Dear Jean:

Thank you very much for contributing to my fundraising reception with State Superintendent of Public Instruction Bill Honig. The event was a tremendous success thanks to your help.

Your support will help me to continue my efforts to provide the best education possible for our children, and insure that toxic wastes are transported and handled safely.

Again, I deeply appreciate your assistance and support.

Sincerely,

JACK O'Connell

P.S. I look forward to seeing you at my victory party!
