CONGRATULATIONS

Special Collections-Library
California State University, Fullerton

CALIFORNIA STATE UNIVERSITY, FULLERTON, MAY 28-29, 1977

EIGHTEENTH ANNUAL COMMENCEMENT

FROM THE PRESIDENT

Welcome to commencement exercises at California State University, Fullerton. We are pleased to have you with us on this significant occasion.

May 28 and 29 the University honors some 3,700 undergraduate and 1,000 graduate students who have fulfilled degree requirements. It does so not by means of one large, impersonal ceremony but at seven separate exercises with individualized programs and recognition. As a consequence, these rites promise to be especially memorable.

That is as it should be, for the accomplishments we note here represent a milestone of singular importance. Moreover, the knowledge they reflect will continue to be meaningful in the years ahead. In part for that reason, those in the Class of 1977 seem destined to lead full and productive lives.

L. Donald Shields
President
California State University, Fullerton

... AND FROM THE ALUMNI

Congratulations, graduate, on your important academic and personal achievement being recognized today.

As an alumnus of California State University, Fullerton, you and your progress will be of continued interest to the University. The friendships and ties that you have established here will be an important aspect of your future.

Best wishes and good luck in your personal and professional endeavors.

Jerry H. LaJeunesse
President
Alumni Association

EXPLANATORY NOTES

LISTS OF CANDIDATES: Students eligible to participate in the 1977 Commencement exercises are January 1977 graduates and June 1977 and August 1977 candidates for degrees. This program contains the names of January 1977 graduates and those June 1977 and August 1977 candidates who filed for graduation prior to the announced deadlines. It does not constitute an official degree listing. The appropriate diplomas will be issued to candidates who have completed all requirements.

GRADUATION WITH HONORS: Honors at graduation are awarded to undergraduate students in three classifications and take into account all courses taken at Cal State Fullerton and other institutions of higher learning. The minimum grade point averages follow: Honors, 3.5; High Honors, 3.85; Highest Honors, 4.0. Honors and High Honors notations appearing in lists of June 1977 and August 1977 candidates are based on the students' records at the end of the fall semester 1976. Highest Honors notations are carried only after the students either have completed their degree requirements or performed at the 4.0 level in their final courses. Official designations are dependent upon the students' complete records.

CARILLON: Aided by a contribution from the Friends of the State University, Cal State Fullerton in 1975 installed a Schulmerich carillon. Westminster chimes and hour strikes are produced by five tiny bell-tone generators of bronze, struck by miniature clappers. The tones then are electronically amplified and transmitted through speakers mounted on

the Library roof. Through its amplification system, carillon music recorded on magnetic tape is played for Commencement and other special events.

PROGRAM DESIGN: The design of the 1977 Commencement program features a symmetrical galaxy in deep space. It depicts the unlimited opportunities now awaiting the Class of 1977.

PHOTOGRAPHS: Guests wishing to take photographs during the exercises are requested not to block the view of others or to enter the area between the audience and the platform.

FOOD SERVICE: Beverages, cold sandwiches and snacks will be available for purchase from McTitan's, located immediately northeast of Langsdorf Hall. It will remain open until the start of the final exercises on each day of Commencement. In addition, there will be receptions after most of the exercises.

SMOKING: Please, no smoking during the exercises.

EMERGENCIES: Personnel from the Student Health Center and the University Police Department will be on duty to provide aid in the event of emergencies. The emergency phone number is 870-3333.

LOST AND FOUND: The University Police Department will operate a lost and found service during the exercises. The phone number is 870-2515.

REGALIA

The history of academic dress goes back to the medieval European universities of the 14th century. European universities continue to follow varied patterns in cut and color of gown and type of headdress. United States universities have standardized the academic dress so that its features are common and uniform throughout the country.

THE GOWN: The gown is ordinarily black for academic degrees, but certain universities have authorized the use of colored gowns. Light blue gowns are worn by candidates for associate degrees in terminal technical curriculums. The pattern varies with the degree held: pointed sleeves for the bachelor's degree; short sleeves for the master's degree; and round, full sleeves for the doctor's degree. The bachelor's and master's gowns have no trimmings. The doctor's gown is faced down the front with black velvet and three bars of the same material across the sleeves—or the color of this velvet may be that of the subject in which the degree is granted.

THE HOOD: Hoods are not usually worn for the bachelor's degree. The master's hood is shorter and lacks the panels of the doctor's hood. Hoods are lined with the color of the school, two colors being shown by putting chevrons of one color on the other color. The binding or edging of the hood is velvet of

the color pertaining to the subject of the degree.

THE CAP: The standard cap is the mortarboard, usually the color of the gown. The standard tassel is black, but at Cal State Fullerton many students wear tassels reflecting their disciplines. Doctors' caps have gold tassels.

TRIMMINGS: Color trimmings on doctors' gowns and hoods indicate the following: light blue, Doctor of Education; dark blue, Philosophy; white, Letters; brown, Fine Arts; golden yellow, Science; purple, Laws; pink, Music; green, Medicine; scarlet, Divinity; crimson, Humane Letters, and light coffee (drab), Business Administration.

THE MACE: The mace, first used in 1975, was designed especially for Cal State Fullerton by John L. Berg, who earned his Bachelor of Arts in Communications in 1973 and Master of Arts in Art in 1976. The design of the mace reflects the University's architecture, colors (blue and white) and location—the site of the first commercially grown valencia orange grove. The stem is of cocobolo, a wood orange in color, while the University's colors are represented through the use of ivory and niello. At the top of the mace is the University seal.

The first of these is the crown, which is the most important part of the regalia. It is made of gold and set with precious stones. The crown is worn by the monarch at all official occasions. The second is the scepter, which is a symbol of power and authority. It is made of gold and silver and is held by the monarch in the right hand. The third is the orb, which is a symbol of the monarch's power over the world. It is made of gold and silver and is held by the monarch in the left hand. The fourth is the ermine cape, which is a symbol of the monarch's status. It is made of ermine and is worn by the monarch at all official occasions. The fifth is the sword, which is a symbol of the monarch's power and authority. It is made of gold and silver and is held by the monarch in the right hand. The sixth is the ring, which is a symbol of the monarch's power and authority. It is made of gold and silver and is worn by the monarch on the right hand. The seventh is the glove, which is a symbol of the monarch's power and authority. It is made of gold and silver and is worn by the monarch on the right hand. The eighth is the hat, which is a symbol of the monarch's power and authority. It is made of gold and silver and is worn by the monarch at all official occasions. The ninth is the sword, which is a symbol of the monarch's power and authority. It is made of gold and silver and is held by the monarch in the right hand. The tenth is the ring, which is a symbol of the monarch's power and authority. It is made of gold and silver and is worn by the monarch on the right hand. The eleventh is the glove, which is a symbol of the monarch's power and authority. It is made of gold and silver and is worn by the monarch on the right hand. The twelfth is the hat, which is a symbol of the monarch's power and authority. It is made of gold and silver and is worn by the monarch at all official occasions.

The crown is the most important part of the regalia. It is made of gold and set with precious stones. The crown is worn by the monarch at all official occasions. The scepter is a symbol of power and authority. It is made of gold and silver and is held by the monarch in the right hand. The orb is a symbol of the monarch's power over the world. It is made of gold and silver and is held by the monarch in the left hand. The ermine cape is a symbol of the monarch's status. It is made of ermine and is worn by the monarch at all official occasions. The sword is a symbol of the monarch's power and authority. It is made of gold and silver and is held by the monarch in the right hand. The ring is a symbol of the monarch's power and authority. It is made of gold and silver and is worn by the monarch on the right hand. The glove is a symbol of the monarch's power and authority. It is made of gold and silver and is worn by the monarch on the right hand. The hat is a symbol of the monarch's power and authority. It is made of gold and silver and is worn by the monarch at all official occasions.

SCHOOL OF MATHEMATICS, SCIENCE AND ENGINEERING

May 28, 1977

1:00 p.m.

Green West of Performing Arts Center

PROCESSIONAL Commencement Brass Ensemble
Russell D. Widener, Director

(Faculty Marshal: Margaret S. Woyski, Professor of Earth Science)

INVOCATION Margaret S. Woyski

WELCOME L. Guy Donaruma
Dean, School of Mathematics, Science and Engineering

INTRODUCTION OF SPEAKER David L. Walkington
Associate Dean, School of Mathematics, Science and Engineering

ADDRESS William J. Kaufmann, III
President, Kaufmann Industries, Inc.,
and Adjunct Professor of Physics, San Diego State University

RECOGNITION OF HIGH HONORS AND HONORS CANDIDATES Mary Mark Zeyen
Vice President, Academic Affairs

PRESENTATION OF ACADEMIC UNIT CITATIONS Mary Mark Zeyen

PRESENTATION OF DEGREE CANDIDATES L. Guy Donaruma
DEPARTMENT/DIVISION/FACULTY/PROGRAM CHAIRS: Marvin J. Rosenberg, Biological Science; Carl F. Prenzlou, Chemistry; Ronald W. Colman, Computer Science; John A. Ryan, Earth Science; Eugene B. Hunt, Engineering; Richard R. Brock, Civil Engineering/Engineering Mechanics; Jack E. Kemmerly, Electrical Engineering; James J. Rizza, Mechanical Engineering; Prem K. Saint, Environmental Studies; Michael H. Clapp, Mathematics; Edward L. Cooperman, Physics.

SYMBOLIC HOODING Giles T. Brown
Dean of Graduate Studies
John W. Bedell
Chair, Faculty Council

CONFERRING OF DEGREES L. Donald Shields
President

RECESSIONAL Commencement Brass Ensemble

A reception south of the Commons will follow.
