Dear Mrs. Tolmach:

In a short time you will be called upon as a Delegate, to cast your vote for the Democratic candidate for the Presidency.

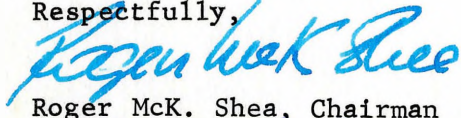

In this time of unparalleled world crisis, we believe that the American people are acutely aware of the need for leadership facing our nation. We believe we can speak for the American people because the population of Northern Virginia, which adjoins the National Capital, includes people from every electoral district of our nation. The expression of popular support in this area for Lyndon B. Johnson is, to us, the signpost of the wishes of all Americans.

Elected to Congress in 1937, trusted friend and loyal supporter of Franklin D. Roosevelt, first Congressman to volunteer for service in World War II, a Senator since 1948, youngest Party leader in Senate history in 1953, Majority Leader of the Senate since 1955, and acclaimed the greatest Majority Leader in history . . . truly, Lyndon B. Johnson has a proven record of winning leadership.

We, all residents of Northern Virginia, earnestly hope that you will be guided by the wisdom on which our nation is founded, and secure by your vote the best candidate the Democratic Party can present. We believe the best man is Lyndon B. Johnson.

We believe with all conviction that the American people want the man with a proven record of leadership — Lyndon B. Johnson.

Respectfully,

Roger McK. Shea, Chairman

Earl L. Johnson, Jr., Co-Chairman

(For the Johnson Supporters of
Northern Virginia)
