to check on their own families and homes. We will have to fend for ourselves.

48. Priorities must be set to save as many lives as possible; perhaps not everyone can be saved.

49. Rescuing the living should be the first priority.

50. If phones are working, the number of requests for service will be overwhelming.

51. It may be necessary for neighbors to help calm distraught residents or those demanding immediate attention.

52. ESO personnel should have a working knowledge of their assigned areas of responsibility.

53. Some citizens and media will question decisions made because they will not recognize that the safety of our volunteers is paramount.

54. Handicapped and disabled persons are very vulnerable unless personal family and friends can care for them and maintain life-support systems.

55. There will be initial chaos; supplies, materials and equipment needed may not be readily available.

56. There will be a general lack of necessary information;

Coordinators/Alternates will want to wait for damage/casualty assessment information to establish priorities.

57. Emergency equipment may not be able to reach some locations because of traffic jams. Tow trucks may be at a premium. Parked or abandoned vehicles may block streets.

58. There may not be enough people to deal initially with emergencies; after the initial shock there may be too many volunteers.

59. General information will be offered in response to specific questions because ESO personnel cannot verify the requested information.

60. Individual ESO personnel will be asked to do the work of many; they will have to recruit volunteers on the spot to provide assistance to their efforts.

61. The message flow to, from and within the EOC (Emergency Operations Center) and Command Posts may break down and become inefficient and unmanageable.

Gaynes Re-Elected To Senior Legislation

Results of the March 12 election of senators and representatives to the California Senior Legislature found Ventura County voters re-electing Joe Gaynes, V 7, to another two-year term as Senator.

Those seniors elected will convene in Sacramento for a week-long session in October to consider such concerns as a health care system for all at a reasonable cost.

62. Information received from a Command Post should be considered as correct. Accurate Command Post report is essential.

63. Some EOC and Command Post personnel may become overloaded; some will not be able to cope with the volume of activity and information they have to deal with, and some may not be able to cope with the noise and distractions.

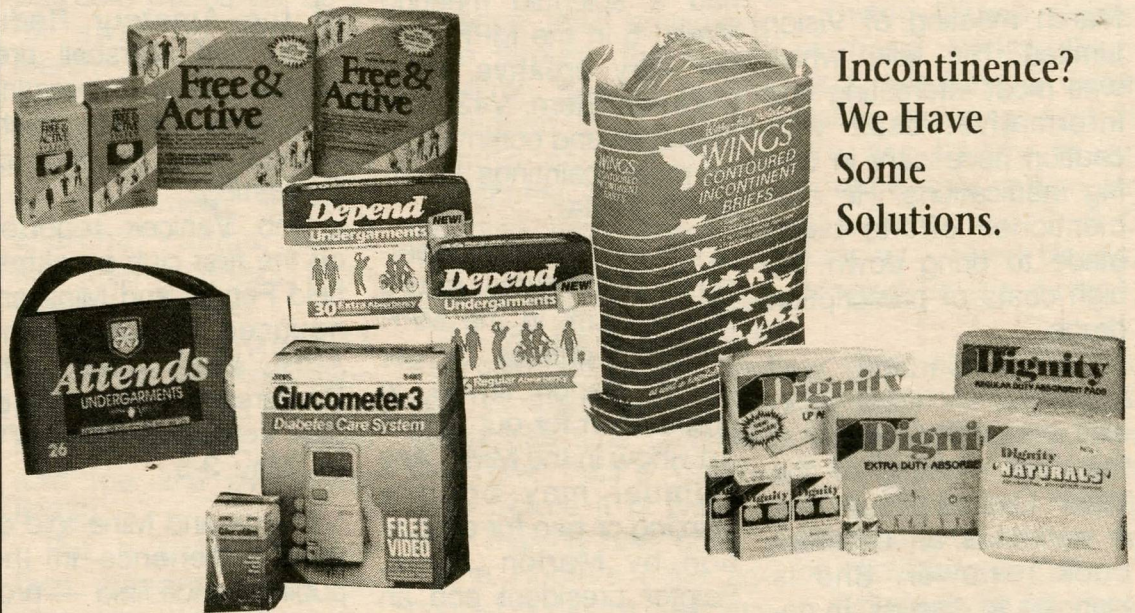

64. Things will go better

-- some time after they have become considerably worse.

That's the list, not 70, as several were not applicable in LV. Although not everyone of the 64 listed items will occur in every emergency, the majority will appear in most situations.

You are encouraged to scan the list, determine which items are or may become your responsibility and determine how those items could best be handled or the problem reduced.

VISION LIMITED

By Sophie Brown

Fred Dwork, local pharmacist, spoke at the March meeting of Vision Limited. His talk, which was most interesting and informative, dealt with caution necessary in taking medications. He also mentioned efforts being made to bring down the high costs of prescription drugs.

Jeanne Carlson, well known in LV literary circles, will be the speaker at the next meeting of the Vision Limited Group. She is noted as an excellent book reviewer. She is planning to discuss, in detail, some of the prominent and recent works of literature.

That meeting will be held Monday, April 1, at 1:00 p.m. in the Lanai Rm. All are welcome and refreshments will be served.

INDOOR
OUTDOOR
GARDEN
CLUB

By Emma Norvig

On March 14 members of the Garden Club enjoyed a program presented by Renu Measures, who demonstrated the art of carving flowers, animals and other figures from fruits and vegetables. With a little imagination, these would make very unique table decorations.

At our next meeting on April 11, Garden Club member Marietta Pluim will demonstrate techniques of flower arranging. She would greatly appreciate donations of cut flowers from members for her use on the program. Call her at 388-1225. Prior to the meeting refreshments will be served in the MPR at 9:30 a.m.

On March 7 a group from the club travelled to Pasadena where they visited a famous flower shop

VILLAGE PAINTERS

By Mildred G. Oberg

The Village Painters had a splendid meeting March 6 in the MPR with the very creative artist Gertrude Stern, V42. She displayed and commented on many paintings in different media.

The next monthly meeting on Wednesday, April 3 at 1:00 p.m. in the MPR will be a critique by our expert Marion Jayne, in preparation for our May 5 Art Show in the MPR. Any member may bring a painting or two for evaluation by Marion Jayne, Painter president and an experienced person in the field.

The Art Show accepts all media and is usually a very fine one. For more information please phone 484-5112.

Sylvia Feldman is the artist displaying some of her paintings in the LV Library.

which makes up decorations and arrangements for numerous customers in Los Angeles.

Then they went to a Pasadena Historical Society site, the Fenges Mansion, the former home of an Ambassador to Finland. Thanks go to Marietta Pluim for planning the enjoyable day.

On May 6 a trip is planned to the Everbloom Nursery in Carpinteria and lunch (a repeat by popular request) at the Gourmet Dining Room at Santa Barbara City College. Eleanor Nichols will handle arrangements for this trip.

Plans for the Floral Arts Show on May 23 are well under way. The theme will be "Joy of Spring," which should afford limitless ideas for the use of flowers and decorations. Tickets may be purchased from Evelyn Lacy, 987-2709, or Alice Hinig, 482-8855.

By Ellis King

At the March meeting of the Amateur Radio Club, Karl Marshall presented some interesting comments on the techniques and delights of contesting.

Bob Vanicek reported on the first club breakfast held Feb. 2 and Mina announced details of the ARRL West Coast VHF Conference to be held at the Ventura Holiday Inn on May 3-5.

Marge and Mina told of their experience in the public service field — providing internal communications for the Rotary Club sponsored Gourmet Food and Wine Festival held recently at the Oaks Mall.

Ellis King passed out some information on writing our Representative in support of a pending bill to prevent the loss of existing spectrum in the Amateur Radio Service. (See QST, Mar. '91, page 41).

Recent Village power outages were noted with the suggestion that members should monitor 146.58 to determine whether there exists any need for ESO services at such a time. Probably not, but let's be sure.

The LVARC Net continues on Fridays at 7:00 p.m. on 146.58. Next regular meeting will be on April 5 at 10:00 a.m. in the Sun Room.

Writers/Reporters Wanted

Inside Leisure Village is looking for reporters/writers to work on the newspaper. Are you interested? Call Lois Atz, 484-3208, or Frances Gold, 484-3293. We will train, if necessary.

HIGH TWELVE CLUB

By Gabriel Barkley

Next meeting of the High Twelve Club will be on Monday April 15 at 10:00 a.m. in the AR. Guest speaker will be Mary Heffer, R.N. She is on staff of the Pleasant Valley Hospital. The topic of her address will be "Staying Well and Healthy Aging."

The social half hour will precede the meeting, beginning at 9:30 a.m. There will be lots of hot coffee, delicious doughnuts and friendly good fellowship for everyone.

So, bring your friends and neighbors and enjoy an interesting morning with all of us of the High Twelve Club. Everybody is most welcome.

CAMERA
CLUB

By Marion Sevren

The February monthly competition of the Camera Club took place on the first Wednesday and the themes were Color and Open. In the Color category Ed Pollaine won first place with his "Flowers Everywhere" which was exhibited in the hall of the Recreation Building for March.

Second place went to Sam Weinstein for "Ship's Winch" and third place to Rea Williams for "California Poppies." This is Rea's first entry in the winner's circle. Congratulations, Rea. We are glad to have new entries in the competition.

In Open, Imogene Gregory took first place with "Fragrant Rose." Imogene has submitted many entries in the past of lovely flower slides. Second place went to Sam Brown for "Pumpkin Patch Kid" and third went to Sam Weinstein for "Sunny Monday."

BINGO

By Cy Maller

Marion Tavano chairperson of the Bingo Games is all smiles once again. She has the responsibility of budgeting the weekly funds to insure proper payoffs for the regular games, the four jackpots and the ever-popular paper games.

This past month residents have made it easy for her with their attendance at the Bingo games. Cash prizes are related to your attendance, so keep her smiling by attending the Wednesday evening Bingo games.

If you want a real fun night with friends and neighbors plus a chance to win money come into the AR and give it a try!

At the February 20 meeting, Bob Anderson showed 110 slides taken on a trip to Scandinavia. Bob got started on photography in high school and was a professional photographer before he went on to engineering. Bob made comments about the places he photographed in Norway, Sweden and Denmark which included some of the ancient towns and the new ones, scenes of the lovely green countryside, waterfalls, sculpture, castles and churches in these three countries.

Coming programs are as follows: March 6 — competition on Transportation and Open, with Judge Bill Medlin. March 20 — slide show program given by John Ferrito, Ventura photographer on "Abstract and Patterns in Photography."

Our April competition will be Statues. On the third Wednesday in April, Jean Haven, local photographer and traveler, will show slides she took in Thailand and Burma. Hope to see you there.

VILLAGE SWINGERS SQUARE DANCE CLUB

By Al Siegel

The Village Swingers had marvelous month of events for February.

The month started off with a lot of raised eye brows when the girls picked their partners at a Sadie Hawkins dance on Feb. 5. That was followed by another "mix and/or match" dance for a Valentine's Dance on Feb. 12, when everyone had to match their valentine halves to see who their partner would be for a special tip.

These kinds of dances are always popular, probably because it gets the members moving around and meeting other members and making new friends.

What a wonderful turnout we had for our annual President's Dance! The club honored all of our past presidents by presenting each with a Thank You Scroll showing the dates when they served. It was a joy to have all of our past presidents in attendance, starting with Everett and Dorothea Fuller, the first Swinger president who served for 2½ years, through Bob and Joan Guhl, Al and Ruth Siegel, Dave and Isabelle Dominguez, Jack and Lenore Broude, Lou and Midge Dektor, Hal and Minna Hudson, Harold and Suzanne Stern, and our current president, Saul and Rawza Kramer.

What an outstanding group of dedicated square dancers they are and all decked out in red, white and blue, commemorative of President's Day, 1991. The refreshments for the occasion were delicious cherry tarts.

The committee of Geri and George Nolte and

LaRue and Cy Boynton spared no effort in seeing to it that the club would enjoy their "after the dance" goodies. For this occasion the treats were supplied by the Gimpels, Banchiks, Coddingtons, Isreals and the Boyntons.

Some of the Swingers went on a bus trip on Feb. 23 to the Checkmates in LaHabra for the annual Chinese New Year Dance-Dinner. The Swingers have had many outstanding bus trips over the years, but this was perhaps the most unusual — Chinese dinner, Chinese decorations and even Chinese rickshaw rides. It was a pure oriental delight.

At the last dance of the month, we met a "new to the Swingers" caller from Lancaster, Rod Shuping, who called a fun dance. Bill and Edna Mae Burrier did their usual good job for the round dancers.

Looking ahead to April, please note on your calendar, there is a change. The Brown Bag Dinner scheduled for April 2 will be on May 7, and the May 7 Flower Dance will be on April 2.

On April 9 will be the Swingers monthly general meeting. April 16 is our annual After Taxes Dance: wear red if you had to pay more taxes or black if you didn't, or wearing your club outfit is always appropriate.

Our guest caller will be someone whom the newer dancers will be meeting for the first time. Jerry Gordon, who hasn't been at a Swinger dance in a very long time, will call on April 23. A very special night will occur on April 30 when all of our member couples who have been married 50 years or more will be honored.

There's something at the Swingers for everyone — so you'll be there, won't you? Each Tuesday evening in the AR.

SATURDAY NIGHT BALLROOM DANCE

By Anne Janoff

The Saturday Night Ballroom Dance will be in full sway on Saturday, March 30 with Cy and LaRue Boynton hosting. Lots of good tunes by top dance bands recorded on tape—swing, fox-trot, cha-cha, rumba, waltz and many others from which to choose.

Dancing is from 8-11 p.m. in the AR. Admission is only fifty cents per person. Coffee, tea, punch and ice are available. BYOB.

Put a smile on your face, dancing shoes on your feet, and share an enjoyable evening of pleasant sociability with other villagers at our dances. New residents and guests are always welcome.

Our next dance will be on April 13, hosted by Imogene Gregory and Walter Bell and Sandy Linka and Paul Geller. Mark May 11 on your calendar and look forward to another evening of enjoyment at our Saturday Night Ballroom Dance.

To ILV Contributors

Please put your group's name into the first sentence of your article. Two submissions this month omitted the group's name totally; there was NO mention of the name anywhere on the page submitted! We will not print anonymous material.

Please use actual names or third person statements in club reports. I, you, we and our are permissible only in letters or column-type submissions.

Deadline date and coordinator's name for the next month are always listed on page 2.

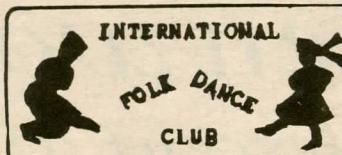

HAPPY HOOFERS

By Dor Karlin

The Happy Hoofers continue their breakneck pace through the month of March. Besides our involvement in the forthcoming production of "Oklahoma," we are busy planning fund-raisers to help us reach our goal of new flooring for the stage.

It's so hard to realize that one-third of this new year is nearly gone. One barely has time to break the New Year's resolutions before it is time to start making new ones.

The Hoofers have accepted bookings well into the month of June and are still working on a show for the Village. A wise man once said that the way to keep young is to keep busy. The Hoofers are too busy to ascertain if this is true. Oh, well, got to go — got to Keep On Dancin'!!

INTERNATIONAL FOLK DANCE CLUB

By Florence Friedman

General meeting of the International Folk Dance Club will be Monday, April 1 at 2:00 p.m. in the AR. Refreshments will be served.

Dance times are Mondays 1-3:00 p.m. teaching and dancing; Wednesdays 9-10:30 a.m. review and new dances; Fridays 9-10:30 a.m., continuous dancing, all in the AR.

Judging from the large attendance on Mondays, many villagers are learning to dance, without previous experience. No partners are needed and beginners are welcome.

Dancing is good exercise and lots of fun. The instructors make the learning process simple and enjoyable. New students will be participating at the first session.

SWING DANCE GROUP

By Marguerite Abdelnour

Swing Dance Group, formerly Swing Disco Jazz, will host a Victory Dance Saturday, April 20. We are happy to announce the return engagement of R.G. Kanning, "Hired Hands," bringing us live music.

"Hired Hands," a one-man band, will fill the AR with swinging music from 8-11:00 p.m. You are invited to join us. Regular refreshments and ice will be provided; BYOB.

Tickets at \$2.00 are on sale in the Rec Center, Monday & Friday from 9:00-11:45 a.m., and Wednesday 1-4:00 p.m. For table reservation of 10 or more call Ed, 482-1183.

DANCE WORKSHOP

By Evelyn McKay

Dance Workshop's ice cream social on March 5 was well attended and enjoyed by all. Our appreciation to Ida and John Kubica and Ruth Tomalas for their help with refreshments.

Coming events for Dance Workshop include nomination of officers at the general meeting in April, election of officers at the May meeting and installation of officers on June 17. Please mark your calendars and lend your support at these important meetings.

Members are pleased with the new routines of Country Western line dancing which are introduced regularly at our dance sessions. They are not only stimulating but energizing as well, so that we dance for joy and good health.

CONSERVATION.....From Page 1

sistance in funding a change of all toilets in the Village to the ultra-low flush type.

Resident Services will soon begin a survey to determine the condition of the water pressure regulators in Village homes. This will make it possible to keep the water pressure to each LV home at its most efficient level.

Obviously, LV maintenance and resident services are doing their part to conserve water and retain the unique beauty and quality of the Village. Every homeowner can make an effort to get more benefits from less water. If homeowners discipline themselves to use less water, the entire village benefits. More water will be available for landscape maintenance and the natural splendor of the Village will be preserved.

Water conservation has reached crunch time. We all must get serious about saving water. There just isn't an endless supply. The days of wasteful, extravagant use of water are over. It's time to stop squandering water and become better stewards of this precious resource.

Here are 15 easy ways to save water:

In the KITCHEN and LAUNDRY

* Use automatic dishwasher only for full loads. Set on short wash cycle if your model has one.

* Use automatic washing machine only for full loads.

* Keep a bottle of drinking water in refrigerator. This beats the wasteful habit of running tap water to cool it for drinking.

* When hand washing dishes, collect cold water in

bucket as water is getting hot. Use collected water for watering plants.

* Check faucets and pipes for leaks.

In the BATHROOM

* Check toilet for leaks. Put a few drops of food coloring in toilet tank. If coloring starts to appear in the toilet bowl before flushing, there is a wasteful leak that must be repaired.

* Flush toilet less often.

* Put a 1-quart plastic bottle filled with water or hang a plastic bag filled with water in toilet tank, older models.

* Install low-flow shower heads. These are available at LVA office for \$6.13.

* Turn off water while brushing teeth or shaving.

* Check faucets and pipes for leaks.

* Take shorter showers

* Use bucket to catch cold water when waiting for hot shower water.

Outside the home

* Use a broom instead of a hose to clean driveway and sidewalks.

* When washing your car, soap car from a bucket of soapy water. Use hose WITH automatic shut-off to rinse off.

* Better yet, take car outside of Village to a car wash.

SPECIAL TIP: Take advantage of the Resident Water Saving Special. Work orders accepted at LVA office through March 29.

Valve Needed To Stop Water Leakage

For villagers who have a reverse osmosis water purifying system for drinking water, an additional water saving strategy may be necessary. Since Jan 1, 1991, a state law requires that an automatic shut-off valve be installed to eliminate most of the leakage from the water purifying system. For systems installed prior to this date, this valve can be added. Call your water system provider to obtain installation of this valve, usually without charge.

19th Hole Party

By Betty Bruce

Golf Association members were treated to a very enjoyable 19th Hole Party on March 23 in the AR. The performance by Emil Sitka and Jean Clements was hilarious. They presented a pantomime with music on "How Not to Play Golf."

We are indebted to these great performers for spending their afternoon with us. We certainly appreciate their talent. Sincere thanks to Emil Sitka and Jean Clements.

If you are tired of being a couch potato and are looking for something more exciting to do, come join our Bocce Club.

If you don't know how to play but would like to learn, come to the Bocce court on Thursdays at 1:30 p.m. Henry Carfagna

will be there to teach you; the lessons are free.

On the last Thursday of each month at 7:30 p.m. in the AR is the Bocce Club's general meeting. At the February meeting, Joe and Charlotte Romero entertained the group by performing several of their favorite Mexican dances. Joe gave a brief history of each dance and its origin.

The next general meeting of the Bocce Club was on March 28 at 7:30

p.m. in the AR. The entertainment Emil Sitka and his lovely partner, Jean Clements, presented the newest addition of their repertoire of comedy pantomimes.

The next Bocce Board meeting will be held on Apr 9 in the Lanai Rm at 7:30 p.m.

MENS GOLF
ASSOCIATION

By Jack Whalen

February's regulation tournament found the men at Montolvo in Ventura. Jack Whalen fashioned an 86 gross to take top honors with Pete Aspen winning low net in A Flight followed by Wayne Wisehart.

Flight B's low gross was won by the ever-scrambling Al Koblin. Silent Sam Saltus, despite taking three or four blows to get out of one sand trap, managed to stay ahead of Dick Maitland to win low net honors.

Bill Klee won low gross in Flight C with Jack Beardsley in first for low net, followed by Harry Cooper.

President Gil Weitz is

putting out an urgent call for more men golfers to join the '9ers. He's talking to men who generally find that 18 holes of golf may be a little too much.

If interested, try signing up for Tuesday golf as a '9er or make the meeting on the second Tuesday of each month at 2 p.m. in the MPR. Also, happy to answer questions about playing is Dick Blohm at 484-4118.

The Mixed-Couples Tournament was held late in March and Charles Basile shot an excellent two over-par 56 to take low gross honors. Winning low net in Flight A was up-and-coming Chet DiLallo, who, with birdies on Holes #1 & 5, came in with net 51. Al Koblin and Wayne Wisehart tied for second low net.

In Flight B Al Sullivan took low net honors with Tom Lewis and Ed Fitzer in a tie for second. Flight C was nothing more or less than lots of ties, Dick Blohm, Ed Holly and Ernie Ohmstedt all tied for first place while Tony Gregg and Harold Kueffer captured second place.

Early March found the men again playing regulation golf at Soule in Ojai, easily one of their favorite courses. The greens were fast, fast for everyone and after an 11-over on the front nine, Jack Whalen played the back nine in 5-over for a low gross 88. There was a tie for low net in A flight between Bob Stachwick and John Rice.

Gene Bookwalter, a fine tennis player, showed he's fine-tuning his golf game by shooting 95 to take Flight B low gross. Sylvan Horwald took low net. In Flight C Ernie Ohmstedt fired a 103 low gross while Tony Gregg took top honors in net.

The Racquet Club members convened in the MPR on Feb 13. Banners for the big day with Mission Viejo, made with the talents of Dorothy Kon-ecko, Jerry Knopf and John Russo were displayed.

Budd Samuel announced the partnership list of players in the order of their ranking. Enthusiasm is growing and the *esprit de corps* is mounting by leaps and bounds.

Paddle tennis winners for the Feb 21 tournament were Dave Ovadia and Sy

Levine, Kay Bell and Lorraine Friedman, Ernie Mueller and George Nolte; Russ Lomask and Mike Shapiro were tied with John Russo and Al De Fusco.

The tennis tournament for the month was cancelled due to inclement weather.

President Max Farber detailed the time, place and costs for hosting our Mission Viejo friends. There will be a breakfast, lunch and finally a dinner and dance at Ottavio's Banquet Hall on Saturday, April 13 to the live music of the Rhythm Kings.

So--let's be at the tournament to support and cheer our teams!

and more advanced strokes.

Various other advice was shown on the maintenance of the cue. To both beginners and experts, this was a learning experience. We will have other interesting speakers at future meetings.

Welcome to Irene Cunningham as our latest Billiard Club member.

As usual, there were six lotto ticket winners at our last meeting. Extra special prizes were won by Dave Halfin, Zita Wayne and Anita Trindl. They'll all tell you it pays to attend meetings!

If you have not paid your \$5 dues for 1991, please don't delay longer.

The tournament committee wants all members to sign up for the tournament which will be held in the spring. President Nate Brod informed us that the Association is taking under consideration the construction of a roof over the shuffleboard courts.

Once again we want to remind members and guests that organized play is held on M-T-W at 9:30 a.m. and Saturday and Sunday at 1:30 p.m. Instructors are always present.

The L.V.W.G.A. had a good turnout for golf on Feb. 6. The low gross winners were as follows: Flight A, Dorothy Caster; Flight B, Hattie Stern; Flight C, Rae Sohr; Flight D, Irene Helmstead. Niners: Martha Moffitt.

There were two holes in one that day. Donna Duke on #7 and Hattie Stern on #10. Hattie received her trophy and bag tag at the general meeting. Refreshments were donated by

Donna and Hattie.

Low gross winner in the Feb. 13 tournament was won by Irene Cummingham with a neat 59.

The Scotch twosome golf tournament and luncheon on Feb. 20 was a big success. The pairings went smoothly and even though our golf left something to be desired, it was really fun. The luncheon was very delicious. Thanks to Lindsey Merrill and her many helpers. The decorations were made by Mike Mancusi.

The program was started with the Pledge of Allegiance to our flag and

prayers for our men and women in uniform in the Persian Gulf war. George Kroll led us in the Lord's prayer for Marie Bremberg, our dear friend, who is in the hospital, very seriously ill. We all hope and pray for her recovery.

The 1st place winners in the tournament were LaVerne Groves and George Kroll with a score of 48½. Evelyn Bearman had a hole in one on #10.

Regulation golf at Buena Ventura was enjoyable, especially by Donna Duke, who had a low gross 75. Also only 25 putts.

Low gross winner for February was Donna Duke with 56. Low net was a 2-way tie: LaVerne Groves and Kit Ross with 45.

Congratulations to Donna Duke, V 7 For Her 30 Holes In One

By Vee Flowers

Results of the LV Bowling Leagues' 2nd Tournament are in, and winners have been decided.

Coming out on top in the Class C group was La Verne Groves, edging out Harry Simonini with a high series of 599 to 596. In Class B, Maxine La Porte had a 574 for a win over Lindsey Merrill with a 556.

Teo Kamola in Class A, won his division with a 605 to beat out Bill Walters 547. All scores included handicaps. Congratulations to all winners and runner-ups. For next seasons League, a move to the newly renovated Camarillo Bowl is being considered, with a very attractive package being offered by the management.

One drawback is the time slot. The usual 1:00 o'clock time is not available, so the choice would be 10:00 a.m. or 3:00 p.m. on Fridays. Your input is needed.

Don't forget to save May 3 for the Awards Luncheon to be held at Point Mugu Officers Club.

BOOK REVIEW GROUP

Book Review's selection for March was "Curtain" by Michael Korda. It turned out to be a highly unusual book, very different from "The Fortune" or "Queenie."

The Book Review lady plans to return to her favorite--murder--Martha Grimes is the leading author of the British mystery with lots of rain, tea, and action. "The Old Contemptibles" is her newest best-seller. (All her titles are taken from the names of real British "pubs".)

Book review will meet Monday, April 8 (always the second Monday) at 10:00 a.m., GR. Please come.

LV Library

The Library Committee wishes to remind our patrons that almost all the large-print paperbacks are still out and only a very few have ever been returned. Could you have one and have forgotten about it? Just leave it on the returns shelf in the LV Library. Thank you.

SOLO CLUB

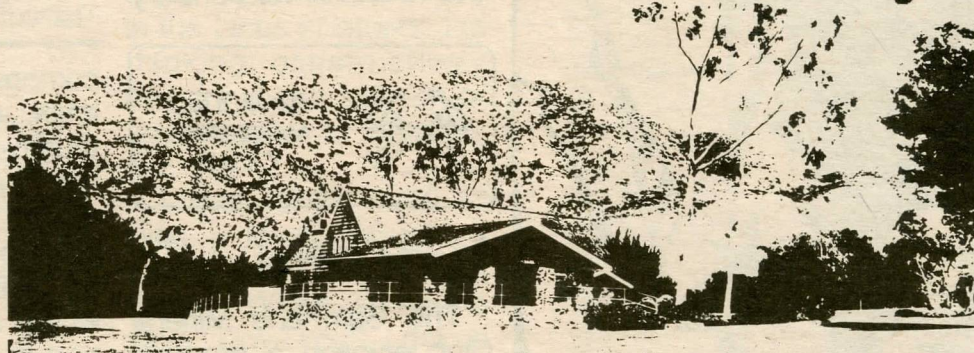

By Monica Alves

It's Solo Club potluck dinner time again! The date is Friday, April 12, at 6:00 p.m. in the AR.

Members A-G should bring salad; H-O, a meat dish or other entree; and P-Z, a dessert. Please remember your donation to the LV food distribution program.

The monthly meeting will be on Friday, April 19, at 12:30 p.m. in the GR. Bring a sack lunch and we will provide coffee and tea. If you are a new single resident, this is a good chance to get acquainted.

Watch for details on a three-day trip to San Diego which we are planning.

Friday Morning Discussion Group

By David Goldstein, Moderator

The Friday Morning Discussion Group is being discontinued for the time being because, after a year and a half, the moderator is taking a little break.

I have appreciated the insightful perspectives and tolerance for contrary

opinions shown by the participants, who shared their experience and knowledge on topics ranging from politics and current events to humor and philosophy (practically everything but how to cook a chicken). In moderating this discussion group, I have realized how much talent we have in

our little community.

In the meantime, for those of you who would like to continue the discussions, I would suggest that we meet in different homes with rotating moderators. I will assist in establishing a format and getting started, if you are interested. Call me at 987-8912.

GEM AND MINERAL CLUB

By Don Holmes

The Gem and Mineral Club enjoyed a program by Betty Wagner on "Rock Formations with Illustrations" in February. The illustrations were actual "hands-on" rock and mineral--Betty pointed out the difference--specimens from the collection of Betty and Gordon Wagner. Betty explained the

composition of each specimen, expanding on the thumb-nail descriptions in the hand-out sheets, which she and Gordon provided. For added interest, Betty was able to tell where and how they had acquired nearly every specimen.

Dues are due. Eunice Donahue will be happy to accommodate you, either with your check, or by cash (no bills over \$100.00, please); she does not take credit cards.

coming up, and President Bill Huffman appointed Past presidents Jack Bennett, Bill Marshall, Garnette Holmes and Don Holmes to serve as the Nominating Committee, so you can expect a tap on the shoulder any day now.

The next Gem and Mineral Club Meeting will be on Wednesday, April 24, at 7:30 p.m. in the MPR. The program will be announced on Channel 12, there will be refreshments, and visitors are always welcome.

MEET YOUR NEIGHBOR

By Mary Erbsen-Kent

Meet Your Neighbor group heard John Lauten, LVA Board of Directors, speak at the March 22 meeting. John, who serves as liaison to the Education and Recreation committee, explained the need of meeting requirements for water conservation, as set forth by the local water district. Compliance with water cut-backs will help the Village avoid the large financial penalties. The speaker was introduced by Hildi Lustig, chairperson.

FEBRUARY PROGRAM

Principal speaker was Bob Atz, secretary of the LVA Board of Directors, who also serves as liaison to Security and Safety and Emergency Services committees. He gave an interesting presentation

KEYBOARD CLUB
Cabaret Night, annual event sponsored by the LV Keyboard Club had a full house again! And the program was outstanding. The young people from Van Nuys High School did themselves proud as they sang and performed.

Village talent also entertained. Renee Greene and Dorothy Karlin performed three numbers from "Mame," then Dorothy Karlin and Larry Sawyer presented two comedy skits.

Margarete Nayfack, president of the Keyboard Club, sang two solos and then a beautiful duet with her husband, Jules. Dorothy Weiss accompanied them in grand style.

Proceeds from the evening went into the Piano Fund, for Village benefit.

By Don Holmes

As mentioned last month, the LV Orchestra has played several concerts this year, and now has dates for more. They will play three in April, and two later.

Next Monday, April 1, they will play in the AR, starting at 9:30 a.m., just before the Board of Directors' Meeting, which will start at 10:00. We will have a guest soloist: Howard Hughes playing his musical saw.

On Thur, Apr 18, we will play at the Camarillo Convalescent Hospital, starting at 2:45 p.m. Friends of Howard Bell, who is a patient there can come to visit him then.

On the 25th, the next Thursday, the orchestra is playing at the Oxnard Manor Convalescent hospital, in Oxnard, starting at 2:00 p.m.

In between, they will be playing to a new group, the Club Camarillo, which is associated with Pleasant Valley Hospital. The concert there will start at 1:30 p.m.

The Orcestra is looking for more musicians. This kind of music may not always be your kind of music, but we can't please everyone every time. John Phillip Sousa once said that he'd play "Turkey in the Straw" if his audiences wanted it.

We play everything from Brahms "Lullaby" to the "Poet and Peanuts Overture." Don't you think that doing this with a group of nice people on Thursday evening would be better than staying home getting square eyeballs from watching the "Boob-tube"?

Come to the April Board Meeting, listen to us, picture yourself sitting-in, and then come to rehearsal, Thur at 7:00 p.m. in the MPR. You will be welcome, whatever your instrument and whatever your level of skill may be.

We thank Harold Wickham for providing the organ music for the March 4 Board Meeting. We will try to have some kind of pre-meeting entertainment every month. The Board provides coffee, so "Come for the Music-- Stay for the Meeting".

SPIRITUAL GROWTH

By Dorothy Holcomb

The Spiritual Growth group met at the home of Ruthanne Wolfe, V 14, during the month of March.

In April the study of the "Harmony of the Gospels" will continue. The group meets each Tuesday at 9:30 a.m. For location of the April meetings, check Ch. 12, or phone Vi Shirk, chair, 482-2389. Visitors are welcome.

THE SAWDUSTERS CLUB

By Dana Street

The Sawdusters continue to show interesting variety in their programs. For March, an outstanding presentation of Intarsia by Douglas Moran enlightened many previously unfamiliar with this technique.

Patterns are created by

fitting together a mosaic using pieces of various woods, mother-of-pearl, or other substances, and a wood backing.

The secret project, disclosed at the February meeting, proved to be a box for the ever-present plastic bags. This could be wall-mounted and had a hole in the top for inserting the bags and one at the bottom where they could be removed as needed.

Variety was also evident in our Show and Tell when Marty Ettinger, pres, showed a beautiful clay sculpture of his granddaughter's head, also how to construct a mold for casting it in bronze.

The next meeting will be held on April 4 at 2:00 p.m. in the MPR, and will feature a tape on the table saw. This is probably the most basic and versatile of the machines.

THE CERAMIC PLUS CLUB

By Don Holmes

The Ceramics Plus Club watched a tape on "Picasso" at the February meeting. This was shown by Al Pachter on Ch 12 equipment. It was a very interesting film, as it showed his work, from his early days, when he demonstrated that he was a really good artist, to his

later "periods" where it always looked, to this writer, as though he was just having fun with art and pulling people's legs. Somehow, he made a lot of money, whatever he was doing.

The March meeting was not held so that the members could go on the Travel Committees' trip, arranged by Garnette Holmes, to the Armand Hammer Museum. It is the area's newest--and possibly smallest--museum.

The trip included UCLA's "Sculpture Garden," an interesting place. Armand Hammer was actually the man's name; he was not named after the baking-powder, nor vice-versa, but he did admit to buying stock in the Arm and Hammer Company so he could reply to questions of that nature.

The next Ceramics Plus meeting will be held on Thur, April 25, at 10:30 a.m. in the MPR. Watch Ch 12 for the program.

Duplicate Bridge

By Lou Dektor

The Nationwide ACBL Senior Pairs game was held in Leisure Village and nationwide on Feb 25.

The overall winners in LV were Edith Pedersen and Marge Peet, with a fine 64% game. Other winners were Iz Acker and Helen Thompson, section winners.

In second place were Dorothy Kleber, Ruth Ralls, Sally Lubin and Pat Sime. In third place were Joe Selber, Walter Zukerman and Ira and Sylvia Christensen.

Winners of a recent duplicate game with a 70% score were Lucille Goldin and Lucille White.

The four duplicate bridge games are held in the Garden Room: Mondays at 1:00 p.m. and 7:00 p.m.; Thursdays at 1:00 p.m.; and Fridays at 7:00 p.m.

Exercise Group

By Shiphrah Maller

Chalk up another great success for the Leisure Village Exercise Group. They had a wonderful Valentine's Luncheon at the China Palace with 70 hearty souls attending.

A wonderful poem was written by Bill Fox regarding the terrific group and many prizes were given out to lucky winners. The meal was good and the

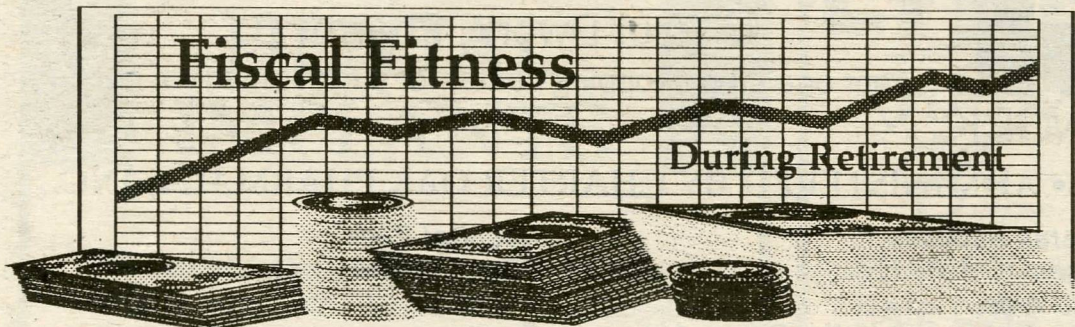

socializing excellent, as always.

The group now numbers 133 paid up members and will be celebrating a first year anniversary in June with a special surprise. They are now planning an annual picnic and several other exciting events.

All this, besides having daily stretch exercises at poolside Monday through Friday, 8:30-9:00 a.m.

School Appreciates Computer Equipment

By Romaine Lambert

The students and Administrators of St. Mary Magdalene's School, Camarillo, wish to convey their appreciation to all of those villagers who contributed their Von's grocery slips toward the purchase of computers.

The school was able to obtain three IIE color systems and three extra 5.25 disk drives. This could not have been done without Village help.

They hope to have the new computers set up and in use by the end of March. Thanks to all who helped.

It's been a long time since old age was called "second childhood" but rumors about elbowing, etc., indicate that some people have not got the message.

Ombudsman Panel

By Robbie Karlin

Got a Village problem? Can't get it solved? Don't despair. There is a "Last Resort" course of action you can take if you are not satisfied with the answers or solutions arrived at through the regular channels of established Village routines.

The Ombudsman Panel was established in order to make available to the residents a channel through which they could appeal the decisions reached through the routine approaches when they felt the answers they received or the actions taken did not solve their problems adequately.

To utilize the services of the Ombudsman Panel the following method of approach must be followed:

1. First take the problem to the proper committee

tee which normally handles such problems.

2. If, after the committee has investigated the problem and notified you of their findings, you are still not satisfied with the answer, you may then request the Ombudsman Panel to intervene.

3. In order to use the Ombudsman Panel, write a letter or note explaining your problem or complaint and outlining what has been done so far. The letter or note should be signed and it must be dated. Leave it at the Recreation Office where there is a mailbox slot marked for Ombudsman material.

Ed. note: The resignation of Bill Huffman, after several years as Ombudsman chairman, was accepted with regret and many thanks by the Board recently. The Ombudsman panel meets on an ad hoc basis.

Wise In Years. Young At Heart.
Great American Investor.

If you stop for gas at Wally Bonfield's service station, be prepared to fill up on a few good stories, as well. Wally's seen a lot of things change since he opened Bonfield's back in 1927. Thankfully, there's always been one thing he could count on—U.S. Savings Bonds, the Great American Investment. "Like it or not, I might have to retire some day," he says. "I'm just glad I found a way to do it comfortably." Bonds pay competitive rates, and they're one of the safest investments around. Which leaves a lot of folks thinking that Wally is wise beyond his years.

Thymeifolius, Grevillea Canberra, Thevitia Neriifolia "Yellow Oleander", Bird of Paradise, Nandina Domesticas and Dwarf, Raphiolepis (var.), Nerium Oleander "Petite Pink", Westringea, Azalea, Begonia Richmondensis, Dwarf Escallonia, St. Johnswort, Star Jasmine, Lantana, Ceanothus Horizontalis, Leptospermum "Pink Cascade", miscellaneous plants and trees.

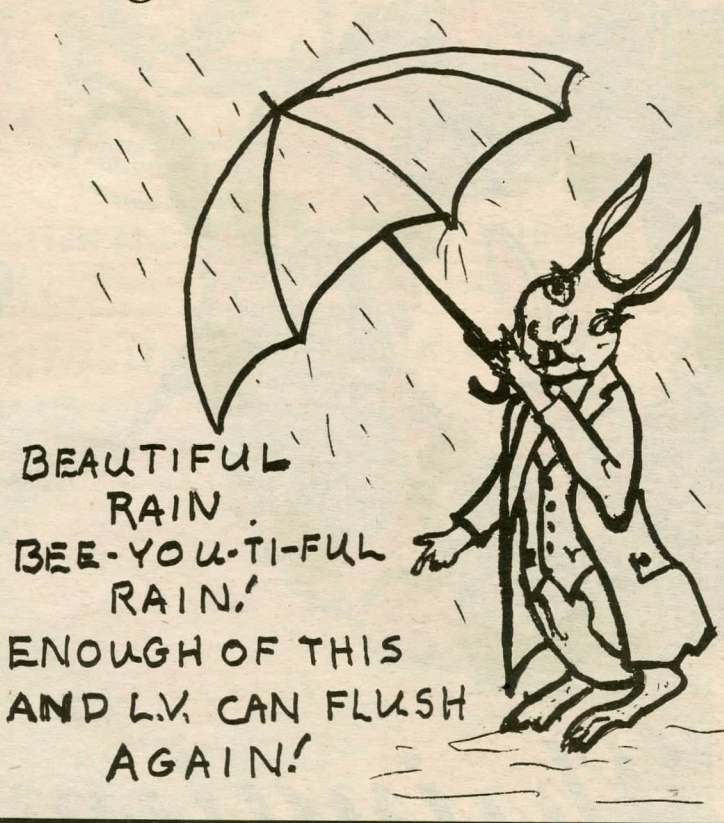

New Policy, New Hours For LVA Board Meetings

In an effort to entice more residents into attending the monthly LVA open Board meetings, the Board has decided to shift the time to 10:00 a.m. Further, this meeting will not appear live on Channel 12 that day, but will be taped and shown on the following Saturday at 10:00 a.m.

This change will be on a trial basis to assess its impact on attendance. Coffee will be available before the April 1 meeting as usual, plus the LV orchestra and Harold Hughes on the musical saw at 9:30 a.m.

Note: The staff of ILV welcomes letters from residents, but does not necessarily endorse the opinions expressed, nor check the facts given.
