Speaker 1

And how successful.

00:25:27:12 - 00:25:49:03

Unknown

We are receiving our services in life. That would be more important than that. Each one of us is flat and attitude, which sets the stage for what we want or expect to happen. Our bodies tell the world with respect and people respect excellence, and for that we give them the best we are asking for more than anything else.

00:25:49:06 - 00:25:52:29

Unknown

That's the for building.

Disappear in the darkness. Emotions of anger, hatred and jealousy not hurt anyone but ourselves and others. And right now, that's why they turn on the lights, stirring up the music. In our world it is to maximize taxes, offer opportunities, and somehow ask for. Don't miss out on this great opportunity. We're not sure if the is in our home, at work, and our contacts anymore.

00:26:57:29 - 00:27:02:13

When I walked in class, I could remember all the boys and girls laughing at me. I didn't know if it was.

Because I was new or because I looked different for them. My new teacher was asking me a lot of questions and drawing attention to me during recess. All my classmates began calling me names, but I just ignored them and I tried doing my best to be accepted. I would answer all the questions and try to be one lesson ahead of everyone in class.

00:29:40:29 - 00:30:10:14

Speaker 1

Education is very important in today's society and if you are not well educated, you are not accepted. As I was a high school diploma is not enough in today's world. The educational program has inspired me to become a teacher. People tell me it's not a high paying job. My response is there's more to a career and money. My commitment to education cannot be measured by my salary.

00:30:10:17 - 00:30:39:14

Speaker 1

My compensation is knowing that I have help, so to speak. One teacher that helped me to be with my seventh and eighth grade Spanish teacher, Mr. on. Speaker 1

Years later, I went back and I was told Paul Newman had passed away. I never had a chance to thank Mr. Newman for all the good he had done for me. Thank you, Mr. Newman, for making me realize that I am just the smartest anyone. And then I am accepted. Thank you, Mr. Newman, for being my inspiration. Thinking of you.

Many people often ask themselves, what is success?

00:33:55:18 - 00:34:22:03

Speaker 1

Everyone is striving for it. But do all of us know what success really is? Webster's dictionary defines success as a favorable result, something turning out as was hoped for. But what does that mean to you or I? I do not believe success can be described solely by this definition of success can only be achieved when an individual fulfills their own personal goal.

00:34:22:06 - 00:34:35:03

Speaker 1

That in all respects is what success is all about. For myself, my quest for success began as merely a child growing up. I was taught to be a leader, never a follower.

00:34:35:05 - 00:34:39:19

Unknown

I've come to believe that success can never be found in the shadow of another.

00:34:39:22 - 00:35:02:20

Speaker 1

And that you cannot appreciate success if it is simply being given to you that only when you put your whole life and so on, how can you really be successful at it? These ideals are what have motivated me to be successful in my high school endeavors. I have worked diligently through an honors curriculum while remaining active in both my school and community.

00:35:02:22 - 00:35:10:18

Speaker 1

My achievement has been through my service to others. It has given me great satisfaction to see the smiling faces of those I was able to help.

00:35:10:18 - 00:35:16:14

Unknown

And work with. Then on my journey through high school comes to an end. I direct my thoughts to.

00:35:16:14 - 00:35:33:24

Speaker 1

The future in the fall and plan on attending the University of San Francisco there. I'm a major mass media communications college has become my new goal. My four years at Notre Dame High School have taught me how high school your education can be for someone.

00:35:33:24 - 00:35:39:29

Unknown

Can take all your worldly possessions away, but they can never take away your education.

00:35:40:02 - 00:36:06:24

Speaker 1

As I enter college, I will continually reflect on these ideals which are simply stated in this poem. That first is set by an unknown author. If you think that you are being, then you are. If you think you'll lose, then you're lost. If you think you're outclassed, then you are. Life battles don't always go to the strongest or to the fastest man or out in the world.

00:36:06:24 - 00:36:23:13

Speaker 1

We find that success begins with a fellow's will. It's all in a state of mind. Thank you and good night.

00:36:23:15 - 00:36:25:06

With the cost of education steadily increasing, it will be harder for low income families to send their children to college.

00:38:58:20 - 00:39:19:18

The cutbacks in our schools will hold back the students of America. As a minority student, I know that these programs and the teachers at our schools are important and necessary is how we become who I am. If I had not been able to participate in school programs.

00:39:19:20 - 00:39:25:09
