FROM THE PRESIDENT

As President of California State University, Fullerton, I am pleased to welcome you to our 43rd annual commencement. Commencement is a very special time for degree candidates, families, friends and other members of the campus community. It is a time when we celebrate the successful conclusion of degree programs designed to foster the development of humane leaders prepared to meet the opportunities and challenges of a changing, diverse world.

Today the university honors some 7,716 undergraduate and graduate students who completed degree requirements in January or who are scheduled to do so in June or August. It is fitting that recognition of your accomplishments should be in the presence of your professors, relatives and friends who have participated in a variety of ways in helping you attain your academic goals. As candidates for graduation, you are the proud products of our academic enterprise. We hope that you forever will be life-long learners dedicated to the pursuit of excellence and the importance of life issues.

On behalf of the faculty, staff and students of California State University, Fullerton, I extend heartiest congratulations to the Class of 2002 upon reaching this educational milestone. I wish each and every one of you the happiness of a productive life, the respect of your fellow human beings, and the love of your family. The future is yours!

A handwritten signature in dark ink, reading "Milton A. Gordon". The signature is written in a cursive style with a large, stylized "M" and "G".

Milton A. Gordon

President, California State University, Fullerton

FROM THE ALUMNI

On behalf of the Alumni Association of Cal State Fullerton Board of Directors, it is my pleasure to congratulate you as Cal State Fullerton's newest alumni. I am sure that you are experiencing a variety of emotions today—pride, anticipation, and certainly joy as you celebrate your accomplishments. After today's festivities are over and the pain of homework, finals and parking are nothing but a distant memory, we know that you will remember the good times you had at Cal State Fullerton and appreciate the tremendous education you received. Because of the outstanding accomplishments of Cal State Fullerton and the dedication of thousands of faculty and staff over the last four decades, alumni continue to realize their professional dreams and goals.

As graduates of Cal State Fullerton, you now become part of a large network of fellow alumni that have made significant contributions in business, arts and sciences, education, communications and government. I encourage you to stay connected to the Titan network and our alma mater by joining the Alumni Association if you haven't already done so. As a member you will have many opportunities to tie into this network, continue your professional development and to maintain the friendships you have made at Fullerton.

On behalf of the Alumni Association, congratulations on your accomplishments and best wishes for all that the future holds for you.

Go Titans!

Douglas J. Ireland '92

President, Alumni Association of Cal State Fullerton

ABOUT THE PROGRAM

LIST OF CANDIDATES: Students eligible to participate in the 2002 commencement ceremonies are January 2002 graduates and June 2002 and August 2002 candidates who filed for graduation prior to the announced deadlines.

GRADUATION WITH HONORS: Honors at graduation are awarded to undergraduate students in three classifications and take into account all courses taken at Cal State Fullerton and other institutions of higher learning. The minimum grade point averages follow: cum laude, 3.5 to 3.74; magna cum laude, 3.75 to 3.89; summa cum laude, 3.9 to 4.0. Students who have earned honors at graduation have been awarded ribbons with medallions that bear the seal of the university: white ribbons denote cum laude; orange ribbons denote magna cum laude; and blue ribbons denote summa cum laude. Program notations indicating achievement of these awards are based on the students' records at the end of the fall 2001 semester. Official award of appropriate diplomas and recognition of honors achieved (which are indicated on the diplomas as appropriate) are contingent upon the candidates having met all university requirements and related criteria.

PRESIDENT'S SCHOLARS: Students who are President's Scholars are noted in the list of candidates. This program to recognize academic and extracurricular excellence is sponsored by the President's Associates.

FACULTY MARSHALS: The faculty marshal leading the procession in each commencement ceremony has been honored as the Distinguished Faculty Member

of that particular college. This distinction is bestowed by the president upon the nomination of fellow faculty members.

PHI KAPPA PHI: Among those participating in commencement ceremonies are students wearing a white ribbon with a zigzag design. These students have been elected to membership in the Honor Society of Phi Kappa Phi, a national organization founded in 1897. Students are selected for membership from all of the recognized academic disciplines based on records of outstanding scholarly achievement.

PHOTOGRAPHY: The CSUF Alumni Association has arranged for a commercial studio to photograph each graduate at the moment he or she crosses the platform. Proofs and information on ordering prints will be mailed, with no cost or obligation, to participants. Guests may take photographs during the ceremonies; in the interest of decorum, they are requested to do so from their seats.

ALCOHOLIC BEVERAGES: Alcoholic beverages will not be allowed at any time in the assembly area, at the commencement seating area or at other areas associated with commencement.

SMOKING: Please, no smoking during the ceremonies.

EMERGENCIES: Personnel from the Student Health Center and the Public Safety Department will be on duty to provide aid in the event of emergencies. The emergency telephone number is 278-3333.

CEREMONIAL REGALIA

The history of academic dress goes back to the medieval European universities of the 14th century. European universities continue to follow varied patterns in cut and color of gown and type of headdress. United States universities have standardized the academic dress so that its features are generally uniform throughout the country.

THE GOWN: The gown is ordinarily black for academic degrees, but certain universities have authorized the use of colored gowns. Light blue gowns are worn by candidates for associate degrees in terminal technical curriculums. The pattern varies with the degree held: pointed sleeves for the bachelor's degree; short sleeves for the master's degree; and round, full sleeves for the doctorate. The bachelor's and master's gowns have no trimmings. The doctoral gown is faced down the front with black velvet and trimmed with three bars of the same material across the sleeves—or the color of this velvet may be that of the subject in which the degree is granted.

THE HOOD: Hoods are not usually worn for the bachelor's degree. The master's hood is shorter and lacks the panels of the doctoral hood. Hoods are lined with the color of the school, two colors being shown by putting chevrons of one color on the other color. The binding or edging of the hood is velvet of the color pertaining to the subject of the degree.

THE CAP: The standard cap is the mortarboard, usually the color of the gown. The standard tassel is black, but at Cal State Fullerton many students wear tassels reflecting their disciplines. Doctoral caps have gold tassels.

TRIMMINGS: Color trimmings on doctoral gowns and hoods indicate the following: light blue, Doctor of Education; dark blue, Philosophy; white, Letters; brown, Fine Arts; golden yellow, Science; purple, Laws; pink, Music; green, Medicine; scarlet, Divinity; crimson, Humane Letters; and light coffee (drab), Business Education.

THE MACE: The mace is a ceremonial symbol of authority carried in academic processions at commencements and convocations. Originating in the Middle Ages, it once was a formidable weapon, held ready to protect the person of dignity. The University Mace, first used in 1975, and the mace holder, first used in 1979, were designed especially for Cal State Fullerton by John L. Berg, who earned his Bachelor of Arts in Communications in 1973, and Master of Arts in Art in 1976. The design of the mace reflects the university's architecture, colors (blue and white) and location—the site of the first commercially grown valencia orange grove. The stem is of cocobolo, a wood orange in color, while the university's colors are represented through the use of ivory and niello. At the top of the mace is the university seal.

SATURDAY, JUNE 1, 2002

Loretta Sanchez says she has visited every school in her 46th Congressional district, often taking along a dignitary such as former Vice President Al Gore, an astronaut or a cabinet secretary. She encourages students to work hard and, at the same time, she gleans the kind of homegrown information that she can use as a knowledgeable member of the House Committee on Education and the Workforce. That committee, which oversees legislation involving education and labor, puts her at the

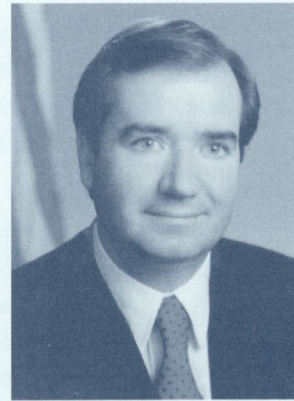

forefront of all educational initiatives moving through Congress.

Education has enabled Sanchez to reach prominence, first as a businesswoman and then as a Democratic representative. Born and raised in Anaheim, she graduated from Chapman University in 1982 with a bachelor's degree in economics and the distinction of being the "Business Student of the Year." She received a master's degree in business administration from Washington D.C.'s American University, after spending her second year abroad in Rome, attending the European Community's Market Management School.

Before entering public service, Sanchez owned a private consulting business that helped public agencies and private firms with financial issues, drawing on previous experience as a financial manager at the Orange County Transportation Authority, and as an assistant vice president and as an associate for firms focusing on financial concerns in the private and public sector.

Once she was elected to Congress in November 1996, she began directing her energies to such issues as education, public safety and crime reduction, economic development, and protection of senior citizens. In addition to the education and workforce committee, she is a member of the House Armed Services Committee, the Hispanic Caucus, the Blue Dog Democrats and the New Democratic Coalition. Sanchez also is a member of these caucuses: Congressional Human Rights, Women's Congressional, Congressional Sportsman's, Older Americans and Law Enforcement.

SUNDAY, JUNE 2, 2002

As a U.S. Congressman for a decade, Ed Royce has known considerable success during a political career that was nurtured during his years at this university.

"At Cal State Fullerton," he says, "I was very active politically and involved with the local community. I was the chairman of the College Republicans and the Young Republicans. As a freshman, I ran for student senate and lost. This was my first and only loss in my political career, and hopefully my last!"

Royce, who graduated with a bachelor's degree in business administration in 1977 and was elected a state senator in 1982, adds, "Cal State Fullerton provided me with a strong educational foundation that I have built upon throughout my life. Through my studies and the exposure to a world of diverse people and ideas, I was able to develop my character and leadership skills, which have helped make it possible for me to be elected to Congress. Although I majored in business, my studies in history helped to develop my interest in international politics."

As a Republican representing the 39th District, Royce has earned a reputation for his efforts to cut taxes and make it a federal crime to pursue a victim across state lines, for his leadership as assistant whip for the 107th Congress, and for his contributions to the House Financial Services Committee and the House International Relations Committee. (He chairs the subcommittee on Africa and serves on the subcommittee on East Asia and the Pacific.)

Even with these responsibilities, Royce finds time to help his alma mater: "I believe that it is important to give back to the institution that gave so much to me. That is why throughout my career I have worked for the betterment of Cal State Fullerton. I have been involved with improving student housing, and expanding the library and science buildings, so that our students have the best educational opportunities possible. We should recognize the central role that an educational institution like Cal State Fullerton plays in shaping our character and our community."

OUTSTANDING PROFESSOR

Albert Flores refuses to let philosophy rest on its ancient laurels. Instead he insists that the ideas of Plato, Aristotle and other deep thinkers prove their relevance to present day life. So, the professor of philosophy—a university faculty member since 1982—has written and co-edited books on ethical problems in engineering, and has authored dozens of articles and book chapters on such subjects as reverse discrimination, computer ethics, food safety, design safety, journalistic ethics, and medical research and the health care system.

“Students appreciate his scholarship, but equally are touched by the character traits that underlie and show through his teaching interests,” says J. Michael Russell, chair and professor of philosophy.

Called “an exemplary teacher” by colleagues and students, Flores routinely receives high marks in student evaluations, which laud him for the organization and clarity of his lectures and for the professionalism of his teaching style.

Flores also has assumed many leadership roles on campus, twice chairing the Academic Senate, editing the Senate Forum, representing the university as a Statewide Academic Senator, chairing the Philosophy Department, and playing what President Milton A. Gordon describes as “a crucial role in helping to create the current University Mission and Goals statement.”

Flores’ leadership in promoting access and retention activities for ethnic minority students is impressive, as evidenced by his presidency of the Chicano/Latino Faculty and Staff Association. And, in his roles as coordinator of the Health Professions Program and as a member of the Health Professions Committee for nearly 20 years, Flores has counseled thousands of students, offering guidance, expert advice and support in the pursuit of their dreams.

Flores—who holds a doctorate and master’s degree in philosophy from Ohio State University, and a bachelor’s degree in history and philosophy from Cleveland State University—is philosophical about receiving acclaim as Outstanding Professor: “If you receive an award, you ought to be humbled. And I am humbled.”

Learning is preeminent at California State University, Fullerton. We aspire to combine the best qualities of teaching and research universities where actively engaged students, faculty and staff work in close collaboration to expand knowledge.

Our affordable undergraduate and graduate programs provide students the best of current practice, theory and research and integrate professional studies with preparation in the arts and sciences. Through experiences in and out of the classroom, students develop the habit of intellectual inquiry, prepare for challenging professions, strengthen relationships to their communities and contribute productively to society.

We are a comprehensive, regional university with a global outlook, located in Orange County, a technologically rich and culturally vibrant area of metropolitan Los Angeles. Our expertise and diversity serve as a distinctive resource and catalyst for partnerships with public and private organizations. We strive to be a center of activity essential to the intellectual, cultural and economical development of our region.
