

Dear Michele,

4-15-97

I am very glad that you came to Santa Paula High School to share your life and book. I really enjoyed your work!

When I went home I showed off my book to my family. They really liked it. My mom read the whole book that night. Out of the whole book we all loved "The Grudge-holders". That is my family like you wouldn't believe!

I think you are a great writer and I really hope you keep it up. I know that's not much coming from a teenage girl but I really do love your work. Well I want to say thanks for coming and thanks for my own special copy. I love it!!

Thanks

Nicole Duran
