

**California State University Channel Islands**  
**Curriculum Committee**  
**Minutes**  
**Monday, September 27, 2004**

**Attendance: Scott Frisch, Nancy Mozingo, Joan Peters, Amy Wallace**

1. Approval of Minutes from 9-13-04 m/s/p (Peters)
2. Center for Integrative and Interdisciplinary Studies  
2.3 "Review course for Integrative and Interdisciplinary content and provide recommendation to the Curriculum Committee or GE Committee as appropriate."

Mozingo stated that this was a concern because it adds another layer of approval for courses.

- Peters stated she would talk with Jacquelyn Kilpatrick about having 2.3 removed.

3. Review of BSIT

The committee expressed concerns with the BSIT degree.

- No consultation with the Business Faculty
- What is the rationale for requiring 1 year of lab science? The full year of lab science should be completed at the same institution (all at CC or all at CSUCI)
- Is the intent for this program to become state-funded?
- Can Tenured Track Faculty be hired for Extended Education courses?
- No free electives
- Dictates all of the 9 units of upper-division GE
- What degree will be issued
- No MGT and ECON course developed
- Narrowly focused
- Options/concentrations are not described
- 

The Committee will invite Ivona G., Peter Smith and Bill Wolfe to attend the next Curriculum Committee meeting.

The Chairs will talk with the Dean of Extended Education regarding the Extended Education questions.

4. MS in Mathematics and Computer Science  
AMP Proposals will be discussed at the next meeting.  
Pettit will check the Chancellor's Office for Enrollments at other CSU's in the above programs.

Next Meeting: Monday, Oct. 11, 2004
