

## Fraternities and Sororities

Fraternities and sororities have existed nationally for over 200 years and for over 50 years in Fresno. Once you are a member of a fraternity or sorority, you are a member for life. Membership in a fraternity or sorority places you in a network of friends and associates throughout the country. Each group has its own traditions and each stresses friendship, helping, and belonging.

There are ten fraternities and six sororities at Fresno. All of the sororities and most of the fraternities have houses close to the university. Housing is available to members on a limited basis. Each group plans or participates in events throughout the year for alumni, charitable organizations, the university, other organizations, and for their own members. The primary membership drive for sororities occurs before classes begin in August. For the fraternities, the membership drive is shortly after classes begin in September.

## Campus Children's Center

Information about the Campus children's Center may be obtained through the Student Activities Office. The Center can accept a limited number of children, ranging in age from six months to six years, for care during the school day. The central office for the Center is located just south of the Residence Hall Dining Facility.

## Intramurals and Recreation

The intramural and recreation program is designed to respond to the recreational and physical fitness needs of the students, faculty, staff, alumni, and a limited number of the general public. A full range of competitive and recreational sports programs are offered. Seven team sports are offered, consisting of flag football, volleyball, soccer, basketball, softball, bowling, and inner tube water polo. In addition to team sports, individual

and dual sports are offered including track, swimming, racquetball, tennis, golf, freethrow, and Frisbee golf. Approximately 5,000 students are involved in one or more sports offered through the intramural program.

Open recreation and use of the physical education facilities are available most of the year, including semester break. Students are able to use the facilities which include a pool, weight room, gymnastics room, two gymnasiums, six racquetball courts, twelve tennis courts, and all-weather track, one soccer field, and athletic fields.

## College Union Program Committee

The College Union Program Committee is a group of ten students charged with scheduling, promoting, producing, and evaluating a wide range of student programs. Classical arts, contemporary music, films, drama, and social dances are among the many programs offered during the year. From Jefferson Starship to the Philharmonic, the College Union is involved in presenting the very best in professional entertainment at the lowest possible cost. Many activities and programs are presented to students free of charge.

Applications for positions on the Program Committee are available the first part of April.

## College Union and Satellite College Union

The College Union facility is the "living room of the campus" designed to encourage the university community to meet and share talents, interests, and ideas in an action-learning setting. Through cooperative governance between boards, committees, and staff

and through the provision of cultural, social, and recreational programs, there is the opportunity for expanding your intellectual, creative, and communicative capacities. The College Union is involved with the educational life of the university, sharing goals of academic and personal development. Through the management of its physical and human resources, the Union encourages interaction of diverse people, ideas, and values to assist your development as a concerned and responsible citizen. The College Union is primarily supported by student body fees. Therefore, students play an active role in the governance of the Union by serving on the College Union Board and/or one of its committees: Budget, Program, or Services and Facilities.

Facilities in the College Union include: a recreational area which has billiard tables, 12 bowling lanes, pinball and video games, television, and table games; a lobby where students can view video programs or use the services of a uni-sex hair salon and travel agency; a coffee shop, known as "The Pit," provides a relaxing atmosphere in which to enjoy food or refreshments; a lounge on the second floor which provides a living room atmosphere for study and relaxation and also where many programs take place; the information desk, where you can buy tickets for campus and some community events, obtain money orders, and reserve rooms in the College Union; and, on the third floor, are conference rooms and offices, with conference rooms ranging in size to accommodate groups up to 100 people.

The first phase of the Satellite College Union opened in the spring of 1984. Included in this phase is an all-purpose room able to accommodate approximately 900 people. Most programs occur in the Satellite College Union.
