

I am proud to introduce Michele M serros
author of Chicana Falsies
Michele is a pioneer,
a lone chicana hermaphrodite poet in a world
that has little compassion or understanding
for those who are latina/o
and endowed with both
sets of genitalia,

She has taken her experiences some funny, more
sad but always courageous to the printed word.

Michele known for her tour with Lollapalooza,
obsessions with snowdomes,
and uncanny ability as a wordsmith
will share some of his/her words with
all of you tonight.

Let's show her love.
