

League of California Cities

TO:

Jane Tolmach

On behalf of the Board of Directors and members of the League of California Cities, I am delighted to appoint you to one of our State-wide Policy Committees. Your participation and support as a Committee member is essential to the proper functioning of the League and your Board of Directors. Committee members provide state-wide representation of cities, as well as leadership and information to local Divisions of the League. We hope you will be active this year. We need your counsel and leadership in League affairs.

We are anticipating that each of our Policy Committees will meet at least twice during 1975-76. Subcommittees and special committees may meet more frequently. In order to enhance the timeliness of Policy Committee recommendations on legislation affecting cities, we have changed the appointment process. Committees will be appointed in February-March and serve until January 31, 1976. Instead of terminating Committee assignments at the Annual Conference, we have extended them so that each Committee will be meeting after the conference and prior to the League Board of Director's January meeting. At this meeting, many of the important legislative decisions affecting League policy are made by the Board of Directors. By extending the date of Policy Committee appointments, we will be able to take advantage of the knowledge and study that has been developed in each Committee during the year.

We have enclosed a copy of the complete list of Committee members and the Work Plan for all Committees of the League for 1975-76. I hope you will read not only the activities that have been assigned to your Committee but review the entire League program. We hope that each Committee member will become knowledgeable about the total League program. Additional materials relevant to the agenda for your first meeting will be forwarded by your Chairperson and Staff Coordinator. If you have any questions, feel free to contact the League offices.

Sincerely,

Lee H. Davies
