TOMÁS A. ARCINIEGA
President, California State University, Bakersfield

Tomás A. Arciniega concludes his tenure as president of California State University, Bakersfield with the 2004 commencement ceremonies. Dr. Arciniega is retiring this year after 21 years as CSUB's third president.

During Dr. Arciniega's tenure, he has seen the university's enrollment triple, the budget quadruple and the university's impact on the local economy multiply. His administration has overseen construction of the Walter Stiern Library, the Student Union, Business Development Center, and the Icardo Center.

The university also expanded its reach, opening a satellite campus in the Antelope Valley, and a center in Delano. Through the technology of interactive television, CSUB has been able to offer classes as far away as Bishop and Ridgecrest. Dr. Arciniega has worked tirelessly to bring the dream of a higher education to disadvantaged and underrepresented students. Through his efforts, countless lives have been changed.

Dr. Arciniega was born in El Paso, Texas, and attended public schools there. He attended New Mexico State University in Las Cruces on a football scholarship, earning his bachelor of science degree in teacher education. After a brief stint as a professional baseball player in the minor leagues, he attended the University of New Mexico in Albuquerque where he earned his master's degree and doctorate in educational administration. Prior to returning to graduate school, he also served two years as an officer in the U.S. Army.

He served in the U.S. Foreign Service as a human resources advisor in the Dominican Republic from 1967 to 1968. Then, as a UNM faculty member, he was appointed chief of party of a technical assistance project in Colombia through 1970.

He returned to his native El Paso where he was a professor of educational administration at the University of Texas, El Paso from 1971 through 1973. In 1973 he was named dean of education at San Diego State University, and served in that post until 1980. He then served as provost at California State University, Fresno from 1980 to 1983; in 1983 he was named president of CSUB.

School of Natural Sciences & Mathematics

K.C. COLE

Author

K.C. Cole is the author, most recently, of *Mind Over Matter: Conversations with the Cosmos*, published by Harcourt in April 2003. She is a science writer for *The Los Angeles Times* and science commentator for Pasadena Public Radio (KPCC). Her previous books include: *The Hole in the Universe: How Scientists Peered Over the Edge of Emptiness and Found Everything*; *The Universe and the Teacup: The Mathematics of Truth and Beauty* and *First You Build a Cloud: Reflections on Physics as a Way of Life*. She has written for *The New Yorker*, *The New York Times*, *The Washington Post*, *Newsday*, *Esquire*, *Newsweek*, *Saturday Review*, *Ms.* and many other publications. She has taught at UCLA, Yale and Wesleyan universities, and was a fellow at the Mathematical Sciences Research Institute and the Exploratorium.

Her recent honors include the American Institute of Physics Science Writing prize, 1995; *The Los Angeles Times* award for deadline reporting, 1996; the Skeptics' Society Edward R. Murrow Award for Thoughtful Coverage of Scientific Controversies, 1998; *The Los Angeles Times* Pulitzer Prize nomination, 1998; *The Los Angeles Times* award for best explanatory journalism, 1999 and the Elizabeth A. Wood Science Writing Award from the American Crystallographic Association, 2001.

She is a graduate of Barnard College with a BA in Political Science and credits Dr. Frank Oppenheimer, the Founder of the San Francisco Exploratorium, to have introduced her to this "strange world" of science.

School of Business and Public Administration

E.J. (GENE) VOILAND

President and Chief Executive Officer, Aera Energy LLC

E.J. (Gene) Voiland is President and CEO of Aera Energy LLC, one of California's largest producers of oil and gas. He has held that position since June 1997 when Aera was formed following the merger of the California exploration and production (E&P) operations of Shell and Mobil. (Today, Aera is jointly owned by Shell and ExxonMobil.)

Previously, Voiland worked for Shell Oil Company, most recently as President and CEO of CalResources LLC, a California Shell affiliate. During his 28-year Shell career, Voiland held a series of E&P engineering and management assignments in California, the Gulf Coast, and Texas, including several head office senior management positions in Houston.

Active in civic affairs, Voiland is currently 1st Vice Chair of the California Chamber of Commerce and Director of the R.M. Pyles Boys Camp, the Cal State Bakersfield Foundation, and the United Way of Kern County. In addition, Voiland is Past Chairman of the Board of Directors of the Western States Petroleum Association.

Voiland received a Bachelor of Science degree in chemical engineering from Washington State University (WSU) in 1969. He was named a Distinguished Chemical Engineering Alumnus in 1991 and serves on the Advisory Board of Washington State University's College of Engineering and Architecture. He is also a member of the Investment Committee of the WSU Foundation and is a past member of the WSU Board of Trustees.

Voiland and his wife, Linda, reside in Bakersfield, California.

Commencement Traditions

The colorful attire worn by the graduates, faculty, and officers of the university has been an integral feature of American commencement pageantry since the end of the nineteenth century. The tradition of wearing the academic gowns, the mortarboard caps, tassels and hoods and the carrying of the mace originated in Europe during the Middle Ages. The gown is held to be an adaptation of the robe of the friar or priest; the hood, the monk's cowl; and the mortarboard cap recalls the skull cap. All of the regalia recalls the days when teachers needed protection against the drafts of unheated medieval classrooms. Today's commencement exercises maintain much of the tradition and pageantry of the early times, when the occasion of commencement included debates and orations given by candidates to demonstrate their knowledge.

The Academic Regalia

The distinctive academic regalia being worn in today's ceremony denotes the wearer's institution, field of study, and degree held.

For each of the degree levels, bachelor's, master's and doctoral, the gown sleeves indicate the degree held by the wearer. The bachelor's gown is a yoked, closed-front garment with long, pointed sleeves. The master's can be worn open or closed and has long sleeves, usually closed but slit above the elbow. The doctoral gown has full, bell-shaped sleeves and is trimmed with velvet panels down the front and has velvet bars on each sleeve. The color of the panels and bars is often varied to indicate the academic discipline in which the doctoral degree was earned.

The mortarboard cap in black is the accepted style of headdress in

colleges and universities throughout the United States. Other distinctive and colorful forms of headdress are often found in foreign universities.

An integral part of the headdress, the tassel, varies widely in its use and color. The bachelor's candidate at California State University, Bakersfield wears a blue tassel and the master's wears a gold tassel.

The length and shape of the hood also indicate the highest degree earned by the wearer. Although hoods are available for all three degree levels, the hood for the bachelor is seldom used. The bachelor's hood is three feet long, the master's three and a half feet, and the doctor's four feet with wide panels on either side. The color of the velvet border on any hood indicates the field of study in which the candidates have taken their degree, as outlined below.

White	Arts, Letters, Humanities
Drab	Business Administration
Copper	Economics
Light Blue	Education
Brown	Fine Arts
Pink	Music
Apricot	Nursing
Dark Blue or Black	Philosophy
Sage Green	Physical Education
Peacock Blue	Public Administration
Golden Yellow	Science

The Mace

The University Mace is a ceremonial symbol of authority carried in academic processions during commencement and convocations at universities and colleges. The honor of serving as Bearer of the Mace at California State University, Bakersfield is accorded to the Chair of the Academic Senate, the governing body of the faculty.

List of Candidates

Students eligible to participate in the 2004 commencement exercises include those who graduated in Summer 2003, Fall 2003 and Winter 2004 Quarters, and Spring 2004 and Summer 2004 candidates who filed for graduation prior to the announced deadlines. This program does not constitute an official degree listing. The appropriate diplomas will be issued to candidates who have completed all requirements.

Graduation with Honors

Honors at graduation are awarded to undergraduate students who have completed at least 60 residential units of letter grade work as part of their baccalaureate program. Honors awards take into account all courses taken at California State University, Bakersfield and other institutions of higher learning. The grade point averages (GPA) necessary for graduation with honors are as follows:

- *** *summa cum laude*
3.9 to 4.0 GPA
- ** *magna cum laude*
3.6 to 3.89 GPA
- * *cum laude*
3.3 to 3.59 GPA

The determinations of honors awards cannot be made until final grades are recorded and completion of graduation requirements is verified for all candidates. Therefore, based on grades which are now on record, Spring 2004 and Summer 2004 candidates for honors are marked with "+." The diplomas and permanent record cards for those who earn honors after final grades have been considered will bear the appropriate designation of *summa cum laude*, *magna cum laude*, or *cum laude*.
