LA CUESTA ENCANTADA

CASA DEL MAR

SAN SIMEON, CAL.

Dear Miss Morgan,

I am
sort of discouraged about
the gardner

First he makes a jungle
of the garden. Everything
is too thick and rank.

Second there isnt any
order to the garden - not
any apparent plan.

Third there is no color.

Scheme and no apparent
feeling for color effects.
Finally the flowers are
everywhere beaten down
by too much watering.
The gardener waters them
as if he were putting out
a fire.

I think it may be possible
to retain this gardener
on the place if we could
get a tasteful gardener
to come down once a month
and give him a layout.

What do you think of
this plan.

Sincerely

W R Hearst.
