

STUDENT AFFAIRS

the nationally affiliated fraternity and sorority chapters at the university provide housing and meals for members at the chapter houses near the campus.

Some information on apartment rentals may be sent through the mail. Most listings and information available in the Housing Office are kept in loose-leaf binders because of rapid turnover; students must visit the office in person to consult these files. Students are also advised to inspect the premises in person before signing a lease. The university does not inspect or supervise any off-campus housing.

HOUSING FOR MARRIED STUDENTS

The university does not maintain housing facilities for married students and their families. The Housing Office does maintain a file of privately owned rentals, some of which are near the campus. These private rentals range from \$85 to \$300 per month depending on size, furnishings, and location.

STUDENT HEALTH SERVICE

42

The objective of the Student Health Service is to keep the student in a state of optimum health, both physically and mentally, so that the student may realize to the fullest the opportunities afforded by the university. The health services are supported by a portion of the Student Services Fee paid by each student. These funds finance the provision of basic health care to students wishing to avail themselves of these services. In addition, each student may *voluntarily* pay an additional health fee which supports certain services and treatments not funded through the Student Services Fee. The Student Health Service publishes a brochure which describes in further detail the basic health care and those additional services available through payment of the voluntary health fee or on a fee-for-service basis. The brochure is available at the Student Health Service.

The Student Health Service is housed in its own building, with well-equipped doctors' offices and examination rooms, laboratory and X-ray facilities, pharmacy, physical therapy, nurses' treatment rooms, business office, and waiting rooms. It is open each school day during hours posted at the entrance to the building. At these times registered nurses are on duty and physicians are available for consultation. Various medical specialties are represented among the part-time and full-time physicians, affording a high standard of medical care.

In addition to the Student Health Services, students may purchase an insurance protection plan for emergency illness and accidental injury during hours that the Center is closed. This insurance program provides substantial coverage for hospital benefits, medical, surgical and related services for any one illness or accident. The program covers the student both on and off campus on a twenty-four-hour-a-day basis and includes periods of interim vacation and absences.

LANGUAGE, HEARING, AND SPEECH CLINIC

The Language, Hearing, and Speech Clinic is part of the program of communicative disorders within the Communicative Disorders Department. Any regular student needing diagnostic or therapeutic assistance with language, hearing, or speech problems may arrange to secure the service of the clinic without charge.
