

CSUCI Closes to Freshmen Applications February 28th

CSUCI will close to first time freshmen applicants on February 28, 2005 at midnight. The University has received over 4000 applications in this category. Those who have already applied are encouraged to submit high school transcripts and test scores so that their applications can be processed while space is still available.

As part of its enrollment management plan, CSUCI is still open to upper division transfer applicants (students with 60 or more transferable units), credential applicants and students interested in pursuing a second baccalaureate degree.

Prospective students are encouraged to apply online at www.csumentor.edu. Additional information and pre-admission counseling is available at the Enrollment Center at CSUCI. For additional information call the recruitment office at (805) 437-8520, (805) 437-CSCI, or toll free at 1-888-44-CSUCI.
