Candy Veliz

The United Club Council of Santa Clara Co. and the San Jose Health Department continue with the Diabetes and Glaucoma screening tests. Call 292-3141 for your appointment. The ladies you see in this photo are responsible for the success of the clinic. The San Jose Health Department and ULAC are grateful. Thanks Ladies.

Cruz Tapia, Joel Reyes, Greg Gloria, Richard Martinez, and Joe Gonzalez, all officers of the club, are doing a great job. Keep up the good work lads.

It is indeed a pleasure to report that we have acquired three new members. Namely, Fred Flores, George Mejorado and Armando Rosales. Welcome, men, we are always glad to have "ENTHUSIASTIC" young men in our club.

I am also trying to lure a young engineer to join our club. His name is Gama Guevara. Gama is from the Spinach Capital of the World, Crystal City, Texas. A graduate of the University of Texas with a congenial personality. Among his many assets is a 1963 Thunderbird.

Every year for the past ten years in November Club Cuauhtemoc has their semi-Formal dance. However this year it's a dinner-dance. It will be held at Rickey's Hyatt House in Palo Alto. Make this a must in your social calendar. The date is November 16th.

Club San Felipe would like to thank all you wonderful people that attended the Baile Ranchero. You made it a huge success. Thanks Again!

Tony "Patito" Guillen is sporting a new 1963 Ford. You will soon see El Pato riding around with his

car full of patas. (que no son las patas las que andan con el pato?)

Every day of the week from 5 to 6 A.M. and on Sunday from 3 to 4 P.M. you can listen to popular Carlos Gomez on KPER. Good listening Indeed!

Our thanks to Richard & Trini Martinez. Estaba el menudo muy bueno y estamos tan agradecidos como enpicados.

On November 23rd the Club San Felipe Ladies will wear the Ranchero outfits to the American G.I. Forum Ranchero Dance. It will take place at the SES Hall in Santa Clara. This time Helen Sanchez says for sure she will wear hers.

Club Riviera

FRANK D. KAWAKAMI

Club Riviera welcomes four new members, all from the same family. They are Tony Trillo Sr., Tony Jr., Ronnie and Jim. I'm sorry to say I don't have any pictures of them to run. As soon as I get some I'll run them. All the boys are graduates of Pioneer High out on Kooser Road. They have their own year round swimming pool, their own little car shop and are real car enthusiasts. I'm told that Ronnie is quite the Limbo dancer. Tony Jr. whom everybody calls Anthony can really cut up the rug doing the mashed potato.

A couple of buddies, Joe Padillo and Ronnie Henry and I went deer hunting two weekends last month. Sorry to say but we got skunked. We saw quite a few does but no bucks. I'll take that back. We saw one buck and Ronnie got a shot at it but missed. Poor old Ronnie never got any peace after that. We razed him all the time we were up there. Also all the way back home. I'll bet he never misses another shot if he can help it.

Bowling News

Club Riviera's bowling team surged ahead in the Mexican-American League by three full games by beating their chief rivals. Club Riviera beat El Caminito three out of four on October 10 and rolled over Post Barber Shop all four on October 17th.

Frank Espinoza again showed the way with a 526 series and a 203 high game. On October 10th, Club Riviera lost the first game by 3 pins but came back to take the last two games and total pins.

After taking the first game on October 17th, Club Riviera found themselves six marks down in the seventh frame. But then Ray Goza and John Apodaca took over and went all the way out to beat the Barber Shop Quartet by five pins. Ray's series was a 508 and John's was a big 557 for high scratch series.

Finally read a couple of books that I've wanted to read for a long time.

FAIL-SAFE

This book is science-fiction but the time in the book could be a few years from now. At the rate that science is advancing none of the situations in the story seems impossible. The story mainly concerns the failure of an automatic control which sends a group of S.A.C. (Strategic Air Command) planes into Russia to bomb Moscow. The efforts of the Russians trying to knock these planes down and the efforts of the President to avoid War. It's the kind of book you pick up to read and don't leave till you've finished it.

SEVEN DAYS IN MAY

This book is about a certain General who attempts to take over the Government by force a la south of the border style. In this story you come up with something that has never happened in this country but the book and the situation make it seem entirely possible. If you haven't read this book yet, I suggest you read it. It will give you food for thought.

A belated Happy Anniversary to Ronnie and Chris Henry. They celebrated their sixth anniversary on Sunday, November 3rd.

MOTHER SAID SPINACH PUTS HAIR on your CHEST --- BUT THIS IS RIDICULOUS

On October 17th JOHNNY MATHIS gave an excellent performance at the Civic Auditorium. He was simply great, as usual.

Also on the same bill were the Cy Zetner Band (I probably misspelled the name, I didn't drink my alphabet soup this morning). Any way, he played some of his hit recordings like African Waltz and Up A Lazy River. Then there was comedian Allen Drake with his extremely witty satire. He stated that when the U.S. lands on the moon that we won't have to worry about electing a President up there because he thinks they'll be enough Kennedys around to last us until then. Ah, Yes! The Kennedy Dynasty is rather huge.

While I'm on the subject of Johnny Mathis I would like to direct the following to certain individual acquaintances of mine (four to be exact) — Snobbery is not the height of sophistication but one of the best ways to show your gullibility.

SCORPIONS

If you were born between October 24th and November 22nd, then you are a Scorpio. People born under this sign are supposed to be True-Blue Lovers. When things go wrong they become secretive and uncommunicative, unforgiving and vengeful. You are expected to live up their standards otherwise they will not think much of you. They are quite conservative but at the same time they possess many non-conformative qualities. Scorpios can at times be very super-critical and may hurt your feelings unintentionally. They are usually very blunt, outspoken and brusque. They are not liable to talk with you very intimately unless they know you and like you quite well. They may appear to be cold and indifferent unless you are a close friend. Their chief cause of unhappiness is restlessness. My birthday is on April 22nd, so-o-o-o-o according to astrologers I'm not supposed to get along with Scorpios because they possess all of my opposite qualities. I'm supposed to have all the characteristics of a bull!!! They don't get along with people born on

April 21st thru May 17th. I mean people born at this time supposedly don't get along with Scorpios. Well, enough of that!

Will wonders ever cease? While at a party the other night I was subtly informed by a young dentist that the world-renowned story of Alice in Wonderland is nothing but a mathematical-hypothesis dreamt up by a mathematics student. It seems that this man had a mathematical theory which no one would accept because it seemed so illogical and eccentric, so instead of giving up hope he transformed this formula into the tale of Alice in Wonderland. I mean he applied these mathematical principles to circumstance and relativity of an individual situation. MEANWHILE BACK AT THE FARM

I hear that Pete Canales, Sax player at The Bachelors Club is engaged to Paula Randazzo. Paula attends City College and is studying to become a dental assistant.

A wedding took place on October 27th, that of Connie Garza and Ray Martinez. Candy Veliz was best man.

Trudi Jimenez is attending night school this semester. Asked what she found to be the most stimulating part of night classes she replied: "The coffee break, of course!" I agree.

Rudy Maya is doing very well in his reupholstery business. I hear he uses imported elephant skins and genuine Navaho blankets

Ex-San Josean Helen Soto is now residing in San Francisco. She works at a Bank. One of her daily duties is dusting off vaults and finding out the combinations of them also

Josie and Manuel Lopez are anxiously expecting their first. I'd say a visit from the stork, but a stork is such a traditional bird. Why not a peacock? Or a Jim Crow?

(P.S. Candy, I wasn't able to. No room)

Paul Lopez escorting a certain Dolores to her English class every night. How charming, I wonder if they share Peanut Butter sandwiches

Mary Velasco is one of the many fashion models who display the latest in women's wear at the Magic Carpet Room of the Futurama every Wednesday afternoon. Helen and I are going to go on a strict diet so that we can get an assignment modeling barrels and flea wings!!!

Hmmmm, Jimmy Baize is living in Reno now. He drove down this weekend to take Angie Perez to see Amalia Mendoza at the Rainbow. And afterwards they both played Russian Roulette.

Jessica Castillo now has a phone, girls. It's 297-3611. She will probably kill me now.

Meanwhile, Linda Villalobos of Gilroy has finally descended from her country type Ivory Tower and is going steady with Tony Diaz. I have a gossip correspondent in Gilroy. Yuk! Yuk!

I dare you to mail me a funny letter about anything from A to Z. Send it to me - 356 Lockridge Drive, San Jose.

You don't have to disclose your identity (I'm very understanding)!! JUST WRITE!!!

A Pasar Lista de Presentes

Estamos acercándonos a las elecciones para puestos en la administración pública. La maquinaria política empieza a funcionar a ritmo acelerado buscando los candidatos. Los ciudadanos concientes de sus deberes cívicos ya empiezan a pasar lista de presentes en sus partidos o agrupaciones políticas y los programas para la campaña empiezan a tomar forma. Pronto se empezarán a conocer los nombres de los candidatos, con su historial en actividades cívicas, su actuación como funcionarios públicos y su capacidad para desempeñar el cargo al que aspiran.

Es una competencia en la que debe de triunfar el que tenga los conocimientos, la experiencia y el empeño necesario para servir a la comunidad.

Entre los organismos o grupos de Mexico Americanos hay elementos capacitados para el desempeño de los diferentes puestos en el gobierno; también fuera de los grupos organizados hay personas capacitadas por sus conocimientos, su preparación y su experiencia en los problemas de sus lugares de residencia. Tanto unos como otros tienen el deber como ciudadanos de contender en la justa política, lanzarse a conseguir el puesto desde el cual estarán capacitados para emplear sus habilidades, en beneficio de la población y localidad en que viven.

En esta lucha no debe haber personalismos ni rivalidades mezquinas; esta debe ser una competencia honorable en beneficio de la sociedad. Los votantes tienen la obligación de estudiar a los candidatos y escoger para darle su voto, al contendiente que a través de su actuación y de su interés cívico, demuestre que es una garantía de seriedad, respeto y capacidad se debe de apoyar al mejor individuo, sin importar a que grupo o partido pertenece, lo importante es llevar a los puestos públicos, hombres con calidad personal y no de grupo, ya que es el hombre el que tendrá que solucionar los problemas que se le presenten y no el grupo o partido al que este afiliado.

Todo ciudadano puede lanzarse a conquistar un puesto público de elección popular, pero son los ciudadanos que dan su voto, los responsables de elegir entre todos los candidatos, a aquel que tenga los mayores merecimientos y que por lo tanto sea una garantía de capacidad y de honradez en el puesto que ha de desempeñar.

Un funcionario público puede ser bueno o malo; capaz o incapaz pero el no es culpable, la culpa es de los votantes que lo llevaron al puesto, sin aquilatar debidamente las dotes de ese funcionario. Todos conocemos la sentencia que dice: "Los pueblos tienen los gobiernos que se merecen." Quiere decir que para un pueblo apático e indolente, el gobierno que elija será a su vez apático e indolente también.

Como ciudadanos concientes de nuestros deberes cívicos, estamos obligados a preocuparnos por tener en el gobierno funcionarios que conozcan nuestros problemas y que tengan la habilidad de ayudarnos a resolverlos.

Hay que sacudir esa modorra política, tenemos que presentar nuestros candidatos o competir para los puestos con nuestros votos haremos triunfar a aquellos que estén más capacitados para gobernarlos.

Many Forumeers and friends of the Forum have asked me how the Forum stands on the question of civil rights and demonstrations.

At the state board of directors meeting in Tulare the following resolution was passed which should clarify this issue.

WHEREAS, The American GI Forum, a National Veterans Organization is composed primarily of ex-servicemen of Mexican descent; and

WHEREAS, the objectives of the American GI Forum are focused on the improvement of the social, economic and political improvement of the Mexican-American; and

WHEREAS, parallel to those objectives, the American GI Forum's concerned with civil rights of ALL AMERICANS; Now,

THEREFORE, BE IT RESOLVED that the Department of California, American GI Forum, support the principle of equal rights and equal opportunities pursued by Americans of Negro ancestry;

HOWEVER, decrying demonstrations, sit-ins and boycotts as a means of securing enduring solutions to these grave social and civil problems.

Adopted and passed at the State Board of Directors Meeting, Department of California the 11th day of August, 1963, in the City of Tulare, Calif.

I agree with the article by Mr. Robert D. Cervantes that most of our problems can be solved by Education and Political Participation.

Item 1 -- Education. The Forum has started 8 students under American GI Forum Scholarships in Santa Clara County and plans to start 4 or 5 more this year.

Item 2 -- The Civic Participation of the Forum is becoming more active every day. We have not given up our idea to help and encourage a QUALIFIED Mexican-American to run for the city council in the next elections. Forumeers are encouraged to join MAPA, PEG, Democratic clubs and Republican clubs, and to take part in all phases of political campaigns.

The Forum plans to have speakers of both parties at our meetings so that we may have well informed and active voters. While this may not be as spectacular as demonstrations and rallies, we feel that an appeal to the orderly legislative processes, American idealism, and love of fair play will help us achieve our aims and objectives without the danger of injury and bloodshed which sometimes accompany rallies and demonstrations, and the ensuing bitterness that often follow such a course of action.

We would like to pay tribute to LOUIS MELCHOR who combines his hobby with his dedication to the Forum by lending his amplifier equipment and electronic know how to the Forum at their meetings and functions. It is the modest hard working members like Louis that make the Forum the smooth working organization that it is.

Congressman Powell, whose appointment of Dr. Ernesto Galarza as labor counsel to the powerful ways and means committee, reassures us that the investigation of the Salinas tragedy will be an honest search for facts and an attempt to place responsibility for this tragic accident on those responsible, instead of the whitewash job that the vicious attack by congressman Gubser on Dr. Galarza had led us to fear.

CLUB CUAUHEMOC'S FORMAL INVITATION TO YOU

That time of year is here again! The Club Social Cuauhtemoc of San Jose, California, is holding their 10th Annual Semi-Formal Ball. Make a note of this, it isn't only a dance but a DINNER-DANCE. Club Cuauhtemoc is out to outdo itself this year by combining the two in one.

The selected date is November the 16 and in order to accommodate all our friends we have obtained the beautiful Rose Room at Rickey's Hyatt House in Palo Alto.

You'll be moving to the rhythm of the incomparable Pete and Cope Escobedo and their orchestra. Pete comes to us from a successful engagement in L.A. where he is known for his versatile style.

This year's Ball is surely to be Club Cuauhtemoc's finest in its history of enjoyable evenings.

Please plan to attend. You may obtain bids from the following. Don't hesitate too long as the bids are selling fast.

Contact Al Rodriguez at 293-0051, or yours truly at 293-3337, or any of our other members. If you live in the vicinity of San Jose we deliver bids.

Remember the date, Saturday, November the 16, the place RICKEY'S HYATT HOUSE, Palo Alto, the time (dinner) 7:00 to 9:00, (dance) 9:00 to 1:00.

DEAR UNCLE BOB:

I'm as ready as I'll ever be and I've got absolutely nothing to lose. How about you? Like I said before, Uncle Bob, the time will come and I'll be in there swinging. What I'd like to know is where will you be? I was only asking, Uncle Bob. If the shoe fits eat it socks and all. Was that an apology in the last issue or just a counterattack? Either way it is all music to my ears but just a little bit off-key. Smile Uncle Bob and remember the eyes of Texas are upon you.

Respectfully submitted,
Rudy Belluomini

Must be terrible when a man can't have a drink with his friends anymore.....Jose Santa Cruz I won't let him. S. Esther Granillo.....Heard about Becho Gloria new combo at the Gaslight on Wednesdays, the music was great, the pizza was delicious, the beer was cold, but don't ask me if it was a flop...Teddy Rodriguez was there to enjoy it?.....If there is one thing I hate to see is single girls fooling around with married men, next issue we shall give

you a list of names of married men in San Jose so that if you see them fooling around, you can tell their wives.....you know why many wives are tired of their husbands?.....because they act like little boys and are scared of the women's bark, so a married woman tells me.....by the way Sr. Jose L. Castillo, when are you getting hitched up with Benita B.?...some "friends" of yours want to know.....Aren't they shameful? Why don't they mind their own business?

Having a ball at the Tony Aguilar-La Consentida presentation two weeks ago were Mr. and Mrs. Tony Espinosa, Mr. and Mrs. Lalo Caballero and troops (Lalo's close friends) and relatives.....Why must we Mexicans always have so many policemen in the local dance halls and yet other nationalities don't have them, are we criminal also why does a policeman has to wrestle with a woman when a police matron could handle the situation if there was one? How much longer can we take this? Rudy Belluomini wants to know. Two very lovely creatures with the best personalities are Maria Ortiz and Yolanda Magana. They could be models if only they tried.

I've gotta close now no time to say who did it to who etc, etc.

I'm off to sell more bids to you lucky, lucky, people

Babies are a great joy and a great responsibility to all parents. Those born into homes where there are both a father and a mother are lucky, for there are two parents to support and care for them. They will receive good physical care and the love they need to grow into healthy adults.

Unfortunately, some babies are born to unmarried mothers and are cheated a little because they have only one parent instead of two. These babies may be loved and receive the best of care. But sometimes, babies are born to very young, or very troubled girls who are confused, frightened, and hardly more than children themselves. Though they love their children, they need help in learning how to be a mother, and sometimes, help in growing up themselves. Quite often, the young mother in this situation doesn't have her own mother or an older relative to whom she can turn for help and advice.

Parent-Child homes are one kind of foster homes licensed by the Welfare Department. In these foster homes, young mothers and their babies are placed together in foster care. The foster parents help the girl grow into a mother who can provide a good home for her child. They help her learn how to give her baby good physical care, how to know when he needs medical attention, how to prepare food properly, how to protect the baby from illness and accidents, and all the other things that parents need to know.

If she is still of school age, the baby's mother attends school and the foster mother cares for her baby. If she works, the foster mother can care for the baby while she is away on her job. Until she is old enough to manage and make wise choices for herself and her child, the foster home insures safety and security for both mother and baby.

It is always hard to find enough Parent-Child homes for the young mothers with babies who need them. Middle-aged couples whose own children are grown make particularly good Parent-Child foster parents, for they have the wisdom, experience, and patience needed to help.

GREETINGS, VULTURES!

If the San Jose Merchants can put up their Christmas decorations before Thanksgiving, then to hell with Thanksgiving, folks. Let me take this opportunity to wish you a Merry Christmas and a Happy New Year. At Christmas we celebrate the birth of Santa Claus, is it? Or some guy whose initials were J.C.? I have a better idea: Why not use Thanksgiving to give Thanks for everything to Jesus Christ.

Merry Christmas

GARCIA-CRUZ 6 LOS AMIGOS 4-1/2

My good friends, Raymond Garcia and Phil Cruz, made a short journey to Stockton to take on the Los Pajaritos Golfing Club and did all right. Tagging along were some of the other members of the Los Amigos G. C. The Garcia-Cruz combination accounted for 6 of the Los Amigos total of 10-1/2 points, friends, so need I mention where those so-called golfers of Los Amigos would be without my buddies? It's about time San Jose got wise to you phonies!

In photo at top of page is Mac Perez, serving with the United States Army in Germany. Mac played in the Rudy Gonzalez Band before he was rudely lifted out of civilian life and thrust into G.I. Khaki.

His wife, Helen, (left) was an employee of Hillis Printing until two weeks ago when she left to join her husband in Europe. Helen will be traveling to New York via Pan American jet and from the Big City will board the Queen Elizabeth for the trip across the Atlantic. Bon Voyage!

WINTER TIME JOBS

Would you like to learn how to prune fruit trees and secure a job where you could work winter time when work is usually hard to find?

Perhaps you can qualify for a four week training course to be given in San Jose which will begin early in November. Afterwards you probably will be able to begin to work immediately, earning a good salary, on one of the orchards in the area.

Seventy five people are to be selected by the San Jose Farm Labor Office to attend classes which will be conducted by the San Jose School District. Part of the training will be in a classroom, but most of it will be out in the orchards by experienced teachers.

To qualify for this training you should be interested in working outdoors and should be able to understand some English.

Your expenses will be paid and you will be asked to attend classes each day, five days a week, for four weeks. By the time you have finished your training, which is being paid for by the State of California, you should be thoroughly qualified as a pruner and be able to go to work immediately.

You should contact the Farm Labor Office immediately for information. Telephone 295-6364 or come to 1520 North Fourth Street in San Jose.

Trabajo seguro durante el invierno

Le gustaria aprender a podar arboles frutales y obtener un trabajo seguro durante el invierno cuando normalmente es mas dificil de encontrar?

Tal vez usted llena los requisitos necesarios para recibir el curso de cuatro semanas que se da en San Jose y que empezara en Noviembre. Despues de tomar este curso, probablemente usted pueda empezar a trabajar con un buen sueldo en alguna de las huertas locales.

Setenta y cinco personas seran seleccionadas por la oficina del Farm Labor en San Jose para que asistan a las clases que seran conducidas por el Departamento de Escuelas de San Jose. Parte del entrenamiento sera en un salon de clases, pero la mayor parte se llevara a cabo en las huertas y sera dado por maestros especializados.

Para llenar los requisitos necesarios para recibir este curso, usted debe estar interesado en trabajos al aire libre y debera entender algo de Ingles.

Sus gastos le seran pagados y se le pedira que asista a las clases diariamente, cinco dias por semana, durante cuatro semanas. Para cuando usted termine su curso, que sera pagado por el estado de California, usted estara ampliamente capacitado como podador y podra empezar a trabajar inmediatamente.

Para cualquier informe comuniquese inmediatamente con la oficina del Farm Labor, telefonée al 295-6364 o vaya al 1520 Norte de la calle cuatro de San Jose.

Dear Sir:

I'd like to know what the Outstanding Californian, Phil Sanchez, has against the extension of the Bracero Program?

Doesn't he remember that at one time our dear parents or grandparents were braceros? And doesn't he remember that if it hadn't been for so many of these braceros that settled in California that many thousands of us Californians would not be Californians? What does he have against the braceros?

Doesn't he realize those braceros have the right to make a living? And not only the bracero benefits by coming to work in this country (U.S.), but the U.S. also benefits by helping the people of his neighbor country, Mexico. And by doing that the U.S. will keep peace and good relations with Mexico.

I hope that many Mexican Californians will not be so selfish and agree with me.
