## Councilman Esty Reports To Village

By Romaine Lambert

At the June Homeowners Assn. meeting, Villagers had the opportunity to receive a report from Councilman Bill Esty, fellow villager and former Mayor of Camarillo — information that may not have been covered in newspapers.

He stated that he had received many inquiries regarding the traffic signal at Adolfo and Mission Oaks. The City Council had little control over the timing because Santa Paula Savings funded the installation, but as you read this, the signal should be in operation.

Also of major concern to many Villagers is the intersection at Adolfo Road and Ponderosa where it is so difficult to turn onto Ponderosa. Esty pointed out that unfortunately, according to the California Code restrictions, this intersection does not warrant a traffic light (500 vehicles per hour for a 24-hour period for Ponderosa and 250 for the same period for Adolfo.) There are ways to get around the restriction but the Council must first conduct a survey and this is in process.

Earlier residents may remember that at the time the "Adolfo connection" between eastern Camarillo and the central city was being considered, there was a third connection proposed. Now the "Upland/Las Posas connection" will be a reality. The Catholic Archdiocese

## New Leisure Village Organ Arrives

By William B. Marvel

Members of the Organ Club, busy with various fund-raising efforts for a new L.V. Organ Fund, were pleasantly stunned when the new Yamaha FX-10 Electone console Organ was delivered on June 6.

Members of the L.V. Board of Directors, impressed with the enthusiasm and efforts to date of the Organ Club, (\$3655 had been raised by June 6) decided to purchase the new instrument, with the assurance that efforts would continue by the club until the remaining \$6345 has been returned to the Association. Delighted by the Board's confidence, Organ Club President Piff De Simone promised the Members that the Club was committed to a series of fund-raising events this year,

and that supporting the organ purchase by the L.V. Association would be an ongoing priority.

The response of other clubs to the Organ Club's request for aid has been gratifying. The Women's Club has donated \$1,000, and contributions have been received from the Variety Guild, the Village Players, the Bingo Club and the Hi-12 Club. Donations from generous villagers total \$3335 so far. Those villagers making significant personal donations are: Emily Cleary, Eleanor Charydchak, Florence Krueger, Freda Drezner, Harold Hughes, Evelyn Brandt and Malcolm and Louise Herbert. Individuals who wish to contribute to the Organ Fund may do so in the Recreation Office. Contributions are also welcome from other village Clubs

that may benefit from the addition of this state-of-the-art instrument. The bulletin boards will be updated as the Fund grows.

This new high-performance instrument makes a greater variety and wider range of sound possible. A 3-channel multi-sound system has been incorporated to achieve a forceful three-dimensional reverberation. It has a wide variety of memory functions and has been designed to meet the stringent demands of professional musicians.

ILV congratulates our publisher, Hank Crockett who has been named secretary of Suburban Newspapers of America, a group of 1,000 newspapers.

## Security And Safety Report

By Romaine Lambert

At the June Homeowners Association meeting, Mr. Tom O'Brien, Chairman of Security and Safety Committee, announced that Six-month Guest Passes will be distributed in July. He also disclosed the astonishing information that last year 5,400 guest passes were requested, but to date there remained about 800 to be picked up. He urged all villagers to be particularly selective in requesting passes and to remember that each villager requesting such a pass is responsible for the guest. The work involved in processing unnecessary passes is extensive and expensive.

Among the recommendations presented to the Board was a proposed concrete-stop barricade from the east parking lot to the paddle tennis courts to keep vehicles away from the curb at the walk entry to allow pedestrians to get past the bushes next to the walk. It was also recommended to mark the available parking space for 1 or 2 compact cars.

The Committee proposed that outside contractors be required to clean up the street area where they are working daily, inasmuch as debris left on the street hardens in the pavement and cannot be picked up by the street cleaner.

It has been observed that our own landscape crews have been scoop-

# INSIDE LEISURE VILLAGE

## OUR TV-CABLE-STATELLITE STATE OF AFFAIRS

By Karl Cannon, Guest Editor

As we meet our press deadline we are advised that no final contract for our TV cable system has yet been signed. Nor has any final decision about TV satellite provisions been reached. However, our status review convinces us that the problems are being well considered by our Board and Management.

We have been blessed with the biggest bargain in cable-TV reception. We own perpetual rights to the placement of our TV antenna on the mountain top. We are subject to losing those rights only if we do not use the system for an entire year. In comparison, residents outside the Village pay about an average of \$160 a year. Five years ago they paid about \$20 monthly, or \$120 a year. That is an increase of 33 1/3%. We originally paid Western Cable \$1.00 per home per month. That cost for maintenance of our cable system was included in our monthly Association fee. For 2,000 homes that amounted to \$24,000 a year. When our Board received requests to make satellite reception available, a contract was made with Western Cable to give us many station combination options. This was set up with no expense to the Association. For the privilege of selling satellite reception and using our in-place system, Western Cable agreed to amend our contract. Our cost per home was reduced from \$1.00 per month to sixty cents, an annual saving of \$9,600 on 2,000 homes.

What is the current status? Western Cable has given notice of terminating its contract with us. Board members mentioned it at our June meeting. It should not have come as a complete surprise. Paid-for satellite TV reception did not produce the revenue Western Cable projected. Instead of the anticipated 40% Village subscriptions, we have been told that there are less than 200 which is under 10%.

Villagers are concerned with economical, efficient, accountable and reliable maintenance of our antenna and built-in cable system. For a predominantly retired population, with many residents not very mobile, TV reception is a primary resource for entertainment, communication and enlightenment.

The Federal Commerce Commission has established norms to evaluate performance and maintenance by cable system entrepreneurs. It should be reassuring to our Villagers to learn that the Board had an analysis made to determine the exact condition of the existing system. We needed an authoritative, unbiased examination of our antenna and underground cable hook-ups. It was felt that our cable maintenance firm was not completely free from a conflict of interest. Engineers have recently reviewed our cable facilities and gave our equipment a good rating as measured by "FCC Performance Standards".

The Board has to wrestle with the problem of satellite and pay-TV options. If we buy our own "Dish", is it right for all Villagers including non-

users to pay for its maintenance? What is equitable and fair has to be evaluated. The editors of INSIDE LEISURE VILLAGE have confidence that there will be a proper resolution of these problems. We particularly encourage those responsible for these decisions which affect our economic, recreational and intellectual life, to use all Village resources to get as much input as possible. Communication in this area must be maximized so that it travels from the Villagers to Board members and from the Board to the Villagers and back again.

## LETTERS

Like Halley's Comet, the 50th Anniversary of Social Security comes only once in a lifetime.

Wouldn't it be appropriate to celebrate this event — especially in Leisure Village, where at least 90 - 95 percent of the residents are recipients of monthly Social Security payments?

Franklin Roosevelt said that the Social Security Act was the most important legislation passed by Congress in 1935. If he were alive today, he might endorse the proposition that this law is undoubtedly the most far-reaching of the century, since it affects not only millions of retirees, but also their dependents, the disabled, and, indeed, the entire working population.

Such a celebration was proposed weeks ago to the LVA Board of Directors, who gave their approval and asked the Community Relations Committee to organize it. The Committee considered the proposition and voted, with Board member Bill Himstreet in agreement, to mark the occurrence during the July Fourth picnic.

But something funny happened on the way to the picnic:

The 50th anniversary celebration was cancelled at the instance of the chairman of the Community Relations Committee, who offered the excuse that the Current Issues Forum meeting on May 31 was noting the event.

Well, that's all the Forum did, that is, note the anniversary. There was nothing on the program

smacking of a celebration. No cake. No coffee. No ice cream. Nothing except talk, which minimally touched on the current issues confronting Social Security.

There is still time to recover from this embarrassment. The exact anniversary date is August 14, almost two months away.

Surely, there are Villagers who will come forward to plan and organize an appropriate celebration of the 50th Anniversary of Social Security.

Harry Becker, V.28

I wish to apologize to an unknown lady who was so rudely dismissed from the paddle tennis courts on Wednesday, May 15.

The lady in question had properly placed her paddle on the board, and it was her turn when she was rudely accosted by a man who asked if she was sure she was up to the "level of play" of the

group that this "gentleman" was in (or wanted to get in). The lady left the "early morning boy" to his game.

I am ashamed to say that I just witnessed this from the other court and did nothing to stop it. It should also be pointed out that this lady had previously played with a group of us before this unfortunate event occurred. Surely this kind of action is not in the spirit of sportsmanship either on or off the court.

Bob Kumler, V.16

We wish to thank you for all the cards and tributes during my illness. The warmth of our friends in this wonderful place was overwhelming. Love.

Leo Branker, V.18

Music is a vital part of all our lives from cradle to requiem.

Think about it for a moment — from lullaby to nursery rhymes, teenage swing and jitterbug to waltzes, courtship with romantic tunes through to the Wedding March — the marches in a parade, patriotic tunes at sports events, 4th of July, the Armed Forces Theme songs.

Now in our Golden years we look back on our treasured "Memories". The top tunes of today sum it up nicely:

From Page 2

"We are the World, We are the People" and yes, we can "Harmonize the World". Right here in Leisure Village "The Best of Times" Is Now, Is Now, Is Now!!!

On behalf of all the Organ Club members I add my personal THANK YOU to each member of the Leisure Village Board of Directors for approving the purchase of a new organ.

Piff DeSimone, V.11

sure everyone was comfortable and happy, she was courteous and reliable and made sure our accommodations were perfect. She is a very warm person and makes you feel welcome. She certainly is a credit to the Travel Committee.

In writing this letter to you, I know I'm expressing the feeling of the other passengers.

Thank you for your time.

Mr. and Mrs.  
Vincent Giroux, V.25

The High Twelve club had previously announced they would conduct a fourth Flag Drive after selling 450 American flags to Villagers in the past. The source of supply of these flags for the Club is no longer available and it is suggested that you buy a flag at local stores who now have them in stock. K-Mart, Longs, and Builders Supply have flags before Memorial day and the Fourth of July. The Club regrets that many people waited for a flag but hopes they will buy a new flag before the Fourth so that the Village can blossom with red, white, and blue. For widows and single ladies, Club members will install their new flag if they attend a monthly Club meeting on the 3rd Monday of each month at 9:30 a.m. and advise the Club President of their need for assistance.

Ken Mackaig, V.3

Note: The following letter is being printed with the permission of Chairman Lou Okun and Mr. and Mrs. Vincent Giroux.

My husband and I just got home from Leisure Village Travel Club's trip to Tahoe and Reno, May 19 to 25. We would like you to know that our escort Marian Tamkin was outstanding; she made

To have one lifeguard or two lifeguards daily, that is the question. As a member of the pool committee, I have seen our present Board of Directors and their administrative staff, vacillate from one extreme to the other and back again, regarding the swimming pool. An item in the May 'VOICE' informed us that the subject of the eight-hour lifeguard schedule decision was tabled for further study.

The ten-month hiatus with no lifeguard has made two things evident. One, it has denied those residents who need the comfort of a lifeguard's presence the use of the pool; and two, those who do swim, do so sensibly and cautiously in an unguarded pool. Having a lifeguard again would be welcome. However, having a daily double shift, from 6 a.m. to 10 p.m., the plan that is being considered, seems a wanton and unwarranted waste of our residents' money, AGAIN. We've been through all this before!

On a regular daily eight-hour lifeguard schedule, residents who swim for therapeutic, mild exercise or other reasons would, as they've done in the past, use the pool at that time. Other residents who are confident swimmers

## Edison's "Warm-Room" Plan By So. Calif. Edison Co.

With many cool nights and days yet to come this spring, Southern California Edison Company is offering low-income electric heating customers assistance in establishing a "one-warm-room" plan to help reduce home electric bills and conserve energy.

J. A. Melton, Edison area manager, said the utility is offering free electric heaters to eligible needy families interested in practicing the "one-warm-room" concept, which has its historical roots in the log cabin days.

"The idea is to heat only the main activity room, such as a den, living room or kitchen, where the family spends most of its time during the day and early evenings," explains Melton.

"At night, the single heater could be used to heat a bedroom, he adds.

The overall purpose of the program is to assist families on fixed or low incomes to save energy and lower their electric heating bills. Eligible families must have electric heating systems such as ceiling cable, baseboard, wall or forced-air electric heaters.

To be eligible for the program, family income cannot exceed 150 percent of federal poverty guidelines. For example, maximum gross income for a family of two is \$10,080.

In addition, persons who are over 60 years of age, or are permanently disabled, may be eligible if they do not exceed 200% of federal poverty income guidelines. In such instances, maximum gross income for a family of two is \$13,440.

Families receiving income assistance such as AFDC or Supplemental Security Income also qualify.

The program is available to eligible renters and

homeowners. Customers who believe they may be eligible may call the utility's toll-free conservation action line at 1-800-952-5062 for information and applications. —SCE

## A.E. Levinson Honored

Santa Barbara Savings has devoted the entire month of June to an exhibit of over 300 photographs by ace Village photographer, A. E. "Al" Levinson, V.22. His work is truly special and his camera is magic. Do try to see it if you haven't already.

## SENIOR CONCERNS

By Joe Gaynes

This may be a repeat, but it is essential to go over the needs for precaution in selecting Health Insurance and Medical service coverage.

We have had meetings in most areas of the County with qualified speakers presenting Health Plans. Our mails are saturated with all kinds of inducements to join or purchase Health Services. Doctors are organizing into groups and doing heavy advertising to attract patients. Clinics and other combinations of doctors are offering services to compete with the Hospitals. The Hospitals are expanding their functions from acute care to include preventative medicine as broad Community Hospitals.

Now, with all this competition (which is long overdue), the patient has

the opportunity to look critically at the doctors and the services involved; and should ask what do I get and how much do I pay for it?

It is also imperative to study the functions, the membership, and the financial structures of these health organizations, so that you are dealing with a solid, stable group, and that you know exactly for what you are paying. A great many of these are going to pass the test of credibility and give us a good quality of service at a tolerable cost. Therefore, check them out and attend meetings where the information will give you clear directions.

## VILLAGE PAINTERS

By Marion Jayne

Next meeting of the Village Painters will be Aug. 7, a members only potluck at 1:00 p.m. in the M.P.R. For information, call Helen Dunn, 987-3871.

## MEET YOUR NEIGHBOR

By Lee Edwards

Please join "Meet Your Neighbor" coffee on the last Friday of every month at 2:00 p.m. in the Garden Room (W.C.R.). This month the date is June 28, and two interesting speakers will be presented: first, Gary Nottingham, who is in charge of all landscaping and maintenance. You will have a chance to ask him everything you always wanted to know about plants and trees, and yellow or red stakes.

The second speaker will be Janine Blymyer, who will talk about the library.

ALL VILLAGERS are invited to attend, both new residents and long-time villagers, for a stimulating meeting of good conversation, coffee and cookies. It's good to meet old friends and make new ones.

IT'S MONEY  
YOU DON'T HAVE TO PAY!

## TAX BREAK

It's an unpleasant surprise at the end of the year when you add up all the interest earned on your investments and find out you have to pay out a big chunk of it in taxes.

THINK ABOUT IT!!

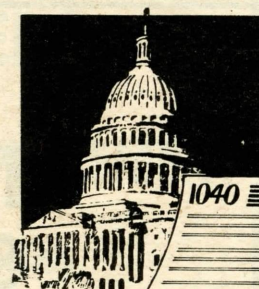

10.50% Yield...Have you ever had a net investment return so high after paying commission and taxes on it?

It's A Great  
Muni-Bond Alternative  
Because...

- Pays higher rate of interest than most Muni's
- No market risk, principal & interest guaranteed
- Tax-free access to both principal & interest
- Liquidity
- No load, No costs, No fees
- Not taxed to heirs

It's An Appealing  
CD and Money Market Alternative  
Because...

- Interest earned compounds non-taxed
- High Yield
- Liquidity
- Tax-free income
- No load, No costs, No fees
- Passes tax free to heirs (is not tied up)

May I share this plan with you?

### ATTENTION POLY ALUMNI

By Helen Stevenson

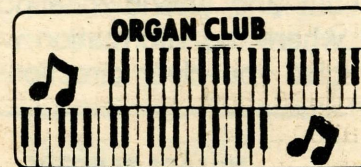

Graduates of the old Polytechnic High School are invited to join the newly incorporated Alumni Association. The membership now represents nearly 2,000 ex-Polyites who graduated before 1955 when the plant was moved from Washington Blvd. to the valley.

Several years ago we knew of 18 alumni living in L.V. There may be many more. News of reunions was sporadic because there was no over-all organization. The Association is now equipped to coordinate the news and activities of all the "old" grads and plans to send out an annual report. It will also help with any effort for reunions with their mailing list, mailing privileges and experience. Dues will be \$5.00 annually. Donations to the non-

profit Corporation are tax deductible.

Association officers are: James McCloskey (W'37) pres.; Jacob Monroy (W'37) vice pres.; Roberta (Sparks) Seibel (W'32) secy; Tom Kemp (W'31) treas.; and Sol Spector (W'33) attorney and legal advisor.

If you, your spouse, or any of your friends living anywhere are interested, please call Helen Stevenson (484-5369) or Haig and Helen Ayanian (482-9995). It's fun to renew old friendships, so join us and be on the mailing list.

By William B. Marvel

Last month's "Ice Cream Social" attracted a large crowd and helped swell our New Organ Fund. Duets by Arthur Litka and Bill Marvel on

organ and piano were well received.

The June 28 meeting will be a memorable one, as club members take turns playing on the magnificent new Yamaha FX-10 Electone Console Organ purchased by the L.V. Association and delivered on June 6. Members are reminded that our fund-raising efforts must continue, as over \$6,000 must still be raised.

The June meeting will also include a homemade fudge sale and a flowering plant sale. Theme for the day is "Waltz time and Sentimental Occasions". This meeting will also provide villagers with an opportunity to see and hear our magnificent new organ, and to show their support. All are cordially invited to the A.R. at 1:30 p.m.

From Page 3

and use the pool at any hour, with or without a guard, would continue to do so anyway.

Having a lifeguard during the day, especially with summer upon us with its influx of children and guests, is a must. A lifeguard is needed to keep the pool area orderly as well as for safety purposes. What we can't understand is why we must have imposed upon us again, an extended guard duty schedule, inasmuch as it was a failure last year when it was tried.

The reasons offered by the Board justifying the extended schedule (with its accompanying costs) are questionable. There are thousands of condos, apartments, resorts and other facilities similar to ours, that function just fine with an eight-hour lifeguard schedule, as did we, prior to the present administration's unwarranted changes. Better

they should look to more competent supervision of the condition of the spa and pool regarding cleanliness, water temperature and other maintenance problems.

One of the outstanding features of L.V. is its attractive recreational facilities. We are a community of active adults, utilizing our facilities to full capacity. We must, of course, provide reasonable precautions for the safety and protection of our residents when using the recreation facilities. However, being realistic, it is impossible to create an absolute "fail-safe" environment. Accidents can and have happened in our village and in our recreational areas. Thankfully, the "track record" of incidents at our pool has, to the best of our knowledge, been negligible. There is no reason to believe that it will not continue to be so.

The 6 a.m. to 10 p.m. lifeguard schedule is a costly and unrealistic plan. What happens in the event a lifeguard fails to show up? We have been led to believe the pool facility gates would remain locked until another guard could be obtained! Projecting this situation one step further, what might happen. Since just a few residents use the pool in the early a.m. or late afternoon hours the Board would probably then say that we are paying lifeguards to "baby-sit" a near empty pool. They would then probably limit the pool access to an eight-hour day. If the plan is to abide by the "no lifeguard, locked gate" rule which in effect means limited hours when the pool area would be available, a great many residents, non-swimmers as well as swimmers would be de-

## Current Issues Form

By Lou Sirotnik  
"Social Security - 50th Anniversary - Past and Future" was the topic discussed by the Forum on May 31 in the AR.

Joe Gaynes, Assemblyman for the California Senior Legislature, chaired the meeting and introduced the speakers: Tony Lamb, Senator for the California Senior Legislature; and Tony Lopez, Field Representative for the Social Security Administration of Ventura County.

Mr. Lopez presented a number of fact sheets and various pamphlets containing data and information helpful for those receiving Social Security. He stated that it is alleged that Social Security may not be around in 30 or so years. This is quite questionable. If true, though, it does not forebode well for those employed in the 30-plus ages.

Joe Gaynes gave a glowing introduction for Tony Lamb who is a graduate Electrical Engineer and at age 81 does professional consulting work.

The 50th Anniversary of Social Security was celebrated throughout the nation and here on April 10 in Thousand Oaks. A group of Seniors led by Tony Lamb presented Bobbi Fiedler with a number of complaints about Social Security in general.

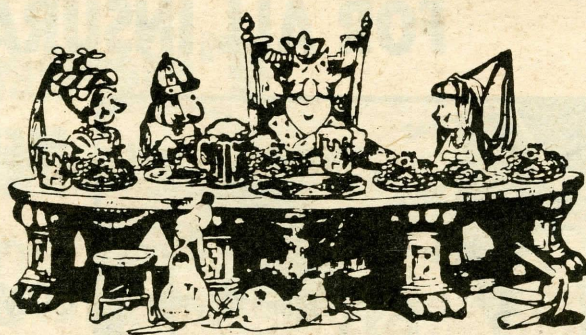

Tony Lamb meets monthly with representatives of Social Security, to review pertinent cases and if necessary forward any beefs to Washington. Lamb was staunchly against Social Security in its formative stages, during the great depression and the Administration of F.D.R. But now he confesses that he is more than happy that he lost that battle.

Lamb says that few people are aware that Social Security has a provision called "IMPAC" wherein a recipient in dire circumstances can receive a check FAST. He gave several examples of cases where Social Security inadvertently claimed that a recipient was deceased, thereby presenting time consumption and apprehension in final check reception. He also said that, generally speaking, it's OK to have Social Security checks sent to your bank but there is a long-shot chance that one may encounter problems, as for example, if the bank changes its name. Also, Social Security may impound your checking account under certain conditions, thereby presenting the possibility of over-drawn checks.

A question and answer period followed.

## CURRENT ISSUES FORUM

By Louis Sirotnik  
"ARTS for EVERYBODY" is the topic to be discussed at the Friday, June 28 meeting of the Current Issues Forum in the AR at 7:30 p.m. The subject will be presented by the Camarillo Arts Council. Speakers will be Mike Morgan, Councilman, who is quite an ardent arts advocate; Rick Smith and Rex Waggoner.

A Forum Program Committee meeting will be held on Thursday, June 20 at 3:00 p.m. in the MPR.

## NEWS ITEM

Bruce Levelle, son of Herb and Gerry Levelle, all of V.11, has, with his partner, won the recent Doubles Tournament at the U.S. Tennis match in open class. "A prodigious award," says a proud father. Congratulations, Bruce.

## BOOK REVIEW GROUP

Book Review had a full crowd out in June to hear Irma Hopkins review a biography of the Mystery Queen, Agatha Christie. Unfortunately Irma's illness made it necessary to change programs at the last minute. Everyone was sorry to hear this.

The audience heard a review of "Strictly Speaking" by Edwin Newman who deplores modern English as heard and seen on the various media. (This is a very amusing book.) A short review of a little book, "Sniglets" (names for things which have no names), was added. An example of a Sniglet might be a "Bookrook" for a book review with a sudden change of program.

Our next meeting will be Monday, July 8, 10:00 a.m., in the Garden Room. Program to be announced.

## Volunteer School Speakers Honored At Luncheon

By Jack Whalen

More than thirty Leisure Village members of SEASONS (Senior Experts and Speakers On Numerous Subjects) and their spouses were honored early this month during a luncheon party at the Lobster Trap in Oxnard.

Hosting the event were Phil Palbaum, Director of TRI-TEC and Donna Coffey, project coordinator of the Teacher Education and Computer Center in Ventura.

"I bring you greetings and thanks from hundreds of teachers throughout Ventura County," Ms. Coffee said in her opening remarks. "During the 1984-85 school year, Leisure Village volunteers spoke to some 400 classes, reaching some 15,000 students. Tapping your expertise and experiences has given us the opportu-

nity to offer our students a wide variety of subject areas."

The SEASONS group, under the direction of L.V.'s Rube Davis, offers Ventura County teachers more than fifty different subjects ranging from photography to Shakespeare, from stained glass to fabrics, from ancient history and travel to the Holocaust and a fine assortment of career guidance themes.

Among husband-wife teams that have spoken before dozens of classes are the Himstreets and the Muldoons. Maxine Himstreet's subject is "Uses of Rocks and Minerals", which is aimed for Grades 2 through 6. She exhibits an extensive collection of rocks and minerals, conducts a lively hands-on program and tells how they are used in industry.

Bill Himstreet, one of L.V.'s Board of Directors, is a former professor at U.S.C., an author of many

books, still does consulting work, serves on the Board of several large corporations and still finds time to speak on "Getting a Good Job." His 45-minute class session is in great demand as he gives advice on self analysis, preparing a resume and how to be ready for that all-important interview.

Ailsa Muldoon's class combines music, song, legend and history. It is titled, "The Music of Ireland" and she arrives for class with her folk harp and dressed in costume.

Bill Muldoon, an engineer who retired eleven years ago, but still does consulting work for his former employer, Hughes, and now part of the G.M. empire, speaks on "Space Exploration and Orbiting Satellites." Bill strives to be on dialogue with the students to encourage critical curiosity and enthusiasm for learning science.

It's a rewarding experience!!!

Orchestral Society

By Selma Simon

The L.V. Orchestra, under the direction of Arthur Kates and his assistant, Don Holmes, wishes to thank its patrons and guests for their support by attending the June 2 concert.

The two pianists, Rawza Kates and Selma Simon, are to be commended for their piano introduction of the Grieg Concerto rarely, if ever, shared in a duet role. Mr. Lownthal's trumpet rendition of Atlantic Zephyrs was technically and interpretively effective. Valse Hilda was played by Arthur Kates on the tenor saxophone. Stars and Stripes for an encore seemed a most fitting selection with an overflow of patriotism and high spirits for everyone.

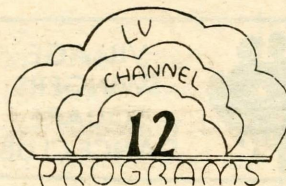

Overall, the program

covered a wide range of music aimed at pleasing the majority, from Bach to Grieg to Mozart, etc., and vocals from Oklahoma and My Fair Lady.

Rehearsals will continue Monday nights, 7:00 p.m., at the home of Arthur Kates in Village 41, except for a short hiatus during the summer. The orchestra welcomes new instrumentalists to keep the number of musicians on a top level degree, so please contact Kates, 484-9975.

### CORRECTION

Betty and Al Walker, V.25, request the help of I.L.V. readers. Their address is listed incorrectly in the new telephone directory. If readers would write in the correct number which is 25115, it will help a great deal since it will be some time before a supplementary list will be published. The Walkers are already having confusion with their mail.

By Jack Whalen

There's a new, beautiful bulletin board for all residents to see and be advised of programs weeks in advance. Our deep thanks to the L.V. Billiard Club, whose members paid for the attractive, glass-covered, locked board.

Chairperson Elva Ward quickly filled the large board with a detailed 1984-85 annual report, telling how far your own channel has moved in the past 12 months. Starting now, a complete schedule of events from 3 to 4 weeks in advance will be displayed.

Please make the Channel 12 bulletin board, located in the open-air atrium just before entering the recreation center, a stop-off spot as you visit our rec area.

VILLAGE  
SWINGERS  
SQUARE  
DANCE CLUB

By Al Siegel

On May 14, at the monthly ice cream social of the Village Swingers, the nominating committee, headed by Bob Guhl, presented their slate for 1985-86 as follows: Pres., Lou & Midge Dektor; 1st. Vice-Pres. will be shared by two couples in charge of refreshments, Les & Mary Kovach, and Sam Perren and Anne Wolfson making up the second couple; 2nd Vice-Pres., in charge of activities, Bernie & Edith Zwiebel; Treas. will again see Mort & Fran Linick putting their computer knowledge to work keeping track of members and monies; Secy., Bill and Nettie Corwin; A Square D representatives will again be Irv & Millie Litrownik. Election and installation took place at a potluck dinner June 25, followed by dancing

called by Clyde Drivire.

In July there will be two guest callers. On July 23, the exuberant Don Schadt will be here and we are looking forward to his usual fun calling. On July 30, Dick Hodnefield, a fine caller, will put us through the plus list of calls in his customary interesting manner.

The Village Swingers have obtained the approval of the association to put a large, easy-to-read clock in the A.R. it has been purchased; an 18" commercial clock with a 15" face, and presented for installation and should be in place by the time you read this.

### CHESS CLUB

By Harry Wilmot

We are now active in the Lanai Room every Tuesday from 1:00 p.m. to 5:00 p.m. Beginners and advanced players warmly invited.

See our display in the Atrium during the last two weeks of June.

### E.Z. Squares Square Dance Club

By Bill Roffman

E. Z. Squares Dance Club dances every Sunday 7:00 p.m. in the A.R. If there are any changes, see Ch. 12 or village bulletin board. Our regular caller is Sam Atkinson.

We plan on having a surprise guest caller every month. We dance at full mainstream level with the addition of plus level instructions. Dancers needing plus level brush up are invited and welcome.

On May 5, our surprise party in honor of our caller Sam Atkinson's retirement from the Navy was a huge success, with his many friends and guests attending.

On June 9, (another surprise), a champagne toast was made to Vern Brown and his lovely wife Ruth on attaining their 57th wedding anniversary. Best wishes to them and for many more years to come.

## ALL HART

By Ruth Hart

Had a milestone in our family recently. Woody's father had his 98th birthday May 29, back in Rhode Island. We told him we will be there with bells on to help celebrate his 100th.

Received a call from Marcel Lerner, V.35, telling me how he enjoys speaking on various subjects at the local high schools. He speaks about his experiences on the European stage, the life of Shakespeare, World War II, The Battle of the Bulge, and sometimes visits as many as six or seven schools a month. Our young people seem eager to learn about these things first-hand and Marcel enjoys the telling.

Rose Siers, V.9, is beaming as her grandson, Robert Siers Corvallo earned his B.A. in English (with emphasis on fiction

writing), with honors from U.S.C. He will be traveling in Europe all summer and studying in Italy. Jeanette Micon, V.6, also proudly announces her grandson's graduation from Hastings Law School in San Francisco and her son is a professor at the University of San Francisco Law School.

Morris and Jean Silverstein V.3, home from N. Jersey where they proudly attended the college graduation of Jean's two granddaughters, (sisters 21 and 22).

Don and Melanie Herick, V.23, had a pleasant Mother's Day surprise. Brunch, (mostly already prepared), was brought in by all of their eight children and grandchildren. Melanie said just to have most of the family together at the same time was surprise enough, but the food was delicious, every kind of breakfast food you can name and enough to feed an army.

Maxine and Phil LaPorte, V.23, home from their yearly trip to Lawrence, Kansas, where their daughter is a dental hygienist and her husband a dentist and where they have their own practice. Need I say more? Just look at their beautiful teeth. When they returned to Thousand Oaks on the airport bus, son Tom and wife Nancy, met them and handed them the keys to a new car. In July, Tom and Nancy will present them with their first grandchild. Phil says old age can sometimes be a pain in the neck, but at times like this, how great it is!

Wayne and Verdie Nelson, V.13, had a different kind of experience. They took the Amtrak round-trip to Iowa. They visited Wayne's three brothers and attended his 50th high school reunion (class of '35). As Wayne was not feeling up to par, they made good use of their sleeping room. All in all, they enjoyed the train trip.

Marion and Lou Tamkin, V.24, treated the group they took out of the Leisure Village to a surprise on their Reno/Tahoe trip. Instead of a routine tour of the capital in Sacramento, they were met by Assemblyman Tom McClintock and Senator Ed Davis, and Tom McClintock personally conducted their tour and they watched both houses in action. I hear Marion's trips are full of surprises.

Joe and Sylvia Selden, V.17, went to Japan to celebrate Joe's 70th birthday. While having dinner in a restaurant in Kyoto, in walked Art and Elaine Shainhouse, V.30. They were both on different tours. Be alert, no matter where you travel, you will always meet other Leisure Villagers whether you want to or not.

Sylvia and Ron Lefton, V.33, returned from a fabulous Barge and Ballooning trip in France. Um, that sounds like fun.

They're now looking forward to their winter holiday cruise to the Indonesian Islands with fellow Leisure Villagers. Sylvia says come on along!

Bea and Josh Fallick, V.13, and Syl and Ruth Levine, V.7 (Bea's brother) motored recently to Arizona, New Mexico, Texas and New Orleans. Josh even sat in and played his clarinet with the band on the river boat while sailing down the Mississippi.

Maxine and Bill Himstreet, V.31, welcomed their first granddaughter, Elizabeth Ann Johnson in Bellingham, Washington. Elizabeth is the daughter of Mr. and Mrs. Roger Johnson (Sue, daughter of Maxine and Bill), and has two big brothers, John and Larsen. "Smartest, prettiest baby in the world." Friends of Charles and Ruth McVey, formerly of V.3, will be pleased to

### By Tia Perlman

The New vistas group has had an interesting and fun-filled time during these past four weeks. We visited Meditation Mount in Ojai; the locale which was used to depict Shangri-La in the film, "The Lost Horizon," after which we enjoyed a brief visit to The World University. The day was topped off by a fine luncheon at the Ojai Inn.

The group enjoyed a fascinating lecture on "Vibrations" one evening during the following week. The lecture, held at the Mercury S. and L. was sponsored by The Southern California PSI Society.

On another evening, we

attended an AA meeting, which provided insights into both the dark side of the lives of some of our fellow human beings, as well as the courageous side, which helped them to overcome their adversities.

During our regular meetings, discussions concerning such subjects as:

- What would you like to change about yourself;
- Happiness, it's only natural;
- Personality traits as seen in handwriting;
- Learning to listen, produced exciting exchanges of thoughts and feelings amongst the group. And most inspiring of all, was the acknowledgement by many of the participants that, YES, change for a happier, more fulfilling life was indeed possible.

around much anymore. We were fortunate to have them "light" long enough to talk to us.

Next meeting will be Wednesday, July 24, at 7:30 p.m. in the M.C.R. Program Chairman, Seymour Fisher has arranged to have Kitty and Bob Lynn, jewelers and gemologists in Ventura, as guest speakers. Anyone interested is welcome to any of our meetings.

Dorothy Levy is working up another field trip. If it is as interesting as the recent bus tour to the Lancaster Gem Show, it will be a good one.

Keep watching Channel 12 for more news on all Club activities.

with a total score of 735; Yolan Lipscher took second prize with 683.

For those who already play in a club, there will be a tournament held June 22 and 23, in Huntington Beach for novices and intermediate players, and on June 29 and 30 for the experts. Tournaments are interesting, fun, and competitive and add a new aspect to the game.

### THE CERAMIC CLUB

### By Don Holmes

Members of the Ceramic Club enjoyed a very interesting trip to UCLA this month, along with other Villagers, on a Travel Committee Bus Trip. The Club suggested to the Travel Committee that UCLA had tours through their "Sculpture garden" and would put on ceramic demonstrations on request. The Travel Committee arranged a Leisure Village tour to UCLA and added lunch in the Cafeteria and a visit to the Japanese gardens, where we were immersed in the tranquil atmosphere of Old Japan. The University provided two extremely knowledgeable Docents who stayed with us all day.

Joe Poliak today! The Club and Joe are interested in starting a class in Enameling on Metal, so Joe can pass on his knowledge of the art. Come, hear and watch him, all this at 10:30 a.m. this Thursday, June 27, in the C.R.

The Annual Picnic is on Thursday, July 25 at noon in the Picnic Area. On Aug. 22, we have our Annual Luncheon in the Mercury Savings Lunch room.

Watch Channel 12 for more news on all club activities.

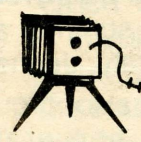

### VISION LIMITED

### By Rose Drell

Vision Limited will meet 1st Mondays at 1:30 p.m. in the Lanai Room. Anyone with a visual problem is welcome.

Last month, a group toured the Braille Institute at Santa Barbara. This month, plans will be made for our July picnic.

For more information and an interest in instruction, call Pearl or Murray Greenfield at 484-1398.

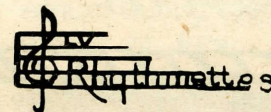

### CAMERA CLUB

### By Imogene Gregory

On May 15 members of the Camera Club enjoyed an instructive session on portraiture demonstrated by a sales representative from Gordon Cory's camera shop. The meeting on June 5 was cancelled because of the candidates' meeting.

On June 19, there was slide competition on Leisure Village and on July 3, Stan Baird will show how to do still life. A representative from Pro-Camera will be here July 17 to check cameras for correct shutter speed, meter action, batteries, light, etc. Bring cameras.

The dark room is almost completed. We need volunteers to help. Please call Sam Katz if available.

### By Margaret Hines

The Rhythmettes have been busy and happy, playing along through spring into summer. There was good attendance and real enthusiasm.

After final rehearsal July 2, before summer hiatus, we will be ready to march out, resplendent in our red, white and blue, to contribute our rhythmic patriotism at the July 4th picnic.

As we do our own thing through July and August, we will keep in touch by having our summer tea-sandwich luncheon at our usual time on Tues., Aug. 20. This will be a purely social, "talk all you want to" fun time. We hope to have some creative entertainment groups emerge from among our members to entertain us. Let's make it our own private showtime, as a trial run for use in future performances.

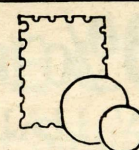

### LIVE BAND DANCE

### By Bess Mast

The Live Band Dance Group is confident that those attending the dance on June 29, at which Jack Miller's Band is to be featured, will have a very enjoyable evening.

Please note that there has been a change of plans. The committee assigning tables for the dance had decided to discontinue the practice. However, three new volunteers have graciously come forward because they believe it adds much to the enjoyment of the evening to know that a group of friends may be assured of sitting together, even if they cannot all arrive at the same time.

Jane Selber, Ruth Dubin, and Rosalie Miller will do the assigning. If you do not have an assigned seat by June 27, please call them. Doors open at 6:45 p.m.

### STAMP & COIN CLUB

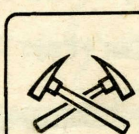

### By Charles Kaub

During the summer months, Stamp and Coin Club meets only on the first Tuesday evening, 7:30 p.m., MCR.

Good news is that your club became active members of the American Philatelic Society. This means that we have access to good speakers, film and slide strips relating to our hobby, monthly catalogs and the right to sell stamps on the national circuit.

July 2nd meeting has a fine speaker and bingo. August 6th meeting will feature a stamp auction and swap session.

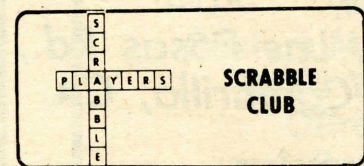

Don't forget that this year we have instigated a fine door prize at each meeting, and also invite all villagers to visit us. Do have a wonderful summer.

### GEM AND MINERAL CLUB

### By Don Holmes

If you missed the meeting on June 26, you missed a rare appearance of Lillian and Bill Skelenger. Lillian does exquisite carvings in soap-stone and other materials. Bill does more things than you can imagine — lost wax casting, fluorescents, and of course the usual lapidary work. He was Lapidary instructor for several years. Like many other Leisure Villagers, the Skellengers have become hooked on RV travel, so they are not

### By Pearl Greenfield

Because Scrabble Club plays on the 2nd and 4th Monday of every month, only one game was played in May, due to the Memorial Day holiday. On the 2nd Monday, Betty Schatz won first place

## SATURDAY NIGHT BALLROOM DANCE

By Anne Janoff

On June 22, the Saturday Night Ballroom Dance once again provided a most festive and enjoyable evening in celebration of their 9th Anniversary.

The tables adorned with fresh cut flowers and the hall brightly decorated created a truly gala atmosphere. In the spirit of the event, the Villagers, dressed in party attire, completed the setting.

During the intermission, the Saturday Night Ballroom Dance Executive Committee, hosts for this dance, extended their greetings to all present and acknowledged the committee members who

have worked so hard all year. It is due to their efforts that the dances have successfully continued to bring top quality recorded music for dancing for the pleasure of our residents. Serving of a delicious Anniversary cake highlighted the occasion.

Following the filling of our "sweet tooth", the evening continued, with good tunes for dancing and pleasant camaraderie. A delightful time was had by those attending.

Dates for our upcoming dances in July will be presented on Channel 12. Please be sure to watch for those announcements. The schedule of dates for the remainder of the year had not, at the time this went to press, been confirmed.

## Father's Day At Camarillo State Hospital

Women's Club observed Father's Day by sending a collection of small gifts to the male patients at Camarillo State Hospital.

The club appreciates the help of Homer Robinson and his wife Susan, V.1, long-term volunteers at the hospital, for delivering the items.

## DANCE WORKSHOP

By Marguerite Abdelnour

Wednesday, June 5, members of Dance Workshop gathered in the MPR for an Installation supper. The newly elected officers were: Rhoda Smithkin, Pres., (2nd term), Marguerite Abdelnour, 1st vice-Pres; Rita Leffler, 2nd Vice-Pres.; Ida Kubica, Rec. Secy.; Esther Harris, Corres. Secy.; Helen Scraba, Treas., (2nd term).

The purpose of Dance Workshop is to promote interest and well-being to resident members of Leisure Village through active dance and exercise. Dance class is held every Tuesday at 3:30 - 5:30 p.m., A.R.

May 19, the Workshop hosted a Dance Jamboree, inviting most Dance Clubs to participate. Responding were L.V. Folk dancers and Latin American Dance Club. We regret that late notice to some clubs conflicted with their schedules, preventing their acceptance. Our next Dance Jamboree is scheduled for January 24, 1986, in the meantime, dance for joy and good health.

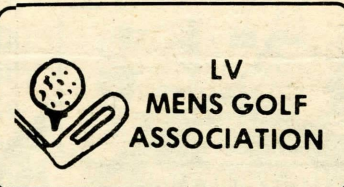

By Marguerite Abdelnour

Swing Disco Jazz Dances: Saturday, July 6, Stars & Stripes. Charles and Dorothea Ward will emcee. All Patriots come in your colors, (Red, White and Blue).

Saturday, August 3, Country-Barn Dance. Rube and Frances Davis will emcee. Get in the spirit, dress Western or casual.

All dances, 8:00 p.m. - 11:00 p.m. in the A.R. Refreshments, BYOB — Adm. 50¢.

FLY YOUR FLAG ON THE FOURTH!

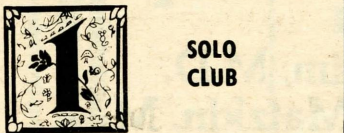

By Jack Whalen

A report on winners of the Tournament of Champions, an annual event held each June, was promised you in this issue. Sometimes golfers hit good shots and try to minimize the bad hits. Such must have been the case at Camarillo Springs Golf Course on June 6 when your reporter shot a 5-over-par-76, to capture the event. Ed Idell was second low gross with a 79.

Taking Flight A honors was Hershel Resnik with Milt Tobias runner-up. Warren Stanfield took Flight B with Chris Thomsen in second spot. Flight C found Coenraad Meyers on top with John Wesley the runner-up.

Men and lady golfers will get together for the Mixed Couples match on Sunday, June 30 and will meet at 4:00 p.m. in the AR room for the 19th-Hole Party. The always popular band of Larry Killen, Joe O'Neill and Bill Marvel will play for listening and dancing. There might be added entertainment as this marks the last event for the 1984-85 officers and chairpersons of both clubs.

Regulation play for men during July will be on Wednesday July 17 at Camarillo Springs.

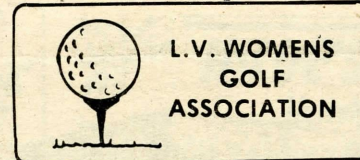

By Beth Barker

On Thursday, May 30, thirty-one Solo Club members enjoyed an evening out at the Olde Timers' Restaurant.

At the potluck dinner on June 14, we were entertained by a lively group of dancers from Newberry Park.

Our next regular meeting will be Friday, July 19 at 12:30 p.m. in the G.R.

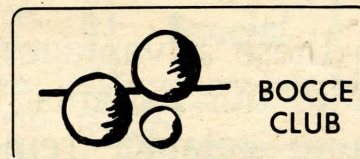

By Millie Mullery

On June 4 and 5, Women's Golf enjoyed a fun-filled Scotch-Twosome Tournament. Ann Felts and her hard working committee provided a delicious hamburger with all the trimmings Picnic on the 5th where all the winners were awarded their prizes.

Congratulations to all the winners in the Club Championship Tournament which was concluded on May 29. The Club Champion is Edie Sena who had low gross over the field.

Other winners were: Flight A — 1st Low Gross, Mike Mancusi; 1st Low Net, Billie Mueller; 2nd Low Gross, Jeanne

By Helen A. Kellner

The Bocce Club was very much alive at the meeting on May 30, beginning with the Bocce Good Fellow Song, followed by a most delightful performance from the Suzuki Sophisticated String Ensemble from Westlake.

The group consisted of a great number of young children playing familiar melodies, enthusiastically received by the many members and guests in attendance.

Jack Whalen did the emceeing for Channel 12 — Villagers watch for it!

O.C. Marler, President, announced the winners of the Men's Tournament: First Place, Tony Mayer; 2nd, John Kowalsky; 3rd, John Buccieri. Trophies will be presented at the annual Dinner Dance on June 27. Served will be a roast beef dinner with all the trimmings followed by good dance music.

The meeting concluded with socializing and re-

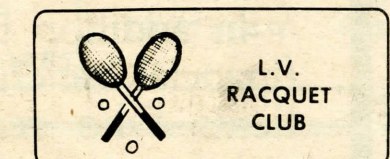

Brown; 2nd Low Net, Mildred Pederson.

Flight B — 1st Low Gross, Sylvia Tockerman; 1st Low Net, Betty Bonebrake; 2nd Low Gross, Marcella Westerhout; 2nd Low Net, Dorothea Ward.

Flight C — 1st Low Gross, Erma Hopkins; 1st Low Net, Doris Siegel; 2nd Low Gross, Dora Cronyn; 2nd Low Net, Nancy Whitaker.

Niners — 1st Low Gross, Helen Sierichs; 1st Low Net, Lila Burger.

Trophies were awarded at the June 13th Installation Luncheon which was held at the Las Posas Country Club. In the May issue of ILV, the name of our new 1st V.P. was incorrect. It should have been Betty French. Apologies to Betty for this error. Regulation golf will be played at Camarillo Springs on July 18.

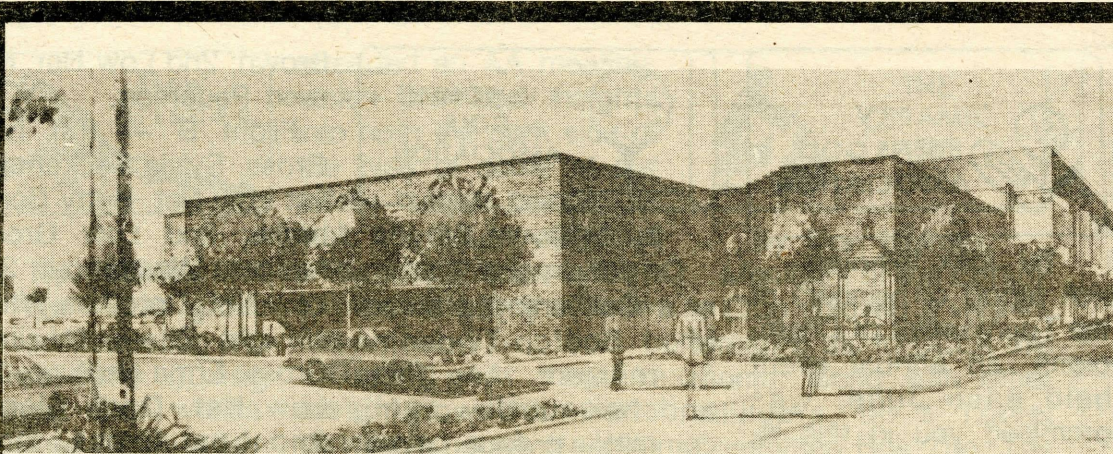

By Shirley Kordell

ROBERT L. CHASS, a member of the Leisure Village Finance Committee and a nominee for the Board of Directors, was the guest speaker at the May meeting. He spoke of the many problems that require the Board's attention and which they attempt to solve to the best interest and satisfaction of the majority. The most taxing items are planning the budget with increases occurring in the cost of insurance, employees' salaries, maintenance of the grounds, and the TV facilities. He was most informative and gave us much food for thought.

SOL MILLER, Chairman of the picnic to be held July 20, reported on the plans being made.

freshments served by Elfrieda, Kay and Ruth. A "Thank You" to all of them.

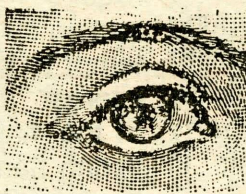

## The Lynn Eye Surgery Center

The Lynn Eye Surgery Center has been designed to provide the maximum in comfort, convenience, and safety. It is fully equipped with the latest microsurgical computerized state of the art equipment. We perform lasers, cataract removal, lens implants, glaucoma surgery, and many other procedures. No longer is it necessary to go to a hospital for treatment.

In addition to these advantages, there are direct financial benefits to our patients. For Medicare patients who require cataract removal, we accept assignment as our entire surgical fee and the fee for using the surgery center. The only cost to the patient would be the yearly deductibles not already met, take home medication, and the 20% co-payment for the implant. Thus, the out of pocket cost for a Medicare patient with no supplemental insurance would average about \$90.

## Lynn Eye Medical Group

Roy T. Butera, M.D.      Yong J. Kim, M.D.  
Robert F. Cowan, M.D.      M. Gene Matzkin, M.D.

VARIETY  
GUILD

By Amy Puro

The May meeting of the Variety Guild was a real treat to all who attended. After a short business meeting, members were invited to partake of an Ice Cream Social, followed by a diverse program.

Able emceed by Irv Leeds, Dorothy Karlin did a wonderful "Cabaret" mime, followed by our own Belly Dancer, Grace Back; beautifully costumed and holding the audience entranced with her intricate movements. Irv Leeds reprised his role as conman Hill in River city from "Music Man", with a chorus of members singing, "Trouble in River City".

Coming down to the wire, the producers, directors, and performers are really giving it their all for the forthcoming "Salute To Entertainment" - July 11, 12, 13, 14. With the opening curtain featuring Al Law and Doris Seigel as Mickey and Judy in "That's Entertainment", the chorus and dancers are ready to go. "Gypsy", with Grace Back and Lil Leeds and those tassel-twirling, terpsichoreans, Dorothy Karlin, Helen Gold and Piff De Simone, and then it's off to the "South Pacific" and the wonderful voices of Jules Nayfack and Kay Avery and "Bali Hai" of Roie Beck and those sailors. A bit of nostalgia of the '50's and "Bye Bye Birdie", featuring Helen Gold, Oscar Sheppard and Sylvia Altes, brings us to "Mame" with Renee Greene, Dorothy Karlin and Alva Lane, and a great presentation of "Dolly" featuring Irv Leeds, Jane Fine and Bob Barrus and the singing waiters. All this plus a spectacular finale.

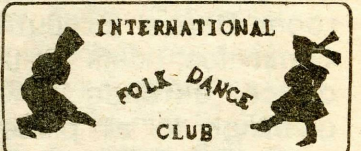

Under the dynamic direction of Joan Johnson,

with Helen Gold as choreographer, and Renee Greene and Dorothy Karlin as executive producers, and assorted prop people, costume assistants, stage manager Robbie Karlin and his staff, this promises to be three superb evenings and a Sunday Matinee

Your  
Neighbors  
Care  
Group

Please watch Channel 12 and the posters in the Rec Center for Your Neighbors Care Group July program.

By Florence Farber

Judging from our large attendance at International Folk Dance Club Monday, May 29, all came with lots of enthusiasm to meet Miriam Dean, professional folk dance teacher and to learn new dances. All had a wonderful time.

No partners are needed; no previous dancing knowledge is necessary for participation. Instructions are by qualified teachers. You'll be dancing, the first day of attendance.

Monday, 2:00 - 3:00 p.m. will be teaching time for everyone. We welcome all who love to dance.

Review and new dances Wednesdays 9:00 - 10:30 a.m. Continuous dancing Fridays, 9:00 - 10:30 a.m.

### CONGRATULATIONS

Over two-hundred guests attended the lovely garden ceremony in Santa Paula when Billie Brooks and Bill Snyder exchanged marriage vows on June 9. Both the bride and groom have been long-time friends and neighbors in V.4, and Bill has served briefly with the Editors of I.L.V.

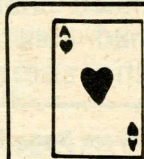

INDOOR  
OUTDOOR  
GARDEN  
CLUB

By Doris Neal

Attention — Members and interested friends, the Garden Club will be meeting each month from now on in the MPR, the second Thursday of each month at 9:30 a.m. On July 11, we will meet you for a time of camaraderie with friends over a cup of coffee and refreshments before our instructional meeting.

Mary Hale will continue her series on how to start, change, or renovate our gardens and design patios. The areas we have to work with are small. We have to take advantage of what we have with proper soil preparation and know-how to plant what and where in sun or shade. The patio, also, provides us with an opportunity for color and to display our "green thumbs."

On Saturday, September 28, 9:00 a.m. to 5:00 p.m., in conjunction with the Womens' Club Bazaar, the Garden Club will have a Plant Bazaar in the lathe area of the pool. Now is the time to start plants for this occasion.

PARTY  
BRIDGE

By Helen Stevenson

Winners for May - June were Bob Brackenbury, Hank Ringer, Ruth Stender, Milt Tobias, Helen Stevenson, Harriet Brown, Ernie Engen and Iz Zindler.

Regular games are played on Tuesdays at 1:00 and 7:30 p.m. and on Thursdays at 12:30 p.m. in the WCR. No reservations necessary. Please come early to be assured a seat. The 50¢ donation is used for prizes to the top five or six scores.

By Alice Gelfand

Did you watch the Dance Jamboree? Those of us who participated, enjoyed sharing the fun with the other spirited groups that were there.

If you haven't tried ethnic dancing yet, why not come to at least watch? We meet 1st and 3rd Mondays in the M.P.R.; 2nd and 4th in the A.R. Basic steps for beginners are taught from 7:00 to 7:30 p.m. Dancing and advanced instruction are from 7:30 to 9:00 p.m.

#### REMINDER

As pointed out in *The Voice*, bicycle lanes are for cyclists and pedestrian lanes are for pedestrians. Cyclists must go with the flow of traffic and pedestrians if using the lanes must walk against traffic always yielding the right-of-way to the cyclist.

## Esty

From Page 1

has granted access through part of the Seminary property, (a new church is to be built in the area) and ground-breaking for the bridge will take place in February, 1986.

Residents have also expressed concern about the inadequacy of the Carmen interchange. The City has been negotiating with Cal Trans for two years on this matter. It has been expected that the State would finance the project since it involves 101, but instead, the City must assume the responsibility. This revision is #2 on the City priority list and will be starting in 1987-88.

For those who have noticed the large crane in the area when going over Lewis Road — this is the beginning of another improvement which when complete will provide eight lanes at that point. And for those who have

wondered about the eucalyptus trees, all that needed to be removed have been removed.

The Councilman also issued a WARNING to all. Traffic citations doubled last year and SPEEDING has become a serious problem. He noted that Tom O'Brien had called attention to the same

problem in the village when presenting his Security and Safety report to the Board. Citations will increase in the City as well as on the Freeway, so it behooves all drivers to take care.

Those present received Mr. Esty's informative talk with much appreciation.

## Security

From Page 1

ing up debris with their hands and should be furnished with brooms and scoops so that they, too, can leave the streets clean on a daily basis.

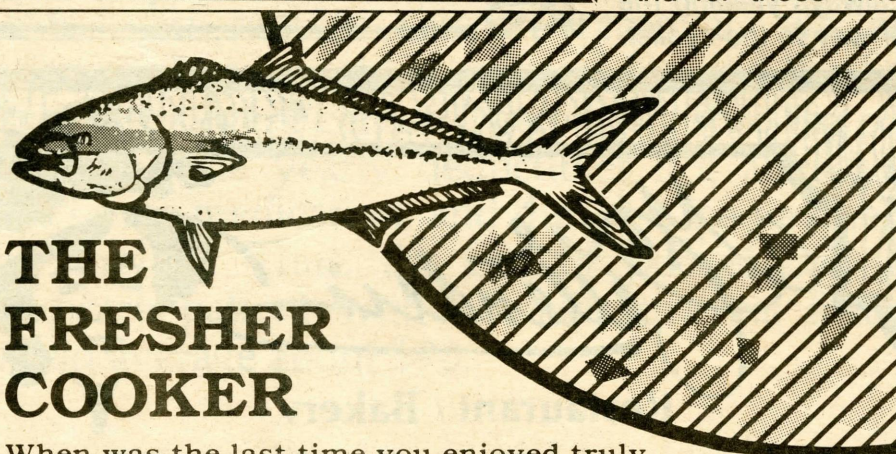

Another recommendation suggested that as the walkways are replaced with concrete on Leisure Village and Mountain View Drives, the walkways be straightened as much as possible and be limited in width to five feet, resulting in lower cost and earlier completion.

O'Brien warned of excessive speed by vehicle

traffic and the Committee is recommending radar devices to control speed for the safety of villagers. He also reminded drivers that pedestrians have the right of way at intersections whether marked or not.

AGAIN — Be selective in asking for six-month passes. YOU ARE PERSONALLY RESPONSIBLE FOR THE ACTIONS OF YOUR GUEST. Think about it.

nied the use of this popular facility.

For the many years preceeding this administration, the eight-hour daily lifeguard schedule was perfectly satisfactory to the residents and to the Boards who directed the business of our Village. Why does our present Board persist in ignoring what worked so well until now and insist on imposing schedule and regulation changes which only bring about opposition and discontent?

Anne Janoff, V.17

With reference to my letter of April 6, I am again complaining about the lack of sufficient heat in the swimming pool, and the lack of a balance of interest by you members between the comfort of many swimmers and many of the other facilities in Leisure Village.

To mention just a few: there have been countless

improvements on the golf course.

The bocce court: one additional court; benches for comfort, and a pergola roof; a scoreboard.

The recreation building: a new roof last year; this year a complete refurbishing of the interior, and all new furniture.

New sidewalks throughout the Village, either completed or in progress, which in my opinion were unnecessary, and the former ones were more attractively in keeping with the landscaping.

My husband and I use none of these facilities (except the sidewalks), but have no objection to money being spent for those improvements. However, we do object to the fact that the swimming pool and area have been cut to the bone: no lifeguard, which in a community of senior citizens is a very unwise economy; a gradual lowering of the

heat. You might familiarize yourselves with the fact that the Heart Association recommends that in any adult community the heat of the pool should be maintained at a minimum of 84 degrees, which is what we were advised it would be when we moved in eleven years ago.

I inquired this morning of the attendant about it, and was informed that he was told never to allow it to go above 82 degrees. Those of us using the pool this morning as well as yesterday morning, were in agreement that the water was far too cold, and that it was more like 78 degrees. Perhaps we need a new pool thermometer. A substantial saving in pool heating could be realized by putting copper tubing under the surrounding deck, thus allowing the sun to preheat the water. Even

## THE TAXATION OF SOCIAL SECURITY BENEFITS

Until recent tax legislation, retirees on Social Security have always enjoyed the tax free status of their benefits. Now, if the adjusted gross income together with the tax exempt municipal Bond interest amount exceeds \$25,000 for a single person or \$32,000 for a joint return...You will be taxed on up to 1/2 of your Social Security Benefits. This is a No Win Situation...Or is it?

### THERE IS AN ATTRACTIVE SOLUTION!

- Decrease or eliminate taxation of Soc. Security Benefits
- Principal & Interest guaranteed
- No Load, No Costs, No Fees
- High competitive yield
- No market risk
- Tax free growth
- Tax free income
- Liquidity
- Not taxed to heirs

*May I be of service to you?*

Sergeant Mary on patrol.

## She's On Patrol...And She Cares

By Jack Whalen  
Here in Leisure Village, eight security people are responsible for patrolling our grounds, providing us with emergency medical and non-medical assistance plus enforcing the Village codes and providing traffic control.

Only one patrol person is a lady — Sgt. Mary Burrus — whose 5 p.m. to 1 a.m. duties are termed "outstanding" by Security Chief Max Moses.

Mary, a lifelong Camarillo resident, is a veteran of several years' U.S.

Army service and more recently, was a nurse's aide, performing services both here in L.V. as well as in the general Camarillo area.

She joined our Security Staff just thirteen months ago and on her second day of patrol, was summoned to a home where the male resident was in a comatose state: no vital signs or breathing. She immediately began C.P.R., was able to revive the patient and had him transferred to Pleasant Valley Hospital in stable condition. In a letter to Se-

curity soon after, Rachel Hutchison reported, "I never felt so joyous to see anyone as I did the day little Mary Burrus came flying out of her patrol car to my door. She quickly revived my husband ... all of you have my heartfelt gratitude."

Commenting on Sgt. Burrus, Chief Moses said, "In addition to her professional performance in emergencies, Mary has established a format on the follow-up of the people she has assisted. This has been done by phone calls to the home or hospital, by visits to the home and by offers of assistance. Her high degree of skill and caring earned for her Sergeant's stripes in a relatively short period of time."

Can she comment on the frequency and/or types of calls she responds to? "Well," she replies, "winter time is generally the quiet time although we do have more breathing problems during those months. I have far more emergency calls during the summer."

Mary enjoys working the evening shift so that she can devote time to her two children, a boy three and a girl two, during daytime hours. She almost lost her infant daughter to APNEA, commonly called Sudden Infant Death Syndrome, Mary now reports that her daughter is a healthy, normal child.

This prompted her to become proficient at Cardiac Pulmonary Resuscitation. Chief Moses believes that at least two lives have been saved thanks to Mary's C.P.R. techniques. When asked how our patrol vehicles are able to respond so quickly, the Chief said that the Village is divided into two sections and that generally, an officer will be at your home within two minutes.

## The Leisure Village Women's Club

By Eva Divin

Our recent Women's Club meeting brought together a somewhat smaller number of members than usual. But then it is June, vacation's opening days, with trips to take and new grandchildren to visit. Even so, lots of enthusiasm was afoot.

"Colors of the Rainbow" is the theme selected for September's Annual Bazaar. A choice that should make for upbeat and positive stirrings among us all. Bazaar chairman Dorothy Fencel's progress report included displaying many pretty dresses and boys' clothes for Cabbage Patch Kids. Donations of cotton remnants and laces can mean even more of them. Card table covers with bright applique motifs are also eye-catchers. The clever creators are Helen Stevenson and Sally Gianettoni. The inventory is growing, but more help is very much needed at Tuesday morning workshops.

"Good Deeds by Stealth" is usually an excellent motto, but since one of Women's Club's purposes for being is its philanthropy, it happily reports two donations it is in position to make. We voted a \$100 gift to the fine Camarillo High School Band. Also, we welcomed the arrival of a beautiful new organ to the AR by voting a gift of \$1,000 toward the impressive figure on the bill.

Trading Post ladies report sales of \$183.40. Betty Walker says our membership now totals 486, and she is shooting for 500 and more. Presented with African violets as Workers of the Month were Helen Stevenson, the doll dressmaker; and Ann Gaynes who, according to our president, has "crocheted miles this year".

Waiting in the wings at close of business were old time country-western performers John Hargrove, Chet Willis and Mel Curtis, ready to regale us with selections of traditional Americana. For forty-five minutes we relaxed to vocalized old standards and some clever "fiddlin' and carryin' on".

The ongoing mini raffle of the beautiful "Amy" doll came to a close and tickets were placed into one of the performers' cowboy hats. Photographer Bill Stabler drew the winning ticket. The Winner — Piff De Simone!

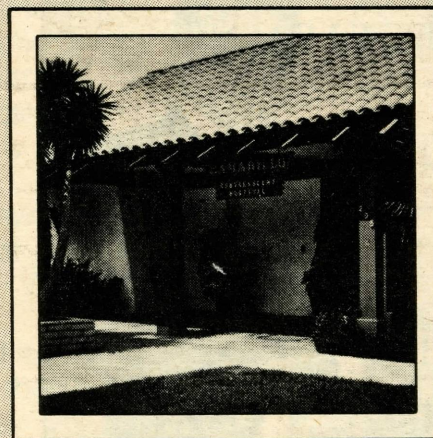

Refreshment Chairmen, Beverly Peck, along with their gracious crew of helpers, Portia Campbell, Ruth O'Neill, Adele Mullick, and Gladys Webb, had the table nicely arranged for the social hour. Beverly, we understand, with some help from Betty Crocker, made the many plates of brownies that went so well with coffee and tea.

Due to Our Nation's Birthday conflicting with our regular monthly meeting date, we will next meet on Thursday, July 11. Program chairman Eleanor Evans promises a treat for us again — exotic Polynesian dancers!

(photo by Stabler)

Gertie, Amy, and Piff

**T**he very finest convalescent care is provided by skilled health care professionals in the warm and friendly atmosphere of Camarillo Convalescent Hospital. Special personal care is available, including 24-hour RN supervision; as well as the services of a Medical Director; consulting Dentist, Optometrist and Podiatrist; and Physical and Speech Therapist. The Hospital serves both Medicare and private patients in its 114-bed facility. Private rooms are available.

Camarillo Convalescent Hospital invites you to visit and inspect before making the important selection of a skilled nursing facility.

## MISSION OAKS CHIROPRACTIC

**INCREASE  
YOUR  
RESISTANCE.**

Some people just seem to be constantly sick and catch every germ that goes around. They seem not to be able to stay well. The reason for their sickness is that their body resistance is low. But what causes LOW RESISTANCE?

Doctors of Chiropractic believe that low body resistance is due to poor nerve impulses that are being sent out because a vertebrae is out of alignment and pressing on nerves. These impulses start from the brain and are transmitted down to the spinal cord and out to all parts of the body.

Naturally, if a vertebrae is out of alignment in the spine, it can pinch a nerve cutting off vital nerve energy to all parts of the body. If the body parts do not receive the proper needed nerve energy, then sickness develops.

But you can help PREVENT SICKNESS, by starting your chiropractic program that will help start you on a new road of life called NATURAL GOOD HEALTH!

Please feel free to stop by or call for any questions you might have.

## Letters

From Page 21

on cooler days the deck is warm.

I would like a meeting with members of the Board for a discussion as to what will be done to improve these unacceptable conditions.

Rachel Hutchison, V.8

Many thanks to all you dear friends, and in particular our Rhythmettes, for your get well wishes and many kindnesses during and after my recent surgery.

Mary K. Farkas, V.13

To all our friends in the Village, we are most appreciative of your cards, calls, and goodies during my recent surgery. My wife, Georgette, and I were touched by your kindness.

Ed Schottland, V.26

My heartfelt thanks to all my good friends and neighbors who showered

me with cards, tributes, calls, gifts and food, following my recent knee surgery. They generated enough warmth and joy to keep me glowing for months. I'm so grateful for all your many kindnesses and for being part of Leisure Village.

Lillian Goldman, V.41

I want to thank all my good neighbors for all the lovely sympathy cards, for the passing of my dear wife Margaret; I never knew a better person than she.

Thank you.

F. L. Van Burkleo, V.11

My family and I wish to acknowledge and express our deepest gratitude for the kind thoughts and expressions of sympathy on the sudden death of my beloved husband, Bob.

Adele Mullick, V.37

We and our families wish to extend our thanks to our friends and neighbors for all the love and solicitude shown us during the terminal illness of our mother, Emilie Scharf, and for the beautiful cards and tributes in her memory. All of you are a big help to us at this time.

Heidi Pommer, V.38

Gigi Winston, V.9

With deep sorrow, we announce the death of Bernadine Bloom on May 17, 1985. My beloved wife and wonderful mother and grandmother.

For those of you who have been so generous with your sympathy and comfort, we give thanks.

Dr. Sam M. Bloom  
And Family, V.17

Both my husband, Orville, and I received so much help and support in my accident, and later, after his death, I just don't know how to express my thanks for all the loving, outpouring of cards, flowers, food, and concern and help so generously given. At a time like this, one is especially grateful. Please accept my heartfelt thanks.

Paula Miller, V.16

### HAPPY HOOFERS

By Roie Beck

The Happy Hoofers are busy preparing for a dance recital at the Camarillo Community Center on June 22. They are also busy rehearsing for the big Variety Guild show in July.

The slate of officers for the coming year was presented at the May meeting: Pres., Rawza Kates; Vice-Pres., Maxine King; Treas., Rowena Mettler; Secy., Mimi Kaufman.

Election was held in June and the installation will take place on July 2, 12:00 noon at the Mercury Bank.
