

**RESIDENCE REQUIREMENTS**

For the bachelor of arts, bachelor of science, and bachelor of vocational education degrees a minimum of 24 semester units must be earned in residence at Fresno State College; at least one-half of these units (12) must be completed among the last 20 semester units counted toward the degree. Summer session credit and credit earned in the California State College International Programs may be applied on this requirement on a unit for unit basis.

For special residence requirements see *Public School Credentials and Master's Degrees*.

For limitation on credit by extension and correspondence, see *Extension Classes*.

**SCHOLARSHIP REQUIREMENTS**

To qualify for any bachelor's degree a student must have at least a C average (2.0 on a four grade-point system) on his total college record, must have maintained at least a C average at Fresno State College, and must have at least a C average in his approved major.

See also *Education Division—Application for Admission to Credential Programs and Master's Degrees—Grade Requirements*.

**SPECIAL COURSE REQUIREMENTS**

Entering undergraduate students should note the following specific requirements:

(1) *Physical Education Activities* (PE 10, 40, or 50 series). Students are expected to take these activities during their first four semesters. The physical education requirement may be waived only on request for students who have medical excuse from the college physician, or who are 25 years of age or older. Requests for this waiver or any deviation in meeting the requirement must be submitted to the Dean of Students Office. Basic air science (4 semesters) may be substituted for the physical education requirement. See *General Education Requirements*.

(2) *English A* is now an optional course for students not passing the English entrance examination. Units in English A, which is offered in extension classes and summer session, will count as electives for graduation but will not satisfy any of the general education requirements. For assistance in remedying English deficiencies, consult the English Department.

(3) *Elementary Algebra and Plane Geometry* are required for graduation, if they have not been completed in high school. See *Mathematics Department—Duplication of Courses*.

**FOREIGN LANGUAGE REQUIREMENT**

Foreign language is not a general college requirement for admission to or graduation from Fresno State College.

However, some divisions and departments require the study of a foreign language as part of the preparation for specified undergraduate and graduate majors. In general, upper division and graduate courses in these fields require the use of foreign language. See division and department statements of majors for details and suggestions for appropriate languages.

Students following majors which require the study of a foreign language ordinarily meet the requirement in one of the following ways:

1. Students who have no foreign language credit from high school complete two years of satisfactory collegiate study in one foreign language.
2. Students who have high school credit or other experience in a foreign language and who wish to continue in the same language are required to take a foreign language placement test before enrolling in a foreign language class. Normally students beginning a new language will enroll in the 1A class. College credit
