**Cluster Theme:** To understand the relationship between business and society and to analyze various forms of business activity which have appeared in different societies and at different times.

Soc 149 Sociology of Business (3)  
B A 120 Business and Society (3)

### TRANSFER STUDENTS

Earning an A.A. or A.S. degree does not mean one has completely fulfilled CSU-system General Education requirements.

After admission to CSUF, transfer students with 20 or more units will receive a copy of their advanced standing evaluation indicating how previous college units have been applied toward requirements at CSUF. Normally, the advanced standing evaluation is sent to students during their first semester at CSUF. Questions regarding one's evaluation should be directed to the Evaluations Office, Joyal Administration Building 109, (209) 294-4076. *It is recommended that transfer students bring with them an unofficial copy of all previous college work when attending new student orientation and advising day to ensure accurate advising.*

Transfer admission eligibility is based on *TRANSFERABLE* college units, rather than on all college units. California Community College transfers should consult their counselors for information on transferability of courses. Applicants in good standing at the last institution attended may be admitted as *undergraduate transfer* if either of the following requirements are met:

1. Eligible for admission in freshman standing (see freshman requirements) with a grade point average of "C" (2.0 on a scale where A = 4.0) or better in all transferable college units attempted.
2. Completed at least 56 transferable semester units or 84 transferable quarter units with a grade point average of "C" (2.0 on a scale where A = 4.0) or better if a California resident; *non-resident* must have a grade point average of 2.4 or better.

California State Administration Code provides that General Education BREADTH requirements completed at an accredited California public community/junior college and/or a California State University campus by a student transferring to CSUF shall be accepted (up to 39 units) to the extent stated in the certification from the originating college or university. Each transfer student will be required to complete additional units at CSUF to meet the General Education requirement. Transfer students who change their majors after being admitted to the university are advised that General Education courses in addition to those certified as being complete may be required for graduation due to the fact that major requirements and General Education requirements are exclusive of each other.

### GENERAL EDUCATION REQUIREMENTS (A through E Format)

To aid transfer students in planning their academic programs, the CSUF General Education Program is presented below in the "A through E" format in use at many other California colleges and universities.
