Individuals who are fully classified and advanced to candidacy in (or graduates of) the M.S. in Counseling program (MFT option) and M.S. in Rehabilitation Counseling may elect to take courses leading to the Criminal Justice Counseling Specialist Certificate of Advanced Study. The certificate program is designed to enhance professional skills for counseling service within the criminal justice system. In addition to coursework required for the M.S. in Counseling (MFT option) and M.S. in Rehabilitation Counseling, students seeking the Criminal Justice Counseling Specialist Certificate of Advanced Study are required to take a total of 16 units in Criminology (in addition to prerequisite CRIM 100 or equivalent), 6 units of which may be used as electives in the M.S. in Counseling (MFT option) and the M.S. in Rehabilitation Counseling with approval of a faculty adviser.

Program Requirements

The required certificate courses include CRIM 153, 201, 203, and 281. (*Note:* Counseling students must meet with a Criminology adviser a semester prior to enrolling in CRIM 281.)

Master of Science in Criminology students seeking the Certificate are required to take an equivalent number of counseling courses: COUN 176, 200, 208, 232, and 239 with COUN 174 as a prerequisite.

(*Note:* Criminology students must meet with a Counseling adviser a semester prior to enrolling in COUN 239.)

Certificate of Advanced Study - Educational Technology

This certificate program is not currently accepting applications.

The Certificate of Advanced Study in Educational Technology is a postbaccalaureate program designed to provide professional and specialized preparation for the candidate interested in acquiring knowledge and skills essential for technology-related leadership in educational settings.

Students completing this program will be able to do the following:

- describe the current and potential impact of advanced technologies on education and society
- analyze instructional needs and determine viable uses of technology for meeting those needs
- select and develop appropriate technology-based materials that correlate to curriculum objectives
- model the effective use of technology within educational settings

- demonstrate an understanding of the equitable and ethical use of technology
- plan, implement, and evaluate programs that exemplify the effective use of technology to attain curriculum objectives

Up to six units of coursework taken while working on this certificate may be counted as elective units toward a Master of Arts in Education with an option in curriculum and instruction. Students who hold a valid California teaching credential may also apply to the Commission on Teacher Credentialing (CTC) to have their files reviewed for the supplemental authorization "Computer Concepts and Applications."

Students who wish to pursue either of these options while working on the certificate should state such an intent early in their program so they can receive proper advising regarding master's or CTC requirements.

Admission Requirements. See the admission requirements listed in the Graduate Education Program section of this catalog.
