

CSU Channel Islands
Curriculum Committee Minutes
October 4, 2010 - Sage Hall 2030
9:30am to 10:00am

Members:	Ellie Tayag Merylyn Buchanan Jose Alamillo	Phil Hampton Kathy Musashi Luke Matjas	Jaye Smith Janet Rizzoli
Absent:	Ellie Tayag	Merylyn Buchanan	Jaye Smith
Guests:	Nelle Moffett	Alex McNeill	

1. Minutes – minor changes, otherwise, approved by consensus.
2. No petitions were put forward.
3. Nelle Moffett was present to introduce the need for adding mission based objectives to the course form. She discussed the need, possible solutions that might work regarding tracking this data through the courses. Although not everyone was present for the discussion, the committee agreed that the data was important to accumulate. In the past, the Curriculum Committee was concerned about how criteria would be developed for determining whether a course met the mission or not. Phil suggested that the best group to establish such criteria and determine whether courses met the criteria would be the mission centers. This will be discussed at our next CC meeting.
4. Phil brought up the recent passing of Senate Bill 1440, and its possible effects on programming at CI. Janet Rizzoli who has been tracking the activity on this bill agreed to send out the synopsis of the bill. She also reviewed the history and possible outcomes of this legislation. This is supposedly effective Fall 2011 and will require some reworking at the CSU level when the Community Colleges advance their information on the new AA degrees.
5. Phil introduced Barbara Duffin and everyone introduced themselves.
6. Liberal Studies issue. Alex McNeill attended the meeting to support their position on retaining the current UDIGE course in Liberal Studies. He gave the rationale and will provide additional research information to support the position. After some discussion, it was agreed that the committee would review the data and vote on the waiver at a later meeting. Kathy also agreed to have the GE Interpretation document posted at the website.
7. Course and Program Reviews

The following courses, programs or items were approved by those members who were there. Kathy will advise the committee of the changes requested and these courses will receive final approval at the next meeting:

- **COMP 599 Graduate Seminar Units** **Mod**
- **IT 280 Web Programming** **Mod**
- **IT 400 E Commerce** **Mod**

8. Due to the high volume of courses in the queue, Phil agreed to build a spot in Blackboard where courses can be reviewed in advance of Curriculum Committee meetings. He will print out the tallies and present them at the future meetings for finalization. He will also obtain permission for staff members to access this site..
9. Next Meeting Time: October 11, 2010
