Sr. Care Facility Next To Village

By Lois Atz

Many villagers are interested in the proposed development of the land parcel on Santa Rosa Rd., which is adjacent to R-N market and LV. Pardee Construction Co. is the present owner of the land and recently proposed building 2-story apartment buildings there.

The Camarillo City Master Plan shows this parcel to be zoned for commercial use. For multiple residential use, the parcel would have to be rezoned, which would be a tough battle.

When Pardee's plans to move on developing the land became public recently, *Inside Leisure Village* asked residents to contact Pardee's local office to give them their reactions and suggestions.

One resident wants a really nice restaurant built there, keeping the land commercially zoned. However, one longtime business owner in Santa Rosa Plaza claims that when Leisure Technology sold the property to Pardee years ago, it placed a title restriction on the deed. Santa Rosa Plaza is commercially developed, but all tenants must close by 10:00 p.m. every night. This title restriction undoubtedly was aimed at keeping the area quiet at night so villagers would not be disturbed. Over the years several prospective market tenants have rejected this location because they wished to remain open until midnight. No big restaurant with a full bar would build on the other parcel if they must close by 10:00 p.m. every night. See CARE.....Pg. 6

"H.M.S. Pinafore" A Treat For Villagers

By Betty Murray

"H.M.S. Pinafore" had a one-night stand in Leisure Village on August 10. This Gilbert and Sullivan comic opera, a Comedy Tonight Production, came through the influence of Jackie and Bernie Solway, V.33, who are board members of that group. The musical comedy was professionally precise, a complete package of scenery, costumes, live musical accompaniment, fine voices, flawless delivery, excellent direction, and was pleasingly light-hearted. Players Guild technical

staff assisted in sound and lighting services.

The surprising facet of this production is that all the performers and production staff are volunteers, like members of the Players Guild in Leisure Village. The money derived from tickets all goes to pay production costs. Nobody gets paid.

Jackie Solway, speaking of the enthusiastic reception in L.V., said that future productions may also be offered to the L.V. audience sometime in 1998.

INSIDE LEISURE VILLAGE

• OPINION •

Most Valuable Citizens

A lot of the charm of Leisure Village comes from the cooperation that villagers give to one another and to Leisure Village itself. It is practical to have competent paid employees doing the every day chores that are necessary to keep us functioning. However, to give direction to those employees, the owners have to make decisions about how we wish to proceed.

That is where the volunteers function. Various aspects of life in the Village have been divided into categories and each is headed by a committee devoted just to that function. The names of the committees are self-explanatory for the most part:

Architectural, Building and Grounds, Channel 12, Education and Recreation, Emergency Services, Finance, Plumbing Maintenance, Purchase Research, Safety and Security, Landscape, and Travel Committees reflect just about all the Village's physical properties and the villagers' activities.

September is enrollment time for all the committees. Well established residents place their names and applications in the running for the committees almost automatically, and it is hoped that newer homeowners have seen the picture and have offered to assist in one or more committees of their choice by the time this article is published. That is the point!

The voluntary work that our residents perform remains about the most important and valuable contribution to the smooth functioning of the community as a whole.

Our General Manager and Department Heads are all capable people who perform their tasks skillfully and cheerfully -- just to please us. But the intelligence and experience of hundreds of villagers help direct that skill to accomplish what we desire in our community through the committees and then through the Board of Directors.

Join a committee and join the ranks of most valued citizens of Leisure Village.

Seating Improvements Are Sorely Needed

Seating arrangements for the guest appearance of the "H.M.S. Pinafore" production in mid-August pointed up the need for improved seating arrangements in the Assembly Room.

More than 300 people were seated closely together in a reserved seat format. Many short people seated in the back half of the room could not see the stage at all, or had a severely limited view.

The situation has been complained about at various times for a number of years. Since people in the Village are working to bring "Headline" performers, as well as the fine Village productions which are presented, it would be appropriate to study the situation to make sure a performance can be equally enjoyed by every ticket holder.

ABOUT NEXT MONTH

Coordinator for the next month will be Betty Murray. Please follow guidelines and be as brief as you can. Deadline for the September 26 issue will be Monday, September 8, 1997 at 5:00 p.m. To arrange for a photographer, call coordinator at least 3 days in advance. Do not call photographer.

RESIDENTS' OPINIONS

Letters

ILV has obligated itself to publish letters to the editors that are not profane or libelous. Views or statements expressed are the beliefs of the writer and are not necessarily supported by the staff of ILV. Letters must include signature, address, and telephone number. Please limit letters to 250 words. We reserve the right to edit and/or condense. Place in ILV box or give to Coordinator of the month, as listed on page 2.

Garden Plots

As a paid up member of the Farmers Club and a plot holder, I have been told by a dozen people the difficulty of getting a garden plot.

The reason for the apparent shortage is because a number of people have more than one plot.

One person, we are told, has at least three plots including one in the name of a dead man.

Bill Berman, V.7

I wish to thank all the many Leisure Village friends and neighbors who sent get well wishes while I was in the hospital for surgery.

Bernice Brabander, V.6

Thank you dear friends and neighbors for all of your calls, cards, plants, and visits to the hospital, goodies, etc.

This has helped me recover from my recent surgery. God bless you all.

Mardy Fanta and family, V.41

I want to thank the kind people who took the time

I am doing well and expect to be out and around among you before too long.

Thanks again - God bless.

Rita Cooperman, V.7

The Family of Rudolf Regen wants to thank each and everyone of you for the love and friendship you have expressed during his illness and subsequent passing. He loved living in Leisure Village and was an active participant in many of its committees.

My dear loving friends and neighbors, a simple thanks cannot express my gratitude for all the love you showed for Bob and me. You have reached my heart and lessened my pain with your caring and continuous support. Thanks.

Tribute To Marguerite

Marguerite Abdelnour, lost to L.V. in July, was lovingly remembered in a tribute written by her daughters. Unfortunately, no names or telephone numbers nor any way of confirming facts was included with the letter, hence ILV cannot print it, in accordance with our stated "rules."

We are sorry Camille, Jeanne, and Carole. All Leisure Village knows the kind of active, generous person your mother was, and she will be missed, perhaps more than even her children may know.

Robert L. Chass

The Village lost a leader when Bob Chass succumbed to cancer in July after a long illness. He and wife Dia lived in V.31. Bob served a two-year term on the LVA Board of Directors 1985-87. He then moved on to work as chairman of the Village Travel Committee for 12 years.

Before retirement he was an engineer working on smog control. He was a graduate of Carnegie Tech.

Max Klapperman

Max Klapperman, V.34 who has been the good natured and willing photographer for Inside Leisure Village for several years, has decided to retire--again. He has been much appreciated for his participation in producing illustrations for the paper, and co-operating with Staff even on last-minute requests. Max will continue to take pictures of trips, friends, and family, but gives up his association with "the press."

Vic Fledge, V.7 makes his inaugural appearance in ILV as reporter and photographer in this issue. Watch for his work, he's got a nose for news.

Anniversary Party

Recently, we marked our 55th wedding anniversary, and though we have no family with whom to share important events, we found that living in Leisure Village is a dream come true.

Gudi Amerikaner of V.17 coordinated an afternoon of celebration, together with Susan Rockwell, Mgr. of the Rec. Ctr. and her able staff, and a number of wonderful residents to assist her.

Since we were not allowed to help in any way, we did not know what to expect, but we were overwhelmed by the

number of people who attended, the cards and tributes we received, and most of all the warmth and sincerity displayed by everyone.

Jules Nayfack was Master of ceremony for the afternoon, performing as only he can do, the food and drink were outstanding, and all in all we had a celebration with our "extended family" which we can never forget.

We want to express our wholehearted THANK YOU TO ONE AND ALL. We owe so much to so many!

MEET YOUR NEIGHBOR

By Mildred Cherin

Meet Your Neighbor Group meets in the Garden Room the last Friday of the month at 1:30 p.m. Hildi Taylor is chairman of the group.

In July, Jack Whalen spoke about the Inside Leisure Village paper in which he writes the column for Channel 12. Jack said that Channel 12 is on the air twenty-four hours a day. He introduced the cameramen for Channel 12, Bob Vanderhaven and George Huddleston, who were taping the meeting. There are ninety-five clubs in Leisure Village, and volunteering expresses the whole spirit of Leisure Village.

Irv Goodnick spoke about the Players Guild which meets every third Thursday of the month and is followed by a workshop stage presentation.

A report was made by Jules Nayfack on the Chorus, Keyboard Club and the Sing-a-Long.

Irwin Porges - Man Of Letters

By Herman Waltzer

The life of Irwin Porges, V.13, belies George Bernard Shaw's acerbic one-liner "Those that can, do; those that can't, teach".

Irwin started writing seriously as a child in his native Chicago area. Before, during, and following his professional teaching career, he has written many published magazine articles and books. Among his many published works, he considers as his "Magnum Opus" the biography of Edgar Rice Burroughs, best known as the creator of the Tarzan series. According to Irwin, this volume is regarded as the definitive work on Burroughs life and accomplishments. His spouse, Cele, helped greatly by doing an enormous amount of research at the Burroughs family warehouse which contained Burroughs manuscripts and memorabilia. This was done over a period of several

Photo by Klapperman

Cele and Irwin Porges years.

Another notable book authored by Irwin was a biography of Edgar Allen Poe,

also produced with the help of Cele's extensive research mainly in the awesome stacks of the UCLA Library. His other published books include one dealing with violence in America (one of the first on this subject) and another on sea stories. Mystery stories published in the Alfred Hitchcock Mystery Magazine and science fiction stories in other magazines are among his other literary accomplishments. He also co-wrote the script for the television show "Sunset Strip" with his brother, Arthur Porges, who is a well known author in the science fiction genre.

Irwin's career as professional educator started after serving four years overseas in the Air Force as a control tower operator. After earning a Bachelor's degree, he began teaching at the elementary school level. Subsequently, he taught journalism and creative writing in a San Fernando Valley high school. During this time he also ob-

tained a Master's degree and completed course work toward a Ph.D. He gives as a reason for not completing his Ph.D. dissertation that he "was too busy doing (professional) writing". Eventually, he was appointed to the English Department staff at Valley College where he taught Creative Writing. He retired from the college after fourteen years.

After his retirement, Irwin and Cele lived in Europe for six years where they resided in Portugal (a nice location

for writers, according to Irwin), Spain, Southern France, Italy, and England. A highlight of their European travels has been the Isle of Capri which they have visited at least a dozen times until 1988. Irwin fell in love with Capri's idyllic setting when he was sent there for R and R during military service.

Prior to military service, Irwin had been active in the music field, both classical

and popular. Here in Leisure Village he has demonstrated his talent many times in Keyboard Club monthly recitals. Club members who have heard Irwin play piano with Bill Marvel on the keyboard, classify hearing their duets as a great experience. These "jam sessions" are really enjoyed by their audiences.

Irwin has also conducted a Village class in all types of creative writing which was unfortunately discontinued due to lack of participants. He is willing to form a new group if enough Village interest is shown.

Some personal data: The Porgeses have resided in the Village for more than six years. They have one son, three grandchildren and two great grandchildren, none of whom are writers. The walls of their home are adorned with abstract paintings by Cele, reminiscent of exhibits in New York's Museum of Modern Art. They also have an antique piano for their pleasure.

In addition to his achievements prior to moving here, Irwin Porges is a good example of a resident who has contributed to the intellectual and entertainment activities in Leisure Village.

High Water Pressure The Silent, Invisible Danger

Photo by Vic Fledge

Vern Tyler (rt.) and Ken Rudnick check pressure on a water line.

By Vic Fledge

Now that Vern Tyler and his Plumbing Maintenance Committee crews are checking water pressure valves throughout the villages, it is a good time to do some preventive maintenance in order to reduce costs of possible repairs.

High water pressure can cause leaks in the washing machine, toilets, sinks, wash basins, and the resulting flood damage to carpets, linoleum and furniture could be expensive to repair. A simple solution for avoiding this danger is to install a water pressure release valve which opens

when the pressure exceeds 75 lbs. psi. Water is then directed to an outside area where it can do no harm.

All Village homes are equipped with water pressure regulators; however these may become ineffective after a few years allowing the water pressure inside the house to rise to dangerous levels. All home owners who so far have not done so, are advised to purchase a relief valve through the Administration Office. Cost is \$10.86. Arrangements will then be made to have it installed free of charge by the plumbing volunteers.

65th Wedding Anniversary

By Dorothy Ball

With 65 years of wonderful togetherness behind them, Rose and Myer (Mike) Ball spent a weekend at the Beverly Wilshire in a family celebration.

They both say that their wedding day in Detroit, Michigan, on August 2, 1932, seems like yesterday. Bringing up a son and a daughter, and watching the growing-up of five grandchildren and a great-grandchild added to the joy of their daily lives. That the family all live in the Los Angeles area and frequent contact is easy, is like icing on the cake of family

Rose and Mike Ball

relationships

Although they lived in Detroit for many years, Rose and Mike moved to Chicago, Illinois, where Mike continued working in the ladies apparel business. After retirement they

moved into Village 20 in January, 1978 and joined the early residents who felt Leisure Village was HOME. Both took advantage of the many activities available in the Village, and enjoyed playing golf, bocce

ball and shuffleboard.

They traveled extensively, visiting such exotic places as Spain, Portugal, Morocco, Israel, Thailand, Malaysia, Japan, Hong Kong and Singapore.

Being active members of organizations was a pleasant way to enjoy each day. It made them feel that their time was being spent profitably, both in personal gratification and in knowing that they were helping to service others who were less fortunate.

Mike is a charter member of B'nai B'rith and was the first president of the

Deliverance Chapter of ARMDI which is equivalent to the American Red Cross and provides ambulances for Israel.

Rose has been an active member of Hadassah, Jewish Women International and Women's American ORT (Organization for Rehabilitation and Training). Together they were active members of the City of Hope.

Family and friends wish Rose and Mike continued health, happiness and more anniversaries together.

CARE.....from Pg. 6 10:00 p.m. every night.

Some villagers wrote to Pardee to suggest the construction of a senior care facility. This is currently in the talking stage. The Marriott Hotel chain is in negotiations with Pardee about the possible development of such a major building, with a dining room, housekeeping services and assisted living features.

What about the zoning? Pardee spokesman John Osgood states that a Con-

ditional Use Permit from the Camarillo City Planning Commission would be needed. Pardee plans to apply for such a permit in October or November of this year. Public hearings on the Conditional Use Permit would then be held, probably in January. Marriott's deal with Pardee would be contingent on getting such a permit from the Planning Commission and approval by the City Council.

The *Camarillo Star* will carry events as they come

up and *Inside Leisure Village* will continue to monitor the proceedings. Pardee has promised to keep the LVA Board of Directors informed of developments.

Letters to Pardee from the Village opposed the building of apartments next to the Village. Residents who favor the senior care facility option can lobby for that by contacting the Camarillo City Planning Commission and City Council members.

What You Should Know Before You Hire A Contractor

**By Emanuel F. Abbate,
Chairman Of LVA
Architectural Committee**

The State of California Department of Consumer Affairs has a brochure prepared by the Contractors State License Board that is a very informative source of important information. Every homeowner contemplating having construction work done to his home should take the time to call the California Contractors State License Board (CSLB) and ask for a copy of this booklet. The office is located at 1787 Mesa Verde Ave. #110 in Ventura. The phone number is (805) 654-4515.

This brochure clearly states many of the things the Architectural Committee has been telling you and those cautionary warnings that others in the Village have been bringing to your attention. The good part about having this brochure available is that it contains most all of the information one needs to know in one document. It gives advice on the steps one should take to select a reputable and qualified contractor; how to negotiate a clear contract, how to prevent disputes with contractors, and how to resolve disputes when they arise.

Even more importantly it emphasizes the importance

of doing some homework **before** you sign an agreement with a contractor. It tells about the licensing requirements for contractors and questions you should ask. You will learn about your rights and the contractors' obligations to you.

(a) The law requires the contractor to give you written notice of your right to cancel a contract within three business days of signing it if you sign it in your home. If you sign it at the contractor's place of business then you are **not** entitled to the notice.

b) When you decide to become an "owner/ builder" because you were told you can save money that way, you may be making a big mistake. As an owner/ builder **YOU**, not the person you hire to do the work, assume responsibility for the overall job. This may include such things as State and Federal taxes, worker's compensation and other legal liabilities. Unless you are very experienced in construction

matters, it is best to leave these to a contractor.

(c) Some warning signs of possible trouble ahead are:

- 1) You can't verify the contractor's credentials;
- 2) You are promised a lower price if you let the contractor use your home for advertising purposes;
- 3) The price is good only if you sign up today;
- 4) You are unable to verify that the contractor is licensed, insured, and/ or bonded, when required;
- 5) You are asked to pay for the job in advance or you are asked to pay in cash.

This is just a sample of the information you can obtain from this booklet. I strongly recommend you call for a copy even if you are not ready to negotiate for Home improvements now. You will be better prepared when you decide to do so.

The number again is (805) 654-4515.

L.V. RACQUET CLUB

By Ida Kubica

The July Racquet Club meeting was opened with a tribute to Al Feldman for his heroic feat rescuing a potential drowning victim at the pool. Al was not present to receive the 'prestigious' award, two rolls of lifesavers. The Club is proud of you, Al.

The July 3 paddle tournament was won by Al Zelmon, Bob Kumler, Al Simon, Mike Shapiro and a tie between Shirley Law and Betty Stallman. Paddle tennis lessons will resume in late September or early October. Watch the bulletin board.

Karaoke anyone? Sing along: all can do that. November 1 is the date in the AR. Steve Luke, a professional MC will guide

groups, duets or singles. Casual dress, casual food will be in order and this is better than watching the tube. Dance music will also prevail.

Watch this space for more details, and mark calendars now.

Mystery Guest Les Solomon gave us a peek into his past. Born into a wealthy Chicago family, the depression forced them to seek a new life. In 1931, parents, Les and brother Aaron, took off for California in a Hupmobile touring car. Knowing the limitations of that car, it was a heroic three week accomplishment. An occasional hotel and the generous farm families helped them along the way, at a nominal fee.

Settling in what is now known as the Fairfax community, Les and his brother went to Fairfax High School, where Les learned to play tennis. Following

that, he worked at McDonnell Douglas until the end of WW II. Real Estate was his next career. Les joined the sales force at the opening of Leisure Village in 1973. There he met and married Ann. Tennis once again claimed top priority winning with Les numerous tournaments, as the trophy plaques in the AR foyer will attest.

It's time for another view and style of writing. The Racquet Club publicity position for 1998 is open for any aspiring writer or computer buff. Call Ida at 388-0628.

September 10 is the next meeting at 7:30 p.m. in the MPR.

WATER AEROBICS

By Bernice Knebel

August 29 marked the day of Water Aerobics' annual gala honoring Marie Hergenroeder, leader for some twelve years and Ruth Resnik, her assistant.

The audience was enchanted by Chinese Folk Dancers, Margaret Hin and Kristina Hin. Moods soared to the music of Maxine Hollingsworth at the organ.

The lavish luncheon met the tastes of everyone, and included four kinds of meat, four kinds of cheese, tuna, chicken, pasta and potato salads and a dessert of fruit ambrosia topped with real whipped cream.

Members never had it so good. You should have been there!

SHUFFLEBOARD CLUB

By Virginia Shine

The Shuffleboard Club held its annual picnic on August 5 in the Pavilion. Members and guests enjoyed delicious chicken, potato salad, fruit salad and dessert. Cakes were provided by some of the members, and there was a drawing for doorprizes. After the picnic, those who wished to do so stayed to play shuffleboard.

The Shuffleboard Club meets the first Tuesday of each month at 7:30 p.m. in the MPR. Regularly scheduled play is Monday at 9:45 a.m. and Tuesday at 9:30 a.m.

I was really too honest a man to be a politician and live.

The Rhythmette Club members had a wonderful get-together on August 19 at the annual picnic held in the Pavilion. It was attended by more than 40 members and guests. Entertainment was by the "Goldenairs" with their beautiful harmonizing of the golden oldies. It was a pleasure to have them and

they were greatly enjoyed by everyone.

Good food, soft drinks, coffee and dessert were served and as a surprise, a large birthday cake was brought in and everyone sang 'Happy Birthday' to all celebrating a birthday in August, especially Bessie Zimmerman who is 95 years "young".

On Tuesday, September 2 from 1:00 to 2:30 p.m. in the AR, the music sessions will start and new members are welcome to come and join.

Liedeers

By Selma Lich

The Liedeers singing group and its leader do not pretend to parallel the level of musicianship of the Roger Wagner Chorale or the master classes of the Music Academy of the West in Santa Barbara where they are coached

this summer by celebrities like opera diva Marilyn Horne and pianist Jerome Lowenthal. However, the pleasure of creating its own music is not diminished by its less than professional accomplishments. Music, like water, seeks its own level, and like water, is life sustaining.

To prove it is so, please come on the second and fourth Tuesdays of each month at 10:00 a.m. in the

Now is the time! Join the Belles of Harmony on Wednesday morning, September 3 at 10:00 a.m. in the Lanai Room. It will be a happy gathering of first soprano, second soprano and alto voices to sound out their tunes in harmony.

Music director, Dr. Lois Bello, is offering to help newcomers on a one-to-one basis to reach their highest refinement of tone, even achieving a no-

table appreciation of "a cappella" style, the purest type of choral music. Her chief concern is to give pleasure to the performers without too much thought of audience. Esther Kuebler, piano accompanist, is always ready and able to translate the lyric images of the written sheet into musical ones on the piano to fortify the composition.

The group is saddened

by the loss of Marguerite Abdelnour who so fervently introduced songs and scenarios of Christmas music in past years. Her willingness to provide costumes for the Belles to help depict the charm of the folk songs' choral harmonies was gratefully received.

Retirees who have not set up proper strategies can have all of their net worth wiped out when someone in the family goes into a nursing home. The government can literally take your CD's, Social Security, pension checks, investments, IRA's...you name it.

One of the biggest myths around is that Medicare will pay for Nursing Home expenses. This is completely WRONG! In fact, Medicare usually pays NOTHING towards the costs of staying in a long term facility! YOU are responsible for every dime of Long Term Care Expenses! Many people think that Medi-Cal will pick up the costs of Being in a nursing home. That's true. But, they will only pay after you've lost everything you own! You have to be broke before they kick in a dime!

They can take your Social Security and pension checks, and have them direct deposited to THEM! They can attach your IRA's, CD's...anything! Don't let this happen to you. Parkinsons Support Group

By Harry Kaplan

The Parkinsons Support Group meets on the second Friday of each month at 1:30 p.m. in the Garden Room. The next meeting will be on September 12. There was no meeting in August.

How do support groups work? They are friends who help you realize that you are not alone in this world. It is a place to learn to live with Parkinson's and with the amelioration that support brings. You can find talk, laughter and constructive exchange of experiences.

Members also learn what is new in research of pertinent medication and surgery. Patients and caregivers are invited to attend and share.

VILLAGE SWINGERS SQUARE DANCE CLUB

By George Nolte

The Village Swingers' Square dance club celebrated "Independence Day" by wearing red, white and blue. Bill Kramer contributed to the evening with some patriotic calls. Pride in our country was felt by all.

At the second meeting of the month, line dancing was interspersed with rounds and squares. Mary Kovach led the line dances.

The Executive Board didn't meet this month. However, on the third Tuesday, dancing and refreshments were followed by the regular monthly General

PLAYERS GUILD

By Irv Goodnick

How many people realize the effort it takes for the Players Guild Program Director to arrange a Workshop Program every month? It requires finding an individual who will not only plan the program for the month but who will guide in selecting a director, and who will arrange for sound, lighting and rehearsal time. So, let's hear it for Bob Freedman, who is always there to help volunteers to do a program.

Members learned a lot about neighbors' personal lives during the "Not-So-Newlywed Game" at the July 21 meeting.

Membership Meeting. President Mary Kovach presided.

The Swingers agreed on casual dress for July and August. With the rise in temperature, no one had to be reminded that the order of dress was "tees" and shorts.

In the absence of Bill Kramer, who was not scheduled to call on the fifth Tuesday of the month, Norm Fuller provided tapes for both the rounds and squares. This was not a big change since the tapes were Bill Kramer recordings.

The Village Swingers meet every Tuesday evening from 7:00 to 10:00 p.m., in the AR. Refreshments are served.

member may invite one guest.

Regular dancing takes place each Monday at 1:30 p.m. to 3:00 p.m., Mae Sheff instructing. On Wednesday and Friday the group meets at 9:00 a.m. to 10:30 a.m. with Virginia Calihan teaching. All dancing is in the AR.

Join the group at the luncheon and dance along with new friends. You will enjoy it.

There were some good laughs as spouses discovered family secrets. A good job was done by producer Lorraine Kaplan.

The September 18 program should be great fun. It will go back to the '40s with the Hit Parade and those fabulous, unforgettable songs. The star cast of singers includes Ginny Naspo, Sally Yale and Harold Brodsky, who also produces the show. Look for some other surprise guests. "Lucky Strike" is long gone but the melodies linger on. Don't miss this upbeat show.

Now is the time to join the Players Guild and become a dues paying member. The group meets on the third Thursday of each month at 7:30 p.m. in the AR.

SATURDAY NIGHT BALLROOM DANCE

By Anne Janoff

On September 13, "Y'all come on down" for the Saturday Night Ballroom Dance annual "Western" night with 'trail-boss' Marty Beckel in charge at the corral. This is always a fun evening and an opportunity for cowboys and gals, to don their "Out West" outfits in keeping with the theme. The usual casual attire is always appropriate, if preferred. The next dance will be on September 27 when Henry Carfagna will host.

On August 9, the dance was hosted by Reva and Eddie Saeta. Yale and Ella

Lewine held the host post on August 23. These late summer warm and sultry days don't stop villagers from enjoying Saturday Night Ballroom dances. The evenings provide lots of good dance music recorded on tape, as well as pleasant socializing with friends.

Dancing from 8:00-11:00 p.m. in the A.R., only fifty-cents per person, usual refreshments. BYOB. All are welcome, including visiting guests. Come and share an enjoyable evening with all the neighbors.

Mark the dates on your calendar and watch Ch 12 for additional details. Hosting dances can be fun too. Just call Ginny Dunnion 484-1238 for details.

HAPPY HOOFERS

By Shirley Law

The Happy Hoofers have finalized plans to go to Palm Springs on December 5 and 6 for an overnight trip that includes seeing the "Palm Springs Follies".

The group also plans a potluck on October 23 for dancers, associate members and guests. The Hoofers will also perform some of their repertoire of tap numbers at the potluck.

If anyone has some

background in tapping and would like to join the group, call Ida Zeller at 484-9882 or Helen Gold at 987-2494. Prospective members will be notified when a new dance routine is to be taught since that would be an appropriate time to start. The tap class consists of twenty minutes of tap technique, twenty minutes on a new dance and twenty minutes reviewing old numbers.

The exercise is terrific because it stimulates the body and mind. The club is interested in new members, so please call.

DANCE FEVER NIGHT

By Joyce Turner

The Dance Fever Night group was elated over the kind response of villagers at the last two dances regarding the better selections of tapes being played.

The next special event the Board has planned will be Neapolitan Night, Saturday, September 6 at 7:30

p.m.

Villagers, do not forget to submit names of guests, anniversaries and birthdays to one of the Board members so that the names can be announced during the break.

Continue watching Channel 12 for any new developments in the Dance Fever Night program.

Refreshments are served during the evening. BYOB.

LOOKING AT
CHANNEL 12

By Jack Whalen

Often overlooked by many are the volunteer "programmers" of Channel 12. They are the folks who revise the "pages" of club meetings, special events, etc. that have to be added, deleted or changed.

"There is quite a team and some of them have been doing it for a long time."

Every Monday morning, about 9:00 a.m. June Hirsh of Village 4 will be working the computer. On Tuesdays Village 17's Ben Perry is in the studio for his stint.

Paul Kelwin V.32 is on the job on Wednesdays and he as well as others, also fill in on other Channel 12 duties. Dependable Jerry Schneider of Village 42 does the chores on Thursday morning.

Fridays Josi (Cuffari) Markey is on the keys, she being a Village 23 resident. On Saturday, Gil Cooperman of V.7 is on duty. He is also thinking about doing some camera work.

There is also a "watch-dog" checking for errors. From her home in Village 42, Connie Kremnitzer scans her TV several times daily and if spelling, dates or anything else seem to be in error, she's on the phone to have the correction(s) made.

Overseeing the operation is Channel 12 chairman, Art Kaufman of V.1, who is available at all times for emergency calls, but also spends time on Sunday reviewing the weekly operations and planning the coming week's events.

Thus, when you see an item of interest on Channel 12, know that one of the individuals named above, helped contribute to making the message possible.

LET'S PLAY
BINGO !

By Bernard Taylor

Bingo every Wednesday night has become a standard event in Village life. However, except for a few people, everyone wants to play, and getting people to call has been a losing battle. Requests have been made on numerous occasions, with little or no response. All like to play Bingo, and to win a few bucks is always a bonus.

The volunteers who run the games, like Marion Tavano and Terri Sochacki, take money at the door, and those who bring out the cards and operational equipment receive little or no cooperation from the approximately 100 people who show up for the games. Volunteers have to start at 5:30 p.m. to be ready for the 6:30 start.

There are some who are

unable to call due to health, vacations and other reasons, but there are others who could make the effort. Unless we get more volunteers to call the numbers, there may be a time when the games have to be cancelled. With just sixteen people to call regularly, and a few to stand by, a caller would have a turn only once every two months. This is not a hardship, and only requires calling numbers and letters of the alphabet.

Coffee is available free during the short break, and \$1.50 for three cards and \$1.00 for the paper games is not excessive. Bingo provides a diversion away from home for a few hours once a week.

Residents are here because of the amenities the Village has to offer in the facilities available. Please help, offer to call at Bingo. If you don't know what to do, someone will be happy to show the way.

By Felice Perkins

On August 7 President Genevieve Leventhal welcomed and thanked the large number in attendance for coming to the Women's Club in spite of the exceedingly warm weather. As usual, Pat Stanfield and her committee were at the door with smiles of welcome.

Dorothy Fencil, 2nd v.p., reminded everyone to mark their calendars for October 18, Leisure Village's Birthday and the Workshop's Annual Big Bazaar and Bake Sale. She again invited people to stop and visit the more than forty ladies who create all the lovely items that will be on sale. The Workshop meets Tuesday morning in the MPR.

Mary Kay Franey announced that the cost of See's candy certificates has increased to \$9.50, but this still is below store prices. She also announced that she has See's lollipops for sale at 25 cents each.

The Trading Post had another stellar day. Thanks are extended to all who shopped and browsed. A "mini" Trading Post will be

open on September 4, prior to the Fashion Show, from 10:00 a.m. to 1:30 p.m. For pick-up of items call Doris at 987-6393.

The afternoon's entertainment was provided by the Goldenaires quartet, one of whom is Ginny Naspo. of V.8. They sang favorite classic golden oldies and a sprinkling of country-western songs. This was followed by refreshments served by Lillian Pisor's able committee.

First V.P., Piff DeSimone, announced that the Annual Fashion Show will be held at the next meeting, September 4. Draper's and Damon's located in Camarillo will present the latest in fall fashions, as well as vacation and/or cruise wear. As in the past, fashions will be modeled by members of the L.V. Women's Club. Don't miss this event!

Everyone is welcome and refreshments will be served.

The Leisure Village Orchestra has been "dark" over the summer, but will resume practice on Thursday, September 4 at 7:30 p.m. in the Village Room (aka to old timers as "Mens' Club Room"). The group will start with light material, and work into heavier stuff as the season progresses.

There have been no commitments made for rest home concerts although there have been some inquiries. Decisions will be made contingent upon the size of the orchestra. For you who have not played with us, these are little hour-long concerts that we put on for the various rest-homes, from Ventura to Thousand Oaks and points in between.

Concerts are no problem, since the same music can be used for all these hour-long concerts. The audience is usually non-critical. The orchestra does its best, sometimes under odd circumstances, but that's another story. Come play and hear the rest of the story, and we'll tell you more. Call Don at 482-4979 for information.

THE SAWDUSTERS CLUB

By Martin Alfred

The Sawdusters once again received an insight into the many unique hobbies and exceptional talents of fellow villagers. At last month's meeting, Robbie Karlin showed a video of his artistic work with plastics, producing such things as model boats, and lamps. Al Pachter did

the camera work at Robbie's home and garage workshop. After the film Robbie displayed some of his pieces and answered questions.

Dana Street, one of our ardent wood workers, displayed several unique flower pots and stands that he had made.

Do you have an artistic hobby? We would love to hear about it at our meeting, the third Thursday of each month at 2:30 p.m. in the Lanai Room.

The club is preparing the display cabinet in the Ceramic Room to show articles created by members. Plans are being made for ceramic objects to be sold during the Women's Club Sale this fall.

GEM AND MINERAL CLUB

By Don Holmes

The Gem and Mineral Club is planning a picnic in September. The time and date have not been decided. Watch Channel 12 and the Lapidary Shop bulletin board for that information.

Once Upon A Memory Or Gold In 25 Words Or Less

By Jack Whalen

While working as a public relations writer for the Air Force in Washington, D.C., in the mid-50's, a friend suggested that I visit the monthly meeting of the contest club. Puzzled, and having no idea what it was about, I attended.

An interesting assortment of some 20 people, all ages, shared their wins, losses and many attempts to win awards in slogans, last lines, and "Why X brand is the best ever."

I quickly learned it would take lots of homework, submitting lots of entries and subscribing to several publications that often gave good tips, plus occasional winning entries. To win, one had to go beyond the norm, make it different.

The first contest I entered was by a kidney beans company offering 300 pairs of tickets for the opening Washington Redskins football game. Each entry had to be in a separate envelope and must contain two wrappers from cans of kidney beans. Do you think it was easy talking Mary into buying 50 cans of kidney beans? It took impassioned pleading and she gave in. After all, I wanted to show the judges that, in 25 words or less, we wanted to win some tickets.

My game plan involved using the football theme in a different manner. One entry was formed like a goal post, another on the simulated goal line, another the shape of a football, another a helmet - you get the idea.

Sixteen of the entries scored and we had 32 tickets for the opening game. With friends and neighbors, all 32 of us enjoyed the game plus a barbeque afterwards.

Now I was hooked and, oh yes, we had lots of kidney beans for months and months.

Generally sponsors do

not release the winning entries. One reason is that other folks would say they sent in the same entry and somehow it was lost, etc.

Through different means we sometimes learned winners. A fountain pen company, in a slogan contest awarded top prize for the classic "Exactly right to write exactly." In a Dodge automobile safety contest, the winner was "Safety isn't measured by a broken rule."

Much to our delight, the Lever Brothers Company sponsored a contest for Air Force members only. It was in four parts, with prizes each 30 days in a "Spot Cash" series for spotting different silhouettes of famous people and geographical areas. Mary's teaching skills proved we would win. The first month we won 3 prizes out of 15 entries, the second month 26 winners out of 26, the third month, (the contest was getting very difficult) 2 out of 12 and the last month, 3 out of 15. While the prizes were modest, we did enjoy a summer vacation to Long Island and Syracuse, N.Y.

The 1957 American Cancer Society offered \$25,000 for the best slogan. Three million entries were received, among them almost 1,000 with "Check cancer with a cancer check." Naturally, duplicates never win and the entry that won was truly great: "Arrest cancer -- it's wanted for murder."

One learned that sometimes a very simple entry, perhaps on a theme, could win. The National Association Of Home Builders of-

fered a new 4-bedroom home, anywhere in the U.S. for the best 25 words or less on why one should own a home. The winning entry, in exactly 25 words was:

"It may be large,
it may be small,
With many rooms or few,
But when a fellow
owns his home
He's SHIP-SHAPE,
so's his CREW."

I was entering lots of contests, not doing too well. Then, just before Mother's Day, our local shopping center in Forest Heights, Md., offered an all-expense one-week vacation for the entire family to a resort in the Great Smokies. Only one entry per youngster was allowed on "My Mother is"

Our daughter Karen, with some suggestions from Dad, submitted her entry on a piece of white cardboard, in hand-printed letters, in assorted colors, My Mother is: "Loving tender, charming, gay, A LIVING SPIRIT -- every day."

That summer we had a gala vacation in the Great Smokies. Now it was son Kenneth's chance to win and as winter and snow arrived in the Nation's Capital, a local radio station wanted to know if you listened to it. Ken made a snowman, had the right arm upright, put the Boy Scout kerchief on it, while he stood behind with right arm raised and a sign that said "Scout's Honor, we listen to WWDC 1260KC." That novel photo enabled us to take a trip north during the summer months.

In early 1958 General Motors had an AIM TO LIVE contest in which you had to say in 10 words or less the importance of driving with caution at night, checking your headlight adjustment twice a year and dimming your lights.

There were but 116 prizes, all quite substantial, and estimates as to the number of entries ran from 2 to 5 million. I worked hard on this contest and two entries that many folks liked were: "Safety's brightest

nighttime sight -- drivers dimming lights aimed right!" and "Experts adjust, but you alone, direct control your headlight zone." None of my 25 entries clicked, and we learned that the top prize, a new Cadillac, was won with "Budget your speed after dark. Live within your beams."

With 6 years left before retirement, I was able to secure a transfer to Hollywood, working as a technical advisor to the TV and

movie industry.

An Ed Sullivan Mercury contest with only 20 prizes was announced. The top winners would receive a new Mercury and the other 10 a transistor radio valued at over \$100. I really worked hard on this slogan contest and was rewarded with one of the 10 transistor radios. I have no idea which of my 3 dozen entries won, nor what won in the top 10 but still recall the

In a 1957 Washington Sunday Star Magazine picture, Air Force Sgt. Jack Whalen gets the whole family in on contests. Left to right are Bruce, 7; Karen, 9 the sergeant and Kenneth, 11. Mary Whalen lends a hand, too.

Once Upon.....from Pg. 16
Whalen family came THAT close to a new car.

Along came a Benjamin Franklin "flying a kite" contest. A drawing showed Ben out in the rain trying to attract electricity via his kite.

Our daughter Karen, won a prize with: "Some-day, even my children will

know that's Benjamin Franklin."

The top winner for youngsters took an every-day expression and stated it simply+ "The man who had too much sense to come in out of the rain."

I won a fairly good prize in the mens' division and think of my two dozen entries it was one of these: "A

positive answer to a negative age-old question" or "And the heavens revealed a great secret to Franklin."

The chap from Pasadena scored higher than I in this contest and we think it was his explosive "History's greatest charge account."

Best of all, one of our Valley members scored

very high in her division. Remembering that Ben Franklin was a bit of a ladies' man and putting a bit of sex into it, coined the great phrase, "Women welcome his advances."

When Hawaii was admitted as the 50th state a contest called for a slogan honoring Hawaii. Using a

piece of white cardboard, hand printed, with the US in red, white and blue, my winning entry was: "Pacific pleasure for US to treasure."

As the 50's turned into the 60's sponsors drifted away from offering prizes for words and we are simply left with memories.
