Today I would like to talk about is exciting. Is trying to prevent the Hispanic culture and. This is most evident in the absence of Hispanics people, because corporate America has deliberately placed a barrier between Hispanics and success with the business community. To understand is that diversity is important and is what makes our country unique. Diversity helps us to use situations for various perspectives.

00:48:45:04 - 00:48:52:27
