

Dear Miss Morgan,

[1925] SEPT. P.

I favor
roses over trellises for the
maze 1st because it is
impossible to break through
the trellises and thus cheat.
2nd because I think roses
will be very pretty especially
if grown ^{at places} overhead in arbor
form 3rd because such
a maze can be made
quickly.

What do you think?

Sincerely W. R. H. Hunt.

The only reason for yew or cypress
maze might be the desirability
of making it harmonize with the
theatre world
