State Capitol
Sacramento, Calif. 98439

Dear Governor Wilson:

As an organization devoted to issues that concern women, we would like to urge you to support legislation that would be sympathetic to all battered women and to grant clemency to the 34 battered women that are currently requesting it.

Enclosed is a copy of a letter from Ms. Brenda Aris who explains eloquently the disasters of living in an abusive relationship.

We would like to encourage you to establish specific standards that would help battered women in today's society, a problem that has escalated to astronomical proportions and therefore needs your attention.

Respectfully yours,

Beverlee McGrath
Legislative Representative
