Dear Jane:

I read with fascination the opinion of some of your fellow board members about education for the poor.

I thank you for your letter to me. The best explanation I have seen of the question you asked me, came at the recent Governor's Conference on Education in Los Angeles.

I'm asking Newton Chase, of the Department of Education to send you a copy of Marvin C. Alkin's paper on "Unification Versus Local Control".

Yours,

Mrs. Jane Tolmach
