Players Guild brings Stewart Rose to LV

By Al Schwartz

The Players Guild of Leisure Village is delighted to present the gifted performer Stewart Rose as our guest entertainer for the get-together on Thursday, March 20.

As a teenager, Mr. Rose was featured as a song and dance man on many TV shows in the New York City area. While in the U.S. Army, he won first

place on the Arthur Godfrey Show. Mr. Rose then went on to headline at the Mocambo nightclub and other such venues, due to his successful R.C.A. record, "I Complained."

With that as a start, he went on to costar in many musical productions, which included appearances with Chita Rivera, Jane Russell, Kathryn Grayson, Jane Powell and

Martha Raye. Going on to television, he was also in "Murder She Wrote," "Suddenly Susan" and "Lady Blue." Mr. Rose still does gigs in nightclubs and on cruise ships.

A reminder that the Players Guild is putting on the special annual show, "The Butler Did It," for five nights, April 23 through April 27. Tickets will go on sale in the Sun

Room on March 10 from 9 to 11 a.m. After that day, they will be on sale in the lobby Mondays and Fridays from 9 to 11 a.m. and on Wednesdays from 1 to 3 p.m. Seats are reserved, so by buying early you will be able to obtain the best locations.

Also, 2008 membership dues will be collected at the door. They are still only \$5 — yes, only \$5!

LV's very own drill sergeant

By Milan Weiss

Time goes by when you're having fun! And Rose Malhmood has certainly had her fun. She is a bright and active woman who has lived in the Village 17-1/2 years. She has a son in Durango, Colo., and a daughter living in Oxnard. She has seven grandchildren and four great-grandchildren.

Rose was born in Pittsburgh and lived there 21 years. She lived in the Hill district. She graduated Fifth Avenue High School, where she was a cheerleader. After school, she spent her time at the Irene Kaufman Settlement House, where she learned to act, dance and sew. They sewed costumes for Broadway-style shows. She also learned to sing and later sang on television in Los Angeles, where she won awards for her

How to get your tax rebate

Seniors need to be aware that those who would not normally have to file a tax return need to fill out only a couple of lines on their tax return for 2007 to get their rebate checks under the economic stimulus package signed into law a few weeks ago.

Those receiving Social Security and/or veterans' benefits need to file form 1040 or 1040A to note only their names, addresses, Social Security numbers and the amount of that income on line 20a of Form 1040 and 1040A. Low-income filers may be able to use Form 1040EZ to simply note that they earned income of at least \$3,000.

Low-income and moderate-income taxpayers can get help from VITA, Volunteer Income Tax Assistance, at (800) 906-9887. Filers who are 60 or older can call AARP Tax-Aid program at (888) 227-7669.

Joe Foraker, Village 30, is considered an expert on earthquake safety and was a regular contributor to the Orange County Register on the subject. Inside Leisure Village will be running a monthly column on earthquake preparedness and safety taken from Joe's earlier series published by the Register. See Page 8.

Dr. Sav Jivra, DDS, will be giving dental health tips and specific information to our readers. This month the subject is dental implants. See Page 12.

Please note the "April deadlines" box on Page 2. It states that all letters, club news, stories, photos and classified ads must be turned in no later than 5 p.m. Wednesday, March 19.

Also please note that the next ILV publishes on Friday, April 4. Club news items should announce events scheduled for after that date.

LETTERS

If you are a garden lover in Leisure Village, you probably know Robert Jacquez. He is the big, burly fellow with a ready smile. Robert is always ready to help make your landscape beautiful, no matter how small or challenging your area.

Lead man for landscape maintenance for 28 years, Robert, 49 years old, has become quite ill and is now on disability. Foreman Ray Rios says, "Robert was my right-hand man."

Robert needs help to defray medical costs, which are substantial, despite insurance. Donations, along with cards and/or letters, would be most appreciated by Robert and his family. Ray Rios and his staff at the LV main office will see to it that items get to Robert and his family.

— Susan Amerikaner, V. 17

Have we in the Village lost the "milk of human kindness?"

It seems with some of us who are opposed to not only bus shelters but golf carts on our course, we forget that there are many who need these things to live a happy healthy life in this place we call home.

Age and its impediments are inevitable; the effects of age will shape all of our lives at some point. Why should we deny those golfers who cannot walk the course anymore the ability to continue to enjoy the game? If it holds up our play, we can always limit the times or days

of usage to certain ones, but not deny the playing entirely.

How can we ask those of us whose kids or our doctor have taken away our car keys to wait in the elements when shelter can be provided?

"There but by the grace of God goes I." Let's not forget that one day, it will be "us."

— Arnold Grant, V. 19

Dora Cronyn, former longtime Leisure Village resident and a member of the Camera Club and the Golf Club, moved to her hometown of Newberg, Ore., three years ago following her 90th birthday in March. Although many of us have missed her, she has enjoyed time with family and friends while living in Friendsview, a retirement community similar to ours in Newberg.

Dora died on Jan. 21. She was well until the last few months, when her body deteriorated. Her sister-in-law said she retained her "wicked sense of humor" until shortly before her death. Her memorial service was held Saturday, Feb. 2, at the United Methodist Church in Newberg. She was a great lady, and we shall always remember her with joy.

Some of her beautiful flower photograph cards will become our Leisure Village Library decorations on the fireplace mantel the first three weeks of March. Do visit the library to see them.

REALTORS CORNER

Questions about flood insurance

By Sharron Parker
Troop Real Estate, Inc.

I am aware of one recent incident where the lender for a Leisure Village resident added flood insurance premiums to the property owner's monthly mortgage payment. The owner was given no notice and no opportunity to obtain the coverage for herself.

The property owner was not aware of any flood zone affecting the Village. I suggested that she contact the Association office. She was told to contact the city.

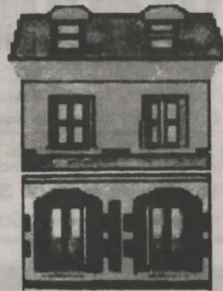

After a search of Federal Emergency Management Agency flood zone maps, the city confirmed that, in fact, Leisure Village is not in a flood zone and the additional insurance coverage was not necessary — a \$2,700 per year premium.

The property owner contacted her lender and after considerable effort and numerous conversations, she was able to demonstrate to the lender that it had placed this coverage on her property incorrectly.

According to FEMA, Leisure Village is not currently in a flood zone. Flood insurance is not required at this time.

If you or anyone you know in our Village receives a similar notice or increase in monthly payment for flood insurance, contact the city of Camarillo. They are most helpful. After obtaining the FEMA flood maps from the city, contact the lender to have this additional insurance and charges reversed.

THE GOLDEN YEARS

Stay inside during an earthquake

This is the first in a series to help Leisure Village residents learn about earthquakes.

By Joseph Foraker

Two of three fatalities of the Whittier Earthquake of 1987 occurred when the victims tried to escape shaking.

A college coed tried to flee from a sturdy parking garage and was killed when a panel fell from an outside wall. A young man was killed when he leaped in panic from a second-story window.

Do not attempt to leave a shaking building until the shaking has stopped.

Buildings are unlikely to collapse, even during a major temblor. Seek a doorway or get under a sturdy table.

If you remain calm while making quick but intelligent decisions, you are far more likely to escape serious injury or death.

BETTER BREATHING

By Lorraine Comer

Here we are already into March, flowers are blooming, the wind is blowing and spring is just around the corner. So, once again I remind you to remember better breathing techniques that will help you get things done a

little easier.

If you need a refresher, let's get together and discuss taking care of ourselves. As you know, during each session we discuss improving our breathing patterns so that shortness of breath does not become a problem.

As we all get a little older, better breathing techniques become more important.

Hope to see all of you looking to improve your everyday life the second Wednesday of the month at 10 a.m. in the Sun Room.

PLANNED GIVING

How Planned Giving program helps Village

By Lin Grant

Here's everything you wanted to know about Planned Giving but were afraid to ask.

Question: Leisure Village has existed for many years without Planned Giving. Why is it needed now?

Answer: Good question. Perhaps the function should have been created years ago to encourage donations to the Village from a will or an estate bequest. Perhaps the Board recognized the need after a bequest was received and there wasn't a formal mechanism to deal with it.

Question: What is the mechanism now?

Answer: If a donation is received with specific instructions on how the money is to be spent, Planned Giving will ensure that the wishes of the donor are carried out to the letter. If there are no restrictions to the donation, Planned Giving will work with the Board to find the most beneficial way for our community to use your contribution.

Question: How do I make the Village a beneficiary of my will or trust?

Answer: It's easy. Ask

for a form at the administration office. Fill it out — by all means consult your attorney — and when it is completed, return it to the Village office. The Planned Giving Committee will assist you in any way we can.

Question: If that's all Planned Giving does, why am I hearing about bus shelters?

Answer: Planned Giving has a dual function. Not only do we request estate bequests with the mandate to use the money as you direct, but we also want to fund — from undirected donations and our fund raisers — projects needed in the Village. We want to use these undirected funds and fund raiser monies to create additional beauty and function without raising the common charges.

Question: Is that why Planned Giving is selling granite blocks and creating a new walkway?

Answer: Yes. The goal of the Walk of Celebration is the creation of sheltered bus stops in our community. The profits from the sale of the blocks and trees go directly to the purchase of these desired structures.

PLANNED GIVING

GIVING

Continued from 9

Equally as important, the walkway will be a lovely addition to the Village.

Question: Why did Planned Giving decide to create sheltered bus stops in the first place?

Answer: A poll was taken, and Planned Giving received more requests for shelters than for any other project. The residents made their wishes known, and the Board supported the idea, since there have not been extra funds to do it within the budget.

Question: How was the bus shelter design chosen?

Answer: Our criteria included a structure that would not need Village maintenance, would not need painting and would be termite resistant. This led us to vendors who specialize in these structures, since local contractors do not have the structural engineering credentials to deal in metal products. The vendor chosen is located in Corona and has surpassed all of our LV architectural standards.

Question: How long until we get our first bus shelter?

Answer: We need more blocks sold. The beauty and utility of the selected structures make them more expensive — you get what you pay for — but worth it. Wait until you see them! You can check them out online if you wish. Call Lin Grant for the address.

Question: Does Planned Giving have other projects in mind?

Answer: Yes, we have a few and are looking for suggestions. We have been requested to consider creating a new social area outside the Rec Center, near the Billiards Room. It would be a party area for the whole Village to use and enjoy. We would also like to contribute drought-

resistant plants in front of the Rec Center to beautify the area. We'd need fundraisers for these projects as well.

Question: What can I do to support Planned Giving?

Answer: "Change happens when people show up." Therefore, "Show up for Planned Giving" is our slogan. Consider leaving a bequest to the Village from your estate.

Buy a granite block. Write a check outright to LVA Planned Giving. Come to our committee meetings the third Tuesday of the month at 5:30 p.m. in the Garden Room. Make suggestions and help us formulate plans. Work with your LV club to hold a fundraiser for Planned Giving. All profits come right back into the Village.

Question: Is there a minimum for a donation?

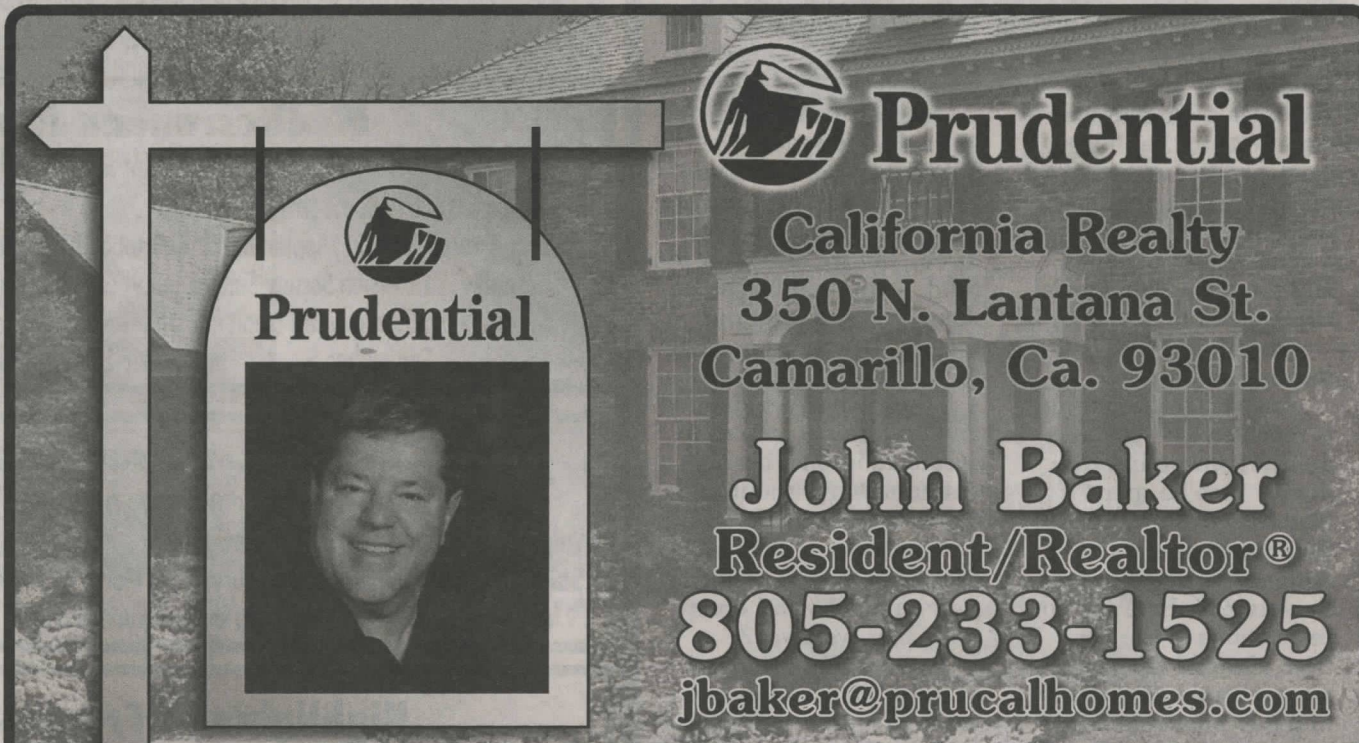

Answer: Heck, no. We'll even accept rolls of dimes to get the projects completed!

Question: What else?

Answer: The charter of the Planned Giving Committee is to raise monies outside of our common charges for the betterment and beautification of this wonderful place we call home. There are two ways of doing this: from a

bequest from your estate or from pure old-fashioned fundraising.

We recognize what a blessing it is to live here, and giving back to this community will sustain it. Please call me, Lin Grant, at 484-0609, or any other member of the Planned Giving Committee for questions, thoughts and suggestions.

DENTAL DIALOGUE

Are bionic teeth really possible?

By Dr Saj Jivraj, DDS
First in a series

Dental implants have revolutionized the way dentists can replace missing teeth.

Implant therapy offers many advantages over conventional bridges and dentures and in many cases is the treatment of choice.

JIVRAJ

No longer do dentists need to cut down healthy teeth for bridges to replace missing teeth. Cutting teeth down for bridges actually damages the teeth and reduces their long-term survival.

Patients have traditionally struggled with dentures. Today, implant options allow patients to chew effectively, thereby digesting their food effectively. There have been studies comparing patients who have dentures and those who have implant supported dentures. Those patients with conventional dentures were on more medications for digestive tract problems and were less able to digest their food. Those with implant supported dentures had better health and were on less medication.

Patients with dentures don't know that they are losing bone all the time and that the long-term outcome often is an elderly patient that cannot chew.

Any patient that has a missing tooth is a candidate for dental implants. Anyone in reasonable health who wants to replace missing teeth is a candidate. You must have enough bone in the area of the missing teeth to pro-

vide for the anchorage of the implants. Some people are missing all their teeth, and most of those are excellent candidates for dental implants, but today, we use implants to replace small bridges, removable partial dentures and even missing single teeth.

What is a dental implant?

A dental implant is nothing more than a metal screw that is placed into the jawbone. It acts as an anchor for a false tooth or a set of false teeth.

What is the success rate of dental implants?

This depends very much on where the implants are placed and what they will be called upon to do. The best case scenario is the placement of implants in the front portion of the lower jaw. Here success can be as high as 98 to 100 percent. In other areas of the mouth,

success rates can drop significantly. According to figures that we have today, the success of implants in the front part of the upper jaw are anywhere from 90 to 95 percent. Success rates of implants in the back part of the upper and lower jaw can be in the 85 to 95 percent range.

Why have dental implants become popular?

As our life span increases, the need for some type of permanent dental replacement system becomes very important to our overall health. Dentures and removable bridges have obvious problems: They are loose and unstable. Implants can provide people with dental replacements that are both functional and esthetic.

ing lamps. She joined the Pittsburgh Playhouse, did some acting and sold some tickets. She then spent time at the Massachusetts Summer Playhouse. In between rehearsals, she sat around listening to stories by famed actor John Carradine, which was fun.

Perhaps the highlight of her life, before her family and marriage, was when she joined the Women's Auxiliary Army Corps, WAAC, which later became the Women's Army Corps, WAC. She was a drill instructor, and her unit won a bronze plaque for drilling against a detachment of Military Police in Philadelphia. She spent most of her time in the WAC at Bombadier Field, Big Springs, Texas.

From Texas, she was sent to Des Moines for basic training, then shipped to Europe. She spent time in Scotland, France, and then at Garmisch-Partenkirchen, Germany. At the completion of this tour she was sent back to Fort Dix, N.J., for discharge. She had spent 31/2 years in

the WAC and left as a Staff Sergeant.

After her move to the Los Angeles area, she lived in North Hollywood, Encino and Tarzana. Among her interests are decoupage, sewing, going to plays and watching movies on TV, where she can "sit and fall asleep." She loves to play Pan, which she does Monday evenings and Friday afternoons here in the Village.

Her favorite vacation is in Pittsburgh, where she can visit with family. Her favorite place is Leisure Village, "the best place I could be." She also likes to eat out occasionally, and her favorite food is Italian.

She no longer drives but uses Dial-A-Ride, which she says is wonderful.

Rose is a woman with a delightful attitude and a few nicknames. When you see her, just call out "Sergeant O" or "Sergeant O'Toole," or, if you're brave enough, "Hi, Okie," which was how she was addressed in the WAC. And, you'll probably have her reminiscing about the days she loved serving her country.

Are you uncomfortable with current markets?

If you are concerned about current market conditions, you may be surprised to learn that you can invest in securities, known in the marketplace as "Principal Protection Notes", that offer similar return potential as traditional investments, yet also provide principal protection against a market decline when held to maturity (subject to the credit risk of the issuer).

Unlike traditional fixed income investments that pay predetermined periodic interest, the return on Principal Protection Notes is determined at maturity based on the performance of the underlying investment.

Principal Protection Notes can give you exposure to a wide variety of underlying investments or strategies, including benchmark indices, stocks, interest rates and even commodities or currencies.

sure Village and have an RV, come to our meeting. We enjoy meeting new people.

Billiard Club

By Jack Quinn

The club completed a six-week course in pool shooting and strategy classes. Many thanks to the instructors who gave their time and knowledge to others so that they may become better players and to the newcomers who show a genuine interest in pool. The students are the key people who will make the classes a success by practicing what they have learned.

The current 9-ball tournament is providing lots of excitement and fun for the participants and spectators alike. The 9-ball game requires a combination of skill coupled with some luck. It is a fast game and gets the adrenaline going. Good luck to all the participants.

The new 2008 Billiard Club book is being printed and provided by Fox Home Real Estate. Mark your calendars for the monthly meeting on Tuesday, March 25, and friendly get-together after the meeting.

Women's Club

By Eldora Barton

Our general meeting was on March 6 in the AR at 1:30 p.m. and featured the inimitable Tatjana singing, dancing and sharing her stories.

Coming in April are the Razzmatappers, a senior performing dance group that is new to us. This lively troupe includes performers who have appeared on Broadway, TV

and in variety acts. They are gold-medal winners in the senior category of the North American Tap Dance Festival. It seems like an afternoon made for our enjoyment: Thursday, April 3, in the AR at 1:30 p.m.

The two above presentations will have a \$2 charge for guests. Refreshments will be served, as always.

The Tuesday Workshop has a knick-knack table showing primarily retro jewelry. If you have any jewelry pieces that you no longer want and would like to put them in circulation, please consider donating them to the Workshop. We appreciate them. Also, if you have yarn or fabric for which you no longer have use, that, too, we would be gladly put to use. If you would like to join in any of our activities, do come by and see us. Workshop hours are every Tuesday in the MPR from 9 to 11 a.m.

See's Candy certificates are also available for \$12.75. Call Donna at 987-5627.

Village Painters

By Aurelie Zachary

At our February meeting, we completed the Valentine hearts for the children at Casa Pacifica. Some of us worked on them at the Art Workshop. The box of 75 Valentines were delivered to Casa Pacifica on Valentine's Day.

We viewed the tape of our November show of paintings. It was very well done by Bob Bond.

At our March meeting, we will enjoy a speaker who will talk about Norman Rockwell. All are welcome.

Paintings in the library for the month of March are by Marty Ettinger.

Racquet Club

By Anne Wolfson

The Racquet Club meets the second Wednesday of the month in the Multi-Purpose Room. We are a very active group of tennis, paddle tennis and table tennis players, and we welcome all Villagers to

join us!

Our speaker for February, Harriet Litt, gave a very interesting talk on "Rainforest Action Network," the organization campaigning to break America's addiction to oil, protect endangered forests and indigenous rights, and stop destructive investments around the world. The audience participated in ways we can help.

Our guest speaker for March 12 will be Ksenija Peharda, who will speak on, "Beating the odds with physical and mental exercise." Dr. Peharda, who is board certified to practice internal medicine, came to this country years ago from Yugoslavia to escape Communist rule. Next year will be her 30-year anniversary in medicine! In recent years, she has focused her practice on women's health and adult and geriatric patients.

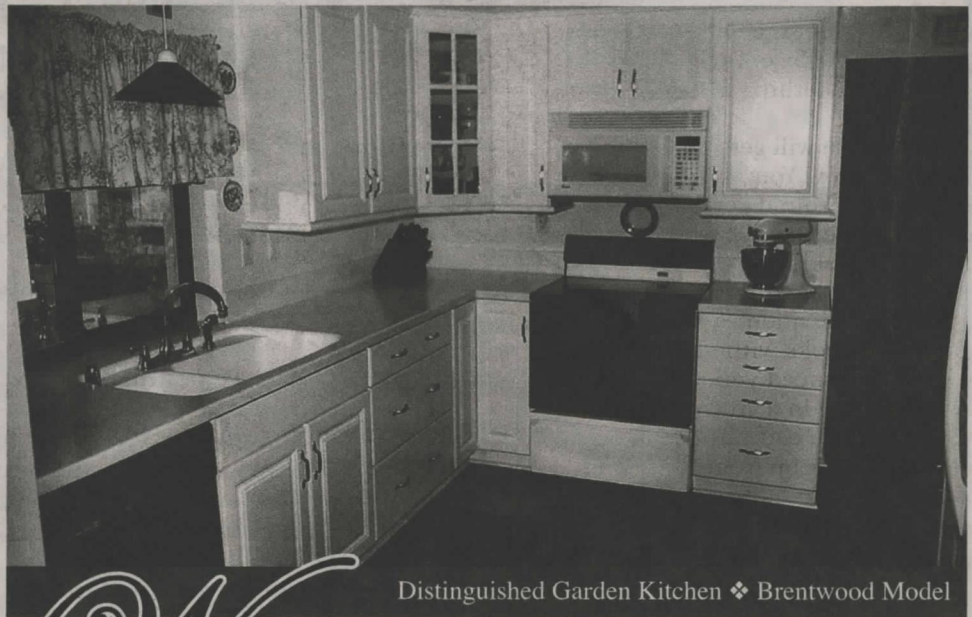

Be sure to put March 12 on your calendar and join us for a very interesting meeting, including refreshments!

L.V. Exercise Group

By Milt Mankoff

Crisp winter weather is still with us, but members of the Leisure Village Exercise Group are looking forward to spring activities.

Next on the list is the Members-Only Breakfast in May. This event caps the annual membership drive. All paid-up members are invited to enjoy bagels, cream cheese, muffins and coffee after morning exercises.

Then there is the CATERED Dinner Picnic in June. President Jerry Cohen and group officers are now planning this event. Shiphrah Maller capably tends to reservations and details.

The Leisure Village Exercise Group has been in existence for more than 20 years. Exercises are directed by volunteer leaders Monday through Friday from 8:30 to 9 a.m. at the Pool Pavilion. Many senior adults tend to be physically unsteady and subject to falling. This program is designed to help improve balance and give a more secure feeling. Coupled with the bending, stretching and cardiovascular movements, it makes for a well-rounded senior program.

Annual membership dues are only \$4, and all residents are welcome to join the Leisure Village Exercise Group. Make the "exercise way" a good way to start your day.

L.V. Mens Golf Association

By Mannie Abbate

The monthly meetings are held on the second Tuesday of each month in the MPR at 2 p.m. The pre-meeting refreshments are served at 1:30 p.m. Come early and chat with the members. Get 50/50 tickets for the monthly drawing after the meeting.

Second Vice President John Palmer and his helpers are working hard to improve our golfing experience. Every Tuesday at 7:30 a.m. before the scheduled tournament, we have coffee before tee-off, and this is followed by soft drinks and beer when we finish playing. On meeting days, we have coffee, juice and buns at 7:30 a.m., and either a putting contest or a chipping contest with prize money for the winners. All you have to do show up, even if you don't play in the Tuesday tournament.

Every Tuesday morning we have a tournament on our home course. You can bring a potential member and play with him if you make arrangements a week in advance at a weekly tournament before play starts. Speak to Don Hamilton so he can arrange the schedule for you.

On Feb. 24, we hosted the Chili Bowl in the AR. Last month the event was postponed due to bad weather. This time we hope the luncheon has taken place as scheduled. Our two Johns, Palmer and Wirtz, were ready, and we should have had another great luncheon and mixed golf tournament.

We played Mountain View on Feb. 28. This course is now in the record books for a golfing first, a 20 million-to-1 shot. Two men playing the

Saturday Night Dance

By Milan Weiss
The Saturday Night

Dance Party ripped through February like a big wind! And, it wasn't short of dancers. There was Joe and Carole Miller, Joseph Bonamono and Gloria King, Piff De Simone and Joyce Belcher all having a wonderful time and enjoying the dancing.

If you noticed — and you probably have — Howard and Helen (H&H) Koehn staked a claim on the northwest corner of the AR. So watch your steps in this area! They're tough!

And there was Rhoda and Ben Smithkin having a good time, and Rhoda was practicing moves with her parasol before the big Mardi Gras parade led by the ever-present and talented Andrea Moran, who was followed by the second-liners (dancers) who followed her lead. And yes, they danced

around the dance floor, New Orleans style, and the band played on — and on and on!

This month will be a big dance month for the Saturday Night Dance Party. Five dances are scheduled in March for your dancing pleasure. And if you're counting or looking forward to the promised theme dances, there are two in March: Country Western and a St. Patrick's Day Dance. As a

reminder, the wearin' of the green is appropriate for anyone and all.

Here's the band schedule for this month: March 8, Jerry Dokken Quartet; March 15, Caravan (and this is the St. Patrick's Day Dance); March 22, the Jerry Dokken Quartet again; and then the Aristicats close out the month on March 29 with their style of music that says,

Writers Club

By Lois Keeler

The Writers Club meets every Monday at 1 p.m. in the Sun Room. New members are drifting in, and we surely do welcome them.

As I have said before, we are a club, not a class. We enjoy all styles of writing and come away from each meeting feeling enriched with new ideas and enjoyment with the members. Come give us a listen.

Our club has been asked by Frank Roth, Chairman of the Camarillo Academic Olympics Committee, to judge the final entries in the Creative Writing Contest from students in the Somis and Camarillo schools. The competition is in two divisions. Division I is sixth, seventh and eighth graders, and Division II is fourth and fifth graders. Almost 100 students competed in the first round, and the top three or four students in each school are now ready for the final round. We feel honored to be asked to judge and look forward to the interesting topics and styles we will see. We'll let you know next month.

Hope to see more new faces at the next meeting.

Eduardo Bruzzone's "Old Shop Door" took first place in the Camera Club's Open category in February.

SAS has joined the rest of the world and is phoning as many singles as we can to inform them about our meetings. The voice you hear is Judy Seigel, and she will be calling to remind you of the meetings from now on.

The March 11 program will be Dr. Aaron Shovers, who recently moved into the Village. His subject is "How To Deal With Nutty People." Since we encounter many nutty people every day, including this writer, I think we will really appreciate his insight.

On March 18, SAS will be airing a romantic comedy, "License to Wed," featuring Robin Williams. This movie promises

laughs up until the end. Come and enjoy!

Remember, the first and second Tuesdays of each month, the meetings are held in the MPR, and the third and fourth Tuesday meetings are held in the Annex. Come to the Annex on March 25 and learn to play Manipulation! You'll be happy you did! The meetings are always at 7 p.m. See you here and there!

Ward off telemarketers

Submitted by Betty Murray, V. 42

Tired of telemarketers? Try:

- 1) Tell them to talk very slowly because you want to write everything down.
- 2) Tell the person you are under "home incarceration" and ask if he could bring you a case of beer.

3) Ask him to spell his name and his company's name. Ask where it is located. Use your imagination.

4) Pretend you recognize the person. "Judy, is that really you? Oh my! How have you been?"

5) Never give out personal information. Just hang up!

Special poem for older folks

A row of bottles on my shelf
Caused me to analyze myself.
One yellow pill I have to pop
Goes to my heart so it won't stop.

A little white one that I take
Goes to my hands so they won't shake.
The blue ones that I use a lot
Tell me I'm happy when I'm not.

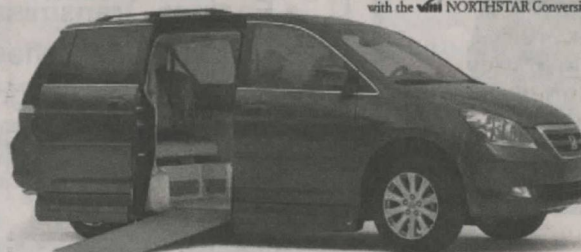

The purple pill goes to my brain
And tells me that I have no pain.
The capsules tell me not to wheeze
Or cough or choke or even sneeze.

The red ones, smallest of them all,
Go to my blood so I won't fall.
The orange ones, very big and bright
Prevent my leg cramps in the night.

Such an array of brilliant pills
Helping to cure all kinds of ills.
But what I'd really like to know
Is what tells each one where to go!
