An Election Report

By Clary Morgan

In Leisure Village there are 2,136 residences. Home owners are the only ones allowed to vote, either by proxy or ballot. This year there were three votes allowed per residence.

A quorum of 50% plus one or 1,069 votes are needed to elect Board Members. The same quorum is required to make a change in the by-laws. To make a change to CC&Rs it requires 75% or 1,602 of the votes of home owners to make a quorum.

In June of 1994 the Village spent over \$2,000. for an election to change the CC&Rs and not enough homeowners voted to make a quorum.

It has always been debatable as to whether cumulative voting makes voting more confusing. If it is eliminated everyone votes the same; if it is not changed everyone has

their choice of how they would like to vote. Please do not be confused by proxy and ballot in regard to votes. At our last election a proxy or a ballot could contain up to three votes.

We do everything possible to have everyone's vote count but we still must abide by Village and State election laws.

At our May Board meeting I tried to ask you to wait until after Candidates Night to cast your proxy. At the start of Candidates Night there were 257 proxies in the box plus 1 house monthly fee. Why should we have Candidates Night if you do not wish to listen to the candidates?

If you have the Board cast your votes for you they divide them as equally as possible between all candidates.

You have one ballot or proxy per household (this See Election.....pg 3

Standing Committees

By Hunter Cohen, Board Secretary

The following is a list of standing committees and their new board liaisons:

Architectural/Landscape	Hunter Cohen
Building and Grounds	Hunter Cohen
Channel 12	Ed Hawthorne
Education and Recreation	Donna Duke
Emergency Services	Bill Blauer
Finance	Nick Fiore
Insurance	Donna Duke

Committee members render an invaluable service. Their contributions to our physical and financial well-being help to make our beautiful Village an outstanding community.

Villager to Celebrate 105th Birthday August 4

Dring Needham

By Jack Whalen

Amazing Dring Needham will be celebrating his 105th birthday high in the hills of Jemez Springs, New Mexico.

Born August 4, 1890, he wishes to be known simply as "an Iowa farm boy." His credentials belie that humble thought as his journey through life is reviewed. While attending Harvard University Law School, World War I broke out. He became a field artillery officer, completed his law degree and became a member of the Iowa State Bar in 1919. He was appointed to the District Court of Iowa in 1951 and served with distinction as a judge until 1965 when he reached mandatory retirement age. He felt he was still "young" at age 75 and spent the next ten years in private law practice in Des Moines.

Dring and his wife, Ruth moved to Leisure Village in

1974 and he became active in High 12 as well as with the Village Players, serving as president of the theater group in 1979.

This remarkable man, keen in mind and strong in body, is truly an inspiration to all of us.

Ruth passed away almost 7 years ago shortly after their 65th wedding anniversary. Also living in LV are two daughters, Sarah Needham and Ruth Mary (Mrs. Norton Crowell).

The entire family will be in New Mexico until October as is their custom every year. Those who wish to send Dring birthday greetings may address them to Mr. Dring Needham, 122 Red Fir Dr., Jemez Springs, N.M. 87025.

On Sat. Aug. 5 at 10:00 a.m. Channel 12 will feature Dring on a tape made prior to his departure for New Mexico.

New LVA Board Takes Over

By Bob Atz

With approximately 64% of the possible votes cast, Leisure Village homeowners elected Hunter Cohen, Donna Duke and Nick Fiore to serve on the LVA Board of Directors for 1995-1996.

Officers for the coming year are Ed Hawthorne, president; Donna Duke, vp; Hunter Cohen, secy, Nick Fiore, treasurer, and Bill Blauer, member-at-large. Officer appointments are made by the board members following certification of the election results.

Hawthorne is a holdover from last year, when he served as secretary of the board. Duke is also a hold-over from last year when she served as president of the board. This is a new two year term for her. Fiore was a member of the Finance Committee last year. Blauer is a holdover from last year, when he served as Vice-President of the Board.

Proxy Confusion Loses Votes

This issue of *Inside Leisure Village* features Clary Morgan's report on the recent Village election. He is distressed that 151 proxies (453 votes) had to be declared invalid by the Election Inspectors. Why this many lost votes? Perhaps homeowners did not read or understand the directions provided with the proxy/ballot.

One point of confusion certainly is the current Village practice of using the cumulative voting procedure, or "stacking" of votes. Last year an initiative sought to have this feature repealed, to fall short only by about 18 votes when a quorum on the mail-in election was not reached. This futile election cost LVA over \$2,000.

The Village prides itself on voting in state and national elections, but often struggles to reach a quorum in local Village elections. Voter apathy in Leisure Village? Horrors! Our active voting record has always been a thing of pride to us.

Do YOU understand the cumulative voting procedure? Can YOU explain it to your neighbor? Should we maintain a system many don't understand or use correctly? This time 453 votes were lost. How many more votes will be lost before the system of cumulative voting is voted out?

Committees Form For New Year

Summertime is not vacation time for the new LVA Board of Directors. There is much organizing to be done. One job they have is reforming committees for the coming year. There is an inordinate amount of work done by volunteer committee members here in the Village. New LVA employees marvel at the amount of expertise available to aid the Board of Directors with their many duties.

The Village has over a dozen standing committees. At least 200 volunteer homeowners make the wheels go around, providing counsel and information to the LVA Board. It would cost the Village a mint to hire what our extensive committee system does for free. We are truly unique.

Now is the time for all good men and women to come to the aid of their Village. The deadline for volunteer survey forms to be turned in is Friday, August 4. Committees currently needing more skilled help for a few hours each month are the Insurance, Architecture and Landscape, and Building and Grounds committees.

Those homeowners who have moved into the Village recently especially are urged to consider this service to their new community. They will find that newcomers are welcome to apply and get involved. Training is provided when necessary. Give a few hours a month to Leisure Village by joining the committee system now.

Applications are available in the Recreation Center lobby or ask at the Recreation office. There will be an orientation coffee for all volunteers to be held in early fall as the new committees organize for the year.

On The Occasion Of A 60th Wedding Anniversary

By Larry Sawyer, V16

Forever constant is my need for you,
Unchanged by tides of time or circumstance,
No matter how my talents waned or grew,
Unaltered by the churning winds of chance.

The love that fills my heart stays constant too,
Across the three-score years that we were wed;
Through years that stumbled on or swiftly flew,
Through days of joy or hopeless nights of dread.

Why then do love and need so constant stay,
No matter how we can or cannot cope?
Why still this need that never goes away,
Untouched by strength or wit or shifting scope?

A single knot that cannot be undone,
Both need and love through all the years are one.

year 3 votes). If you marry or two people move into one house you must put the house address for the house you are casting your proxy or ballot for, one per household.

At our last election for a quorum needing 1,069 ballots we had a total of 1515 proxies and ballots. Of this total there were 158 ballots which were all valid and a sad count of 151 invalid proxies. Some people who were designated as a proxy did not vote so your vote may not have been counted.

This is a business and not a social club. Vote for the people you feel will do the Village the most good.

CREDIT DUE

This is to acknowledge the work by those volunteers who helped with the Village election. Carl Beller and Jack Bennett served as ushers at the Annual Meeting in the AR on June 22. Election inspectors

Hearing Impaired Group Needs Transportation To LA

By Sonia Brink

The House Ear clinic in Los Angeles, internationally known for its research and treatment for the hearing impaired, has invited the Hearing Impaired Group also known as SHHH, for a visit to its establishment. Members of its staff will conduct a tour of this most interesting institution and will also provide a free lunch.

Transportation is not included and hiring a bus is too costly. Interested people are needed who will drive their cars and take 2-4 passengers. Membership in SHHH is not required as long as there is willingness to drive and take passengers.

For more information or offer to drive please call Sara Kass: 987-4452 or Sonia Brink: 484-2387.

Nominating Committee Appointed

Seven LVA homeowners were appointed to the 1996 Nominating Committee by the Board of Directors at the July Board

Meeting. They are: Bill Blauer, chairperson, and members Frank Craven, Wanda Earney, Lucy Gerhardt, Genevieve Leventhal, Felice Perkins and Herb Warneke.

Nursing Students

By Jack Whalen

Twelve vocational nursing students from Concorde Career Institute in No. Hollywood who are beginning their study of gerontology spent a morning recently touring Leisure Village.

After a walking tour of Village facilities, the students, under the guidance of Rube Davis, met in the MPR for a question and answer exchange with villagers of varied backgrounds. Bernie Goldman, a retired internist, discussed physical and mental problems confronting seniors; Sig Jaffe talked about physical chemistry which is his field of exper-

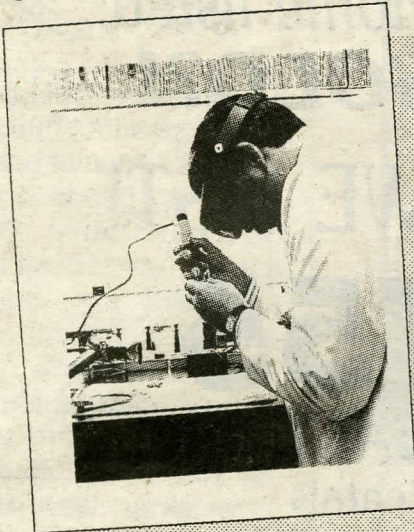

tise; Elaine Jaffe spoke of physical therapy which is her specialty; Rube Davis talked about his real estate experience; Pauline Davis related business aspects of the movie industry; and Luella Kelwin spoke of her experience in hospital management.

Instructor Fay Russell, R.N., B.A., who accompanied the students, said, "I wanted them to spend some time with healthy senior citizens to give them perspective before they are asked to assist in the care of elderly patients who are not in optimum physical or mental health. I don't want my students to

Don't Be A Sucker

By Ben Perry

Have you heard the expression, "There's a sucker born every minute"? Well, there is always someone to prove that point.

At a recent investment seminar on "Tax-free Income" that would guarantee a 10% tax-free income, it became clear after listening to the speaker that anyone with any understanding of finance would realize that this could not be free income. Any return from this investment in interest or dividends would, in reality, be a return on the original investment and would not be taxable, but would give the impression that it is tax-free. At 10% interest, that money would be taxable if it were interest. Treating it as tax-free income may create a problem if it becomes necessary to explain it to the Internal Revenue Service. It's not worth it.

There were a number of villagers present at this meeting, and it is a source of concern that senior citizens have become targets of "Investment Groups" which are ready to take advantage of older less sophisticated individuals by trying to sell investments which can turn out to be disappointingly less than expected.

For investments which will provide greater assurance of security, look to CDs (certificates of deposit) or U.S. Treasury Certificates which are taxable when interest is received, or to California Municipal bonds. A good municipal bond will pay about 6% interest, will be secure, and is tax-free income. Be selective even with municipals. A 6% return would be comparable to 8 or 9% taxable income and would be more secure. GNMA's (Ginny Maes) which are issued by the Government National Mortgage Association, are

also good investments but only tax free for the state of California. Taxes must be paid for interest received.

Check with someone in the Village who is both knowledgeable and trustworthy. Don't be suckered into making investments you can't control. The temptation is great, but a loss.....

OFFICE LOCATED NEXT TO CLARK/SAV-ON DRUGS

New Executive Secretary For LVA

By Jack Whalen

There's a new face in the LVA headquarters building and she comes to us with high credentials. Carol Stephenson, whom you may refer to as general manager Jean Verbeck's "right-hand lady," is charged with handling a continuing load of paperwork, phone calls and contacts with contractors, attorneys, vendors, CPA's and a host of others, all eager to provide service to Leisure Village.

Carol's former position

Photo by Klapperman

Carol Stephenson

was that of Executive Director of the Channel Islands Chapter of CAI (Community Association Institute) of which L.V. is a member. There are several thousand chapters of this association alone in California.

Prior to that position she was general manager for an absentee owner of the Jim Hall Racing School in Ventura.

"It was an exciting four years," she recalls, "those karts can go over 80-miles-per-hour and often there's a thrill a second."

She is a California native, attended San Gabriel Mission H.S. and then on to graduation from Ventura Community College and Moorpark College.

Her three children were raised in Camarillo and today son Larry, 31, married and daughter Caryn, 29, also married, both live in Camarillo. Son Craig, 27, lives in Santa Rosa. Carol's home is in nearby Wheeler Canyon.

How does she view her position here? "My primary responsibility is to take some of the workload from G.M. Jean and insure that the paper flow is done in an orderly, expedient manner," she states.

Dick Griswold, who just completed two years as a Board member, is very high on Carol. He said,

"She's a key player in the efficient management of our community, is the contact person for those wishing to meet with the Board and is a welcome addition to our staff."

Carol has high praise for her fellow workers. And as for the Villagers, "they are tops in volunteering and caring for others."

The speaker for the August 3 meeting of the Women's Club will be Jay Grigsby, Director of the Boys and Girls Club of Camarillo. Grigsby is an excellent speaker and has much of interest to tell our members. He will tell us of the many activities sponsored by the club in its efforts to provide worthwhile activities for youngsters in our city and to keep them occupied during the out-of-school hours that can create problems. The aim of the club is to encourage a sense of responsibility and develop future good citizens. For many in our community, the club has solved the problem of "latch-key kids." The club has been a recipient of funds from the Women's Club in the past and is now in the process of expanding its facilities in order to broaden their range of vital activities.

At the July meeting, Women's Club members were astounded, amazed and astonished by the magic of Duane Bertonneau. His impressive credits include appearances at the Disneyland Hotel, Magic Castle, Valley Hilton, Mandalay Bay Beach Hotel, Beverly Hills Hotel and regular performances in Reno and Las Vegas.

Duane personalized his presentation by addressing many members by name throughout his performance. Bemoaning his comparative youth, he said he can't wait until he's old enough to enjoy Leisure Village! He accompanied his "bag of tricks" with a steady stream of amusing comments. We're looking forward to his next appearance here.

In the first six months of 1995, the Trading Post has taken in over \$5710.00!

How true it is that one person's castoffs are another's treasure.

Among the items still needed is a sound system. Renee Greene, president of the Women's Club, presented a check for \$1000.00 to Donna Duke, Association vice president, to cover that need. The Women's Club will also provide funds for a locked cabinet for storage of items to be used in the pavilion.

Dorothy Sparkman, 2nd vice president in charge of the Bazaar, announced that the big Bazaar is coming -- the date: October 28 -- the theme: Halloween!

Sunshine Lady Carol Heyerick sends "get well" cards and condolences and delivers plants when members are recuperating. Give her a lift and call her at 482-6381 about some happier occasions like significant birthdays and anniversaries.

Have you joined the Women's Club and paid your dues? Only \$5.00 a year multiplied by over 500 members provides an appreciable amount to be dispersed to all the worthy causes aided by the club. Half the donations are for projects within Leisure Village and the rest go toward helping and improving our surrounding community. Help boost the membership over last year's 623.

Don't forget the November 2 Nostalgia Fashion Show -- have you found an old and meaningful article of clothing? Model it yourself or, if you prefer, another member can do that for you.

Next meeting -- 1:30 p.m. in the AR on Thursday, August 3.

If it weren't a retirement village, it would be a resort.

Choose Castle Hill for the same reasons you choose the perfect vacation place. Beautiful surroundings, comfortable accommodations, charming people.

And Castle Hill has so much more. Like a sky-lighted dining room, cozy library and recreation areas, housekeeper and laundry service, chauffeured transportation and specially arranged cultural events.

Castle Hill. It's a holiday every day.

Bo Humphrey

By Jack Whalen

The end of June saw United Airline's Captain Bo Humphrey make his final L.A. to JFK round trip flight, marking the close of a flying career that spanned 38 years.

This V 35 resident began his career in the US Air Force following graduation from the University of Mississippi. Following flight training, Bo had an 8-year military career which included flying the B-47 and the mighty Boeing B-52.

Joining United Airlines in 1965, he flew out of Chicago first as a flight engineer, then co-pilot on DC-6's and DC-8's. Three years of Chicago winters were enough for him and wife Barbara, and they moved to Los Angeles.

Upon attaining the rank of Captain, he flew the B-727, the B-757 and the new B-767.

In his later years, with

much seniority, he flew the prize LAX to JFK round-trip flight and, on his final East Coast and return trip Barbara joined him, helping to celebrate his retirement.

Said Bo, "We moved to LV in 1993 and already have met many fine people. This is truly a great place to live."

Bo is now looking for a helping hand to learn all about that game called golf.

Have you picked up a book in the library that had no Leisure Village Library stamp? Occasionally someone will return books and accidentally include one of their own. The most recent mishaps are a hard cover: *Midnight in the Garden of Good & Evil* by John Berendt and a paperback - *The Accident*, a red cover with a triangle on the front. We'd appreciate being able to return them to their owners.

Please leave these two books with Debra in the Recreation Office.

Maxine Himstreet Volunteer

By Eileen Cohen

Maxine Himstreet, Leisure Village resident for sixteen years, has been a member of the Library Committee for much of that time and was chairman of the committee for 8 years. During that time she has also served on the Education and Recreation Committee.

The Leisure Village Library has grown through donations from the community. One local business, The Hearing Center, has donated several magazine subscriptions and display covers for them. Since shelf space in the library is limited, surplus books are given to the Camarillo Library. Over the years, she alone has averaged twenty hours a week in the library. Thanks to Maxine's example and guidance, the Committee is currently at full strength

the Bazaar.

When Maxine was a youngster in Eureka, California, her father took her to the library nearly every afternoon. Her early ambition to be a librarian led to a major in Library Science at Humboldt State College. Although she altered direction to education, her love of books and libraries continued unabated. She particularly enjoys mysteries and historical novels and Agatha Christie is one of her favorite authors.

Maxine was one of the original docents of the Los Angeles Museum of Science and Industry and one of the first "Flying Docents". She shared her love and knowledge of rocks and minerals with

California's children in remote locations. She often flew in planes donated by Hughes and Arco. One of the planes, a DC-3, had been used by President Eisenhower. She received a resolution from the City of Los Angeles for her volunteer work as pioneer flying docent. She is a former President of the Faculty Wives at the University of Southern California and a life member of PTA.

She has been an active participant in SEASONS (Senior Experts and Speakers on Numerous Subjects), now known as the School Speakers Committee. Their program has been adopted by and serves as a model for county and state pro-

grams. Maxine's topic, naturally -- rocks and minerals.

Maxine's husband, Bill, is a former Leisure Village Board member, former chairman of the Building and Grounds Committee and has also been active with the School Speakers Committee. Bill was a professor of Business Communications at the University of Southern California. He has authored several textbooks. A sophisticated computer class room at USC was dedicated in his honor by his students.

Their daughter, Sue Ann Johnson, is married and has two children. She

SATURDAY NIGHT BALLROOM DANCE

By Anne Janoff

On July 22 the Saturday Night Ballroom Dance was aglow with colorful muu muus and brightly designed shirts worn by many of those attending, in keeping with the Hawaiian Night theme. Host for the evening was Willie Smith.

Our next dance will be on August 12 with Jean Aird and Bela Sampson at the host's post. The following dance will be on

August 26. Admission only fifty-cents per person. 8 to 11 p.m. in the AR. The usual refreshments available are coffee, tea, punch and ice. BYOB.

If you're finding these hazy, lazy days of summer getting you down, come and spend a pleasant mid-summer evening with us, dancing to your favorite tunes and socializing with friends and fellow villagers. All are welcome including visiting guests. Our Saturday Night Ballroom Dance messages appear regularly on Ch. 12.

VILLAGE SWINGERS SQUARE DANCE CLUB

By Sig Jaffe

The June program started late because we did not dance on election day, June 6. However, we made up for the wait in the subsequent three dances during which we elected officers for the following year starting July 1. The new officers include; Elaine and Sig Jaffe, presidents; Minna and Hal Hudson, first vice presidents (refreshments); Dorothy and Reubin Goldstein and Rae and Sol Gimpel, second vice presidents (Activities); Dottie Sickels, Treas; Geri and George Nolte, Secy; La Rue and Cy Boynton, advisors (past presidents); Gerry Fuller, historian and decorations; Norman Fuller; round dance tapes; Fran Gunningham, Telephone; and Belle Ross, sunshine.

This slate of officers and appointees was installed in a ceremony conducted by George Nolte during the June 27 dance. This dance also featured the delightful calling of Bill Kramer and a special delicious dessert served by Hal and Minna Hudson.

During June, we celebrated the birthdays of Reub Goldstein, Mary Kovach, Celia Priore, and Gerry Fuller. We also celebrated the anniversary of Betty and Staley Carpenter.

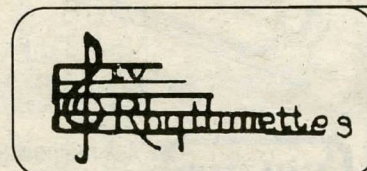

how, why and when to avoid an over-use of clichés in writing was discussed.

Poems dominated the readings given by Bernice Epstein, Norma Jenkins and Hilda Zelanko.

Brad Hollingsworth wanted advice on how to deviate from anecdotal writing, so Irwin Porges discussed it with the members.

The Writers Round Table will go on holiday for the summer, and Irwin suggested ideas to each individual member on what to strive for in writing for the summer months.

Please watch Channel 12 for September meetings.

The Rhythmets marched out in their red and white, with flags waving, to the picnic area on July 4.

LV ROUND DANCE

By Bob Vanicek

The Club accomplished two major events in July; a Round Dance demonstration at the Association's July 4 festivity in LV's Picnic Grounds; the other was the Club's 4th Anniversary Dance Party on July 16 featuring the guest cuer, Gus Defore, and a delicious buffet luncheon in the AR.

You are welcome to observe the Round Dancing Class conducted by Al and Ruth Siegel each Sunday before noon in the AR.

VILLAGE CLOGGERS

By Louise Houser

The Village Cloggers performance at the Fourth of July picnic was well received by an enthusiastic crowd.

You too can join this fun activity which exercises your mind as well as your body. If there are a minimum of ten people who sign up for a beginners class, our teacher Walt Spellmyer has said he would like to start a beginners class on September 12.

The group meets every Tuesday from 9 to noon in the AR, beginners scheduled from 9 to 10. Anyone interested, please call Alma Hartman, 987-4954. Everyone is welcome to visit any Tuesday.

HAPPY HOOFERS

By Dorothy Karlin

The Happy Hoofers hope you all had a lovely Fourth of July. The Hoofers had their holiday dimmed by the passing of two of our very good friends. Jean Parker was a member for many years. Fayrose Gordon lost her husband. All of our sympathies are extended to them.

We had some good news, too. Our musical director and husband of Doris, Sid Siegel, has been chosen to announce two innings of a Dodger game this month. Batter up and play ball!

The Hoofers are planning to appear in one of the upcoming Players Guild meeting. The show will be produced and directed by our own choreographer, Helen Gold. We're rehearsing, but it is rather difficult, since one or the other of us is off on vacation. But, worry not, our fearless leader will have us ready to go when the time comes.

It's been a cool summer, so far, and so the Hoofers have taken the hint and are playing it cool, too.

SOLO CLUB

By Monica Alves

In place of the bi-monthly potluck dinner, Solo Club members will have a catered picnic. Date is Friday, August 11 at 6 p.m. in the picnic area. The menu consists of chicken, cole slaw, corn on the cob, fruit, dessert and beverage. There will be no charge for members; the cost for guests is \$5.00. For reservations, call June at 389-3074.

Friday, August 18 is the date of our next meeting. Pack a lunch and join us at 12:30 p.m. in the GR.

WRITERS ROUND TABLE

By Cele Porges

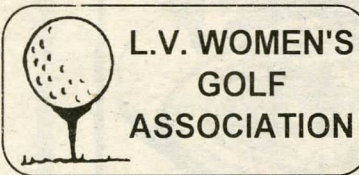

Information on various writing contests opened the June 13 meeting of the Writers Round Table. Poems were read for a diagnostic evaluation, followed by what makes a poem bad, average, good or great.

Hilda Zelanko read two nostalgic poems, and Norma Jenkins read her poem "Bunny Talk." A character study was read to show a character in emotion.

The meeting of June 27 opened with the reading of a story composed completely of clichés. The

electric piano. Ruth Hart, Billie Pachter and Bess Zimmerman sang solos with the Rhythmets. Other groups sang, danced, and played solos on the piano. Marion Tavano sang a duet with Jules Nayfack.

The next event for Rhythmets will be their summer picnic on August 15 in the picnic area, probably catered. Time and cost will be announced on Channel 12. After summer hiatus, practice will begin again September 5.

The new President of the Women's Golf Club, Frances Mead, and the new Men's Golf Club President, Ernie Ohmstedt are working on some interesting plans to increase the interest and attendance for the 19th hole golf affairs. These parties are held on the last Sunday of the month. They follow a Sunday morning golf tournament that is made up of same gender or mixed couples. In July, we can expect an interesting travel film presented by the Vanderhavens. In August, an Ice Cream Social on the picnic grounds with a program consisting of two golf pros who will give some interesting pointers along with some demonstrations. Sounds great, doesn't it?

The women are scheduled to host the August Scotch Twosome tournament and picnic on August 15 and 16. Eileen King will be organizing the tournament and Georgia Griswold is planning the picnic lunch which will be held on the 16th. Lunch and golf will cost \$7.00. Lunch alone will be \$6.00. Ruth Smith is assisting Georgia on this event.

Some important dates for Billiard Club members to mark on their calendars. We will not have a general meeting in August. The next meeting will be September 26. Our Holiday Installation dinner will be held December 3.

It does not seem possible that at our next meeting we must think about the election of Club officers for next year. A slate is to be presented in October and the election will be

held in November. Any volunteers are welcomed, needed and greatly appreciated.

We had a great crowd at the last meeting. It proves the adage, the more the merrier. Willis and Marion Sanders, our newest members, were introduced. Door prize winners were Ruth Kent, Gladys Gray, Joy Hess, Kay Gregg, Charlie Kent, Jerry Vaught and Rea Williams. Our happy birthday salute was led by Tony Gregg. Refreshments were furnished by Kay Gregg, Helen McGinnis, Trudy Orsan and Liz Sullivan.

Remember Monday evening, August 14, at 7 p.m., when bowlers who will be part of the 1995-96 league will meet to determine the number of teams we will have.

We will meet in the MPR, according to Presi-

dent Rosemary Hanson. Bring along a check to pay for the first several games, she advises.

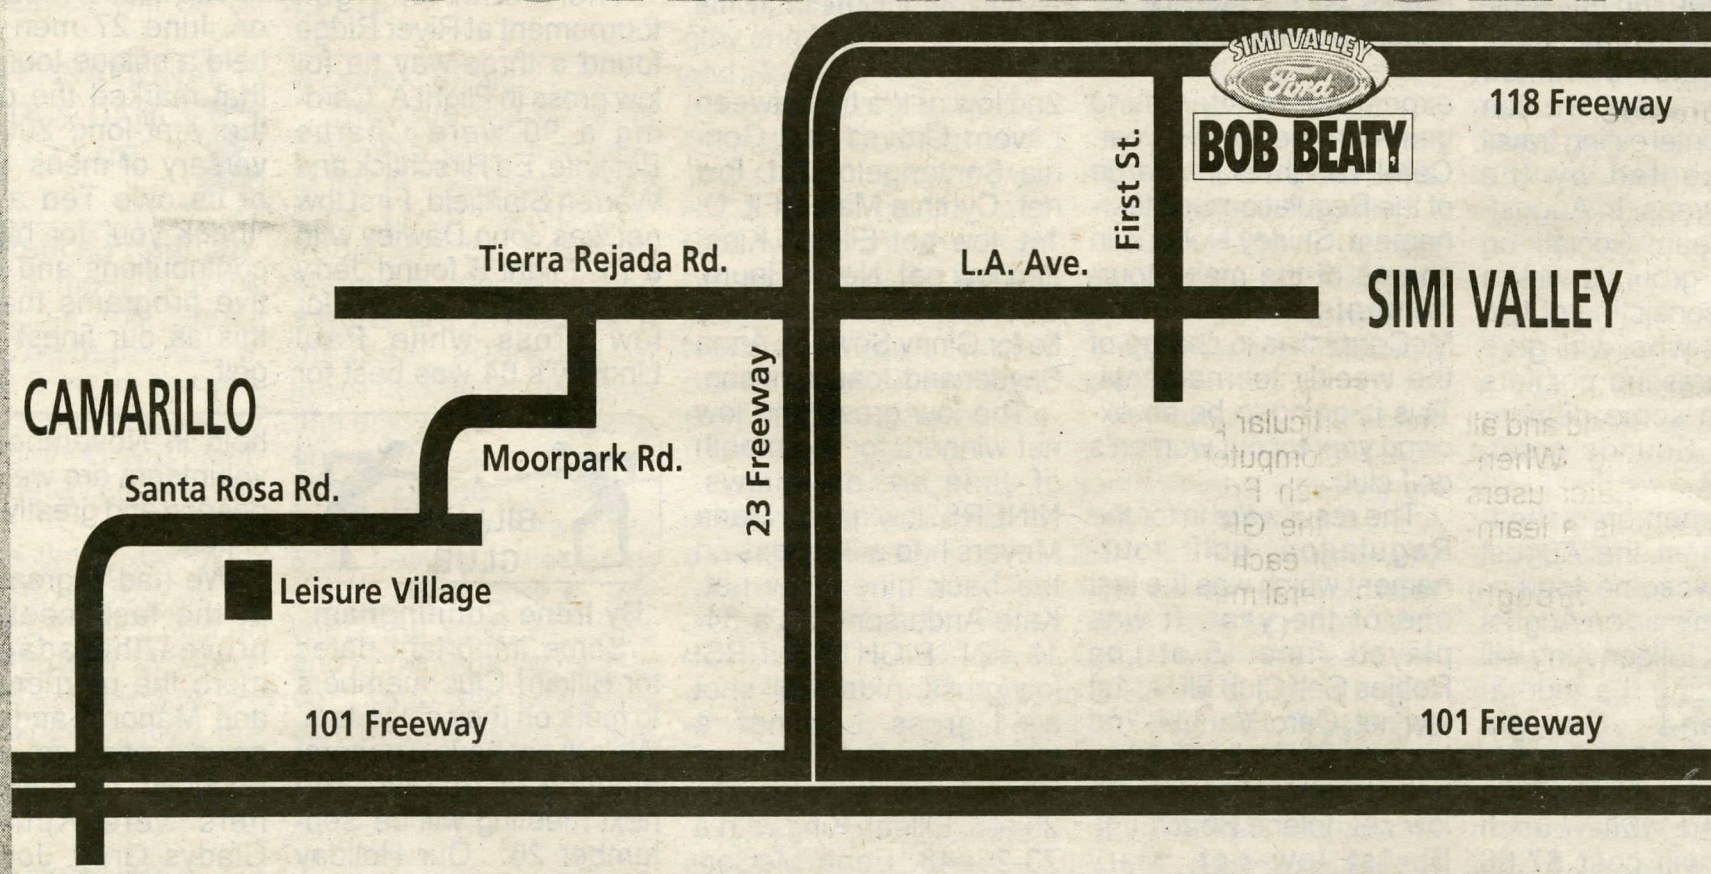

The league will also be looking for a good number of subs to fill-in as the weeks roll on. Save for selected holidays, Harley's Bowl will be the scene each Friday at 10 a.m. and we start in mid-September and continue to near the end of April.

COMPUTER CLUB

By Ben Perry

The Leisure Village Computer Club has met in the Garden Room on July 7, and the enthusiasm to learn about computers was overwhelming.

There were some horror stories, but those present became engrossed in the various aspects of getting "on-line" with the internet. E-Mail became a strong subject since E Mail makes it so easy to make contact with other computer users.

Club president, Dick Travis, conducted a question and answer session to help members with their problems. Although all have some expertise in some area of computers no one is very knowledgeable in all facets of the computer world and all are still learning. Whenever two computer users get together it is a learning experience.

Rudy Regen brought

some publications on computers, and information on nets for free distribution. These publications have an abundance of computer information. Jim Willett informed the club of the educational facilities available outside the Village. Some of the classes are very basic and others that are for special interests.

Dick Travis introduced various members who will head special interest groups and each group will have separate meetings. This arrangement will be helpful to the novice as well as to the more advanced computer user. There is nothing mysterious about computers. A computer is just a little more sophisticated than an electric typewriter, but does so much more.

After the meeting, information cells were formed so that users could get special information for their particular problems.

The Computer Club will meet each Friday at 10 a.m. in the GR. The first Friday of each month will be a general meeting, and

the special interest groups will meet on the remaining Fridays. Come and join the computer world which is truly mind boggling and ever expanding.

CAMERA CLUB

By Sam Weinstein

The June 21 Camera Club program featured Bill Huffman who presented a slide show of his most recent trip abroad; a trek through India, the near east, Greece and some Mediterranean islands. The slides showed Bill's favorite spots such as the Taj Mahal, the Sphinx and pyramids and the ruins at Luxor. The highlight of the show though, was Bill taking a camel ride at the pyramids. It was fun and we appreciate Bill sharing his trip with us. Thanks for

a swell show, Bill!

A reminder to members and guests- there will be no program meetings (third Wednesdays) in July and August. We will meet only on the first Wednesdays of those months for our competition meetings, and return to our regular meeting schedule (first and third Wednesdays) in September.

Visitors are always welcome at the meetings. Watch Channel 12 for our announcements and join us for a fun evening. You don't have to be technically advanced or even proficient in photography to enjoy our meetings. They're informal, fun and educational. Try one, you'll like it!!

Hearing Impaired SUPPORT GROUP

By Gabriel Barkley

The August meeting of the Hearing Impaired Support Group will take place on Wednesday, August 23 at 1:00 p.m. in the MPR. The guest speaker for this meeting will be Jonathan Breslow of Camarillo, a certified and licensed practitioner in holistic medicine. The subject of his talk will be "What can holistic medicine do for me?"

He has practiced homeopathy medicine for 15 years and has taught and lectured on the subject all over California.

Whether or not holistic medicine can help the hearing impaired, it is used to alleviate the pain and symptoms of many bodily disorders. When medical doctors and their pills can do nothing for you holistic medicine may be the answer. So, come and join us on August 23 at 1:00 p.m. in the MPR. Everybody is welcome.

The Club is in need of a secretary to take minutes for an hour or two at its bi-monthly meetings on the second and forth Wednesday of the month. Those interested, please phone Sara Kass at 987-4452.

CERAMIC MOLD DECORATORS CLUB

By Pepper Heimowitz

The Ceramic Mold Hand Decorators Club met on July 5 for their annual luncheon at Sizzler restaurant.

We then adjourned to L.V. Ceramic Room where the Club's business meeting was conducted, and the 1995-96 slate of officers were installed.

In addition to the installed officers mentioned in the ILV's June issue, are the appointed committee

chairpersons: Sunshine, Velma Hughes; Hot Line, Julia Giordano; Hospitality, Lillian Hintz; Historian, Florence Koca; Publicity, Pepper Heimowitz; and Firing, Deane McDaniel.

Next month's meeting will be August 1, 12:45 p.m., Ceramic Room.

*"When you're living at
the Ventura TowneHouse,
you're as independent
as you can be."*

Independent Living

I talked a lot about independence when I had a house, a garden, and a car. There were so many things I needed to take care of. But that was before I discovered the joy of Ventura TowneHouse. Now I have a roomy apartment with maid service, delightful meals, transportation on a regular basis, and plenty of time to enjoy new activities. At the Ventura TowneHouse, I've learned a whole new definition of independence.

My sons used to worry about me living alone, as I can't take care of myself as

Assisted Living

easily anymore. They were afraid I'd fall and I was concerned about having to trade my freedom for security. When we learned about Assisted Living at the Ventura TowneHouse, all of us were pleased. I receive the help I need with bathing, dressing, and remembering my medicines. They make my bed, clean my apartment, and prepare three delicious meals a day. Best of all, though, is that I'm part of things again. I still feel like I'm on my own—but now I'm not alone.

Skilled Care

This illness of mine was at a point where Anne couldn't take care of me at home any longer. At least for now, I needed to be in a skilled nursing facility. We both knew, however, that being separated would make things harder for both of us. It was a real problem, but Ventura TowneHouse had the answer. Now I'm here at Venturan Convalescent and Anne is just a garden away in her own TowneHouse apartment. She says the meals are marvelous and the maid service is likely to spoil her. She feels wonderfully taken care of, and I can understand why. Here, at Venturan Convalescent, so do I!

The Keyboard Club always meets the third Friday of the month, at 1:30 p.m. in the AR.

We have some very generous performers who gave of their talents at the Fourth of July celebration. Among those were Kurt Godfrey, Ethel Belanger, Jules Nayfack, Piff De Simone, etc.

Also there were several organists who played during the RV Club's Pancake Breakfast in June.

Refreshments are served at the meetings.

THE VILLAGE PAINTERS

By Georgia M. Schneider

The Village Painters will meet on Wednesday, August 2 in the MPR for a meeting. The program will continue to feature drawing problems with members to bring their own materials.

Grace Smith did an elaborate display of table decorations for the June 7 meeting depicting scenes such as park, meadow, desert, seashore, etc. with small figures, wood, flowers, weeds, etc. An enthusiastic topic of conversation!

Ilka Jackson has paintings on display in the Library for July and August.

SELF AWARENESS

By Maxine Fritz

The Self Awareness Group meets on Mondays, 7:00 to 8:30 p.m. in the Lanai Room. Anyone interested in learning about themselves and searching for answers is welcome. The goal of self awareness is peace of mind. This is reached through examination of one's thoughts and perception with understanding, expression, forgiveness and self acceptance. A Workshop, with Joy Sanders of Kay's Nutrition, on Alternative Health meets the second and fourth Tuesday of the month in the Sun Room, 7:30 to 9:30 p.m.

LV Farmers

By Hunter Cohen

Under the able guidance of Farmer Joe Kremer, the club is analyzing plans for the barbecue on August 25 in the picnic area.

Ticket sales have been suspended due to the unexpectedly heavy demand.

Villagers are reminded that the dumpsters in the garden area are for use by the Recreation Department; use of the dumpsters for household waste is prohibited.

Farmers are the original recyclers; they enrich the soil by returning to it the nutrients removed by crops. All villagers are encouraged to place recyclables next to their garbage receptacles for the

bi-weekly recycle pick-up. Newspapers, cardboard, cans and bottles diverted to salvage helps the environment and reduces our cost for trash pick-up. Let's all do our share.

All club members are invited to participate in the next Farmers board meeting on Friday, August 4, 1 p.m., in the Lanai Room. There are serious matters to discuss and we need your input.

Liedeleers

By Selma Lich

The Liedeleers singing group continues to meet twice monthly. Music lovers are invited to join and to participate in a bit of

musical nostalgia, and to enjoy an expanding repertoire of songs of many lands. Newcomers will be spared the embarrassment of auditions, and recent appearances at "La Scala" or the "Met" are not among the requirements.

Meeting times are on the second and fourth

Tuesdays of each month at 9:30 a.m. Please note change in meeting place from the Sun Room to the Lanai Room. This change was only for the months of June and July. Come and join the group for song, fun, and camaraderie. Try it - you'll like it. Please call 484-8129 for information.

AMATEUR RADIO CLUB

By Benson Smithkin

The LV Amateur Radio Club, having canceled its July 4 meeting to allow members to celebrate the holiday with family and friends, is anticipating its next meeting on Tuesday, August 1 at 10 a.m. in the Sun room.

That meeting will feature Chuck McDonald (WA6VEP) who represents the ARRL (Amateur Radio Relay League) as club coordinator for the tri-counties. Chuck will detail the benefits accruing a ham radio operator. These are sure to interest our residents, especially the housebound, who would greatly enjoy com-

municating with the world from the comfort of their den.

The annual Field Day at Pt. Mugu on June 24-25 was a resounding success for the LVARC, with five foreign contacts made including Budapest, Sweden, and Australia. Points awarded are now being tallied, with results due out in September.

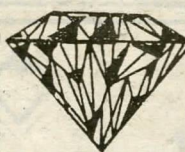

GEM AND MINERAL CLUB

By Don Holmes

The June meeting of the Gem and Mineral Club featured a National Geographic Video tape on "Splendid Stones", which covered all precious stones, including the production and merchandising of diamonds.

Also discussed: The Annual dinner on July 26, and the new name tags, which are needed by some new members, and by some members who have lost theirs. The dinner replaced the July meeting, so the next will be Wednesday, August 24, at 7:30 in the MPR.
