Dear Jane:

I feel sure that the letter you received must have emanated from the Southern California office. However, for your information: we forwarded \$400.00 to Boyd sometime last week from the North. Our funds are much more limited up here, but we certainly accept our share of responsibility for help to Boyd's campaign.

In addition to the above money, we have sent \$550.00 to the registration campaigns in Monterey, and San Luis Obispo. We hope to help Boyd further, but right now we have knocked ourselves out financially.

Sincerely,

Van
